DAY SCHOOL RETURN

I HEREBY CERTIFY that the within Return is a true and faithful statement of the attendance and tuition at the No. 1 Hazelton Indian Day School for the Quarter ended March 31, 1947

Teacher Jane Massey
P.O. Address Hazelton, B. C.

Dated March 31, 1947

I have carefully examined the within Return and hereby certify that it is correctly made out in accordance with the Instructions of the Department.

J. H. F.
Indian Agent

Dated at Indian Office Hazelton
APR 19 1947
this 19 1947

Agents should see that explanations are given by the teacher in the column for "Remarks," if the school was closed during the quarter for other than authorized holidays, and should also themselves make any necessary comments in that column.

INSTRUCTIONS TO TEACHERS

1. Fill up all the columns in this Return.
2. All the columns of the Return *must be added* and the totals placed at the foot thereof.
3. Number and date of holidays to be inserted in the column for remarks.
4. By the total number of school days in the quarter is meant the number of days in the quarter exclusive of Saturdays and Sundays. All authorized holidays will be allowed.
5. The standing of each pupil must be signified by inserting opposite his or her name the figure 1 in the column designating the particular grade.
6. No names of other than those of Indian children are to be included in this return.
7. The Quarterly Returns must end on the 31st March, 30th June, 30th September, and 31st December respectively, and be immediately thereafter in each case transmitted to the local Indian Agent.
8. When, owing to the number of pupils, the form of Return is not long enough to contain all the names, use another form, paging it as No. 2, and carry forward all totals, placing them in the proper columns. Do not increase the length of the form by pasting another, or portion of one, to it.
9. The average daily attendance during the quarter may be ascertained by dividing the total number of days attendance of all the pupils by the number of days school was open in the quarter.
10. Should the school be closed at any time during the quarter, the reason must be given in the column for remarks for such day or days.
11. The school must be opened and closed punctually at the hours approved of by the Department.
12. This form to be used for Day Schools only.

Form No. I. A. 409
R-1717-1742

INDIAN DAY SCHOOL REGULATIONS

1. The morning session shall be from 9 a.m. to 12 noon and the afternoon session from 1 p.m. to 4 p.m., with a recess during each session of not less than 15 and not more than 20 minutes. No variation of this regulation should be made without the Department's approval.
2. Salaries of teachers will be paid on a basis of ten teaching months in each school year. Summer holidays are not taken into account in payment of yearly salaries.
3. Regarding the number of days school should be kept open and the holidays allowed, teachers should be guided by the yearly instructions issued by the Department. If a copy of these instructions is not in the school, the teacher should apply immediately to the Indian Agent, or to the Secretary, Indian Affairs Branch, Department of Mines and Resources, Ottawa.
4. All teachers will be required to give at least one month's notice of their intention to resign.
5. All questions relating to the day school should be referred to the local Indian Agent.

DAY SCHOOL RETURN

I HEREBY CERTIFY that the within Return is a true and faithful statement of the attendance and tuition at the Hazelton # 2 School for the Quarter ended Dec. 31, 1947

Teacher Clarence Rendell

P.O. Address Hazelton

Dated January 5, 1948

I have carefully examined the within Return and hereby certify that it is correctly made out in accordance with the Instructions of the Department.

J. Hays
Indian Agent.

Dated at this JAN 6 Rec'd 1948

Agents should see that full explanations are given by the teacher in the column for "Remarks," if the school was closed during the quarter for other than authorized holidays, and should also themselves make any necessary comments in that column.

INSTRUCTIONS TO TEACHERS

1. Fill up all the columns in this Return.
2. All the columns of the Return must be added and the totals placed at the foot thereof.
3. Number and date of holidays to be inserted in the column for remarks.
4. By the total number of school days in the quarter is meant the number of days in the quarter exclusive of Saturdays and Sundays. All authorized holidays will be allowed.
5. The standing of each pupil must be signified by inserting opposite his or her name the figure 1 in the column designating the particular grade.
6. No names of other than those of Indian children are to be included in this return.
7. The Quarterly Returns must end on the 31st March, 30th June, 30th September, and 31st December respectively, and be immediately thereafter in each case transmitted to the local Indian Agent.
8. When, owing to the number of pupils, the form of Return is not long enough to contain all the names, use another form, paging it as No. 2, and carry forward all totals, placing them in the proper columns. Do not increase the length of the form by pasting another, or portion of one, to it.
9. The average daily attendance during the quarter may be ascertained by dividing the total number of days attendance of all the pupils by the number of days school was open in the quarter.
10. Should the school be closed at any time during the quarter, the reason must be given in the column for remarks for such day or days.
11. The school must be opened and closed punctually at the hours approved of by the Department.
12. This form to be used for Day Schools only.

Form No. I. A. 409
R-1717-1742

INDIAN DAY SCHOOL REGULATIONS

1. The morning session shall be from 9 a.m. to 12 noon and the afternoon session from 1 p.m. to 4 p.m., with a recess during each session of not less than 15 and not more than 20 minutes. No variation of this regulation should be made without the Department's approval.
2. Salaries of teachers will be paid on a basis of ten teaching months in each school year. Summer holidays are not taken into account in payment of yearly salaries.
3. Regarding the number of days school should be kept open and the holidays allowed, teachers should be guided by the yearly instructions issued by the Department. If a copy of these instructions is not in the school, the teacher should apply immediately to the Indian Agent, or to the Secretary, Indian Affairs Branch, Department of Mines and Resources, Ottawa.
4. All teachers will be required to give at least one month's notice of their intention to resign.
5. All questions relating to the day school should be referred to the local Indian Agent.

1. Fill up all the columns in this Return.
2. All the columns of the Return *must be added* and the totals placed at the foot thereof.
3. Number and date of holidays to be inserted in the column for remarks.
4. By the total number of school days in the quarter is meant the number of days in the quarter exclusive of Saturdays and Sundays. All authorized holidays will be allowed.
5. The standing of each pupil must be signified by inserting opposite his or her name the figure 1 in the column designating the particular grade.
6. No names of other than those of Indian children are to be included in this return.
7. The Quarterly Returns must end on the 31st March, 30th June, 30th September, and 31st December respectively, and be immediately thereafter in each case transmitted to the local Indian Agent.
8. When, owing to the number of pupils, the form of Return is not long enough to contain all the names, use another form, paging it as No. 2, and carry forward all totals, placing them in the proper columns. Do not increase the length of the form by pasting another, or portion of one, to it.
9. The average daily attendance during the quarter may be ascertained by dividing the total number of days attendance of all the pupils by the number of days school was open in the quarter.
10. Should the school be closed at any time during the quarter, the reason must be given in the column for remarks for such day or days.
11. The school must be opened and closed punctually at the hours approved of by the Department.
12. This form to be used for Day Schools only.

Form No. I. A. 409

Supt. of Indian Education,
Ottawa, B.C.

Dear sir:

I regret the delay in correction of the January report. I received it only two days ago.

I had to leave suddenly at the end of February, on account of an accident in the family. At that time I did not think I would be able to return. I contacted Mr. Davey at Easter, and when I learned they were unable to secure anyone for the position I decided to return and complete the term.

This report had gone to Mr. Leighton, and was passed on to me two days ago.

Yours truly,

Helen Redding

Sir,—

I have to acknowledge receipt of your letter of the above date, requesting me to get in touch with the Rev. E. Hodson regarding a cheque amounting to \$175.00 sent to ~~me~~ by mistake.

I beg to state that I have seen the Rev. Mr. Hodson, and he informs me that knowing a mistake had been made saw the teacher Mrs. H.C. Roberts, when they arranged that in order to avoid further delay Mr. Hodson to cash the cheque and hand over the money to Mrs. Roberts, on the 25th instant Mrs. Roberts handed me a receipt for her salary (March quarter) which is enclosed herewith.

Sir:-

The March quarter return of the Hazelton Indian Day School was received by the Department about April 20th, last. Through error, a cheque for the salary of the teacher, amounting to \$175 for the March quarter, was drawn in favour of, and sent to Rev. E. Hodson, Hazelton P.O., B. C.

I would request you to get in touch, at once, with Rev. Mr. Hodson and request him to return the above mentioned cheque to the Department, in order that a new cheque may be issued in favour of the teacher, Mrs. H. C. Roberts.

A cheque for the bonus for the March quarter has already been sent to Mrs. Roberts.

The Department trusts that you will give this matter your immediate attention and have the salary cheque returned at an early date.

Your obedient servant,

Ottawa, February 11, 1931.

Sir:

I have your letter of the 3rd instant, informing the Department that Mrs. Eva Dungate, teacher of the Hazelton Indian Day School, has been ordered to take a rest from school duties for a short time on account of her health. The Department regrets the illness of Mrs. Dungate, and hopes that she will be able to resume duties at an early date. It is noted that Rev. Mr. Bannister, the Anglican minister at Hazelton, will act as substitute teacher during Mrs. Dungate's illness. The arrangements made for teaching services at this school during Mrs. Dungate's absence are approved.

When forwarding the return showing attendance, days' taught, etc., for the current quarter, it should be definitely stated thereon the dates between which Mrs. Dungate was absent and the period taught by Rev. Mr. Bannister.

Sir,-

re - Hazelton Indian Day School,
Rev. L. F. L. Bannister, Temporary
Teacher during February, 1931.

I beg to acknowledge receipt of your letter of April 18th, 1931, No. 151-9-3, with reference to the full quarter's salary being paid to Mrs. Dungate, Teacher of the above mentioned school, and some remuneration for the Rev. Mr. Bannister's services during February last.

Mrs. Dungate greatly appreciates the Department's generosity, particularly as she was in the Hazelton Hospital for a large part of the month.

May I respectfully suggest that the Rev. Mr. Bannister be given \$50.00 for his services during the month of February, 1931, and trust that this will meet with the approval of the Department.

Sir,-

I beg to acknowledge the receipt of your S-2-3 of the 2nd instant, enclosing the March quarter return of the Hazelton Indian Day School. In view of Mrs. Dungate's long services at this school, cheque for the full quarter's salary is being issued in her favour.

It is noted that, as approved by official letter of February 11th, last, Rev. Mr. Bannister was in charge of the school during the month of February. It is presumed that Mr. Bannister desires some payment for his services and, as the Department does not wish Mrs. Dungate to reimburse him, I would appreciate your advising what amount you consider the Department should allow Rev. Mr. Bannister. On receipt of your reply, a cheque will be issued in his favour.

Your obedient servant,

Russell T. Ferrier.

OFFICE OF
INDIAN AGENT

Hazelton, B.C.

April 2nd, 1931.

Sir,-

re - quarterly report of the
Hazelton Indian Day School.

I beg to hand you herewith the
report of the Hazelton Indian Day School,
Mrs. Eva Dungate, Teacher, for the quarter
ending March 31st, 1931.

May I respectfully call your
attention to the remarks of Mrs. Dungate
regarding the time the Rev. L. F. L. Bannister
was teaching at the school during Mrs.
Dungate's illness. This was during the
full month of February, 1931.

I am firmly of opinion that Mrs.
Dungate's illness, which Dr. H. C. Wrinch
diagnosed as a "ner vous breakdown", was
greatly due to the large number of children
she was teaching in the early part of 1931.
At that time there were about 40 children
attending school.

Your obedient servant,

Encl.

Sir:

I have your letter of the 27th ultimo, enclosing the resignation of Rev. L. F. Bannister as teacher of the Hazelton Indian Day School, to take effect on June 30th, next. The resignation of Mr. Bannister is accepted from that date.

I have also the application which you forwarded from Mr. M. W. Lawrence, Fort Saskatchewan, Alta. The qualifications and experience which Mr. Lawrence possesses have been noted. A communication has also been received from His Lordship Bishop Rix recommending Mr. Lawrence's appointment. The Department will be pleased to approve of his appointment as from September 1st, next. The salary allowed him will be at the rate of \$85 per teaching month, less 10 percent during the present fiscal year. It is hoped that he will meet with every success in the work, and I would request that you give him any assistance you can upon taking up duties at this school. His Lordship Bishop Rix is being informed of the approval granted for the appointment of Mr. Lawrence and requested to arrange with him to begin duties on the date above mentioned.

I beg to acknowledge receipt of your S-1B-131 of the 13th instant, with reference to the amount of salary due the teacher of the Hazelton Indian Day School for the quarter ended June 30th.

It is regretted that, when the June quarter return was received, the Department overlooked the promise to allow the teacher an increase of \$5 a month in her salary. However, Mrs. Dungate wrote us about the matter on the 26th ultimo, and an additional cheque for \$15 was sent to her on the 11th of August.

Ottawa, August 23rd, 1944.

Mr. S. Mallinson, Indian Agent, Hazelton, B.C.

With reference to requisition for supplies for the Hazelton Indian Day School for the academic year 1944-45, you may arrange for the purchase and delivery of the following:

6 bars carbolic soap,
6 pkts. chloride lime,
1 case paper towels,
2 padlocks,
2 bottles furniture oil,
1 case toilet paper,
6 tins Dutch Cleanser,
2 yds. white oilcloth.

You may also expend an amount not exceeding \$10.00 in the purchase of materials to be used in the teaching of sewing and knitting to the pupils.

Would it not be possible to have the boys of the manual training class make the necessary repairs to the school desks?

Dear Sir:

Re: Requisition No. 25324 -

The above noted requisition covered voucher No. 317 from our Indian Commissioner's office in British Columbia. It was made up of two items: - blackboard and trough \$11.36 and prepaid freight \$1.82, or a total of \$13.18.

The Columbia Paper Company, in whose favour the voucher was issued, claim that the item of \$1.82 was not paid. I would appreciate some information from you regarding this matter.

Dear Sir:

I have for acknowledgement your letter of the 6th instant, regarding the non-receipt of certain school material listed on the Blue Delivery Receipts which were enclosed. We are requesting the Superintendent of Stationery to check these items and do whatever he can to expedite delivery.

The only requisition for school supplies received by us since Mrs. Massey took charge of the Hazelton Indian Day School was for text-books authorized in Indian School Bulletin No. 1. These are being forwarded to Mrs. Massey without delay.

If Mrs. Massey forwarded an additional requisition through the Indian Agent's office it has not been received at the Department.

Yours truly,

Bernard F. Neary,

Dear Sir: Re Requisition No. 26584-85-86
 dated July 4th, 1946.

I am attaching delivery receipts which have been forwarded to us by the teacher of the Hazelton Indian Day School. You will note that these receipts are dated July 13th, 1946.

You will also note that the teacher states that only the starred items have been received. Please check the other items and, if they have been ordered, it would be advisable to have the shipment traced. The teacher states that she is in urgent need of these supplies, also the text-books ordered on the special form attached to covering Requisition No. 27057.

Yours truly,

Bernard F. Neary,

Hazelton, B.C.
December 6th, 1946

The Secretary, Indian Affairs Branch, Ottawa.

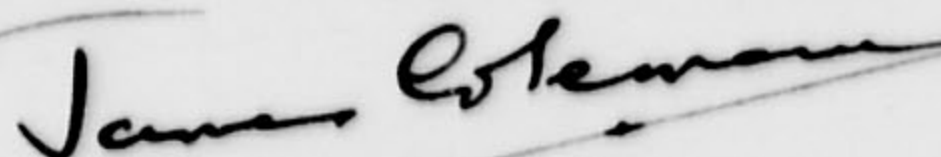

I enclose herewith Stationery Department receipts Nos. 547551-2 and 547464-5 for school material for Hazelton Indian Day School, all dated July 13th 1946.

Nos 547551-2 can be regarded as complete as the present teacher, Mrs Massey, does not require the omitted six Patsy and Pat primers. However, 547464-5 is far from complete and she has indicated on these the missing supplies, signing for those marked with an asterisk *. She also advises that none of the articles requisitioned by her in October have been received.

*Extract
made
for
no. 1
School
file*
Mrs Massey is considered by us to be an outstanding teacher in this Province and she assumed a heavy burden in taking over the Hazelton school. Without the supplies it is necessary for her to copy out a vast amount of material every evening. This coupled with the fact that she has received no salary cheque since her arrival is extremely discouraging.

It is, of course, possible that the cause for delay lies with this office which is chaotic with months of work piled up gathering dirt. Mr. Boys, the Agent, left here at the end of last month to be followed by the Agency clerk almost immediately, consequently matters of this kind can only be traced through with considerable search, no office help being available so far. We are doing what we can between the hours of 9 a.m. and midnight, consequently if this is the outcome of inefficiency at this end it would be appreciated if you would do what is possible to rectify the matter.

It is for reasons above stated that the receipts are being returned to the Stationery Branch through you rather than direct.

(James Coleman)
Acting Indian Agent

Your File 151-9-4 WT

I would refer to your letter of the 11th ult. and enclose herewith a copy of Mrs Massey's requisition of October 7th, 1946 which apparently never reached you. If you approve of the articles requisitioned it would be appreciated if they could be forward to her.

I also enclose Blue Delivery Slips from which it will be observed that certain text books requisitioned were not supplied. Unfortunately these slips do not indicate whether the missing supplies are to be forwarded or merely dropped from the list completely with no immediate hope of supply which makes it difficult for her to plan her work. It would be appreciated if you would advise if there is any probability in the missing books being supplied during the current term.

Dear Sir: Re: Covering Requisition, No. 27057
 dated November 5th -
 Hazelton Indian Day School.

With further reference to our letter of December 11th, I may say that we have received another communication from the teacher of the Hazelton Indian Day School in which she states that the New Basic Readers ordered on the above requisition have not been received by her.

If you have not already done so, I would suggest that you place a rush order with Gage & Company for the New Basic Readers in the Curriculum Foundation Series for Grades One and Two which were ordered on the above requisition for the Hazelton Indian Day School. Please let me know what action you take in this matter.

It is presumed that the other text-books, viz., Safe and Healthy Living Series, Jolly Numbers and the Handicraft Texts have already been forwarded.

Yours truly,

Bernard F. Neary,
Supt. of Welfare & Training.

Ottawa, January 17, 1947.

Dear Sir:

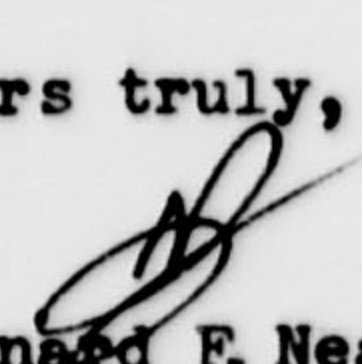

With reference to your letter of the 4th instant, File 1-11-1, I wish to advise you that we are placing an order today with the Department of Public Printing and Stationery for the following classroom supplies for the Hazelton Indian Day School:

6	Highroads to Reading, Book 3,
12	pr. Kind. Scissors, blunt,
18	sheets Kraft paper, large
24	" Cardboard, 22 x 28, asst. colours,
1	roll Kraft paper tape, 1",
1	" Adhesive Transparent paper tape.

It is regretted that Mrs. Massey has not yet received the New Basic Readers for Grades One and Two which she ordered. Our order for these books was placed with the Department of Public Printing and Stationery on November 5th, and we requested them on December 11th to give this order their immediate attention.

We are once again requesting the Superintendent of Stationery to rush these books to Mrs. Massey. If they are not received within a reasonable length of time, please let me know.

Yours truly,

Referring to requisition 29444 including 12 workbooks "Young Explorers" and 12 workbooks "More Streets and Roads", I received a letter from the teacher at Hazelton stating that he had not received the 12 "More Streets and Roads" text books ordered with workbooks for same.

In this regard, I am advised that the 12 copies workbook "More Streets and Roads" were forwarded along with the 12 "Young Explorers" on November 8, 1948, and since the Department does not claim non receipt of the latter item, it is considered the complete shipment has been received.

Kindly check and advise me accordingly.

Dear Sir:

I have your letter of the 9th instant in reference to requisition No. 29444 for the Hazelton Indian Day School.

On checking our records, it is noted by your Delivery Record Slip No. 242283 that twelve copies of More Streets and Roads were forwarded to this school on February 8, 1949.

Consequently, the matter should be closed unless something further is heard from the teacher. Your copy of Delivery Receipt No. 233518 is attached.

Yours sincerely,

Bernard F. Neary,
Supt. of Indian Education.

REQUISITION FORM FOR ORDERING TEXT BOOKS
REQUIRED BY PROVINCIAL
COURSE OF STUDY

(One Copy required)

This form is for use in requisitioning texts in Arithmetic, Social Studies, Science, etc., which are authorized for use in the schools of the provinces concerned. You will find these described in the authorized text book lists published by the Provincial Departments of Education. If you do not have such a list, then write at once for one to the Provincial Department of Education.

We would emphasize that the Department provides authorized text books but does not provide recommended text books in all cases.

Sir:

The Department is in receipt of Inspector Barry's report regarding his visit to the Hazelton Indian Day School on May 25th last. This report has just reached the Department, and recommends that the ceiling and walls of the interior of the school-room at Hazelton be repainted, also that the floor be repainted, or scraped and oiled.

As you are aware, this building is the property of the Diocese of Caledonia and the Department pays a monthly rental for it. I would appreciate your bringing the matter to the attention of the Bishop of Caledonia, with a view to having him arrange for the repairs suggested by Inspector Barry.

Sir,-

With reference to your letter of the 24th ultimo, addressed to Mr. C. C. Perry, Assistant Indian Commissioner, I beg to say that you may expend the following amounts in the purchase of Christmas treats for the children attending the day schools in the Babine Agency:-

Hazelton	-	\$3.00
Glen Vowell	-	3.00
Kispix	-	3.00
Kitsegukla	-	3.00
Kitwanga	-	3.00
Rocher Deboile	-	3.00
Fort Babine	-	5.00

The above amounts are the same as were allowed last year.

Please let me know exactly what you mean by "The children of Moricetown Reserve". If these are Indian children attending a white school, I may say that it has not been the practice of the Department to allow any grant for a Christmas treat for such children.

re - Christmas Treat to Moricetown
Indian Children.

[Handwritten mark]
With reference to the last paragraph of your letter of September 12th regarding "The Children of Moricetown Reserve" I beg to mention that none of the children attend a white school but that the majority of the school-age children are in residence at the Lejac Indian Residential School. However, there are about twelve children on the Moricetown Reserve, just under school age, who would appreciate a Christmas Tree Treat.

Dear Sir:

Please accept our thanks for your communication of September 30th in regard to the erection of a new school at Hazelton, B. C.

We note the position but are sincerely appreciative of the fact that the matter is receiving favourable consideration and hope you will be able to make provision for a new school at Hazelton when preparing the estimates for the fiscal year 1940-41.

Again, please accept our thanks for your consideration in this matter.

Dear Sir:

The Department is in receipt of your letter of the 26th instant with reference to the erection of a new school at Hazelton, B. C.

It was not found possible to provide funds for the erection of this school in the appropriation for the current fiscal year. However, it is our intention to give the matter further consideration when preparing our estimates for the fiscal year 1940-41. You will understand that due to war conditions it is impossible for me at the present time to state definitely whether or not it will be possible to secure the funds that would be necessary for a new school.

OFFICE OF

Hazelton, B.C.

February 10th, 1939.

Dear Sir,-

re - Hazelton Indian Day School.

With reference to Mr. Hoey's letters of December 27th and January 3rd last regarding the above mentioned subject with an enclosure in the former letter from the Chief Secretary of the Salvation Army and an extract from School Inspector Barry's report of October 16th last, I wish to advise you that the number of children enrolled on this school's last return is made up as follows:-

Anglicans 18; Salvation Army 27; Roman Catholic 4.

Dealing with the proposal of the Chief Secretary of the Salvation Army I do not approve of two separate schools on the one reserve - if this is his idea - one conducted by the Anglican Missionary and one conducted by the Salvation Army Missionary. However, I may say the Salvation Army has done very good work amongst the Indians of Hazelton. The above proposal would cause endless trouble, dissatisfaction and disruption amongst the Indians of the one Band. I also do not approve of the location suggested by the Chief Secretary which is on another dangerous corner of the main road where two other roads meet.

However, as per my letter of December 16th last, file S-1B-211, I am strongly in favour of a new two-room, non-denominational day school for Hazelton, built and fully controlled by the Department. One of several suitable sites on the reserve for the school, away from main roads, would be available at a small rental.

As there are no building contractors in the vicinity could you send me specifications of the building most suitable for a school? Special consideration should be taken into account for sub-zero weather during winters. Indian labour could be provided under a competent White foreman.

Your obedient servant,

G. C. Mortimer

Dear Sir:

I am in receipt of your letter of the 16th ultimo in connection with the Hazelton day school. In connection with this school I would refer you to official letter of the 27th ultimo which was forwarded before your letter of the 16th ultimo was received.

In the third paragraph of your letter it is noted that children of Anglican, Salvation Army and Roman Catholic parents are attending this school. A similar statement was made in Inspector Barry's report. When replying to our last letter you should state the exact number of Anglican children enrolled, also the number of Salvation Army and Roman Catholic children.

At the same time you might let us have an estimate of the cost of erecting a school on the Reserve.

OFFICE OF THE

Hazelton, B.C.

Dear Sir,-

re - Hazelton Indian Day School.

Regarding Mr. Hoey's letter of December 8th may I call the attention of the Department to School Inspector Barry's reports of May 26th, 1937, and October 13th, 1938, regarding his inspection of the Hazelton Indian Day School with particular reference to the school building at Hazelton.

There is practically no playground adjoining this building, which faces the main road on two sides, and its position is really a danger to the lives of the children who have to walk on the road to and from school and sometimes play thereon. This school is not on the Indian Reserve.

The children of this school belong to various religious denominations, namely Anglican, Salvation Army and Roman Catholic. Yet the school is conducted as an Anglican Indian School.

Now that a new teacher is to be placed here next September might I suggest that consideration be given to the establishment of an improved Indian Day School - with two rooms if possible - governed entirely by the Department and the teacher, or teachers, nominated by the Department's B.C. Inspectorate, the building to be erected on the Reserve.

Should the Department favourably consider this matter an appropriation could be entered in the 1939-1940 Estimates when full details could be furnished.

Please let me have a complete report from you with regard to the request of the Salvation Army for the erection of a new school. At the same time you should comment on the information contained in Inspector Barry's report with regard to the teacher of this school.

Attention: Doctor McGill

My dear Doctor McGill:

You will recall that on Thursday, December 8th, I called to see you in reference to a proposal for a new school building at Hazelton, B. C. The proposal is to erect a school on the vacant lot at the front of The Salvation Army Hall on the Reserve at Hazelton.

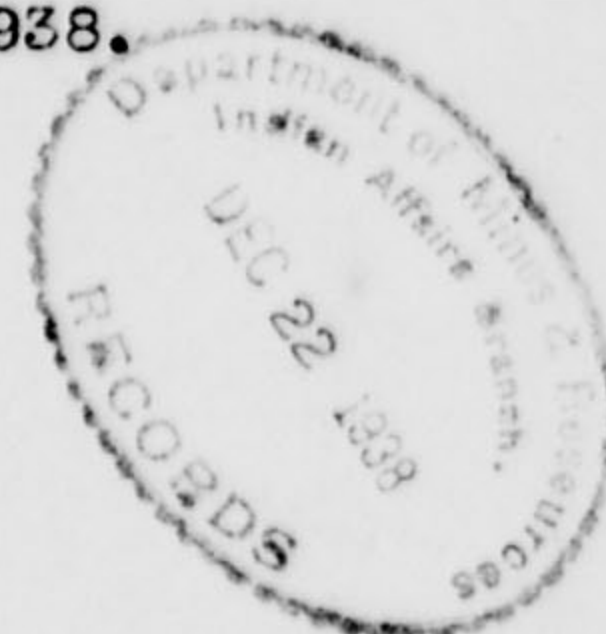

It is reported to us that there is a considerable number of children in Hazelton of a school age who are not provided for, and these are children of parents who belong to The Salvation Army.

You will also recall I had with me a photograph showing the land where it is proposed to erect the school, and there appears to be plenty of room for such a building.

We will appreciate it if the Department can see its way clear to accept our suggestion and have the above mentioned school building provided at as reasonable early date as possible.

EXD.

Extract from Inspector Barry's report on the
Hazelton Indian Day School dated October 16, 1938.

I am aware that the Department may not have the funds available to erect a suitable two room Indian Day School away from the "white" village and on the Indian Reserve as requested by the Indian Chiefs. Such a school will in my opinion be the only satisfactory solution of the situation here. With children from Anglican, Salvation Army, and Catholic homes, the teachers of such a two Division Day School should of course not be of necessity Anglicans. In any case the practice of having the Anglican Missionary the teacher of the Hazelton Indian Day School has proved most unsatisfactory except in the case of the Rev. B. Shearman some years ago.

The present school is conducted in an Anglican Hall for which we are paying rent.

(Sgd.) Gerald H. Barry,
Inspector of Indian Schools, B.C.

Dear Sir:

With reference to your letter of the 12th instant I regret that it was not possible to provide the funds in the current year's appropriation for the erection of a two-roomed Indian day school at Hazelton. The necessity for a school at this point will receive further consideration when we are preparing our estimates for the fiscal year 1941-42.

Dear Sir:

I enclose herewith copy of a letter received from Mr. Indian Agent Mallinson of the Babine Agency, inquiring if there is a possibility of commencing the erection of a two room Indian Day School at Hazelton during the current fiscal year.

It would be appreciated if you would kindly advise if funds will be available for this purpose. It is noted that \$8,000 was given in the Agency estimates for this construction.

Yours faithfully,

Dear Sir:

With reference to your letter of the 28th ultimo it is not the Department's intention to allow any amount this year for Christmas prizes at the day schools throughout the Dominion. Our funds are so limited that such action cannot be taken. It is hoped, however, that the teacher will be able to arrange a Christmas concert at each school.

Rental of Old Fort School

This will acknowledge your letter of the 10th instant, this file number, relative to rentals due Mr. Casimel Emil Williams, Old Fort Band.

According to my files there are two schools on Babine Lake for which the Department has been paying rentals, the Fort Babine School and the Old Fort School. The Fort Babine School is the property of Daniel Leon while the latter is owned by Casimel Emil Williams. My records also indicate that as far back as 1943 rentals were being paid to Mr. Williams and continued until my arrival here in August.

I cannot fully understand why these rentals were charged against education as we have had no school at Old Fort since 1939 when the Fort Babine School was opened. After 1939 the Department did not release the building and it was kept as a dispensary and a place in which the Field Matron could stay when visiting the Reserve.

For the quarters ending 30th September 1951 and 31st December 1951 I have vouchered the rentals as a charge against Indian Health Services.

In view of the fact that the unnumbered voucher dated 31st March 1951 on your file has not been paid I would recommend that it be cancelled and a new voucher will be prepared at this office and forwarded to Indian Health Services.

ALSO TO DATE OF THIS LETTER

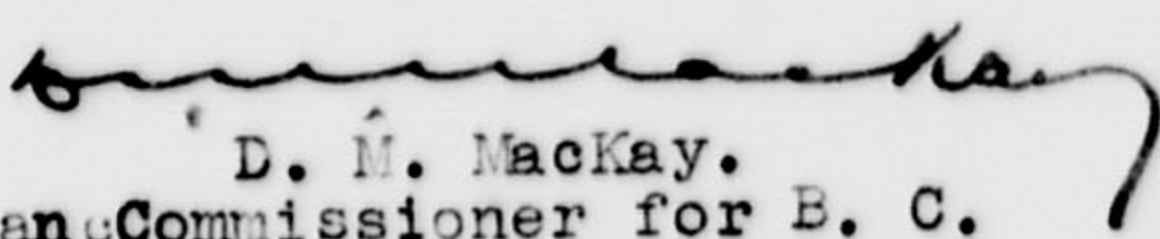

P.O. BOX 70
VANCOUVER, B.C. 17th Jan., 1944.

Indian Affairs Branch, Department of Mines and Resources,
Ottawa.

I am in receipt of a request from Mr.
Indian Agent Mallinson to expend the sum of \$60.00
for repairs to the Hazelton Indian Day School building
as outlined in the inspection report of May 20th last
of Mr. T. F. Robson, Provincial Inspector of Schools.

This building is rented by the Department
from the Anglican Church and Bishop Rix states that he
is agreeable to the required alterations and repairs being
carried out provided the cost of same is borne by the
Department.

If funds are available for this purpose, I
would recommend the application for your approval.

I enclose assessment notice which has been forwarded to us in connection with property apparently occupied by R. S. Sargent on the Hazelton Reserve. I understand that Mr. Sargent is a merchant, but we do not appear to have any information on our file regarding his owning property on the reserve mentioned. As a matter of fact, this is the first notice of this kind that we have received, at least for many years. It would be appreciated if you would send the papers to whomever they concern.

Your file - 1-11-5
Re - Hazelton Indian Day School

In reply to your letter of June 26th I wish to advise you that Mr. School Inspector Robson's report was not enclosed with your letter. The approximate cost of redecorating the interior of this school together with additional cupboard accommodation and repairs to toilets might possibly be covered by the amount of \$200.00 provided for in the 1945 - 1946 Estimates.

It is most difficult to obtain labour during July and August when the schools are closed on account of all the Indians, except the very old and blind, being away at the canneries from approximately June 20th to August 25th.

In regard to the blackboards ordered last year I wish to advise you that this was done on the advise of the Teacher who requested same.

I am forwarding herewith Mr. Indian Agent Mallinson's letters of February 15th and March 1st, together with Babine Agency Voucher No. 475 in the amount of \$34.70 covering materials and labour required for repairing the fences around the Hazelton Indian Day School.

*OK -
per voucher
along
LH*

It has not been definitely established that the Department should be responsible for maintaining the fences in this case as an adequate rental is paid to the Anglican Church for the building but, as the school is located on a corner of the main road of the village of Hazelton where there is considerable traffic and a very limited playground for the children, the fences are very necessary and, if the Department has funds available, I would recommend payment of the account.

The Hazelton Indian Day School is the property of, and adjacent to, the Anglican Church. In August last, the fences around the Church were renewed and the workman repaired the fences around the School also, which were greatly in need of same. As the Church of England had not allowed for this extra work around the School Building, I am asked by the Treasurer of the local Church, Mr. M. A. Myros, if the Department would assume the cost of same, being as follows:

91	pc 1 x 4 x 8	232 ft.	
5	" 1 x 12 x 16	80 ft.	
8	" 2 x 4 x 16	<u>128 ft.</u>

10	Fence posts @ 35¢		3.50

			<u>\$34.70</u>

Your advice in the matter will be appreciated.

Your File: 1-11-3

In reply to your letter of February 19th. answering mine of February 15th. I wish to advise that the Anglican Church receive \$48.00 quarterly rental for Hazelton and Kitwanga Schools. Therefore, the Hazelton School rent would be \$8.00 per month.

As the fences around the school were broken down, allowing horses and cattle to get into the very small play ground, it really was necessary, in my opinion, to have them repaired, and I recommend that the Department assume this cost if possible.

I may say that last year the Anglican Bishop gave the Department permission to alter windows ^{for} and better lighting purposes, and the Department also undertook to making a new entrance walk, which, had stock been allowed to enter the grounds through broken fences, would have broken down the new walk.

With reference to Mr. Neary's letter of November 20th, authorizing an expenditure of \$450.00 for material and labour to prepare the Church Army Hall at Hazelton for classroom purposes, it would be appreciated if you would have an accountable advance of \$270.00 forwarded to Inspector Coleman at Hazelton to cover labour costs.

The matter apparently is urgent and it would be appreciated if the advance could be forwarded by airmail.

Indian Affairs Branch, Dept. of Mines & Resources, Ottawa.

I have to refer to Mr. Heary's letter of November 20th authorizing an expenditure of \$430.00 for material and labour necessary to repair the Church Army Hall on the Hazelton Reserve for use as a second classroom.

Expenditures in connection with this work have exceeded the amount authorized by \$34.39 so far and I am informed by Mr. Boys that a further expenditure of \$100.00 will be necessary. It is unfortunate that such a large expenditure should be necessary inasmuch as the Department is giving consideration to the construction of a new school at this point, but as it is unlikely that labour and materials in sufficient quantity will be available in time for completion of the new school before September 1st there would appear to be no alternative but to complete the work in connection with the Church Army Hall.

I am writing to Mr. Indian Agent Boys asking him to keep expenditures to a minimum and in the meantime would ask the Department to forward him a further accountable advance of \$100.00.

Memorandum

to Indian Commissioner for B.C.

from Inspector of Indian Agencies.

February 25, 1947.

Re: Proposed Hazelton Day School

In accordance with your verbal request for a memorandum on the above subject I would advise as follows:

Site At least two sites are immediately available on Hazelton Indian Reserve No. 1, the first being on Lot 67 owned by the Department, part being in use for the Agency office and residence; a single building that is in need of early replacement, the size of the office being less than half our requirements and the whole structure beyond economical repair. The area of the lot is $2\frac{1}{2}$ acres, about half an acre being in use for the Agency house and outbuildings. There is a fair water supply, a well being located near the house. It is in need of reconstruction.

As it is apparently the intention of the Dominion Dept. of Public Works to replace their telegraph office on the Reserve with a Federal Building that would no doubt provide for our office accommodation it is unlikely that we would rebuild our present office, and in this event the Indian Agent would no doubt be left to find his own residence, renting the present building until he could do so, after which time it could be torn down, leaving the entire lot available for school purposes. An advantage of this lot is that it is on no traffic lanes and is in easy reach of the entire Indian village.

The alternative site immediately available is about five acres practically adjoining the new class room opened in the Church Army Hall on the Village, now owned by Arthur Mowatt, being a sub-bench between that on which the school referred to is located and the flat, part of which is occupied by the Town of Hazelton, the south boundary being only about 150 yards distant. Mr. D. A. Webster of our staff states there is a running spring on this parcel. It is quite level and its twelve or fifteen feet elevation over the main flat precludes any possibility of flooding. It might perhaps be considered somewhat more central than Lot 67 so far as present Indian residences are concerned. As the owner is contemplating enfranchisement he might be prepared to consider an exchange of this parcel for Lot 67 and its improvements, in which case I would consider it as a first choice as it too has no traffic lanes adjoining.

Type of Building As there is likely to be a housing shortage for some years in this locality I would recommend that any school include suitable teacher accommodation and be well insulated as fuel is expensive.

beyond The present school population of 76 is somewhat ~~along~~ the ordinary capacity of two class rooms and if a third is included we should be able to accommodate the nearby Hagwilget children from the Reserve ~~five~~^{three} miles distant, numbering about twenty, (with thirty pre-school age) providing transportation by a school bus service, which could perhaps be economically amalgamated with that for the proposed new White's consolidated school for Hazelton. The present Hagwilget school is the worst in the Province and this consolidation would make its replacement unnecessary.

Hagwilget being Roman Catholic and Hazelton mostly Anglican and Salvationists with some Roman Catholics and United Church adherents I would recommend that any new school be strictly undenominational with provision for the employment of one Catholic teacher on the staff, who could handle the short morning religious exercises of the Catholic children.

If it is considered that the consolidated school is preferable to small units I would suggest that in addition to the inclusion of Hagwilget's twenty or so children, that the approximately twenty-five at Glen Vowell, (S.A.) ~~five~~^{three} miles distant, be considered in the scheme as we will have to replace their school in the very early future. This brings us within two miles of Kispiox (U.C.) which has a two roomed school of the "home-made" variety, apparently built on United Church Mission property with no quarters except a gloomy manse, one of the teachers being expected by the Church to run a full time Mission, as is the case at Glen Vowell.

Such an arrangement would give four rooms including Glen Vowell and almost a fully graded school of five or six rooms if Kispiox were taken in. Construction costs should not be higher as the only one of the group that could carry on for a short while without replacement would be Kispiox. Such consolidation should permit economy of class room staff as it should be possible to group them in larger numbers than is possible by the present system.

Three class rooms would make possible a school similar to St. Catherine's at Duncan, with a much better average attendance than experienced there. It would also

PUBLIC ARCHIVES

ARCHIVES PUBLIQUES

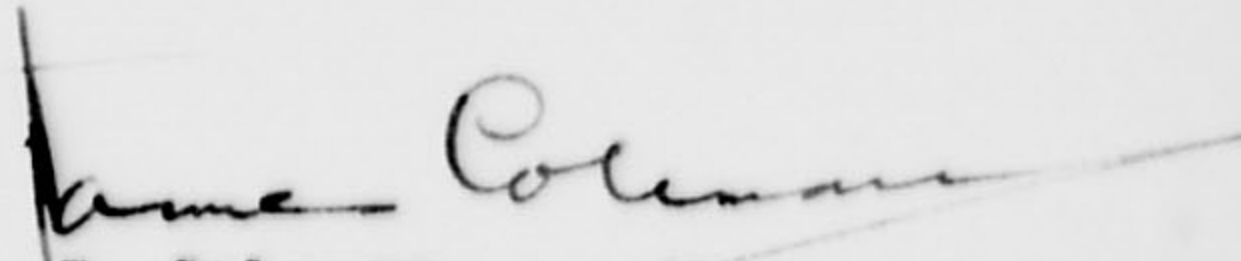

CANADA

help, perhaps, to take the edge off the clamour of these Northern Protestants for a residential school. Three or more class rooms would unquestionably make possible a standard of education much in advance of a two room division as well as opening the way for something worthwhile in manual and domestic arts.

Winter road conditions should present no difficulty as the usual snowfall is probably about the same as at Salmon Arm and ploughed out after every fall.

A factor that might be considered here is making it possible for the new school to be the center for young people's activities after school hours, using the facilities for manual training, domestic science and adult education, present recreational facilities being non-existent, the young people spending their evenings in the Chinese restaurants of Hazelton with the expected sequel, this being a subject in which I have repeatedly endeavoured to interest the local missionaries, without result.

I would strongly recommend that no definite decision be arrived at until the Inspector of Schools has had an opportunity of visiting the area and making his report and recommendations. I attach a sketch showing location of the schools mentioned.

Inspector of Indian Agencies.

In the instance of non-denominational day schools, religious teaching shall take place only as hereinafter provided.

- (a) Such religious teaching shall take place only during the last half hour of the teaching day and shall be conducted by any Christian clergyman whose charge includes any portion of the reserve or by any person duly authorized by such clergyman, or by a teacher when so authorized.
- (b) Where so specified in such band resolutions, religious teaching during the prescribed period may take place only on certain specified days of the week instead of on every teaching day.
- (c) In any Indian day school where the average attendance of Roman Catholic children is 25 or upwards, the Minister shall, if required by a petition of parents or guardians of such number of Roman Catholic children, employ at least one certified Roman Catholic teacher in such school. In any day school where the average attendance of Protestant children is 25 or upwards, the Minister shall if required by the petition of parents or guardians of such children, employ at least one duly certified Protestant teacher.
- (d) Where religious teaching is required to be carried on in any school in pursuance of the foregoing provisions and there are Roman Catholic and Protestant children attending the school and the school room accommodation does not permit of the pupils being placed in separate rooms for the purpose of religious teaching, provision shall be made by the regulations of the department whereby the time allotted for religious teaching shall be divided in such a way that the religious teaching of Roman Catholic children shall be carried on during the prescribed period of one-half of the teaching days in each month, and the religious teaching of the Protestant children shall be carried on during the prescribed period of one-half of the teaching days of each month.
- (e) No separation of pupils by religious denominations shall take place during the secular school work.
- (f) Where the school room accommodation permits, instead of allotting different days of the week to different denominations for the purpose of religious teaching the pupils may be separated when the hour for religious teaching arrives and placed in separate rooms.
- (g) No pupils shall be permitted to be present at any religious teaching unless the parents or guardians of such pupils desire it. If the parents or guardians do not desire the attendance of pupils during such religious teaching, then such pupils shall be dismissed before the religious teaching is begun, or shall remain in another room.

Re - School Construction Program - 1947-48.
Hazelton Indian Day School.

As before
Further to my letter of February 27th, and in particular to the proposed construction of a new Indian Day School in Hazelton Indian Reserve, School Inspector Davey, during his recent visit to the Babine Agency, conducted a school survey and inspected the alternative sites available. His memorandum dated June 30th is enclosed herewith, from which it will be noted that consolidation of the Rocher Deboile Indian Day School and the Hazelton School is quite feasible, but that it would not be desirable to consolidate either the Glen Vowell or Kispiox Schools with Hazelton. The School Inspector's Survey indicates that a 3 room school will be necessary, and although it is realized that the combined enrolment of the Rocher Deboile and Hazelton Schools last year would not warrant a 3-room school, it is believed that a number of the Hazelton Reserve Indians may have moved elsewhere temporarily because of the lack of adequate school facilities at their home Reserve for some time. It is anticipated that, with the provision of an up to date school establishment, a number of these will return to their Reserve.

With reference to the question of a suitable site for the building, Inspector Davey favors the site at present owned by Mr. Arthur Mowatt referred to in Inspector Coleman's

Memorandum

To: The Indian Commissioner
From: The School Inspector

During my recent visit to Hazelton I investigated the possibility of consolidation of several of the schools in this district.

Consolidation

Due to the very poor road conditions during the greater part of the school year I consider that the only school which may be combined with Hazelton is that of Hagwilget. This school is a distance of about three miles from Hazelton and situated on a main road. This road is well maintained and ploughed throughout the winter.

The schools at Kispiox and Glen Vowell were also considered but the roads to these two are such that I do not consider that the transporting of the pupils from these two points to Hazelton would be successful. The distance from Hazelton to Kispiox by road is approximately 10 miles. Glen Vowell is about half way between the two and about $\frac{1}{2}$ mile off the road joining them. The side road was in very poor condition when I visited the Glen Vowell school at the end of May and the possibility of regular transportation on either the Kispiox or Glen Vowell roads seems unlikely.

School Population

I have attached a tabulated summary of the survey conducted by Mr. Indian Agent Boys which shows that the school population of Hazelton will reach 99 by the school term for 1949-50, but will remain fairly constant for the three succeeding years. In this Province the Provincial Department of Education provides three teachers for a school with an enrolment between 70 and 111 and using this as a standard, a three room school at Hazelton would provide for both Hazelton and the nearby Hagwilget school.

It is to be noted that although the school population for the 1946-47 term for Hazelton is shown as 76 only 55 were enrolled. At Hagwilget the school population is ~~shown as~~ 20, but

Indian Affairs. (RG 10, Volume 6393, File 814-5, part 2)

PUBLIC ARCHIVES

ARCHIVES PUBLIQUES

CANADA

the actual school enrolment for the same period was only 10. This is apparently due to a number of families living off the reserves. As the same condition will probably exist in the coming year it should be possible for the two teachers at Hazelton to handle the school enrolment for the 1947-48 term. This would leave the Hagwilget teacher available for employment elsewhere. In addition the school at Hagwilget is in very poor condition and this arrangement would make its replacement unnecessary. Irrespective of whether or not a new school is built at Hazelton this year it seems that the consolidation of these two schools should be carried out for the coming term.

Site

There are two possible sites for the new school, descriptions of which are contained in Mr. Coleman's memo dated February 25, 1947. I favour the site at present owned by Mr. Arthur Mowatt because it is more central, unencumbered by other buildings, and is able to provide more adequate playground space.

The regulation concerning non-denominational Indian Day Schools as contained in Mr. Hoey's letter of March 3, 1947 should apply to this school as the pupils at present attending the Hazelton school are chiefly Anglican or Salvationists with some Roman Catholics, while those at Hagwilget are entirely Roman Catholic.

Increase

Although the school age population as shown by the census in the Agent's office is 76 for the 1946-47 school year only 55 are shown on the school roll. This difference is accounted for by the number of families not living on the reservation.

This does not take into consideration any decrease due to deaths or enfranchisement.

by a carpenter or handyman and the purchase of numerous small items of hardware. It would be difficult to estimate closely the cost of these repairs in labor and materials but I would ask that an accountable advance of Seventy Dollars (\$70.00) be forwarded for the casual employment of an Indian for repairs on each building. I will make our hardware purchases at the local stores and forward a Voucher for them. The schools at Glen Vowell, Kitwanga and Kitwancool are urgently in need of a new stove and complete new stove pipes throughout. I recommend a horizontal stove which will take a twenty-four inch stick of wood of either the "Camp Comfort" or circulatory type and I have invited quotations from several local sources of supply. However, I have received no guarantee as to possible delivery dates andx of the stoves and unless I receive them in the near future I shall ask your assistance in making the purchases in Vancouver for it is absolutely essential from the point of view of comfort and safty that these new stoves are supplied to the three schools above noted.

Reference your 1-11-3 of July 7

Upon receipt of your letter we immediately wrote to Bishop Jordan concerning the recommendation that a three room school be constructed at Hazelton to handle the enrolment of both the present Rocher Desboule and the Hazelton Schools.

We sent him the regulations for conducting such a school on a non-denominational basis. We have now received a letter from the Reverend Father Carroll, advising that Bishop Jordan is returning from Rome in the near future and will consider this matter at that time.

EXD.

Ottawa, July 15th, 1947.

Dear Bishop Jordan:-

We recently received a report from Indian Commissioner MacKay with reference to the Rocher Deboule Indian Day School on the Haqwilget Reserve and the Hazelton Indian Day School. The former has been conducted under Roman Catholic auspices and the latter under the auspices of the United Church.

Both buildings are in bad condition and should be replaced.

A two room school is required at Hazelton but a one room school would be sufficient for Rocher Deboule. The Departmental School Inspector recommends that instead of building two separate buildings, a three room school be constructed. This would handle the enrolment at both the schools mentioned above.

If you concur in this arrangement, one of the teachers employed would be a Catholic but the school would be conducted on non-denominational basis. For your information I enclose a list of regulations that have been approved for use in a similar instance at Hay River, N.W.T.

We would appreciate hearing from you in regard to the matter at an early date.

Yours sincerely,

Bernard F. Neary

Further to my letter of March 24th, I am enclosing Mr. Indian Agent Boys' letter of April 5th wherein he advises that Arthur Mowatt, Indian owner of the proposed site for the new Hazelton Indian Day School, has agreed to accept \$600 for the two-acre parcel and further intimates that Mowatt would likely accept \$500.

With regard to the question of access to the proposed school site you will note from the Agent's letter that there is a steep bench on the west side of the Lot down to the townsite level, in addition to which it is my understanding that the majority of Indian homes are to the east of the property on a higher bench.

Re: School Site - Hazelton.

This will acknowledge your 1-11-3 of March 24th. I note that the Department considers the price of \$400.00 per acre too high.

I have discussed the matter with the Indian owner of the land, Arthur Mowatt, again to-day, and he has agreed to offer the land at \$600.00 for the parcel. He states that unless he gets this amount he will sell to somebody else. I know that this man owes the sum of \$500.00 on a house he recently purchased on the Hazelton Indian Reserve No. 1, and I am inclined to think that if a firm offer of this amount were made to him he might accept.

The matter of access to this property was discussed in the second paragraph of my letter of Jan. 26th. There is a steep bench on the West side of the Lot down to the townsite level and I consider that construction of a road here is less feasible than on the East, where it would be comparatively simple to link the land with a good road on the upper level of the Reserve. This was shown on the sketch which accompanied my letter.

I trust that I may receive a decision in time to secure a surrender at a meeting to be held on or about May 15th, before the local Indians depart for the canneries

Re: Hazelton Indian Day School

With reference to Mr. Neary's letter of March 6th regarding proposed school construction on the Hazelton Indian Reserve, I am enclosing a memorandum dated March 23rd from District School Inspector Davey having particular reference to the size of the school.

A review of the available pupilage and anticipated pupilage in the next few years indicates without doubt that a two room school will not be large enough but that the possibility of our requiring a fourth classroom is very remote. It is apparent, therefore, that what we require is a three-room school but in view of the fact that the Department has no three room school plans available and that it might take some months to secure such a plan, I concur in the School Inspector's suggestion that it would be better to construct a school somewhat too large rather than to be confronted with overcrowded conditions immediately upon completion of construction. Under the circumstances it would appear that we should plan on the construction of a four room school at the earliest possible date. I am writing to Mr. Indian Agent Boys regarding the question of access to the proposed school site and the valuation placed on the area.

Re: Hazelton Indian Day School

I refer to Mr. Neary's letter of March 6th concerning the above mentioned school in which he makes reference to proposals for bringing the children from Moricetown to Hazelton to the proposed consolidated school. The suggestion of consolidating the Moricetown School with Hazelton did not emanate from this office. Moricetown is situated approximately 30 miles from Hazelton and is on the main road between Prince George and Prince Rupert. Although this is a principal highway and is kept clear throughout the year it is seldom in first class condition. Aside from this the distance between the two schools is too great to make any such consolidation feasible and I strongly recommend that no attempt be made to do this. The Hagwilget school is the only one which I consider practical to combine with that of Hazelton. This school is in very poor condition and its immediate replacement would be required if it were not practical to transport the pupils to Hazelton. This proposal has been thoroughly covered in my previous memo of June 30, 1947. The Moricetown school is in poor condition also and should be replaced with a two room building as soon as possible.

Size of School

The ideal size for the Hazelton school is three rooms and it did not appear from my survey that there would likely be any rapid increase in the school population after 1950. It will be noted from Mr. Neary's letter that he suggests that we undertake the construction of either a two or four room school, and in spite of the above note concerning the possible increase I suggest it would be better to construct a school somewhat too large rather than have overcrowded conditions immediately upon completion of the construction. Although I do not consider it feasible to bring pupils in from Glen Vowell at present due to the road conditions it is possible that the roads may be improved within the next few years to an extent which will permit the consolidation

Indian Affairs. (RG 10, Volume 6393, File 814-5, part 2)

PUBLIC ARCHIVES

ARCHIVES PUBLIQUES

of this school with Hazelton and the fourth room at the consolidated school could then be put into operation. In his letter referred to above Mr. Neary gives as his reason for leaving out the possibility of a three room construction the fact that no plans are at present available in Ottawa for such a building and that considerable delay would result if plans for a three room school were to be drawn up.

I hesitate to recommend the construction of a school larger than required because of the considerable need for construction throughout B.C. and I do not wish to delay any part of this work by reason of an unnecessary expenditure at one point. However if the increased size of the Hazelton school will not effect other projects I am prepared to recommend the construction of a four room school. The plan of the St. Catherine's school would be most suitable because of the arrangement which permits the use of two rooms as an auditorium.

HAZELTON INDIAN DAY SCHOOL.

Reference 1-11-3 (151) of February 3.

We have recently received a letter from Bishop Jordan with regard to the proposals advanced for bringing the children from Moricetown into Hazelton to the proposed consolidated school. In his letter he states as follows:

"Frankly, I was hoping that some other solution than that of sending them to a non-denominational school would be found by your Department. It might not be appropriate for me to go into the most serious reason for disliking such a solution, namely, the lack of Catholic environment, but it seems to me that, if an effort in this direction has not already been made, you might instruct your Agent at Hazelton to have the children sent for the rest of this year to Lejac School. If there were some way of taking care of them in Moricetown, they could be sent there as an alternative, to the day school. But I realize that it would be difficult * at present to carry out such a plan".

Size of School:

Therefore, it would seem that a decision will now have to be reached as to whether a 2 or 4 room school would be required at Hazelton. We have plans on hand for both of these types, of schools but do not have a 3 room school plan available. It will take some months to make such a plan and before proceeding with this step, I would appreciate hearing from you as to the exact size of school which will be required.

Proposed School Site:

It is noted that Mr. Arthur Mowatt of the Hazelton Band has asked \$400.00 an acre for a two acre proposed site. In view of the fact that this land will be used for a school site and for Indian Education, it is felt that this price is decidedly high.

Elsewhere Indians have allowed the Branch a reduced rate when they realized that the property was going to become a school site to provide better education for all the Indians on the Reserve. The Department feels that when we are providing everything for the education of these Indians, the least that can be expected of them is to provide property for a school site at a reduced rate. As you are only too well aware white property owners have done this when Provincial Schools are being built. Would you please, therefore, have Mr. Indian Agent Boys approach Mr. Mowatt with regard to the obtaining of a reduced rate for this land.

I would also refer you to Inspector Davey's report of January 30, 1947 and attached map as prepared by Inspector Coleman. It would be appreciated if we could be advised as to whether there is access from the road, west of the Arthur Mowatt site into the proposed school. It is felt that the children from the bottom of the bench should be provided with access to the new school without having to go in a round about way.

If the survey on this Reserve has not

I am enclosing a rough sketch of a piece of ground, approximately 2 acres in area on the Hazelton Indian Reserve No. 1 which would make an excellent school-site. This is the property which we looked at on your visit to Hazelton in October. It has also been viewed by Mr. School Inspector Davey who agrees that it is very well suited for the purpose.

The owner, Arthur Mowatt of the Hazelton Band will not set any definite price for the lot but suggests that it should be worth \$400 per acre. I recently had the Provincial Assessor look this lot over and he gave it as his opinion that it was of equivalent value to the town lots on the south side of Hazelton town site. These lots are assessed at \$100 per lot and are one fifth of an acre each, but have sold at prices far in excess of that. You will recollect that this school-site is quite level and completely cleared. This matter is submitted for Departmental consideration.

DIRECTOR, LANDS and DEVELOPMENT SERVICES BRANCH

New Construction of Indian Day School - Hazelton, B.C.

Reference our memorandum of April 3

You will recall that we advised you in this memorandum that it was our intention to write you further with regard to the new day school required at Hazelton, B. C. Our actual need there for the immediate present is for a three-room day school and teachers' quarters. Eventually, however, we will require a four-room school at this point as it is one of the larger centres of Indian population in the area.

Therefore a careful study has been made of the four-classroom Indian Day School plans (such as was constructed at Eskasoni, Nova Scotia) and we have arrived at the following suggestions:-

- (a) That a four-classroom school be erected at Hazelton, B.C.
- (b) That three of these classrooms be used for normal pupil use.
- (c) That the fourth classroom be converted for use as a teachers' apartment. It would be necessary to provide in this apartment for two small bedrooms, a living room and a kitchen. If this were placed in one of the classrooms near the chimney, the kitchen stove could be used as in a normal residence.

We have today sent an airmail letter to Mr. Indian Commissioner Arneil with regard to these suggestions. We will advise you as soon as we hear his reaction to these recommendations. In the meantime it was felt that we should present our views to your architects so that we could be advised as to the feasibility of

It is noted that in your latest letter you recommend the construction of a four classroom school at this point. You also recommend the addition of a five-room residence for the Principal. Would it not be possible to convert one of the four classrooms into a teachers' or principal's apartment? You would then have three classrooms available for teaching purposes and the fourth classroom would be used temporarily as a principal's or teachers' residence. We intended to do this at one other place and I felt that a similar solution might be presented for your problem at Hazelton. We have only \$4,000.00 in our Vote for this school and it is most unlikely that we could build both the four classroom block and a principal's residence for this amount.

I would appreciate having your reaction to this suggestion so that I can approach Lands and Development Services Branch with regard to the preparation of the necessary changes on the first floor plan. It is my intention to also have them undertake to advertise for the contractor for the construction of this school.

With reference to Mr. Indian Agent Boys' letter of May 5th attached, regarding the proposed school site on Hazelton Indian Reserve No. 1, in my letters of February 3rd I suggested that Mr. Fred Nash, B.C.L.S., might survey this site during the course of his preliminary subdivision survey on the Reserve. If this was done and despite the fact that it is problematical whether we shall construct a school at Hazelton or provide educational facilities in co-operation with the Province it would, I believe, be advisable for Mr. Boys to secure a surrender of the school site which need not be submitted to Council for acceptance unless required. If survey of the school site was not made it is considered that Mr. Boys should secure from a majority of the voting members of the Band at the meeting to be held on May 20th, confirmation of Arthur Mowatt's ownership of the property and a resolution agreeing to surrender.

Further in the matter of Surrender of a site for the Hazelton Indian Day School about which I wrote on April 5th, I wish to advise that a meeting of the Band has been called for May 20th to receive the Surrender of a portion of the Hazelton Indian Reserve. I earnestly hope that it may be possible to accept a surrender of this parcel of land for the school site at the same time and I would ask that every effort be made to have the surrender documents on hand at Hazelton by that time because it will be impossible to call another meeting until the Fall. This would mean that probably another year would go by without providing a new school for Hazelton.

HAZELTON

Construction at Hazelton was the subject of correspondence with you, reference my letter of March 24th, at which time I recommended construction of a four-classroom school for the reason that it would be better to construct a school somewhat too large than to be confronted with overcrowded conditions immediately upon completion of construction.

We will, in addition to the four classrooms at this point, require accommodation for teachers as it is doubtful if we can count on securing accommodation for them in the adjoining town of Hazelton. I do not feel, however, that the Department should proceed immediately to construct teacherages for three or four teachers, one or more of whom might be married. I feel it would be preferable this year to construct a five-room residence for the Principal and in the event that the Principal is unmarried the other teachers might be accommodated in the same building. Prefabricated Structures have a five-room home, plans of which are attached hereto, which would be most suitable.

I would recommend that the Department call for tenders covering the construction of a four-room school with manual training room and domestic science room in the basement and that authority be secured for the purchase and erection of a five-room prefabricated house to accommodate the teachers.

Notes
Dear Col. Neary:

I have received your personal and confidential letter of May 1st (file 1-1-5 E) relative to the Hazelton Indian Day School and have carefully noted your remarks relative to the desired co-operation between the Provincial Department of Education and our own Education Division.

Inspector Davey is on a somewhat extended inspection tour covering the Queen Charlotte and Skeena River Agencies and is at present in the Naas River area. He will return to Vancouver towards the end of May. Immediately on his return arrangements will be made to have Mr. Davey visit the appropriate officials in Victoria and to fully carry out the suggestions contained in your letter. A report will be submitted in due course.

Yours very truly,

Hazelton Indian Day School

Dear Mr. Arneil:

Reference your 1-11-3 of April 9, 1948,
0-11-3 " 15, 1948.

You will recall the letter forwarded to you recently with regard to co-operation with provincial Departments of Education insofar as it concerned the future educational plans for Indian children.

A study of Inspector Davey's reports and the late Inspector Coleman's survey (February 25, 1947) indicates clearly that Hazelton is one of the places at which we could co-operate with local educational authorities. It would seem obvious that, if arrangements can be made for these Indian children to attend the new white school, this arrangement would certainly be better than constructing our own Indian school just across the road from their new school. It would be appreciated, therefore, if you could discuss this matter with Inspector Davey and have him visit educational officials in Victoria to ascertain if they are interested in such a proposal. The Parliamentary Committee feels that we should be generous in making these agreements and there is a possibility that we might even be able to get authority for a partial payment of capital cost. This latter point is a difficult thing to discuss with provincial authorities as we are not sure whether we have the necessary constitutional authority under the old Indian Act. However, Inspector Davey could discuss with provincial educational officials:

- (a) their reaction to the operation of such a school,
- (b) their ideas as to how the school could best be financed.

..... It

It must be emphasized that we would not wish to have any control over the administration of the school, the hiring of the teachers, etc. We would be quite prepared to leave this in the hands of the local authorities and would pay them on a pro rata basis for the education of the Indian children of Hazelton.

Sincerely yours,

Bernard F. Neary,
Superintendent of Education.

Mr. F. Nash B.C.L.S. is at present in Hazelton doing a subdivision survey of the recently surrendered portion of Hazelton Indian Reserve No.1.

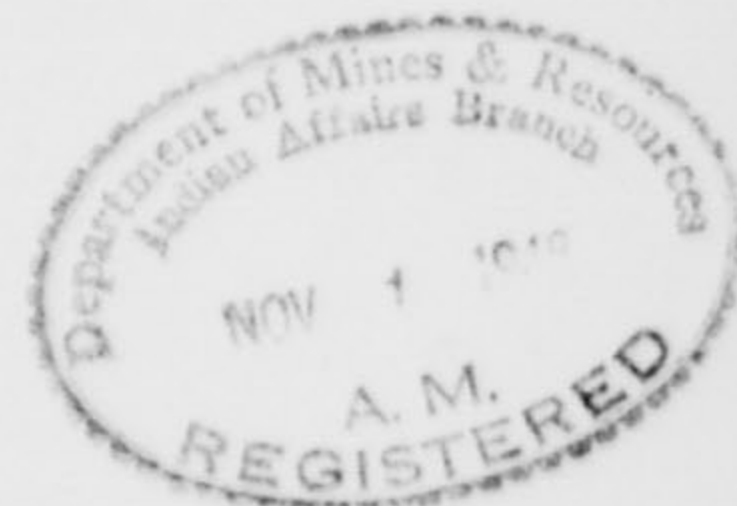

If you will refer to my letter of 27th May under this file you will note that a surrender was taken of approximately two acres of this Reserve for a school site. I have not heard yet whether Mr. Mowatt's offer to sell it at a price of \$555.55 was accepted. I would suggest however that while Mr. Nash is here he should be instructed to make a survey of this parcel of land if it is still intended that we should make use of it.

Will you kindly advise me in this regard as soon as possible.

This will acknowledge your telegram received on the morning of May 20th authorising the taking of a surrender from the Hazelton Indians of a 2 acre property owned by Arthur Mowatt for use as a school-site, on the Hazelton Indian Reserve No. 1.

At a Meeting held that evening and before it had been possible to contact Mowatt regarding price, a surrender was accepted from the Band and is enclosed herewith.

I have now contacted Mr. Mowatt by mail and he asks that he be paid a sufficient sum (\$555.55) so that after deduction of the 10% for Band Funds he would receive a clear \$500.00. I would recommend acceptance of these terms.

It should be possible to assemble the necessary material and procure the labour to make a start with this building in the very near future. I understand that a three room school is contemplated in order that we may close the Roche de Boule Indian Day School at Hagwilget and bring the 10 or 12 pupils into Hazelton by bus each morning. May I expect to receive your decision in this matter at an early date.

Re: Hazelton Indian Day School
Your File 814-5 (E)

Our letters of July 12th, regarding the above-mentioned subject, crossed, and we anticipated a further communication from you with regard to the assurance requested by the Secretary-Treasurer of the School Board that should the proposal not materialize, this Department would assume a share of the cost of preparation of plans and specifications. I think the possibility of the proposal not materializing is very remote; in any case the request of the School Board is not unreasonable.

May I please have an indication by Army Signals as to whether or not it would be in order for me to give the Secretary-Treasurer the assurance required. Inquiries are being made as to whether or not the School Board can accept a firm figure as our share of the erection cost of the School.

For your information I might mention that we are still awaiting word from the Provincial Department of Public Works as to whether or not the sub-division plan will be accepted by them without development of the roads. Our feeling is that we will be successful in having the plan registered.

C.W. Alger, Esq.,
Secretary-Treasurer,
Terrace School District No. 53,
Terrace, B.C.

Dear Mr. Alger:

With reference to your letter of June 30th to Mr. J.V. Boys, regarding the proposed combined white and Indian school at Hazelton, we have been awaiting word from our Department in Ottawa with regard to payment of our share of the cost of plans and specifications, should the proposal not materialize and I have today again written asking that they expedite such assurance.

With regard to our contributing towards the capital cost of the building, a memorandum was submitted by the Director of Indian Affairs to the Minister of our Department, on November 16th, 1948, outlining the proposal and suggesting as the basis of a contract the provision of funds by the Indian Affairs Branch in proportion to the number of Indian children in attendance. This proposal was approved by the Minister and you may rest assured that as soon as you are in a position to proceed with the construction, this Department's share of the cost will be made available.

With regard to the actual amount which we will be required to contribute, we have been requested to ascertain if it would be possible at this time to definitely settle on a firm amount. Our reason for endeavouring to establish a firm figure is that we must secure an Order in Council authorizing payment of the amount and you will appreciate that an Order in Council naming a specific amount is much more satisfactory than one which states "nine-sixteenths of

an estimated amount of \$95,000.00" or some similar wording. In other words, can you now or later definitely fix an amount which will be acceptable to you as our contribution on a nine-sixteenths basis?

For your information I might mention that we are presently in communication with the Provincial Department of Public Works with regard to registration of our sub-division plan of the Hazelton Reserve which is a necessary preliminary to disposition of the school site, and we are hopeful that the Province will waive their requirements with regard to the development of roads within the sub-division prior to registration, as the development of the roads in this case is the principle reason for the delay at this time.

Yours very truly,

Re: Hazelton School
Your file 814-5 (E)

Attached is a self-explanatory letter from the Secretary-Treasurer of the Terrace School District No. 53. It will be noted that the School District is asking that some concrete evidence be given that our Department is prepared to bear its share of the capital cost of the construction of the joint school. I shall appreciate the Department giving this assurance as requested by the Terrace School Board.

It will be noted that the contract for the construction of this building has not as yet been let and it is impossible to give any definite figure as to the actual cost until this has been done. This office feels that it would be unwise to enter into an agreement with the School Board until the cost of the new school is definitely known.

It will be noted from the third paragraph of the letter from the Secretary-Treasurer that the Board is requesting assurance that should construction on the basis of joint operation of the school fall through the Department will assume a share of the cost of the preparation of plans and specifications. This request seems to be quite reasonable and it is felt that the Department should give this assurance.

Dear Sir,

As you are aware, an understanding exists between the Indian Department at Hazelton and the School Board of district No.53 that an arrangement will be entered into whereby the White and Indian schools at Hazelton will amalgamate and the financial end of the matter will be met on a student per capita ratio both to the cost of construction of the new school and the maintenance of it afterward.

But our Board have no word to that effect except of a verbal nature, and while we are not in doubt of the matter meeting a fulfillment yet when the Department of Education asks us how we are going to raise the difference between the amount of money allowed for a school at Hazelton in our by-law, which is an odd \$45,000.00 we have no concrete evidence that we have any way of raising the money. We need a statement which will show at least that we have the assurance of the funds.

Another thing that is necessary too is some evidence that should this whole thing fall through and not be carried out for some unforeseen reason, that we will be compensated at least in part for the cost of getting out preliminary sketch plans for a six room school (plans now approved and ready for completion) instead of going ahead with our former idea of a three room school, plans and specifications of which are completed and now in our hands at a cost of about \$800.00 and if not used will have to be abandoned.

Some concrete statement from your Department should be in our hands before we proceed further with these plans.

Yours very truly,

Hazelton Indian Day School.

Reference your 1-11-1 (151) of May 13.

I discussed the contents of your letter of May 13 with the Director. It would seem that we must be prepared to bear nine sixteenths of the cost of the proposed new school. Would it be possible to definitely settle on a firm amount which could be paid to the Hazelton School Board as our share in the construction of this school? You can naturally appreciate the fact that an Order-in-Council naming a specific amount is much more satisfactory than one which states "9/16 of an estimated amount of \$95,000" or some similar wording. In other words, either now or later, will the Hazelton School Board definitely fix an amount which would be acceptable to them as our contribution on a 9/16 basis?

With regard to the problem which has arisen concerning the subdivision of this land, Major MacKay advised me that a similar situation arose over the Fort St. John Veterans' subdivision. The Department of Public Works, on that occasion, waived their regulations concerning the construction and gravelling of the streets, after a visit from the Indian Commissioner for B. C. Would it be possible to reach a similar agreement with the Department of Public Works now, over the Hazelton townsite?

Please find hereunder self-explanatory correspondence concerning the erection of this joint school.

I agree with Mr. Arneil and Mr. Davey's recommendation that the anticipated split in the school population be accepted in the ratio of 7 Whites to 9 Indians.

You will note that the High School part of the building will be on a consolidated basis, and that a number of small rural schools in the district will be sending their pupils to this section of the joint school.

You have already seen under separate cover the estimated cost of this building. The only delay now will be with regard to the sub-division of the land.

MEMORANDUM:

Colonel B. F. Neary,
Superintendent of Education,
Indian Affairs Branch.

Re: Hazelton Indian Day School.

Reference is made to your note drawing to our attention Commissioner Arneil's letter of April 28th with reference to the new school planned for Hazelton, B. C.

Quite frankly, the Hazelton subdivision question has developed into a headache as far as this Service is concerned, for we have encountered one problem after another, the latest being that under Provincial regulations we must construct and gravel every street, lane and road in the subdivision before we can register our plan and proceed with the sale of the subdivision lots. As we had provided generously in our plan for streets and lanes and even exterior streets to allow for further expansion of the subdivision, the cost of building all these streets would be considerable, and we have no funds which could be used for this purpose nor have we any hope that the individual Indians who will benefit from the sale of the subdivision of their holdings would be prepared to pay the cost of opening the streets.

The School Board originally applied for a piece of ground which was surveyed as Block 10 in the proposed subdivision, but have since changed their mind and now wish to double the size of their property by acquiring Block 11 as well. As a street separated these Blocks,

Indian Affairs. (RG 10, Volume 6393, File 814-5, part 2)

PUBLIC ARCHIVES

ARCHIVES PUBLIQUES

CANADA

and as the School Board wish to combine the said Blocks, it is necessary to eliminate the street from our plan, and while this may seem a minor point, actually it may involve sending the surveyor back to Hazelton to do re-survey work, for under the Provincial Survey Regulations, it is extremely doubtful that we would be permitted to delete the road from the plan without performing additional survey work. This difficulty is presently being taken up by the Surveyor General with Mr. Nash who performed the survey on our behalf.

As to the general problem of opening streets, we sent a lengthy letter to Superintendent Boys on May 5th, copy of which was forwarded to Mr. Arneil, outlining the general difficulties and suggesting two possible ways out of our trouble. The first was to approach the Town of Hazelton and ascertain whether the Town authorities would be prepared to undertake the opening and gravelling of the necessary streets. What their answer will be we cannot tell, but our request is not unreasonable in that the entire subdivision scheme came into being through the desire of the Town to secure additional land for expansion. If the Town authorities are not prepared to open the streets at their expense, then we will have no alternative but to cut down our subdivision to a small portion of the area subdivided by Mr. Nash. The cut down area will include the school site and probably one row of lots lying between the proposed school site and the Town boundary, but if this solution is the one decided on, there will again be some delay in that Mr. Nash will have to prepare a complete new plan for registration purposes.

It is regretted that the School Board is being held up in this matter, but for the foregoing reasons we certainly cannot proceed with any sale to the Board at this time nor can we advise when we will be in a position to do so. It can be taken for granted that we are as anxious as the Board to conclude the sale, and will do our utmost to iron out our difficulties at the earliest possible date.

Your Files 814-1 (E) and 814-5

With reference to Mr. Neary's letter of April 5th, Mr. H.C. Ferguson, Inspector of Schools for the Hazelton district, called here today and we discussed the proposed School at Hazelton. Detailed plans have not yet been prepared but I understand from Mr. Ferguson that Architects Burwick and Pratt, of Vancouver, will design the School and District School Inspector Davey will be given an opportunity to see the plans before they are accepted. It is proposed to build a six-room school, the cost of which is estimated at \$90,000.00.

A necessary preliminary to erection of the building will be the acquisition of the site which is within the area of Hazelton Indian Reserve No. 1, surrendered by the Band some time ago. This Office is not informed with regard to the progress made in the matter of acquisition of the School site but I understand that the question of disposition of the surrendered area has been delayed pending a valuation of the property.

It would be appreciated if you would discuss this matter with the Reserves and Trusts Division and have them advise me how the matter stands. An extra copy of this letter is attached for that Division.

Re: School Furnishings -
Hazelton and Kispiox Schools

With reference to Superintendent Boys' letter of November 19th attached, an expenditure of approximately \$180.00 for the purchase of primary tables and chairs for the above-mentioned Schools, is recommended.

As suggested by Mr. Boys, any furnishings subsequently found to be surplus at Hazelton can be used at other schools next year.

Hazelton, B. C.

19th November 1949

Indian Commissioner for B. C., P. O. Box 70, VANCOUVER, B. C.

I have received requests for furniture for the primary rooms at both Hazelton and Kispiox Schools.

The enrolment in Mrs. Doddings' primary room, Hazelton, is now 33, she feels that she could handle the beginners much more easily at tables and chairs. So too does Mrs. Evans at Kispiox, who has approximately 26 children.

It is true that Hazelton school will probably not be in operation after this year, but this furniture, if bought now, can be passed along to either Moricetown or Fort Babine where our building programme contemplates construction of a two room school in the near future.

Woodbilt Products in Prince Rupert quote me \$28.00 for a primary table accommodating six children, two such tables with twelve chairs at \$2.80 each would be required at Hazelton and Kispiox. I would ask therefore that a Purchase Order in favour of this firm be issued for the following:

2 primary tables	@	\$28.00 ea.	-	\$112.00
24 primary chairs	@	\$ 2.80 ea.	-	67.20
				<u>\$179.20</u>

This firm informs us that they are commencing construction of an order for the Skeena River Agency next week and could promise us much earlier delivery if they could put our order in at the same time. Will you therefore kindly forward Purchase Order to this firm with the least possible delay.

Re: Hazelton School

DEC 23 1949
A.M. The attached draft agreement contains four alterations suggested at a meeting held in this office between Inspector Davey and Mr. H.C. Ferguson, Provincial Inspector of Schools. These alterations are contained in additional clauses numbered 4, 9 and 10 and in the re-wording of the cessation clause now numbered 8 which has been retained on the insistence of the Provincial authorities. The new clause 4 is primarily designed to guard against the segregation of Indian children. The lengthening of the period of termination notice was considered necessary and amended in clause 8. Clause 9 was inserted to protect the financial contribution of each party. Clause 10 has been inserted to guard against either party lightly terminating the agreement. For example, it would be undesirable to have the Board terminate the agreement because it wished to use the accommodation for a sudden influx of white pupils, rather than construct additional accommodation.

Also enclosed is a copy of Mr. Ferguson's letter to the Deputy Minister of Education. This letter was written following the first conference with Mr. Ferguson. Subsequent to this meeting Inspector Ferguson again called at this office at which time clause 10 was added.

The agreement is being presented to School District No. 53 (Terrace) and the Provincial Department of Education so that they may consider the intent of the alterations before having the agreement written in legal form. It would

be helpful if the Department would express its views on the alterations so that the School Board may have assurance that the intent of the agreement is acceptable before passing it to a lawyer for final wording.

Dr. F.T. Fairey,
Deputy Minister and
Superintendent of Education,
Department of Education,
Parliament Buildings,
Victoria, B.C.

Dear Dr. Fairey:

I have to-day contacted Inspector Davey of the Indian Affairs Branch in Vancouver with respect to the agreement between School District No. 53 (Terrace) and the Department of Mines & Resources. It was hoped that I would have an opportunity of seeing Mr. Arneil. However, he is out of town but I shall probably be able to contact him in Prince Rupert.

The Agreement has been altered in three respects: A new clause 4 has been added in accordance with the wish expressed to the Department in a letter by Mr. Arneil. The reason for including this clause is to prevent the segregation of white and Native children in the proposed amalgamated school. I believe there is much merit in this particular clause, as a segregation of the children would possibly defeat the purpose of the amalgamation. Clause 7 in the original agreement now becomes clause 8 in the revised copy. It was felt that a longer period of termination of notice should be given and consequently a two year period has been incorporated. Clause 9 is a new clause suggested by Inspector Davey and agreed to by myself. It is not very likely that this clause will ever be used. However, it is felt that both contracting parties should have their investment safeguarded.

I shall take up the contents of this Agreement with the Terrace School Board at the earliest possible date. In the meantime I am sure that they would be pleased to hear of any suggestions which may be offered through the Department. When

the Terrace School Board has given sanction to this Agreement it will be passed into the hands of a lawyer for purposes of drafting it in legal form. A copy of the final draft will be submitted to the Department, as well as the Department of Mines and Resources.

As it is urgent that the Terrace Board get an early start on the construction of this proposed school I shall give this my immediate attention when I return to the Omineca.

Yours very truly,

DRAFT AGREEMENT

AGREEMENT made this Fifteenth Day of September, A.D., 1949

BETWEEN

HIS MAJESTY KING GEORGE THE SIXTH
in right of Canada, represented herein
by the Minister of Mines and Resources,
hereinafter called the "Minister"

-and-

THE SCHOOL DISTRICT NO. 53 (TERRACE)
in the Province of British Columbia,
hereinafter called the "School District
No. 53 (Terrace)"

WHEREAS the Minister is obliged under the present circumstances to build adequate school accommodation for the Indian children of the Hazelton Indian Reserve;

AND WHEREAS the School District No. 53 (Terrace) are preparing to build adequate school accommodation for the White children of Hazelton;

AND WHEREAS surveys made by the Minister and the School District No. 53 (Terrace) would indicated the desirability of amalgamating these two racial groups;

AND WHEREAS the ratepayers in the Hazelton attendance area of School District No. 53 (Terrace) have approved by an affirmative vote such an amalgamation;

AND WHEREAS the amalgamation of these two racial groups would work for the benefit of both in making possible the provision of better facilities, staff and school accommodation;

AND WHEREAS the Financial assistance agreed upon in the terms herein mentioned is considered fair and reasonable;

AND WHEREAS surveys indicate that the ratio of attendance would be nine Indian children to seven White children;

AND WHEREAS the School District No. 53 (Terrace) estimates the cost of this structure will be approximately One Hundred and Thirty Thousand Dollars (\$130,000.00) including full furnishings;

AND WHEREAS the Minister would be asked to provide nine-sixteenth of this amount, or an amount of Seventy-three Thousand Dollars (\$73,000.00) leaving an amount of Fifty-seven Thousand Dollars (\$57,000.00) to be provided by the School District No. 53 (Terrace);

AND WHEREAS the Department of Education will provide an amount of Twenty-eight Thousand Five Hundred Dollars (\$28,500.00);

AND WHEREAS the School District No. 53 (Terrace) will provide an amount of Twenty-eight Thousand Five Hundred Dollars (\$28,500.00);

NOW THIS AGREEMENT Witnesseth that the parties hereto mutually covenant and agree as follows:

1. This agreement shall commence on the First day of January, 1950 and shall be subject to the terms, conditions and stipulations hereinafter expressed, that is to say:
2. The Minister shall pay the School District No. 53 (Terrace) an amount of Seventy-three Thousand Dollars (\$73,000.00) which sum represents nine-sixteenths of the estimated expenditure for the establishment of an amalgamated Senior High Elementary school building fully furnished;
3. The Minister shall pay the School District No. 53 (Terrace) tuition fees for the Indian children in attendance, in accordance with the provisions of Section 133 "Public Schools Act" of the Province of British Columbia.
4. The School District No. 53 (Terrace) shall accept for enrolment in the Hazelton School children of Indian status who would normally attend the Hazelton Indian School, and shall provide the same educational opportunities to them during the period of their attendance at the School as are provided to White children.
5. The School District No. 53 (Terrace) shall render each quarter to the Minister a statement of the tuition fees to be paid; this statement shall be in the form as prescribed by section 133, "Public Schools Act" of the Province of British Columbia.
6. It is understood and agreed upon between the parties hereto that neither the execution of this agreement, nor anything contained herein, nor the expenditure of any funds hereunder by His Majesty in right of Canada shall be deemed to confer upon the Minister or any officer or Department of the Government of Canada any right of supervision or control over any school or educational institution

operated by the School District No. 55 (Terrace), with respect to which any funds are expended under this agreement, nor any supervision or control over the administrative or teaching personnel or the curriculum or the methods of instruction or the materials of instruction of any such school or educational institution,

7. The Minister shall endeavor to maintain a standard of health, cleanliness and clothing among these Indian pupils such as would be comparable to that of White children attending the school.
8. Either party may effect termination or cessation of this agreement on the Thirtieth day of June in any year by giving to the other party notice in writing by registered letter of intention to effect such termination or cessation; such notice to be good and to take effect as aforesaid only if received on or before the First day of September two years preceding the 30th day of June aforesaid.
9. When notice has been given of termination or cessation of this agreement then the party taking such action shall have the capital investment in the combined project competently assessed as of the date of notice of intention to terminate or cease this agreement by an assessor or assessors acceptable to the second party. The assessed value of the capital investment at that time shall be shared by the contracting parties in the same ratio as the original agreement. The party terminating or ceasing the contract shall pay to the second party his share of the capital investment as aforesaid determined within three months of the termination or cessation of this contract.
10. Clauses 8 and 9 will be invoked only after a five man Board shall have passed and agreed upon the sufficiency of the reason or reasons for taking terminatory^{or} cessation action. Such a Board shall be composed of:
 - (1) A representative of the Provincial Department of Education (B.C.)

Re - Hazelton School.

The proposed agreement with the Province regarding the South Indian Lake Joint School has been redrafted and submitted to Mr. Mackay under cover of my memorandum of today's date; a copy of this memorandum is herewith for your information.

At the time this agreement was discussed the draft agreement between the Crown (Dom.) and School District No. 53 (Terrace) in the Province of British Columbia, was also considered by Mr. Jackson and found unobjectionable as the points that he raised with regard to the South Indian Lake Agreement are covered in the draft agreement submitted by the British Columbia authorities. It would therefore appear to be in order to advise the School Board accordingly so that the agreement in question may be placed before the School Board Solicitors for final drafting. There has been added to this agreement a proviso to subsection (6) similar to the proviso in the South Indian Lake Joint School agreement.

Hazelton Joint School

Please find attached the draft agreement between the Dominion and School District No. 53 (Terrace), in the Province of British Columbia. Our Departmental Solicitor has checked this agreement and other officials at the Minister's office have agreed that it will be quite satisfactory.

We are particularly pleased with clauses 8, 9 and 10 and feel that these should deal with any contingency in a satisfactory manner.

The only change which has been made in the insertion of a proviso in clause No. 6. This is to permit the Indian Superintendent to visit the school and check with the Principal on such matters as cleanliness, attendance, punctuality and payment of family allowances, etc., to Indian children attending the school.

I am sending this draft agreement to you in triplicate so that you may forward it to the Deputy Minister of Education for his necessary concurrence and forwarding to the Terrace School Board.

As you are aware by now, we are providing a sum for the erection of this school in our Estimates and an Order-in Council will be obtained when the agreement is forwarded here.

Re: School Maintenance

With reference to Mr. Neary's letter of April 17th (file 814-5 E1), it is considered that a small accountable advance to Mr. Boys for miscellaneous minor repairs to the Indian Day School buildings in his Agency would obviate the necessity for considerable correspondence. I would recommend that an advance of \$75.00 be forwarded to him.

Re: Hazelton Joint School.

Enclosed herewith is a letter dated May 3rd. from School District No. 53, Terrace, with regard to financial arrangements in connection with the above mentioned school.

We suggested to the School Board that the Department might deposit funds from time to time to the credit of the account of the School District based on the amounts due to the Contractor in relation to a percentage of the completed cost of the structure at various stages, as is ordinarily provided for in construction contracts.

Would this arrangement be acceptable to the Department and can we be assured that funds will be readily available so that payment can be made without delay?

Dear Sir: Re: Financial Arrangements for Hazelton School.

I have for acknowledgement and reply your letter of the 20th of April. File No. 151/6-1-814.

As soon as construction is begun on this project it will be necessary to have funds on hand so that progress payments can be made as allowed by the architect. In order for this to be made possible money should be on deposit in Terrace or at some convenient point where payments can be drawn on it without having to present the accounts to the Dominion Government.

The amounts to be paid at intervals will vary according to the progress made, and whatever arrangements are made the School Board would like the assurance that the payments will be without delay.

If you have any further suggestions along this line the will be gladly received at this office.

I have the contracts and will have them duly executed and forwarded to you in a couple of days.

Yours very truly,

C.W. Alger,

TO HIS EXCELLENCY

THE GOVERNOR GENERAL IN COUNCIL

The undersigned has the honour to report:

1 THAT the Special Joint Committee of the Senate and the House of Commons, appointed to continue and complete the examination and consideration of the Indian Act, made the following recommendation, as recorded in the Minutes of Proceedings and Evidence, No. 5, April 13, to and including June 21, 1948, concerning the operation of Indian Schools:

2 "Your Committee recommends the revision of those sections of the Act which pertain to education, in order to prepare Indian children to take their place as citizens,

3 "Your Committee, therefore recommends that wherever and whenever possible Indian children should be educated in association with other children".

4 THAT the Indian children of the Hazelton Indian Reserve live directly adjacent to the Village of Hazelton, British Columbia;

5 THAT both the local school and our Indian school were in need of immediate replacement;

6 THAT, in accordance with the recommendation of the Parliamentary Committee as mentioned above, negotiations have been carried out for the education of Indian children in association with white children in a proposed new joint school to be operated by the Terrace School District;

7 THAT the cost of this structure will be approximately \$130,000.00 including full furnishings;

8 THAT an educational survey was carried out by the Provincial School Inspector and by our District Inspector of Indian Schools, which revealed that of 160 expected pupils, 70 would be white children and 90 would be Indian children;

9 THAT, in view of this fact, a grant of nine sixteenths (9/16) of \$130,000.00 or an amount of \$73,000.00 would be a fair and reasonable contribution and considerably less than would be required to build our own school;

10 THAT funds are available for this purpose in the Indian Education Vote of the Department of Citizenship and Immigration, 1930-31 Main Estimates;

11 THAT the Terrace School District No. 53 is prepared to enter into an Agreement for the education of the Indian children at Hazelton, British Columbia;

12 THAT, as provided in a recent amendment to the "Public Schools Act" of the Province of British Columbia, the Council of Public Instruction of that Province is prepared to authorize the Terrace School District No. 53 to enter into such an Agreement.

13 The undersigned, therefore, recommends that authority be given for a grant to be made to the Terrace School District No. 53 of the Province of British Columbia in the amount of Seventy-three Thousand Dollars (\$73,000.00) for the purpose of providing a six-room joint school at Hazelton, British Columbia, for the education of Indian children.

14 The undersigned further recommends that approval be given to an Agreement to be entered into with the Terrace School District No. 53 for the education of Indian children at Hazelton, British Columbia.

Respectfully submitted,

Minister of Citizenship and Immigration.

Memorandum:DEPUTY MINISTERHazelton Joint School

Included in our Main 1950-51 Estimates is a sum for the provision of joint school facilities at Hazelton, British Columbia. Under approval received from our former Minister, we have been negotiating with the Terrace School District No. 53 with regard to this project. All the Indian children concerned are of the Protestant faith and live on a reserve directly adjacent to the white village of Hazelton. The Catholic children live on the Taitak Indian Reserve a few miles away and we intend to provide a new one-room school for them this year.

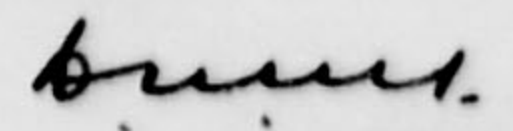

At Hazelton, therefore, we have an ideal situation for joint education and an agreement was drawn up some months ago. Mr. Cory, the Departmental Solicitor, has already checked this proposed agreement and his re-draft was submitted to the Terrace School District. We have now received the signed document from the School District and have prepared the necessary Submission to Council for the Minister's signature. It has been further suggested that we make progress payments on this project, based on the amounts due to the contractor in relation to a percentage of the completed cost of the structure at various stages, as is ordinarily provided for in construction contracts.

I would therefore recommend the following action:

- (1) Approval of the prepared Submission to Council,
- (2) Approval by the Minister of the attached Agreement after the passing of the Order-in-Council.
- (3) Approval by the Minister of progress payments to the Terrace School District as the project advances.

WHEREAS the Minister is obliged under the present circumstances to build adequate school accommodation for the Indian children of the Hazelton Indian Reserve;

AND WHEREAS the School District No. 53 (Terrace) are preparing to build adequate school accommodation for the White children of Hazelton;

AND WHEREAS surveys made by the Minister and the School District No. 53 (Terrace) would indicate the desirability of amalgamating these two racial groups;

AND WHEREAS the ratepayers in the Hazelton attendance area of School District No. 53 (Terrace) have approved by an affirmative vote such an amalgamation;

AND WHEREAS the amalgamation of these two racial groups would work for the benefit of both in making possible the provision of better facilities, staff and school accommodation;

AND WHEREAS the financial assistance agreed upon in the terms herein mentioned is considered fair and reasonable;

AND WHEREAS surveys indicate that the ratio of attendance would be nine Indian children to seven White children;

AND WHEREAS the School District No. 53 (Terrace) estimates the cost of this structure will be approximately One Hundred and Thirty Thousand Dollars (\$130,000.00) including full furnishings;

CITIZENSHIP AND IMMIGRATION

MINISTER'S OFFICE

The Board recommend that, with a view to improving the facilities for the education of the Indian children at Hazelton, British Columbia, authority be given (a) to make a grant to the Terrace School District Number 53 of the Province of British Columbia of \$73,000.00, representing 50.25 percent of the estimated costs of constructing a joint six-room school at Hazelton to be attended by some 30 Indian children and 70 white children, the Canadian Government's share of such costs reflecting the proportion of Indian children, and (b) to enter into an agreement with the aforesaid School District regarding the education of the Indian children -- the amount of the grant, namely \$73,000.00 to be charged to Vote 59, "Indian Education", of the 1950-51 Main Estimates.

Clerk of the Privy Council.

The Honourable,
the Minister of Citizenship and Immigration.

The original of this Document has been

Gentlemen: Re: Hazelton Amalgamation.

As you are no doubt aware "Notice to Contractors" for the amalgamated school in Hazelton are now out and we will be expecting to let the contract in the near future.

When this is done it will not be a long time until progress payments will have to be made and it will be necessary for some means of financing to be made that will be workable and speedy.

As these progress payments will have to be made from this office we feel that the Indian Affairs Branch should either deposit "IN TRUST" with us such money as will from time to time meet their portion of these payments, or deposit such funds with the Department of Education for that purpose so that they can include your portion of the payments in connection with the grants they pay us on these progress payments.

If you can arrange any other method of meeting these obligations please let us hear your idea, but when the work actually begins we must be prepared to handle the financial end of it.

Yours very truly,

C.W. Alger,

Terrace School District No.53 is presently advertising for tenders for the erection of the new school at Hazelton and they are naturally concerned with regard to financing construction which will be commenced in the very near future.

We realize that the Department cannot make any commitment until the joint school agreement is approved by Order-in-Council, but would like to be able to reply to the attached letter from the Secretary-Treasurer at the earliest possible date.

GENERAL REMARKS

(Under this heading the Inspector should report upon the general management of the school and offer any suggestions for improvement he may wish to make.)

Miss Shore is doing excellent work. By her modern methods she
stimulates the pupils to greater activity and increased interest.
Her manner is animated and by kindness she rules her pupils.
getting the very best results in this way.

Calisthenics and motion songs are carefully and successfully taught.

The pupils are learning to knit and do raffia work.

The usual studies are followed and the pupils are progressing.

It will be noted that the average attendance for the six months, October to March 31st, is about 17, being one-half of the enrolment. It is very difficult to have efficient schools on Reservations, because of the irregular attendance. However, much is being done for the Indian children by the day schools.

GENERAL REMARKS

Under this heading the Inspector should report upon the general management of the school and offer any suggestions for improvement he may wish to make.

Health: Good, no deaths of enrolled pupils.

During the winter months meetings were carried on every night by the Salvation Army and also the Church Army. These meetings kept the parents and children late, and to some extent interfered with the work of the school.

Calisthenics and singing are practised.

There is no expression in the reading of these pupils.

GENERAL REMARKS

Under this heading the Inspector should report upon the general management of the school and offer any suggestions for improvement he may wish to make.

Mrs. Dunsate is a woman of culture. She is capable of doing excellent work, but on account of irregular attendance, the standard of education is very low. Many of the parents are not interested in the education of their children.

Most of the work was elementary. The pupils sing, practise calisthenics. The reading, writing and spelling are fair.

A new Dominion Constable has been appointed. He might be asked to pay particular attention to the attendance of the pupils.

The regulation school work was carefully gone through and I am pleased to say this school is keeping up the good standard carried through by Mr. Bannister's predecessor. The pupils were warmly clad, clean and appeared well nourished. As the school is crowded children have to sit close to the stove and are, therefore, over heated. A piece of iron is required to enclose the stove on three sides so as to spread the heat more equally through the school. This sheet-iron is being requisitioned for.

Dear Sir;

I have the honour to forward herewith my report on the Hazelton Indian Day School, Babine Agency, which I inspected on May 25th 1933.

The report will speak for itself, and I certainly very much regret that the children at this school should have been deprived of a year's work through the complete lack of teaching ability on the part of the missionary teacher in Hazelton.

The Rev. Mr Bannister has resigned, and is leaving the country. He did his best at Hazelton; but he was so poorly qualified that his life in the school appears to have been one of considerable disappointment and worry during the year. His wife's illness did not help matters.

May I draw your attention to the correspondence with regard to Mr. Bannister's appointment, and to the fact that the Department approved of his appointment in face of my telegraphed protest. The appointment of untrained teachers in our Indian Schools can lead to nothing but disappointment on the part of the teacher, and complete failure on the part of the Indian children, for whose education we are responsible.

Gerald H. Barry

(Babine Agency.)

Date of Inspection May 25, 1933.

Number of Pupils present { Boys 8
Girls 11

Number of Classrooms and number of desks in each One; with 42 Single Desks.

THE TEACHER

Name Rev. L. F. Bannister Age 37.

Salary \$850.00 per annum less 10%; with \$70.00 per annum less 10% for janitor work.

Qualifications L.Th. Saskatchewan University. Experience of a little substitute teaching work in the Prairie Provinces. Was overseas during the Great War with the Egyptian Expeditionary Force as chaplain.

Health This is stated to be "excellent"
I understand that Mrs. Bannister has contracted T.B. and has been forced to leave Hazelton to obtain treatment at Tranquille.

Success The juniors do not appear to have made much progress this year. The teacher has found some difficulty in control of the children. This is due to his lack of any training or qualification for the teaching of Indians. The appointment was sanctioned by the

Suggestions Department of Indian Affairs in opposition to my strong recommendation that only a trained teacher be appointed at Hazelton. The appointment of this local Anglican Minister to a position he so obviously could not fill has resulted in very poor progress during the past year, and the resignation of the teacher, who is giving up the school and the parish and is leaving for England.

No progress can be looked for till a well qualified teacher trained in a Normal School and holding extra certificates in a Provincial Summer School is appointed here.
~~I understand that approval has now been given for the appointment of a man from outside the Province and of whose qualifications I have no knowledge. It is certainly to be regretted that one of our specially trained Anglican teachers has not been appointed.~~

Arithmetic: Grade 1B are learning to read and write numbers to 10, and to recognize Groups to 10.

Grade 1A are very slow in working the Combinations and Separations up to 20. Grade 2 are very poor in the working of the Extensions.

The teacher did not of course understand the teaching of these, the children being permitted to go on with other more advanced work too soon. The result of the testing of these Grades with the

B.C. Arithmetic Test was as follows:-

Grade 2 made a Mid Score of 23 the Norm for Grade 3.0

Grade 3 made a Mid Score of 23 the Norm for Grade 3.0

Grade 4 made a Mid Score of 32 the Norm for Grade 3.5

Grade 5 made a Mid Score of 40 the Norm for Grade 4.2

It will be seen that for this time of the year the Arithmetic [OVER] is "Very Poor". I spent some time with the teacher in Demonstration Lessons; but this is more or less wasted effort as he is leaving.

ATTENDANCE PROBLEM, REMEDIES SUGGESTED, Etc.

Considering the number of children on the Register of this school, as shown under the head of Classification below, the average attendance is not high. This is mainly due to the fact that the teacher does not have the slightest idea of how to make the work interesting.

The average attendance during the past year is as follows:-

Quarter ending September	1932	was	23.21
Quarter ending December	1932	was	28.53
Quarter ending March	1933	was	32.23

Since my last inspection 12 new desks have been supplied to this school. There are also a new guard around the heater, and a new water cooler.

New Equipment Required:—

The teacher has not had a Provincial Course of Study. He was instructed to write for one at once. I do not know on what he based his instruction without some such Programme of Studies.

I consider that if teachers are to be appointed here without training in a B.C. Normal School or Summer School, the provision of one Beacon Chart will be necessary, as these teachers never appear to know how to set about teaching Reading to Non English Speaking Children. With well trained teachers this chart is neither necessary or of use as the work is done otherwise.

BUILDINGS AND PREMISES

Inspectors will please mention the number of buildings, indicate their ownership and comment on their condition

The building consists of a schoolroom of about 36ft. by 25ft. lighted by eight windows, sett two on each side. This of course gives the worst possible cross light. The building is located at one corner of the Anglican Church lot. The Department pays rent to the Anglican Church for the use of the room. There is little or no playground, and the school is practically on the street. There is a certain amount of automobile traffic past the school. There are two toilets in fair condition. The ceiling and walls of the interior of the schoolroom should be repainted. The floor should either be repainted or better scraped and oiled. This work should be done during the financial year starting in April 1934.

I do not consider the building of sufficient value to warrant its removal to a better site.

Report of School Work Continued.

Vocational:

The Girls' Vocational Work reported on after my inspection of October 21st 1931 appears to have come to an end. This was a very important part of the work at this school, and its loss will not be to the advantage of the local Indians.

Writing: The children have the manuals necessary for the work in the prescribed Writing Course; but as the teacher has no idea whatever of how to teach this writing, the children write largely with finger movement.

Spelling: This is very good in Grades 3 to 5 inclusive.
Art: I taught a Drawing Lesson as a Demonstration Lesson for the teacher's benefit. The Art work is not satisfactory.

Singing: The children learn to sing Hymns, Rounds, Action Songs. The volume was good, the expression fair, and the tone poor.

GENERAL REMARKS

Under this heading the Inspector should report upon the general management of the school and offer any suggestions for improvement he may wish to make.

Reading: Grade 1B are using the Work Book for Beginners. They know about 20 words. This is about the standard of Beginners in their second month at a good Indian Day School. Grade 1A are BACKWARD. They have read selections from the Primer part of the First Canadian Reader. They can read a little and know about 50 words. They have therefore lost at least six months standing so far. Grade 2 have finished the Second Canadian Reader. Grade 3 speak fairly well. They have a Fair knowledge of the Third Canadian Reader, and are doing some work in the Reading Exercise Book for that Grade. Grade 4 speak well. Their reading is "Good" They are using the Fourth Canadian Reader and the Reading Exercise Book for their Grade. Grade 5 speak well. They have finished their course in the Fifth Canadian Reader, and are using the Reading Exercise Book for their Grade. It is obvious that the failure in the reading of the Primary Grades is due entirely to the lack of any teaching ability in Primary Work.

General: The school is rapidly loosing ground. If it were not that the teacher has resigned, I should have asked for his removal. Mr. Bannister's ideas of control were as weak as his teaching. He had the children marching to claps of the school bell, and appeared to think that control consisted in some form of military drill movements. It is of course unlikely that he will ever again attempt to teach a country school, a thing that he was never capable of doing, and which I believe he only undertook to please his Bishop. He looks utterly worn out, and is I know very unhappy at the failure of the school this year. I would draw the attention of the Department to the correspondence and my telegraphic protest when it was suggested to appoint him.

Dear Sir:

I have the honor to transmit herewith letter dated August 30th, ultimo, received from Capt. G.H. Barry covering official report of his inspection on May 25th, last, of the Hazelton Indian Day School, B.C. As to the Inspector's observations concerning the need for a more suitable teacher for the above-mentioned school, I feel quite sure that His Lordship Bishop Rix of Prince Rupert would be willing to recommend a properly qualified teacher with a B.C. Normal certificate if he were asked to do so by the Department. I would recommend that he be so requested in view of the existing conditions mentioned by the Inspector.

Perhaps the Department may wish to make representations through the Indian Agent to the Church authorities in regard to the desire for renovation of the building, which is rented for school purposes from the Church authorities. Should the Department wish to have any item placed in the estimates for 1934-35 in connection with this school, I shall be pleased to be so advised.

Sir:

I beg to acknowledge receipt of your 15/30947 of the 7th instant, enclosing Inspector Barry's report on his visit to the Hazelton Indian Day School on May 25th, last.

With reference to the repairs required to the school building, I would point out that this building is owned by the Diocese of Caledonia and the Department pays a monthly rental. Mr. Agent Mortimer is being requested to bring the suggestions of the Inspector to the attention of His Lordship Bishop Rix, with a view to having him arrange for the necessary repairs.

In connection with the teacher for this school, I may say that Inspector Barry was advised on May 8th, last, that the Department had approved the appointment of Mr. M. H. Lawrence to succeed Rev. Mr. Bannister. Mr. Lawrence has a Second Class Alberta Certificate and has had six and a half years' teaching experience in white and Indian schools.

Dear Sir:-

I have the honour to forward herewith my report on the Hazelton Indian Day School, Babine Agency, which I inspected on September 13th last.

The Indian Agent was not present at this inspection as he was engaged on important work in another part of the Agency.

I enjoyed my visit to the Hazelton Indian Day School, and was glad to note how well the present teacher was doing here. He has made a very great change for the better in this school. He tells me that at first he had a very difficult time, as the school had been left in bad shape by the present teacher at Kitkatla, who was the previous teacher here. I am afraid that my report on Kitkatla will not be a very good one, and I can easily understand how hard it must have been for the Rev. Bert Shearman when he took over control of the Hazelton School.

I should be glad if the Department could in some way express to the Rev. B. Shearman its satisfaction with the present state of things at the Hazelton Indian Day School.

INSPECTOR'S REPORT ON HAZELTON INDIAN DAY SCHOOL
Babine Agency.

Date of Inspection: September 13, 1935.

Number of pupils present: 7 Boys & 12 Girls. Total 19.

Number of classrooms: One.

Number of desks in each classroom: 42 Single Desks.

Name of teacher: Rev. Bert Shearman Age 59.

Health: Excellent.

Remarks relative to methods employed by teacher:

This teacher has made a very great change for the better in the school. His work is so far quite a success. Mr. Shearman has taken the trouble to apply suggestions made during the last two inspections at his old school, Kitkatla, and is now finding that he can achieve success by such means.

While this teacher is not in possession of any Canadian certificate, he did receive training in England, and has taught for some thirty-nine years. He was appointed to his present position in September 1934, having previously taught at the Kitkatla Indian Day School for six years.

Since my first inspection of Mr. Sherman's work in October 1931 at Kitkatla, he has much modified his old fashioned methods of teaching, discipline, Etc. He is using quite satisfactory methods at present, his teaching of Reading and Arithmetic being particularly good.

Remarks relative to the examination of pupils:

Reading: Grade 1C know about 12 Sight Words. Their work for the first few days of the school-year is very good. Grade 1A have finished Two Little Indians, and have started Highroads Book 1. Grade 2 has finished the Highroads Reader Book 2. They speak out fairly well and can read well. They are ready for Grade 3. The present Grade 3 are half way through Highroads Book 3. Grade 5 and Grade 6 are working in Highroads Books 5 and 6. From Grade 3 up the reading in this school is "Very Good". Reading Exercise Work Books are badly needed for Grades 3, 4, 5, and 6. These will be asked for by the teacher.

Arithmetic: Grade 1C are doing good work in the reading and writing of the numbers to 9, and the recognition of Groups to 9. Grade 1A are rather slow in the Combinations and Separations. Grade 2 are quite good in Combinations and Separations and are working formal Addition and Subtraction. Grade 3 have finished the Multiplication Tables and are working Short Multiplication and Short Division with success. Grade 5 are on Fractions, and Grade 6 are working Decimals. The whole of the above work is well up to the average, and the work of Grade 3 is above average as was proved by the results obtained from a testing programme. In the All Canada Test, Grade 2 made a Mid Score of 8 which is much above average. Grade 3 made a Mid Score of 22, the Norm being 15. Grade 5 made a Mid Score of 28, which is the Norm for the Grade and Grade 6 made a Mid Score of 34, the Norm being 32.

Singing: The teacher plays the organ. The children sang Hymns, National Songs, Etc., with success.

Writing: On the whole this is Very Good. Pencil is used in Grades 1 and 2 as it should be. The rest use

ink. Spelling is Satisfactory. Art Work is being started. The work of the children is on the whole "Very Satisfactory".

Attendance problem: remedies suggested, Etc.

The Register is now being properly kept. The last teacher here kept the Register so badly that I was unable to arrive at any average attendance. Since the present teacher took charge this state of things has been changed. The Quarterly averages have been:-

Quarter ending September 1934	21.5
Quarter ending December 1934	34
Quarter ending March 1935	31
Quarter ending June 1935	26

The parents are delighted with their new teacher I am led to believe. A number of residents of the village expressed to me how much they thought of this teacher. While he is in charge of the school I am certain all possible children will attend regularly. He has made the schoolroom attractive.

<u>Classification:</u>	<u>Grade:</u>	<u>Boys:</u>	<u>Girls:</u>	<u>Total:</u>
	6	0	3	3
	5	4	2	6
	3	1	2	3
	2	1	6	7
	1A	4	2	6
	1C	0	1	1

Totals: 10 16 26

The above are the old Grades. A number of the pupils will now be promoted. Some of the children have not returned to the village at the time of inspection.

General Remarks:

It will hardly be necessary to add to what has been reported above. It is quite obvious to me that Mr. Shearman is making a great success of the school. I never inspected the last teacher's work here. I have since seen him at Kitkatla, and shall report on the work being done there in the course of a few days. The last teacher, The Rev. M. Lawrence was here for one year. His work does not appear to have been a success. His transfer from here to Kitkatla, and the Rev. B. Shearman's transfer to this school from Kitkatla, were, I understand, recommended by the Right Rev. Bishop Rix and later approved by the Department. Mr. Shearman has certainly worked wonders here, and has so advanced the children in one year that I can now classify this school as having a general standing of "Very Good". The whole of the school is clean and neat. The children are well dressed and perfectly clean. The teacher's control is "Very Good".

Dear Sir:-

I have the honour to forward herewith my report on the Hazelton Indian Day School, Babine Agency, which I inspected on September 17th last.

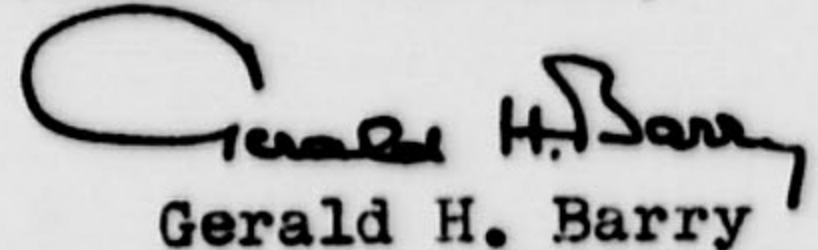

Mr. Indian Agent Mortimer was with me for a large part of the inspection.

It is a pleasure to inspect schools which are as well conducted as this. The Rev. B. Shearman has done very good work here, and his control of the children is very good indeed. Corporal punishment has been very greatly reduced during the past year. The children are bright and answer well. They speak up and are alert, which is not the case when there has been much punishment. These facts are brought out here in view of my past reports on the work of Mr. Shearman.

I understand that Mr. Shearman is seeking the nomination of the Right Rev. Bishop Rix to the position of teacher at Kitwanga, which will become vacant due to the resignation of Rev. H. Flores. I may say that I have no objection to such an appointment as that of the Rev B. Shearman to Kitwanga. I would however ask the Department in the event of such transfer of the present teacher from Hazelton to Kitwanga to insist that only a trained man with some Canadian teaching certificate be appointed at Hazelton. This Hazelton school has been worked up during the past couple of years and is now in quite a good condition, and it would be a very great pity to let it return to the dreadful condition existing previous to the appointment of the Rev. Bert Shearman here.

There are many things reported with regard to Mr. Shearman, such as excessive drinking, many debts, Etc., of which the Department may or may not be aware. These have not been touched upon by me as I have no evidence of any of them in my possession. I have never seen him the worse for drink myself, and he certainly conducts his school well. While it is quite likely that such reports are quite true, I should not like to see this teacher removed from the staff of the Indian Day Schools at the present time. A move to Kitwanga might be very satisfactory from many points of view.

Your obedient servant,

Gerald H. Barry

INSPECTOR'S REPORT ON HAZELTON INDIAN DAY SCHOOL
Babine Agency.

Date of Inspection: September 17, 1936.

Number of pupils present: Boys: 10
Girls: 15
Total: 25

Number of classrooms: One.

Number of desks in each classroom: 42 single desks.

Name of teacher: Rev. Bert Shearman Age 60.

Health: Very Good. Mr. Shearman is still quite active.

Remarks relative to methods employed by teacher:

The work of this teacher has been very successful here. I could not say that he is very modern in many of his methods as he has spent a life time in education along lines which are now considered rather old fashioned. No change could be made at his age, but Mr. Shearman has modified his methods a little to fall into line with my suggestions.

This teacher is not in possession of any Canadian teaching qualifications other than his forty years experience. He was a pupil teacher in England. His appointment to his present position in September 1934 followed a teaching experience of some six years at Kitkatla Indian Day School.

He is quite a good teacher of the "Tool" subjects, Arithmetic, Reading, Writing, Spelling, Etc.

Remarks relative to the examination of pupils:

Reading: This is mainly taught in Grade 1C by an old fashioned spelling method, though pictures are also used. Oral composition and language is taught at the same time. The children know a few words. Grade 1B have finished Two Little Indians and Friends, the latter from the Blackboard as the teacher appears to only have one copy. I do not think that these Grade 1B children are ready for Highroads Book 1, and have asked the teacher to requisition sufficient copies of Friends for the Grade 1B pupils to read previous to promotion to Grade 1A and the Highroads Series. Grade 2 have finished Highroads Book 2. They are a most uneven class, only a few being ready for Grade 3. Their reading on the whole is not good. Grade 3 were all absent. They are said to have finished Highroads Book 3. Three children were present from Grade 4 and read Highroads Reader Book 4 fairly well. The three children present from Grade 5 read Highroads Reader Book 5 quite well. Grade 6 are said to have finished Highroads Book 6, but all were absent. The general standard of the Reading was certainly not as good as that achieved last year.

Singing: The teacher plays a portable organ. The children sing National Songs, Hymns, Etc. This work has been improved since the last inspection.

Language: The Work Books in English Usage and Composition are used as are the Work Books in Nature and Language. I have asked that at least one exercise from the former be done daily and two per week from the latter.

Writing: This is quite satisfactory on the whole.

Art Work: Some elementary work is being done.

Spelling: The Canadian Spellers are used. I tested the work done with the dictation of twenty words from Columns "L" "M" & "N" of the Buckingham Ayres Scale. The Norms are for June 1937.
 Grade 2 made a Mid Score of 50% Norm 42% Satisfactory
 Grade 4 made a Mid Score of 70% Norm 84% Fair
 Grade 5 made a Mid Score of 95% Norm 92% Good

Arithmetic: Grade 1C can read and write the numbers to 9. They are learning to recognize Groupsto 9. Grade 1B are "Fair" in their knowledge of the workin Combinations and Separations to 9. They are going on with those from 10 up. Grade 2 can Add and Subtract quite well to 99. They are starting the Multiplication Tables. Grade 3 who were absent are said to be working Short Multiplication and Short Division to times 9. Grade 4 are working Long Multiplication and Long Division while Grade 5 is at Fractions. Grade 6 were absent but were said to be doing Decimals.
 In the All Canada Test in the Fundamentals the following quite satisfactory scores were made. Norms are for November.
 Grade 2 Mid Score 8 Norm 7 (Grade 3)
 Grade 4 Mid Score 13 Norm 18
 Grade 5 Mid Score 25 Norm 24

I received a very good response from Grades 2 to 5 during a Demonstration Lesson given to help the teacher. Grade 2 is ready for Grade 3 in Arithmetic; as soon as they finish the necessary Reading course they might be promoted.

General: Very satisfactory progress is being made. The uneven state of the work in several Grades is due to the absence of the children, but this is being checked up by the teacher, who knows just where each child is now and why he is not in school.

Attendance problem; remedies suggested. Etc.

The teacher is working hard to have every available child attend regularly. The average attendance since Mr. Shearman took charge of the school is as below:-

Average Attendance for Quarter ending:-			
September 1934	21.5	September 1935	23
December 1934	34	December 1935	41
March 1935	31	March 1936	32
June 1935	26	June 1936	23

The attendance is increasing a little.

Classification of Children at this time.

Grade:	Boys:	Girls:	Total:
6	0	4	4
5	4	2	6
4	2	5	7
3	3	8	11
2	1	8	9
1B	1	2	3
1C	3	14	17
Totals:	14	43	57

General Remarks:

The progress in this school is quite satisfactory. The children answer well and speak out splendidly. The response in a Demonstration Geography Lesson from Grade 5 was very good. The control of the children is "Excellent". The general standing of the school is "Good".

June 1, 1937.

Major D. M. MacKay,
Indian Commissioner,
P.O.Box 666,
Victoria, B.C.

Dear Major MacKay:-

I am forwarding herewith my report on the Hazelton Indian Day School, Babine Agency, which I inspected on May 26th last.

Since the departure of the Rev. B. Shearman the general standing of this school has declined. The present teacher, Mr. Noel Stewart, was appointed in January.

It was owing to the fact that there was a new teacher here that I decided to visit the Babine Agency a second time during the same school year. Some other important work was completed during the visit, as the Indian Affairs Branch wished me to carry out an Educational Survey at Moricetown. I was also able to visit Kitwanga Indian Day School, to which the Rev. B. Shearman has been moved since my last visit to the Babine Agency in September 1936.

I understand that Mr. Noel Stewart will probably be leaving Hazelton at the end of June. I have not been officially informed of this fact, but I know that this young man is seeking the nomination to the Shulus Indian Day School in the Nicola Agency, and will call upon the Right Reverend the Bishop of the Cariboo when passing through Kamloops on his way to Victoria.

It is very necessary that Mr. Stewart attend the next session of the Provincial Summer School in Victoria in July. He must take some training in Primary Work if he is to be a success in an Indian Day School.

I would ask the Indian Affairs Branch to write to Mr. Stewart with regard to Summer School, the necessity for the preservation of control in the schoolroom without the present excessive use of corporal punishment, and the advisability of following the suggestions of the Inspector in regard to teaching methods and Grade limitations in the various classes. With continued help this young man may train into a good practical teacher.

Yours very truly,

Gerald H. Barry

INSPECTOR'S REPORT ON HAZELTON INDIAN DAY SCHOOL

Anglican Church

Babine Agency.

Date of inspection: May 26, 1937.

Number of pupils present:

Boys	20
Girls	28
Total	48

There were in addition of under school age and down to about three years of age

Boys	2
Girls	5
	7

The above seven children helped to make any worth while teaching quite impossible, as the room was overcrowded with the forty eight children of school age above six years of age, before the seven visitors came.

Number of classrooms: One.

Number of desks in each classroom: 42 single desks.

Name of teacher: Mr. Noel Stewart Age 26.

Health: Very Good.

Remarks relative to methods employed by teacher:

Mr. Noel Stewart was trained in the Edmonton Normal School 1929-30 and holds a Permanent First Class Certificate in Alberta. He attended the Summer School in Edmonton in 1933 1934 and 1935, and obtained the special Intermediate Grade Certificate. During the years 1926-29 he attended the Ohio State University and obtained his B.Com. Sc. degree. Mr. Stewart is a member of the Anglican Church and taught Grades 6 to 12 in the St. Paul's Indian Residential School at Cardston for the past five years.

This teacher was appointed on the nomination of the Anglican Church Authorities in January 1937. He had no previous experience in B.C. and till the date of my inspection was doing his best to learn our special programme of studies and to adapt himself to the vastly different conditions. He made a number of mistakes which I have pointed out to him. He has been instructed very clearly as to how to proceed in the teaching of the B.C. Course as far as we follow it here. His almost constant use of corporal punishment must cease, and he has been so informed. He has driven children away from school by his daily use of the strap, and then tried to get the R.C.M.P. to bring the children back to school. I have dealt with this whole situation, and would only suggest that the Indian Affairs Branch write to Mr. Stewart and inform him that he will be expected to follow as well as he can the professional instructions of the Indian School Inspector while in B.C.

I have explained to him how he is to keep the School Register, and I have instructed him to requisition certain Work Books of which he has none.

This teacher is a very active young man. He has very little idea of actual teaching technique. He tells me that although he has had five years experience and regular inspection, he has never been told what to do and where he is failing. He seemed to be very glad to have my advice and critical evaluation of his work, and he promised me that he would change his somewhat harsh methods at once. He was advised to attend the Provincial Summer School in Victoria this year and to qualify in Primary Work of which he is rather ignorant at present. He may turn out a good teacher LATER.

Remarks relative to the examination of the pupils:

Reading: Grade 1C know some 25 Sight Words. They are now to start Two Little Indians.

Grade 1B are at Page 20 of Two Little Indians. They are one half year behind but read well for a 1B

Grade 1A are at Page 34 of Friends. Their work is "Excellent" but they are half a year behind the standard and should be reading Highroads Reader Book 1. Grade 2 are about two thirds of the way through the Highroads Reader Book 1. They should of course be in Book 2. They are slow.

Grades 3, 4, 5, and 6, are over half way through their Readers and their work is "Very Good". Grade 8 is reading Book 6.

I have explained limits of Grade work and given the teacher Courses of Reading for the children. The teacher will now reorganize the Reading as far as he can.

Arithmetic: Grade 1C can read and write the numbers to 9

They can recognize Groups to 6, and are to go on with the Addition Facts to 5 followed by the Subtraction Facts to 5 in June. Grade 1B are working the Combinations

and Separations to 6 and Grade 1A the same to 9. The work is "Satisfactory". Grade 2 can Add and Subtract with a

Change of Series. Work is very good. Grade 3 is a backward

slow Grade but can work Short Multiplication and Short

Division to times 6. Grade 4 are working Long Multiplication

and Long Division. Grade 5 is still on Long Division, but

should be working Fractions. Grade 6 is working Fractions

and Decimals. I have settled a mistake about Texts as the Grade

5 and 6 children were attempting to use Canadian Problem

and Practice Arithmetics Book THREE in place of Book TWO.

Writing: Ink should be started at latest in Grade 3, but was only being used in Grade 5 and above that point.

Geography: I outlined a course and methods in this subject.

Grade 6 and Grade 8 were working on Canada and South America with some success.

Elementary Science: This has not been attempted as yet.

I explained methods which the teacher could use without expense to the Indian Affairs Branch.

Language: I explained with very great care just how to

make use of the Work Books which the teacher will now requisition. HE HAS NO READING EXERCISE WORK BOOKS

and the Language work has suffered as he HAS NO ENGLISH USAGE AND COMPOSITION BOOKS. These will be asked for also.

Art: Nothing done so far.

General Owing to change in teachers and other factors,

the General Achievement of the pupils in school

has suffered greatly. Tested with the B.C. Achievement Tests

the following very poor results were recorded. The children

with the exception of one in Grade 6 and possibly some Sub

Grade pupils in Grade 1 MUST NOT BE PROMOTED TILL THE SCHOOL

IS AGAIN INSPECTED probably in the Spring of 1938.

Grade 6 Mid Score 30.0 Norm 50.4

The children are at least a year and nearer two years below the proper standard for their present Grades due to too rapid promotion without Inspector's sanction.

Letter from Indian Chiefs:

The Hazelton Indian Chiefs and people handed me the below mentioned letter addressed to

The Indian Education Officer
for
Brotish Columbia

It is copied here for the information of the Indian Affairs Branch. I may say that I agree with the view point put forward by the Indians. The whole question of the establishment of an **improved** Indian Day in or near Hazelton requires consideration.

I do not consider that anything would be gained by making any sort of recommendation at the present time. I wish to talk this matter over with the Indian Commissioner in Victoria on my return there. It should be remembered that Roman Catholic and Salvation Army children attend the present Hazelton Indian Day School which is conducted on Anglican lines.

Dear Sir:-

We the undersigned Chiefs of the Kitanmax (?) Indian Reserve desire to ask you to consider a new school for our Children.

We would like a two-rooned Gov't school, where our girls and boys could receive a higher education.

Some of the reasons are:-

- (1) Position of present school building is much too dangerous on road corner.
- (2) No play ground space for games.
- (3) We want higher education, as white school will not take our children in thei High School in Hazelton.
- (4) Present school is much too crowded none of the small one's have a seat to themselves.
- (5) We want the school on the reserve away from a road.

Attendance problem: remedies suggested, Etc.

The children are not attending well owing to the fact that the teacher straps far too much, and fails to visit the parents when children are away. He has relied on the R.C.M.P. and ruined the tone of the school so well built up by the previous teacher. I have instructed the present teacher to visit the parents of all his pupils and not only those who may happen to be Anglicans.

It should be noted that many pupils of the Salvation Army and a few who are Roman Catholic attend this school.

The average attendance has been as follows:-

Average Attendance for Quarter ending

September	1936	26
December	1936	44.1
March	1937	42.7

	2	5	6	11
	1A	6	1	7
	1B	2	10	12
	1C	5	4	9
Total		26	36	62

There is not sufficient desk accommodation and I have instructed the teacher to send home the little visitors of from three to six years of age.

General Remarks:

The progress has not been quite so good this last few months as the teacher is new to our Indian Day Schools.

He has been given much help. I remained two hours after the last child had gone home at 4 P.M. and did all I possibly could for Mr. Stewart.

While he knows very little of teaching as yet I do believe that if he follows advice this young man may train into a very successful teacher. He is likely to leave here at the end of the present school year and to seek a nomination to another school, probably Shulus in the Nicola Agency. I shall watch his future with interest and help him where I can.

General Comment:

The general appearance and cleanliness of this room is considerably improved over last year. The teacher has established several centres of interest, such as the library corner and bulletin board. The pupils have made a small bookcase for reference material. The teacher's blackboard work is neatly arranged. However, greater use could be made of the blackboard by the pupils. The teacher's methods could be improved by greater pupil participation. Some attention has been given to the problem of enriching the pupils' vocabulary and to the development of fluency in oral and written language. The children are courteous and their behaviour indicates that attention has been given to the development of desirable habits and attitudes. The teacher has organized a Red Cross club and is using this to give instruction in democratic practises. I believe Mr. Leighton has made a good beginning after his year of normal training and should become a very successful teacher.

General Comment:

Mrs. Dunbar is apparently doing effective work in this primary room. In spite of her age (61 years) she has an enthusiastic class-room manner. The weakest part of her work is the teaching of reading. The more glaring mistakes have been pointed out to her and she has been referred to sources which will give her material on current practice in the teaching of this subject. Her teaching of number work is good and she has made good use of the guide book which accompany the Jolly Number Series.

Mrs. Dunbar is making a conscientious effort to develop good health habits among her pupils and is having some success. Improved washing facilities should be provided and a supply of individual cups.

The singing of the class and the participation of the pupils in singing and language games is particularly worthy of note.

There are several minor repairs required about the school but it is understood that the Superintendent has already made arrangements for these to be carried out. Additional blackboard space would be of considerable assistance to the teacher. This should be placed so that the bottom of the board is not more than twenty-eight inches from the floor.

General Comment:

26/10
Fair
Report
Although there was evidence of some improvement in this teacher's work, his effort is still not satisfactory. The time-table posted appeared to be the same as the one used last year and questioning disclosed that no adjustment had been made in spite of the fact that the grades enrolled in this class are not the same as those for the past year. It is obvious that little time has been spent on preparation and organization. The teacher does not keep a daily preparation book.

The teaching of reading is rather poorly done. Little effort is made to correct even the most obvious poor habits, as for example, pointing to the words as they are called. The value and technique of teaching silent reading is apparently not understood. The importance of comprehension has been over-looked.

More emphasis should be placed on language work and aside from the use of the workbooks supplied by the Department little other work has been done.

The class seemed to be proficient in the fundamental operations of arithmetic but had been taught very little of the application of these to the solution of problems.

The pupils were fairly clean. In general the discipline in the class is good and the pupils apply themselves with a minimum of outside direction.

General Comment:

The work of this teacher would improve if there was more evidence of careful planning and preparation. There appears to be no attempt on the part of the teacher to discover pupil difficulties or to give remedial work. Some of the pupils do addition by counting on their fingers and no attempt has been made to overcome this difficulty. The reading of the class is poor. The work in arithmetic seems to be almost entirely devoted to the fundamentals and little time spent on the solution of simple problems. The progress of the pupils is poor in all subjects.

The chief difficulty with Mr. Rendell's work appears to be lack of interest.

General Comment:

Mrs. Massey is one of the most successful primary teachers in this inspectorate and the splendid work which was noted on the occasion of my last visit has been maintained. The class is responsive and enthusiastic. The progress of the class in reading is particularly good. Attention has been given to individual differences by the grouping of the children. The language work of the class is excellent.

A Hallowe'en party has been planned by the principal of the white school to which the pupils from the Indian school have been invited. This happy cooperation between the two schools is undoubtedly partly due to the efforts of Mrs. Massey.

General Comment:

It is a pleasure to visit this well conducted class-room. The pupils are responsive and obviously take a delight in their work.

Any language difficulty which these children may have experienced at the beginning of the term has been successfully overcome by this teacher. The reading of the pupils is excellent and the response which Mrs. Massey secures from her class is unusually good.

The teacher makes good use of her blackboard and her work upon it is neat and attractively set out.

The work of the class in number work is well above the standard required for this grade. The exercise books are neat and carefully supervised.

The class is working on an interesting project which enables an integration of the work in Language, Handwork and Social Studies.

The class enjoys singing which they do very well.

The work of this teacher ranks among the best that I have seen.

General Comment:

This class-room would benefit by a greater amount of activity on the part of the pupils particularly through the use of games involving the use of English. The pupils are not very responsive.

A greater amount of drill work should be given in arithmetic to increase the speed and accuracy of the pupils' work.

The reading of the two Grade 2 pupils who were promoted in the middle of the term is excellent but the remainder of the class is poor. The Reading in the other Grades is fair.

The exercise books of the pupils are fairly neat and show that supervision has been given to the work that has been done in them.

More emphasis should be given to instruction in Health.

General Comment:

Mrs. Bird is earnest and conscientious. She has the welfare of the pupils at heart and they appear cleaner and better clad.

Vocational training has improved and is better suited to native needs. There is improvement in fundamental skills and singing is very good.

Some improvements to the building have been effected but ceiling and walls need painting a light colour. Lighting is poor. The fragmentary pieces of blackboard might well be replaced by a sheet across the front of the room.

Cupboard accommodation is inconvenient and unsightly. The stove is small for the size of the room.

Grounds are too small for play activities and toilets are badly in need of repair.

General comment:

Vocational training is limited to sewing. This phase of the work should be extended. Irregular attendance and unpunctuality should be remedied.

Minor repairs are needed to windows and outbuildings. Windows at east end are detrimental to eyesight; they should be filled in and a black-board installed across the front. The window-frames could well be used along the north wall.

The instruction observed was good. Good use is made of pictures, charts and posters, but progress is retarded by poor attendance.

Major D. M. MacKay,
Indian Commissioner,

Vancouver, B.C.

Dear Major MacKay:-

I am forwarding herewith my report on the Hazelton Indian Day School, Anglican Church, Babine Agency, which I inspected on September 22nd.

You will remember that this school was given an unsatisfactory report last October and that there was considerable correspondence with regard to the teacher, Mr. Burling, as a result.

While I am certain that the Department will be glad to learn that there has been some slight improvement in the teaching at Hazelton, and a considerable improvement in the cleanliness of the schoolroom, the fact remains that the teacher is not well adapted for the work of an Indian school.

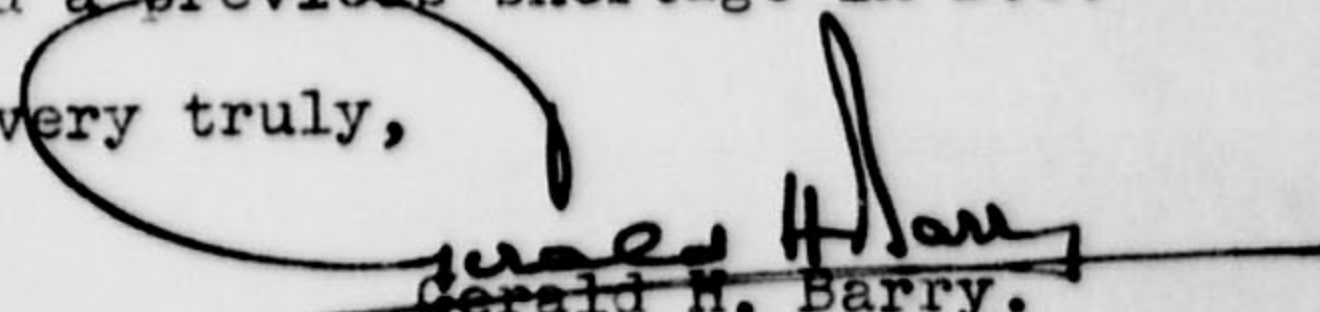

There are Salvation Army pupils as well as Roman Catholics at this school, and the numbers are rather too great for one man. I have recommended a new two or three room Indian day school on the local Indian Reserve, in place of this old rented hall located on Anglican property.

Mr. Burling is of course the Anglican Missionary at Hazelton. Some of the local people and of course the Right Rev G.A.Rix, Bishop of the Diocese, are anxious to have him retained as teacher. Though I do not look for any great success while Mr Burling is in charge of the school, I do consider that it might be well to allow him to continue as teacher till a new school is erected at Hazelton, when a properly qualified British Columbia teacher should be appointed.

Owing to the fact that there are Salvation Army and Roman Catholic children here in addition to the Anglican I consider it my duty to suggest that the appointment of any teachers of a new Indian day school at Hazelton should be selected by the Departmental officials and not by the Anglican Bishop.

My present report on this school read in continuation of my report of October 13th 1938 will I believe give a fairly good general review of the situation. My own letters to you dated February 20th 1939 relative to a report from the Indian Agent, of February 21st 1939 relative to Department letter 151-9-1 of February 16th 1939, and of March 1st 1939 relative to Departmental letter 151-9-1 of February 18th, draw attention to various phases of the work in Hazelton. As suggested above the present would not appear to be a particularly good time to make a change of teachers at Hazelton. Well qualified male teachers are very difficult to find owing to war conditions and a previous shortage in B.C.

Yours very truly,

Gerald H. Barry.

Mr Burling was a pupil teacher in England and later taught there for some six years. He was in the ASC during the War of 1914-18. In 1921-22 he trained at the Regina Normal and later taught in Saskatchewan for about ten years. Later he taught in Alberta and in B.C. for two years on some sort of Permits.
General comment:

Average Quarterly Attendance			
September	1936-37	1937-38	1938-39
	26.0	23.4	20.7
December	44.1	33.8	35.5
March	42.7	23.7	26.7
June	39.1	19.7	26.2

The poor results obtained at this school were described in detail in my report of October 13th 1938 and there has been much subsequent correspondence about the teacher.

School work has improved a little since my last inspection. A new janitor manages to keep the school very much cleaner than was the case formerly.

Reading in general is good, though that of the Primary Grades is rather "Word for word".

Arithmetic is "Fair" Definite oral teaching needed. Much more Oral Language is needed and the teacher was informed that more time should be given to this subject. Older children were found to be just doing sums out of their text books in place of the proper seat work in Reading, Language, Nature etc. suggested to the teacher last year. School is still in need of a proper door lock, for children have to stop work to unlock yale latch whenever anyone wishes to enter.

Methods in general are old-fashioned, and interior of schoolroom is not attractive. Present standing of school may perhaps be classified as "Fair".

Dear Sir:-

I am forwarding herewith report of Capt. G. H. Barry, Inspector of Indian Schools for B. C., together with his letter of 16th October, 1938, covering his inspection on the 13th ultimo of the Hazelton Indian Day School, in the Babine Agency, B. C.

The recommendations of Inspector Barry, regarding the appointment of a properly qualified teacher to replace Mr. Burling at the end of the current school year and the employment of an Indian woman to do the janitor work required at the School, are concurred in.

Yours faithfully,

Major D. M. MacKay,
Indian Commissioner,
P.O.Box 70,
Vancouver, B.C.

Dear Major MacKay;

I am forwarding herewith my report on Hazelton Indian Day School, Babine Agency, which I inspected on October 13th.

I have informed Mr. Indian Agent Mortimer that I am not satisfied with the condition of the school.

With regard to the janitor service the Indian Agent informed me that he would see that this was properly done. He appeared to me anxious to retain the services of the present janitor, possibly on compassionate grounds. I know nothing more of Mrs Allen than is stated ~~in my report.~~

As you will see from my report I do not consider that Mr. Burling is a success here. He does not have the respect of the Indian parents who consider, the Indian Agent states, that their children are just wasting their time in school. They give this as a reason for not sending the children regularly.

As Mr. Burling only holds a temporary appointment and does not have a B.C. Teacher's Certificate, I see no reason why I should recommend that he be retained here.

We require a well qualified B.C. teacher with experience. The practice of appointing the local Missionary of the Anglican Church is a poor one, though I have little hope that the Department will wish to change this till the Two Room Indian Day School which I have recommended is erected.

I do consider that the Right Reverend Bishop Rix should be asked to nominate a properly qualified B.C. trained teacher to succeed Mr. Burling at the end of the present academic year, if not sooner.

I am very sorry that I have to report in this unsatisfactory way on Mr. Burling's work. In my last report on this school, very soon after his appointment, I expressed the hope that with an experienced teacher the children would make rapid progress. It is however my duty to point out that the present condition of the Hazelton Indian Day School is highly unsatisfactory. The Indian Agent is, I believe, well aware of this, though owing to his illness, he has only been able to visit the school once since my last inspection.

Yours very truly,

Gerald H. Barry.

INSPECTOR'S REPORT ON HAZELTON INDIAN DAY SCHOOL

Anglican Church

Babine Agency

Date of inspection: October 13th 1938.

Number of pupils present:

Boys	11
Girls	16
Total	27

Number of classrooms: One. This is a school building rented from the Anglican Church.

Number of desks in each classroom: 42 single desks.

Name of teacher: Mr. Frank Burling Age 50.

Health: Appears good.

Remarks relative to methods employed by teacher:

Mr. Burling was appointed on the nomination of the Anglican Church authorities, The Right Reverend Bishop Rix of Prince Rupert, and took up his duties in September 1937. The appointment was of a temporary nature as we knew nothing of his ability.

It appears that Mr. Burling was for some four years a pupil teacher in England and later taught in England for about six years. In the War of 1914-18 he was in the A.S.C. Trained in the Regina Normal School in 1921-22 he holds a Second Class Certificate in Saskatchewan, in which Province he taught for some ten years. He also states that he taught for one year in Alberta and for one year in B.C. on some sort of temporary permits. Mrs Burling is also a teacher.

Mr. Burling is a man with a rather negative teaching manner, and appears to lack the power to organize his work. Much of the children's time would appear to be wasted, at least this is one of the complaints made by parents and I can quite understand the reason.

Mr. Burling is I believe kind to the pupils and has done his best for them, but the results have not been satisfactory. He states that he is not himself satisfied with the progress of the children; but claims that the failure so clearly marked is due to the constant absence of pupils on account of illness. It appears that there have been many cases of bad colds and coughs, possibly whooping cough.

In general the teaching and organization of classes has been below the standard of the Indian Day School of this Province.

Remarks relative to the examination of the pupils:

In general the pupils are very greatly retarded, many having been more than a year in their respective Grades. The Primary children in particular are terribly backward. The Primary Reading is very poor and the Number Work much worse. They do not appear to have any proper seat work assigned. In fact the teacher appears to me to have very little idea how to go about the teaching of the young children in Grade 1, regardless of the fact that when I was here last I explained the whole matter in great detail.

Remarks relative to the examination of the pupils continued:

It was most difficult to discover what had been taught since my last visit. Great care was taken however to be fair with the teacher and I found that:-
Grade 1D Beginners were average in Number Work and knew little if anything in Reading.
Grade 1C had been in this Sub Grade since September 1937 for the most part, and were even now very backward in Reading and in Number Work.
Grade 1B read very slowly and in a word for word manner and count all their Combinations.
Grade 1A Read fairly well for such a Grade, but still count all Combinations and Separations.

I regraded most of the older children for the teacher, but could not possibly promote those in Grades 1B and 1C.

Grade 5 children after a year in the Grade were fairly good in Arithmetic and average in Reading.
I suggested that the following be promoted to Grade 6 NOW.
Mary Muldoe Age 14 Howard Wale Age 11 a very bright boy.
Ella Mowatt Age 13 Louise Wale Age 14

In Grade 4 I suggested the promotion of
W. Wale Age 13 and Bob Simpson Age 13 to Grade 5

I suggested the promotion of Norma Robinson Age 10 from Grade 2 where she has been over a year to Grade 3 and of Richard Lattie Age 9 to Grade 3, but consider that Kenneth Lattie Age 11 must remain in Grade 3.

The promotion of Walter Wilson Age over 10 and Clarence Wale Age 10 to Grade 2 was also suggested.

These children are named here so that the Indian Agent may be able to keep a check on their progress, and in order that I may have a record when I next inspect here.

HOWARD WALE WOULD BE BETTER OFF AT A RESIDENTIAL SCHOOL PARTICULARLY ST. MICHAEL'S ALERT BAY. He is very bright and might with proper teaching be a success. He will not learn much here I am afraid.

Kathleen Bush Age 9 in Grade 3 and
William Bush Age 11 in Grade 5 are the children of a Dutch father and an Indian mother. The father is dead I understand. He had been married to the Indian woman. The two children mentioned have been attending the Provincial Day School at Hazelton, but are now registered in this school. I inquired into this case and am told by the Indian Agent that the two children have been accepted into the local Band. As Indians there would of course be no difficulty in allowing them to transfer from the Provincial School where they are not wanted to the Indian Day School. They are being shown in my classification lists below.

Wilfred Wale Age 8 Grade 1A and
Fred Wale Age 7 Grade 1D have been taken out of this school as their father and mother have moved to Kisegias, where the father William Wale has been appointed teacher of an Indian Day School. The remaining Wale children mentioned above are living in Hazelton with relatives.

Arithmetic and Reading in Grades 2 to 5 are about average. I asked that the children now promoted be given the proper Work Books in Language, Reading, Nature etc., so that they could do some worth while seat work while the teacher was working with the various sub divisions of Grade 1.

These Intermediate Grade pupils from Grades 3 to 5 inclusive are in general quite bright, and with good teaching would make rapid progress. They responded well to my own teaching. I asked that Health be taught for 15 minutes daily and suggested the use of a new Health Work Book published by J.M.Dent and Sons.

In conclusion I regret to say that the work done since my last visit is below the average of the Indian schools in this Province.

Attendance problem: remedies suggested, etc.

I am not satisfied that all the available children attend regularly.

There are notes in the Register that the R.C.M.P. have on a number of occasions been asked to visit homes and see that children attended school. In some of these cases there are notes that the children were found to be ill.

It appears to me that the teacher does not himself visit the homes of the Indians enough.

It should be remembered that Mr. Burling is the Anglican Missionary here and that children attend his school who are members of the Salvation Army and others who are Roman Catholics.

The question of the establishment of an improved Indian Day School at Hazelton requires consideration. I do not believe that an Anglican Indian Day School where the teacher is Missionary, and not well qualified as a teacher from B.C. standards, is a satisfactory solution. Had Bishop Rix nominated a very well qualified B.C. teacher for this school, the fact that he had also to look after the Missionary work for the Anglican Church might have been overlooked, but when unsatisfactory teachers are nominated as in the present case, I would ask the Department to take action.

Attention is drawn to the letter received from the Hazelton Indian Chiefs and people previously forwarded to the Department and copied on Page 2A of my report on this school dated June 1, 1937.

The table below gives the classification of the children now on the school roll. I am however of the opinion that not all the available children are shown on the Register.

<u>Classification:</u>	<u>Grade:</u>	<u>Boys:</u>	<u>Girls:</u>	<u>Total:</u>
	6	2	3	5
	5	2	0	2
	4	0	1	1
	3	2	2	4
	2	2	2	4
	1B	0	7	7
	1C	8	1	9
	1D	0	4	4
	Total	16	20	36

The promotions suggested during this inspection have been made in the above Classification Table. The average Quarterly Attendance has been:-

Average Quarterly Attendance

<u>School Year</u>	<u>1936-37</u>	<u>1937-38</u>	<u>1938-39</u>
September	26	23.4	20.7
December	44.1	33.8	
March	42.7	23.7	
June	39.1	19.7	

The average attendance is falling.

The school is not attractive. The lock on the door is broken and there is a yale lock operated by a child near the door. It is impossible to open the door from outside. Throughout the inspection little children were "Leaving the room" and this child near the door was spending much of her time readmitting them or opening the door for them to go out. I spoke about this constant "Leaving the room" which as all teachers know is a sign of very faulty teaching and organization.

General Remarks:

I found the schoolroom in a untidy and dusty state. The janitor work has been very poorly attended to for some time. Blackboard ledges were deep in chalk dust, and window ledges dirty also.

I am informed by the teacher that a Mrs Allen is the janitor, but that as this woman is a partial invalid, and that her daughters do the necessary work.

It is very difficult to understand why a "white" woman, and a partial invalid at that, should be employed to do the janitor work in an Indian Day School. I understand that this same woman is the nominal janitor of the Provincial School also. I would recommend that regardless of any compassionate reasons this arrangement be put an end to at once and a proper janitor appointed, an Indian woman for preference, and the teacher held responsible that the work is properly done before such a janitor is paid.

I am not satisfied with the progress being made by the children here. Many are dirty and poorly dressed.

The Indian Agent has been very ill and not able to exercise a constant supervision of this school during the past year or I am certain he would not have permitted the present state of things to continue.

I consider that the fault lies with the Anglican authority, the Right Rev. Bishop Rix, in nominating Missionary teachers without B.C. qualifications, who are in fact quite unable to teach the school, whatever they may or may not be able to do as Missionaries.

As Mr. Frank Burling's appointment was temporary in the first place so that we could see how well he got on here, I would recommend strongly that the Department arrange with Bishop Rix for a properly qualified teacher to be placed here as from September 1939 at latest.

I am aware that the Department may not have the funds available to erect a suitable two room Indian Day School away from the "White" village and on the Indian Reserve as requested by the Indian Chiefs. Such a school will in my opinion be the only satisfactory solution of the situation here. With children from Anglican, Salvation Army, and Catholic homes, the teachers of such a two Division Day School should of course not be of necessity Anglicans. In any case the practice of having the Anglican Missionary the teacher of the Hazelton Indian Day School has proved most unsatisfactory except in the case of the Rev. B. Shearman some years ago.

The present school is conducted in an Anglican Hall for which we are paying rent.

The present standing of this school is "Unsatisfactory"

Dear Major MacKay:-

I am forwarding herewith my report on the Hazelton Indian Day School, Babine Agency, which I inspected on October 22nd.

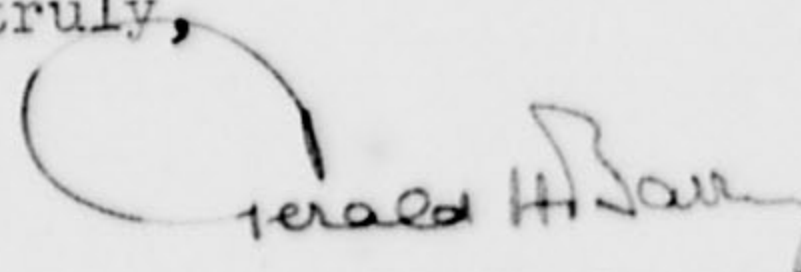

The present teacher at Hazelton was appointed on the nomination of the Right Reverend Bishop Rix. His appointment is at present of a temporary nature, and I do not believe that this should be changed till I have had an opportunity to again inspect this school, probably in May 1938.

I consider that Mr. Burling is likely to prove a success here. He has had considerable experience in many different kinds of schools, and has a good manner with the children. He saw service in the Great War with the A.S.C.

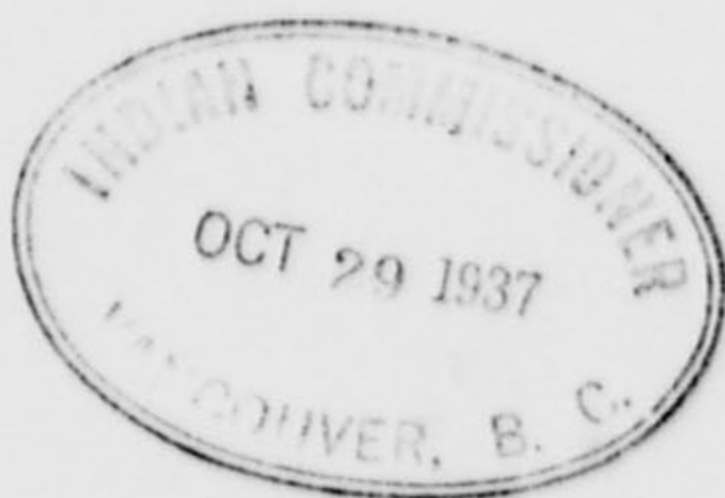

The response from the children to my own teaching at the Hazelton Indian Day School was quite good. I am inclined to think that after my inspection here last May, the previous teacher, Mr Noel Stewart, changed his methods and made a great change in the school. This change for the better is being extended by the present teacher Mr. Burling.

Mr. Burling is also the local Anglican Missionary though he is not in Holy Orders.

Yours very truly,

Gerald H. Barry.

INSPECTOR'S REPORT ON HAZELTON INDIAN DAY SCHOOL

Anglican Church

Babine Agency

Date of inspection: October 22, 1937.

Number of pupils present:

Boys	16
Girls	17
Total	33

Number of classrooms: One.

Number of desks in each classroom: There are 36 single desks
6 rear sections and 5 front
sections, giving seating for 41 children.

Name of teacher: Mr. Frank Burling Age 49.

Health: Very Good.

Remarks relative to methods employed by teacher:

Mr. Frank Burling was appointed on the nomination of the Anglican Church as teacher here in September 1937. His appointment is temporary as little was known of either his qualifications or his ability.

Mr. Burling was for some four years a pupil teacher in England, after which he served as teacher in England for some six years. During the War of 1914-18 he served with the A.S.C?

This teacher was trained at the Regina Normal School in 1921-22 and obtained a Second Class Certificate in Saskatchewan where he taught for some ten years. In addition he has had about one year in B.C. and one year in Alberta on Temporary Certificates previous to 1921.

Mr. Burling has been here only a very short time and it is too early to say much about success in the school work. His manner with the children is good. He is an experienced teacher, and appeared to be very glad to have the help I was able to give him in the organization of the work. My visit was of course made to help him to get a good start. No special tests were given to the children. My estimation of their ability was gained through their response to my own teaching during a number of short lessons on key subjects.

The children like this teacher and I feel that he will make a success of the work here.

I hope to have an opportunity next May to again visit the school. It will then be possible to report on the actual results of Mr. Burling's work here.

Mr. Burling is married and I may say that Mrs Burling is also a teacher.

Remarks relative to the examination of the pupils:

Singing: This was quite good. The little children are taught Action Songs.

Writing: Pencil is used in all Grades as there are no ink exercise books available. I may say that there is a great shortage of necessary exercise books and other school material at the present time. I understand that the teacher will requisition for what is urgently required.

Reading: While this is satisfactory in general, Grade 2 are very backward and are only working in Highroads Reader Book 1

Arithmetic: The proper texts are now in use. The work is satisfactory for this time of the year.

Indian Affairs. (RG 10, Volume 6393, File 814-6, part 1)

PUBLIC ARCHIVES

ARCHIVES PUBLIQUES

Geography: Suitable courses were outlined for the teacher

Elementary Science: The necessary work was outlined and a demonstration lesson on Air given to the children. I had brought with me the required chemicals and was able to give a lesson which proved of interest to the pupils. The response was very good.

Language: The use of the various Work Books was explained and demonstrated with some care. The teacher is now in a position to make the best use of the books with out any actual writing in the Work Books supplied. These will therefore last much longer. The oral work best adapted to the Grade 1 and 2 classes was also demonstrated.

General: The teacher's control was good. I spoke to the children on the danger of throwing stones. This was done as I had seen two or three boys throwing stones at one of the Hazelton houses the previous day. I believe that the action taken in speaking quietly to the children on the danger of using sling shots with stones coupled with the previous police action in gathering in the sling shots from Indian and "White" children will lessen the habit of throwing stones at houses in this village.

I have recommended that the present Grade 2 be divided into a Grade 1A and Grade 2B only one boy and two girls being ready for this latter Sub Grade.

I have also recommended that the Girl at present in Grade 6 be put with the rest of her class in Grade 7 where she belongs.

The whole of the above suggestions will be carried out by the teacher at once without further instructions from officials of the Indian Affairs Branch.

On the whole the children are in Grades for which they are not ready. With good teaching they may be able to make up the lost ground by the time of my next inspection.

Attendance problem: remedies suggested, Etc.

The average quarterly attendance has been:-
Attendance for Quarter ending:-

September 1936	26.	September 1937	23.44
December 1936	44.1		
March 1937	42.7		
June 1937	39.1		

The frequent resort to corporal punishment noted in my last report was curtailed after my last inspection. There has been very little since the appointment of the present teacher, and there is a much better tone in the school.

There are not quite as many children on the Register this year. I do not believe that all are back in the village.

May I point out for record that although this school is administered under the Anglican Church and that the school building is rented from that Church, there are in fact a considerable number of Salvation Army and Roman Catholic pupils attending here.

Classification:

<u>Grade:</u>	<u>Boys:</u>	<u>Girls:</u>	<u>Total:</u>
8	1	1	2
7	1	1	2
6	0	1	1
5	1	2	3
4	0	0	0
3	4	6	10
2	6	3	9
1B	3	10	13
1C	4	1	5
Totals:	20	25	45

General Remarks:

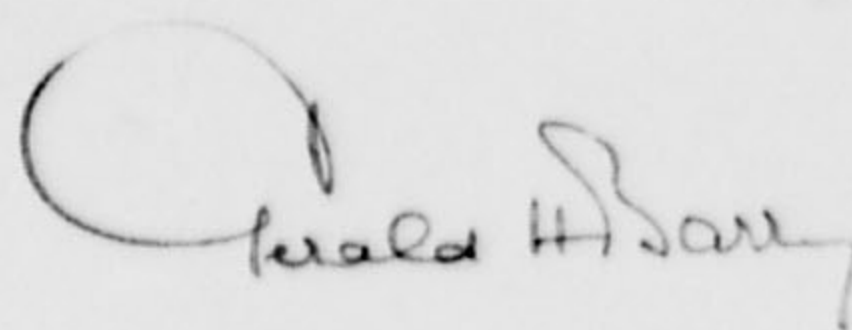

This present inspection was made to give any possible assistance to the teacher which he might require.

The limits of work in the main subjects in each Grade were outlined for him.

Mr. Burling is an experienced teacher and is likely to be a success here.

The general tone of the school is far better than when last visited. The children were much cleaner.

In conclusion I may say that I am well pleased with the progress of this school, the general standing of which is at present "Good".

Ottawa, July 19th, 1928.

Sir:

I have your letter of the 13th instant, recommending the appointment of Mr. and Mrs. Arthur N. Becher to fill the positions of teacher and field matron, respectively, at the Homalco Indian Day School, recently vacated by Mr. and Mrs. A. H. Garland. The application of Mr. and Mrs. Becher, together with the testimonials which you enclosed in your letter, was also received. It is noted that their appointment meets with the approval of Rev. John Welch, O.M.I., also Mr. Inspector Cairns and yourself. While Mr. Becher has no professional qualifications, the Department will, in view of the recommendations mentioned, approve of his temporary appointment as teacher, also that of Mrs. Becher as field matron, from the 1st of September, next, their continuance in the work to depend upon the success which they achieve.

Mr. Becher will be allowed salary as teacher at the rate of \$95 per teaching month, payable quarterly. The salary allowed in the case of Mrs. Becher, who is to perform field matron's duties, will be at the rate of \$480 per annum. This will be payable monthly upon receipt of your monthly pay list.

Please inform Mr. and Mrs. Becher of the approval granted for their temporary appointment, and arrange with them to take up duties on the date above mentioned. It is hoped that they will meet with every success in their work at Homalco. Should they not be able to make satisfactory progress after a period of six months' trial, the Department would then consider the question of the closing of the school and sending the children to residential schools.

OFFICE OF
INDIAN AGENT

Vancouver Agency,

Vancouver, B.C.,
July 13th, 1928.

4/49.

Sir,-

I have the honor to report that Very Reverend Father John Welch, O.M.I., of New Westminster, B.C., called on Mr. R.H. Cairns, Inspector of Indian Schools for British Columbia and myself by arrangement, and recommended the appointment of Mr. and Mrs. Arthur N. Becher, of Vancouver, to fill the vacant positions of Indian day school teacher and field matron, respectively, at the Homalco Indian village of Church House, B.C. recently left by Mr. and Mrs. A.H. Garland.

Mr. Becher called later and interviewed Mr. Cairns and me. We requested him to make formal application for the positions stating his references and qualifications. This was done. The application is herewith enclosed, together with letters (2) of reference, the first from the Municipal Engineer at Point Grey, Vancouver, and the second from the Medical Health Officer of the same Municipality-Mr. B. Blackwood.

Mr. Becher states that he has never taught school, but he feels quite capable of teaching what is usually described as "the three Rs"-reading, writing and arithmetic. He thinks also that he would be able to increase in competence with a little experience.

It will be noted that Mr. Becher states that Mrs. Becher was trained as a nurse at the Meath Hospital, Dublin. Mrs. Becher, however, was not able to furnish a certificate in time to make this appointment possible on such reference by September 1st when the school should re-open.

Mr. Inspector Cairns thinks that it would be advisable to give these people a trial by engaging them on probation for a period of six months, at a salary the same as paid to Mr. and Mrs. Garland, in view of which, and in view of the fact that Mr. and Mrs. Becher have been recommended by Very Reverend Father Welch, I would concur therein subject to Departmental approval. Father Welch stated to Mr. Cairns and me that if these people are not able to make satisfactory progress with the Church House (Homalco) Indians, he will recommend the permanent closing of this school and the sending of the children to the boarding schools.

The Indians of this village have always been very troublesome, but a man of the proper type can do a great deal with them. Such a man is hard to find, because of the isolation and other conditions. We must do the best possible under the circumstances and hope for better results with the education of the young.

Were it not that this reserve is remotely situated and it is desirable that a white representative of the departmental service should be stationed here if only to keep a watchful eye over the Indians, I might have recommended earlier action along the line of closing the school-at least temporarily.

Charles C. Perry

VANCOUVER, B. C., July 4th, 1928.

TO WHOM IT MAY CONCERN:-

I have pleasure in testifying that Mr. Arthur N. Becher of 3563-39th Ave. has been employed in the Engineering Department of the Municipality of Point Grey since 1911 with the exception of a period of six years when he was overseas.

He has been engaged on various branches of work, and his services have always been of a very satisfactory character.

Mr. Becher is a man of integrity and an honest, conscientious worker.

I shall be glad to recommend him for any position requiring these qualities.

Yours truly,

W. B. Frig.

Sir,-

I have the honor to transmit herewith
the quarterly returns of the Homalco Indian
Day School, B.C., for the quarter ended June 30th ultimo.

Mr. Garland, teacher, whose engagement with the
Department was terminated June 30th, and who has
handed me an inventory of school property, drugs,
etc. left at the Homalco School, has requested that
a cheque for the balance of the salaries due himself
and Mrs. Garland be sent in the care of the Vancouver

Sir,-

As promised in a former letter, I am enclosing herewith copies of correspondence emanating from the office of the Vancouver Agent, and signed by Dominion Constable T.T. Bartlett.

There are three subjects, marked - A. B. & C., -
You will note that in the letter marked A-1 I have written to Mr. Bartlett in my capacity as Stipendiary Magistrate. I would particularly draw your attention to his reply - marked A 2. You will also note the date of this letter - it is practically from this date that my trouble started with the Vancouver Agency.

I would now draw your attention to File B, - particularly requesting you to read, in all earnestness, Dominion Constable Bartlett's letter of March 16th 1927, marked B 2.

The third file marked C is what is purported to be an apology from Dominion Constable Bartlett in connection with a rumour spread by him - "that my wife and I were not married, that my wife was my daughter, and that we were therefore living in a state of incest".

He had already told Father Bellet, and I understand had also told some engineers who were working at Church House during November and part of December 1927, also Mr. Rosenberg, the painter, and to others at Sliammon; then fearing that what he had said would come to my ears, he came and told me about it.

I would ask you if the enclosed correspondence is the sort that is permitted by the Indian Dept., to emanate from any of its officials?

I am of the opinion that if ever an Agency required purifying, it is the Vancouver Agency, and I suggest, in all earnestness that a Catholic Agency should have a Catholic Administrator, as I have heard Mr. Perry criticize our priests and Roman Catholicism in a very derogatory manner.

I have the honor to be,
Sir,
Your obedient servant.

Sir, -

I understand you have complained to the Indian Commissioner and Indian Agent that I had circulated a false rumour respecting you and Mrs. Garland.

My memory of the incident complained of is that the statement that has given you offence was made to you, personally, at Church House, during the heat of an argument between us, and I told you the source of my information, which was a white fisherman at Egmont, who said he had heard it from the Indians.

I am sorry if this has caused you worry or inconvenience, and I desire to offer my sincere apologies to you and Mrs. Garland.

Dear Mr. Garland:-

On reading over my letter of January 11th, in reply to yours of January 8th, re Francis Louie's Panther skin, I have come to the conclusion that I was somewhat hasty and abrupt in the manner in which I replied.

When reading your letter the first time it seemed to imply that I had already received the bounty for the skin and was holding out on Francis Louie, who had enlisted the services of the Provincial Police, but on looking over your letter again after mailing the one you received, I find that I was mistaken and hereby tender apologies.

The cheque for \$40.00 arrived in the mail today, dated January 21st, and made payable to myself. I am sending same to Francis Louie by this steamer. The skin I intend to bring up with me on my next trip north, unless I can sell it in the meantime.

I expect to visit Squirrel Cove some time next week, and, if the opportunity offers, will make a trip to Church House, when, no doubt, I will be able to explain everything in connection with the matter in question.

Kindest regards to Mrs. Garland and family,

Yours truly,

I have for acknowledgment the receipt of
your letter dated the 11th inst., in reply to mine on
the above subject.

During my many years of service with different
Governments I have never before been the recipient of
such a vulgar and insolent letter. I am convinced that
the Dept. of Indian Affairs would look with extreme dis-
favor on any of its servants, no matter how menial the

Sir, -

Your letter of January 8th re Francis Louie's Cougar skin to hand and contents noted. It is ages since I received such a letter and for a while I had visions of the Penitentiary staring me in the face.

You really should get a job writing scareheads for the newspapers.

Now about the cougar skin. On October 14th, at Redonda Cannery. Francis Louie through William Mitchell asked me if I would take a cougar skin down to Vancouver with me when I went down and collect the bounty (\$40.00) on same for him. I asked him why the skin was not taken to the Prov. Police at Powell River, and was informed that the Provincial Police would not accept it. I did not want to bother with the skin as I have had lots of experience in collecting moneys for Indians in this manner and apart from the time it takes running from one office to another, I am usually out of pocket over the business.

I did not return to Vancouver until Oct. 26th. and left right away for another trip. Since then I have been travelling around and had not the time or opportunity to attend to the skin until recently.

I have already taken the skin to the Government Agent here who punched the ear, and I have also presented the application for the bounty. I am now awaiting the arrival of the cheque and as soon as this arrives, I will forward same to him together with the skin.

Re the last paragraph of your letter re the Prov. Police, I may say that Constable Boyt was with me at the Prov. Game Office yesterday when I went to make enquiries about the bounty. He did not mention anything about those mysterious "steps" which are to be taken against me. I may add that I saw Francis Louie at Squirrel Cove the week before Christmas, and told him the difficulty I had in obtaining the bounty. Francis Louie said it was all right no hurry.

I am sending you some copies of the forms of application for bounties which you will be able to make use of in future cases of this nature in your official capacity as Stipendiary Magistrate.

Kindest regards to everyone.

Sir,-

Francis Louie, an Indian of the Squirrel Cove Band has come to me in my official capacity as Stipendiary Magistrate, and has made the following statement - That some time during the early part of October he killed a cougar on Cortes Island - that as you were in the vicinity at the time, he gave you the cougar skin and that you told him you would obtain for him the bounty allowed by the Provincial Government. He tells me that he has seen you several times since, but that he has not yet received either the skin back or the bounty.

He now desires to take what legal steps may be necessary to obtain this bounty or the return of the skin.

I might add that the matter is known to the Provincial Police Dept., at Powell River, and one of the Provincial Constables was here yesterday and spoke to me concerning the matter. In other words, he was making enquiries so as to take some steps - what these steps are, I do not know, but, to clear up the matter, I do wish you would write to me by return mail, giving me the full history of this affair as far as it concerns you.

With kindest regards,

Church House B.C.
March 16th. 1927

Sir:-

I beg to acknowledge the receipt of your letter of February 19th, which reached this office on March 15th., and must confess that I am at a loss to understand what it is all about. It is years since I read such wretched drivel, and then the letter, which compared very favourably with yours, was written by an inmate of the Provincial Mental Home at Essondale.

From the general wording of your letter, it would appear that you had swallowed a dictionary, and I would suggest that you take a good dose of castor oil. If that doesn't relieve you, try a good stiff dose of carbolic acid which would be better still.

I am afraid you are getting to be like other people who, for some reason best known to themselves, live in out-of-the way places where every bit of gossip (which you condemn so severely in your letter) is seized upon with the result that a mountain is made out of a mole hill.

I have a pretty good idea as to the identity of the Party who started this controversy, in fact, I heard that someone had been blabbing, so your letter was not unexpected. You quoted quite a lot of legal drivel in your letter but you evidently forgot the old saying that a person is innocent until proved guilty. You heard one side of the story, and without hearing the other have already passed judgment, such as it is. Is it not possible that I was misquoted? I have always had the greatest respect for Mrs. Garland and Bibby, and admit that I did not encourage the boys as they were constantly "butting in" making private conversations impossible, and have made no secret of this.

Whilst the letter itself was, to say the least, very insulting, parts of it were very ~~humourous~~ humorous, especially lines 22 and 23 of the first paragraph. What on earth are you today that any sane person would "seeth with jealousy" at your success. It is to laugh.

It would be quite interesting to know whether your letter was written (to use a favourite phrase of yours) in your capacity as Stipendiary Magistrate, or in your capacity as third class teacher of an Indian School, and a Day School at that.

Indian Affairs. (RG 10, Volume 6393, File 815-1, part 1)

In conclusion I would suggest that when you arise in the morning, look first at the cliff back of the village and then at your own reflection in the glass looking glass, and repeat to yourself, "There's another BIG BLUFF".

As to my opinion of yourself and your domineering manner, the less said the better. I hope this letter will be of some benefit to you and, if I were you, I would make a few enquiries or at least hear both sides of a question before writing insulting letters to people who have tried to help you out as well as they were able, without as much as a "THANK YOU."

Yours etc.,

Sir:-

Were anyone to ask me what were the two greatest hidden menaces to Society at the present day, I would at once answer "Blackmail and Calumny." In a recent denunciation of the crime of blackmail, the Chief Justice of B.C. put it on the same footing as assassination, while another very prominent Judge called it one of the cancers of civilization. Calumny, the cousin-german of Blackmail, is a more insidious and treacherous form of mental debauchery. In blackmail there is generally good ground and often evidence for the allegations, but in calumny in nearly all cases there is no ground at all for the insinuations and cruel innuendoes. The blackmailer is generally run to earth and receives heavy and deserved punishment, the fey calumniator generally runs scot-free while his victims suffer terribly. Just now in Church House we are smiting with some nervous apprehension the return of the mosquito - that stinging, ubiquitous nuisance - which drives people frantic with uneasiness and discontent. But we thank God that the insect is moribund and inert for the greater part of the year. The mosquito plies his mischievous trade while the sun shines and the swamps exude their putrescent miasma. On the other hand the calumniator flourishes in the dark throughout the year. He thrives on the garbage of his own ill-functioned and diseased mind. He is usually an ill-bred fellow and seethes with jealousy at the other fellow's success. He is the personification of the dog in the manger. His usual method is to fasten on to some idle gossip, which he enlarges, magnifies and paints in lurid colors, and then disseminates secretly and maliciously. He is the poison gas expert of society, and the fumes from his devilishly along bombs are as murderous and the effects as far-reaching as ever were those of the Germans on the battlefields of Flanders.

The burglar, the hold-up man, and, the brigand are gentlemen to him. The highwayman of old came out in the open, the victims' loss was merely temporal and remediable; the criminals generosity and fame were sung in ballads and praised in folk lore. What can we say of the calumniator? He works in the dark and the wounds he inflicts are deadly. He rarely over-steps the barbed wire entanglements of criminal libel. When trapped or confronted with his victim he utters pallid excuses, cringes like a leprous hound and falters.

We all despise the female gossip who hangs over the neighbors' wall; we should doubly condemn and treat as a pestilence the male gossip who ruins his fellow man with his over-ready tongue. Proverbs of all countries tell us "beware of the man who goes amongst his fellows with a loose tongue". Countless suicides, impoverished and unhappy homes, stunted and distorted lives are some of the results of the calumniators' trade. His stings are as fatal to man as those of the bee-fly to animals.

Ananias and Saphira were calumniators when God struck them dead. It would be a happier world to-day if these two had been the last of their vile species.

During the Winter a quaint little trio of figures representing three monkeys sitting in similar poses were on sale in the fifteen cent stores of the City of Vancouver. Every calumniator amongst us should have purchased one of these made idols and bowed down to these figures in repentance and deep reverence. The figures exemplify in the monkey what should be the cardinal virtues in every upright man, "Speak no evil, see no evil, hear no evil."

And, as in society and amongst larger congregations of the human species, so it is in smaller communities and organizations. We know that a worm will sink a ship or destroy a costly edifice if given time enough. In like fashion will the canker of the calumniator spread through and putrefy the foundations of good fellowship, and comradeship, upon which all friendly groups, societies and associations are built. The plagues of suspicion and discontent, the fires of jealousy and greed, fanned by the foul breath of the liar and malignant - have at every stage of history been the chief destroying factors in the lives of the nations, communities, organizations and associations. Let us always remember the immortal words of the great Shakespeare "He who steals my purse steals trash, but he who filches from me my good name, steals that which not enriches him, but leaves me poor indeed."

In conclusion I hope that this letter will be of some benefit to you. At the same time I must request that in your peregrinations up and down the Coast, you will refrain from using my name, or that of my wife, or any member of my family, in the manner that you have done, or I regret that I shall be compelled to take some steps to prevent you.

May 28, 1928.

With reference to Departmental letter No. 167-33-1, dated March 22nd. last, in which I was informed that the Department considered it in the best interests of the work to have Mr. and Mrs. A. H. Garland, Indian Day School Teacher and Matron, respectively vacate their positions at the Indian village of Church House on June 30th., I beg to transmit herewith a report dated May 28th. in regard to Mr. Garland signed by Mr. T. T. Bartlett, Dominion Constable of the Vancouver Agency, which will be self-explanatory. Accompanying this report is also a photograph of Mr. and Mrs. Garland and their three children. These are being sent to the Department as it is thought the Department may wish to have the Royal Canadian Mounted Police confirm the same upon investigation. If this record is substantiated by further inquiries it has occurred to me to suggest that the report of Inspector Cairns and myself on the results of our investigation at Church House may prove to have been quite lenient.

Mr. Garland has been writing to me in a very objectionable manner since Mr. Cairns and I made our investigation of his alleged misconduct with Indian women. I also understand he is opening a small store a short distance from the Reserve as soon as he vacates the Indian village school and there is reason to expect further difficulties as time goes on with this man being so near the Indians. For the foregoing reasons I have deemed it advisable to inform the Department of these developments.

Sir,

On May 26th, 1928, I received the following information re Arthur Hedley Garland, the Indian Day School teacher at Church House, B. C. in this Agency, and, as Garland is an employee of this Department, I think this information should be placed in your possession.

My informant told me that he knew Garland intimately, having lived next door to him in Winnipeg for a considerable period, and informed me that "Captain" Garland formerly held a responsible position at the Manitoba Provincial Income Tax Office, but lost this position on account of dabbling in politics.

At one time Garland and Mayor (or Major Webb) were partners in the Garrick Hotel, Garry Street, Winnipeg, where considerable bootlegging took place.

I was also informed that Garland went in for smuggling liquor into the United States, using airplanes for transporting the liquor across the border. Garland usually made the trip on the plane to collect for the shipment of liquor.

My informant told me that Garland "got in bad" with the Winnipeg Police and had to get out of town and that is the reason he came to the coast. He also informed me that Garland was a magistrate in Winnipeg and in this capacity tried other bootleggers who usually were given the limit so as to stop opposition.

Garland at one time lived at Sadler Avenue W. St. Vital, and the parents of my informant lived at 128 Berrydale Avenue, St. Vital, Winnipeg.

I was also informed that Garland was born at Bray, Ireland, and was educated at Trinity College, Dublin. He lived in England for several years. Garland told my informant that the reason he left the Old Country and came to Canada was because he got mixed up in a "scrape" in which someone had been killed.

My informant readily identified Garland in the attached photograph and mentioned the names of the children. My informant's name is Leslie Preece, son of Samuel Preece, Winnipeg, and, as the above information was given to me confidentially, I would not care to have his name brought into this matter.

I can only regard his actions as being with the intent to injure me, if possible.

My Magistracy and Petty Debts Court have nothing whatever to do with Mr. Perry or the Department, and if Mr. Perry should write or cause to be written letters to the Attorney General pointing out my resignation from the position of Teacher of the Indian Day School, it can only be regarded as an unwarranted interference in my private affairs. I am perfectly capable of writing to the Attorney General if it is necessary to do so, and if I were leaving the district, without any assistance from Mr. Perry.

I understand that you are the base or cause of certain correspondence with the Attorney-General's Department relative to my resignation from the position as school teacher of this reserve, this to be read in conjunction with my Magistracy.

I resent your interference in my private affairs. My position as Magistrate is my own private affair; you have nothing to do with it, neither you, nor the Dept., have any control over it, and I can only deduce that your object in writing to the Attorney General was to try and injure me, if possible.

I am quite capable of writing to the Attorney-General resigning my Magistracy should I leave this district, but I have no intention of leaving the district. I have taken a ranch contiguous to the reserve, where I intend to open a store and set up a first aid station; in addition to which I hope to take over a school for white children. Dear Mr. Ditchburn:-

I have your report of the 23rd instant with transcript of evidence taken at your hearing of the complaint made by Mr. Agent Perry against Mr. Garland, the teacher at Homalco. The evidence has been perused, and I have to thank you for the thoroughness with which you have gone into this matter. I regret that so much of your valuable time should have been taken up, in what would appear to be, after all, more or less trivial, although I appreciate Mr. Perry's desire to be exonerated.

I agree with your findings, and you will be pleased to know that action has been obviated, as on March 17th, Mr. Garland submitted his resignation as teacher, to take effect at the end of the June quarter. This resignation was promptly accepted, and Mr. Perry advised.

Dear Mr. Ditchburn:-

I have your report of the 23rd instant with transcript of evidence taken at your hearing of the complaint made by Mr. Agent Perry against Mr. Garland, the teacher at Homalco. The evidence has been perused, and I have to thank you for the thoroughness with which you have gone into this matter. I regret that so much of your valuable time should have been taken up, in what would appear to be, after all, more or less trivial, although I appreciate Mr. Perry's desire to be exonerated.

I agree with your findings, and you will be pleased to know that action has been obviated, as on March 17th, Mr. Garland submitted his resignation as teacher, to take effect at the end of the June quarter. This resignation was promptly accepted, and Mr. Perry advised.

Yours very truly,

W.E.Ditchburn, Esq.,
Indian Commissioner,
Victoria,

COMMISSIONER'S OFFICE,

VICTORIA, B.C. March 23, 1928.

Dear Sir:-

I beg to inform you that it was necessary for me, on the 6th ultimo, to hold an investigation into a complaint made by Mr. Indian Agent Perry that A. Hedley Garland, school-teacher at Church House, in a communication dated the 14th January, 1928, had made accusations against him in his administration of the Vancouver Agency, alleging that in a letter which the Agent had written to Mr. Garland on the 22nd December last, in reply to one from the school teacher dated the 11th December, contained untruths, showed bias and prejudice against him and insinuated that Mr. Garland was a liar. This case was the outcome of considerable correspondence which had passed between the teacher and the Indian Agent regarding alleged misconduct on the part of Constable Bartlett.

Copies of Agent Perry's letter of the 22nd of December to Mr. Garland, and Mr. Garland's communication dated the 14th January, are attached hereto for your information and perusal. They are marked "A" and "B".

As I was aware of the fact that instructions had been issued by the Department to Agent Perry to make investigations into the charges of misconduct on the part of Mr. Garland himself, I considered it essential to hold my investigation first to see whether the Agent was a fit and proper person to hold the investigation into the complaints made with regard to the teacher.

Upon the conclusion of the hearing, I reached the decision that Mr. Garland had no foundation whatever to make the statement about Mr. Indian Agent Perry as contained in his letter of the 14th January.

The letter of Mr. Garland dated the 11th December to Agent Perry, above spoken of, had reference to some Indian cases which he had been trying as magistrate at Church House about the 1st of December and he wrote to Agent Perry stating that he was convinced that some of the Indians had perjured themselves and he proposed laying the matter before the Attorney-General which, of course, was the proper course for him to pursue. After a perusal of Agent Perry's letter of the 22nd December, I think you will be at a loss to see anything in it wherein Mr. Garland could base his allegations of lying, bias or prejudice on the part of Agent Perry. It was indeed difficult for me to determine why Mr. Garland had written in this manner, but as the investigation proceeded, Mr. Garland brought out a very fine line of distinction in that, when writing to Mr. Agent Perry on the 11th December, he

stated that he proposed laying the perjury matter before the Attorney-General, and Mr. Perry in his reply of the 22nd of December, you will observe, states he had brought the matter to the attention of the Attorney-General. I consider this was a point of hair-splitting and that the Agent was justified in assuming that Mr. Garland had laid the matter before the Attorney-General. Furthermore I think you will come to the conclusion that Mr. Agent Perry's letter of the 22nd was written in a very courteous tone, as indeed were all letters that he has written to Mr. Garland on various subjects.

I deemed it important also to hear the complaints Mr. Garland had against Constable Bartlett; the main one, however, was the charge that Constable Bartlett spread a very unsavory report with regard to Mr. Garland in that he and Mrs. Garland were not man and wife but father and daughter. Mr. Garland stated that Constable Bartlett charged him with living in incest with his daughter. Investigation of this particular point did not bear out Mr. Garland's contention and he did not bring any proof to bear that the Constable had spoken to any other person than himself on this matter. Bartlett's explanation of the matter, however, is that he and Mr. Garland were having a heated argument at Church House one day and Mr. Garland had told the Constable that he could tell him a good many things that the people were saying about him. The Constable then told Mr. Garland that he had heard some things that the people were saying about him himself and made mention of the fact that he had heard that Mr. and Mrs. Garland were not man and wife, but they were father and daughter. Bartlett gave sworn testimony to the fact that he had heard this through a white fisherman at Skelett Inlet, the rumour having come from the Indians and this was the first time that he had ever heard anything in the matter. As above stated, in view of the fact that Mr. Garland could not bring proof that Bartlett had spread this report, the Constable's evidence naturally would have as much force in law as that of Mr. Garland. I am not at all surprised at such a rumour becoming current for I never did in the course of my experience see two people where there is such an apparent disparity in their ages, whereas, in reality, there are only five years. On sizing up Mr. Garland at the investigation, I immediately came to the conclusion that he was a man of at least seventy or seventy-two years of age, whereas Mrs. Garland, who was also at the investigation, informed me that she is now only in her fiftieth year. Mr. Garland stated that he is fifty-six, although in last year's school report, he put himself down as being only fifty-four. This being the case, it was quite easy for a person to realize that some of the Indians came to the conclusion that Mr. and Mrs. Garland were really father and daughter and not husband and wife. Mr. Garland also brought out some other charges of neglect of duty on the part of Constable Bartlett in which I felt there was considerable merit, and after the investigation I had recourse to censure Bartlett very severely and informed him that if like occurrences happened in future he would have to be discharged from his position.

I am attaching hereto a copy of the evidence taken in this investigation by Miss Corcoran, the stenographer in Agent Perry's office, but in view of the fact that Miss Corcoran is not used to taking down evidence verbatim, she could not get down everything that was said, but there is

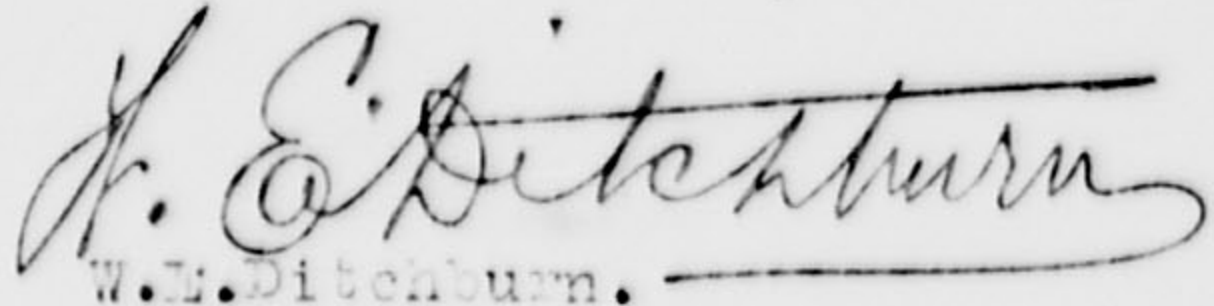

sufficient

sufficient to give you a fairly full understanding of what transpired. This transcript of evidence was only recently supplied to me and, therefore, I was not in a position to report at an earlier date.

Since my investigation, Agent Perry and Mr. Cairns have looked into the charges of misconduct on the part of Mr. Garland, and their conclusions have been that while there is very little in the complaints, it has been found that Mr. Garland is not just the proper person to have charge of the education of Indian children and the suggestion has been made that he should be relieved from his duties at the end of June, and I think this would be the best thing to do, as he is one of the most peculiar men I have ever had anything to do with in the course of my career.

Your obedient servant,

W.H. Ditchburn.

Dear Mr. Garland:

Exhibit A

I beg to acknowledge receipt of your letters, three in number, dated December 8th, 11th, and 12th with regard to the police prosecutions which recently took place at Church House. In reply to yours of the 8th inst. I would inform you that Mr. Rosenberg gave me verbally the details, as anticipated by your letter.

In your letter of the 11th you have informed me that you have brought to the attention of the Hon. Attorney General the matter of certain Indians perjuring themselves and in this connection I feel that this is not a matter for my interference since the case was prosecuted by the Provincial police before you, as Stipendiary Magistrate. It is noted that you observe that you leave the matter in my hands but I regret not being in a position to interfere in this matter, and more particularly since it is understood that you have been in communication with the Indian Commissioner at Victoria in connection with the case. No doubt Mr. Ditchburn will give the matter his most careful consideration.

With regard to your statement that Moses Wilson offered you \$100.00 if you would try the case in Church House instead of sending it to Powell River, I am informed that this Indian told the Dominion constable that he had asked you what the fine would likely be, as he had only \$100.00 in his possession. This also, however, is not a matter for my interference. If a bribe

was offered or if the Indians perjured themselves at the time, you had all the machinery available for settling it there and then. Under the circumstances, it is my opinion that these Indians will have learned their lesson by now as a result of the fines imposed upon them and I do not think any good purpose would be served now by further prosecuting the Indians on the grounds named. Should the Attorney General or Mr. Ditchburn think otherwise, they will act no doubt upon their convictions in the matter.

It has been reported to me that you allowed Indians to sign informations and incur expenditure in connection with these prosecutions but that upon arrival of the Provincial police the latter were allowed to inform and no provision was made whereby the informing Indians might receive their mouties or launch expenses incurred by them. I would be interested to have the facts of the case. No doubt you will be applying to the Attorney General with a view to an adjustment of any legitimate expenses incurred, although the Indian Act gives the presiding magistrate the right to charge the costs of prosecution against the convicted party. Since it is understood that the matter is in the hands of the Indian Commissioner I do not wish to interfere in this phase of the matter but simply wish to advise you of information which has reached me. I must also advise you that I did not receive a telegram from you asking me to meet you at Powell River on the 10th inst.

As anticipated in your letter of December 11th, complaints of a very serious nature have been received both by myself and Mr. Inspector Cairns, and we have been discussing them pro and con. This matter will be dealt with in due course and in the meantime, since you have asked for permission to come to Vancouver this permission is granted, but I can not state that the Department will incur any expense in this connection. Perhaps you will advise me when you expect to be in Vancouver and I would point out that it is important that the conduct of the classroom work should not be discontinued during your absence.

Yours sincerely,

"E.H.A. B."

Dear Mr. Perry:-

The more I read your letter of the 22nd of December, 1927, on matters relating to recent prosecutions at Church House, the more am I compelled to refrain from replying to it. Your letter is so pregnant with inaccuracies and untruths that I shudder at it. Your letter is so overflowing (read in conjunction with others that have been received from you lately) with bias and prejudice, that I am now forced to request you, on my behalf, to demand from Ottawa a thorough and complete investigation into the administration of the Vancouver Agency, and more especially into the Machiavellian activities and deviltries of Constable Bartlett.

My life has been a little hell, caused by this man's calumny. Wallowing as he does, and (I understand with your connivance) amongst the filth and garbage of idle Indian gossip, suggesting to them the things that he wants them to say, and conveys them to you as reports made to him, and these are apparently (by your letter) accepted by you as truths. Why, even you in your letter tell untruths; even you in your letter insinuate that I am a liar.

I resent it, Mr. Perry, with all the emphasis and force at my command, and I hurl the infamous, dastardly and cowardly lies told you, (that is more or less responsible for your insinuations and innuendoes) back again into the teeth of the lying scoundrel who conveyed it to you.

As for the complaints of a "very serious nature" - let me say Mr. Perry, that being strong in the strength of my innocence of having done anything wrong, I care not two hoots for my enemies or their deviltries. They may prevail for awhile in the minds of biased and prejudiced persons, and I may suffer as many others have done through calumny. Many a good man's career has been damned, and many a happy home broken up by these filthy human cowards.

And who are my enemies - ONE, a perjurer, CHIEF GEORGE HARRY - the man whom you tell a story about having given a thrashing to. SECONDELY, Mrs. Thompson and Arthur Prendergast, the people whom you have so often warned me against, and the evils that these people were capable of doing and enacting. A letter from you in front of me as I am dictating this "Stick to it, Mr. Garland, stick to it, and we'll shew these birds a few things yet?" And my other enemy, Constable Bartlett, who, instead of helping you, and I, and the Department generally in our work, does nothing but parade up and down these waters, disseminating Calumny about every one in connection with the Department, (in fact, let me say, that after myself, YOU, yourself, are the most maligned member by this very man) sowing seeds of discord, humiliating by his contemptible tittle-tattle and blather, every member of the agency other than himself. This is no idle talk on my part - no exaggeration - I'll prove every word I utter, and am prepared for and beg a complete show-down. I'll produce witnesses from Church

INVESTIGATION HELD AT THE VANCOUVER INDIAN OFFICE
VANCOUVER, B.C., ON THE 6th., 7th. and 8th. FEBRUARY,
1928, INDIAN COMMISSIONER W.E. DITCHBURN PRESIDING.

MR. DITCHBURN:

This investigation is opened to hear Mr. Garland's complaint with regard to a letter written to him by Mr. Indian Agent Perry dated the 22nd. December 1927. In order to put these matters in the records properly I shall read the Indian Agent's letter dated 22nd. December 1927 and Mr. Garland's letter of complaint with regard to same dated the 14th. day of January, 1928. As there are no Counsel present as there would be in the case of a regular Court I shall read these different documents over. I will now read Mr. Perry's letter:

"Sir:

I am regretfully forced to address this letter to you on account of the Machiavellian activities and deviltries exercised by Dominion Constable T. T. Bartlett, against me, and my family; disseminating lying reports and calumnies in his parading up and down the Coast in these waters, so that my existence has been made a perfect hell, through the intrigues of this officer.

The latest infamous and scurrilous report, emanating from the lips of this man, is to the effect that I and my wife are not married - that my WIFE is really my DAUGHTER - that our children are grand-children, and that I and my wife are living in a condition and state of "incest".

May I ask you, Sir, to name a day upon which I can meet you in Vancouver, and there thresh this man's conduct out?

I earnestly beg of you to give the matter your most earnest and serious consideration, as I cannot put up with this man's infamous conduct any longer.

MR. DITCHBURN: This is the scope of this investigation, and any evidence taken must be taken on oath.

Oath taken by Mr. Garland.

MR. GARLAND.

I ask you, sir, to give me a patient hearing, to give me an impartial hearing, both of which I believe I shall obtain from you. It is necessary for me to go back again to approximately the 8th. January 1927 to tell you just what leads up to this investigation. I took over my position as an Indian Day School teacher on the 26th. of April 1926, and from that time up to October of the same year Mr. Bartlett had visited us on two or three occasions, may be more, or three, I just forget now the number of times he visited us. Being a member of the Department we treated him with respect and courtesy. He used to come to our quarters. We made him welcome and he did one or two little things for us, such as to mend an engine for the children. He was good enough to take this engine away to repair it. He kept it for a long time, for three or four months, and we had to ask him to bring it back. He brought it back.

Whenever Mr. Bartlett came to our quarters and sat down for a while he spoke in a most detrimental manner of everybody in connection with the Department, so much so that in talking with my wife afterwards we decided not to encourage Mr. Bartlett to come to our quarters so often as we did not want to get mixed up in the sayings that he was making detrimental, and we know as you would know, sir, and as others would deduce that he was maligning or tittle tattle other people, no doubt we in our turn would get a certain share of

this

this that at that time unknown to us.

On the 8th. January I wrote to Mr. Bartlett:

"Francis Louie an Indian of the Squirrel Cove Band has come to me in my official capacity as Stipendiary Magistrate and has made the following statement. That sometime during the early part of October he killed a cougar on Cortes Island, that as you were in the vicinity at the time, he gave you this cougar skin and that you told him you would obtain for him the bounty allowed by the Provincial Government. He tells me that he has seen you several times since but that he has not yet received either the skin back or the bounty. He now desires to take what legal steps may be necessary to obtain this bounty or the return of the skin. I might add that the matter is known to the Provincial Police Department at Powell River and one of the Provincial Constables was here yesterday and spoke to me concerning the matter. In other words he was making enquiries so as to take more steps, what these steps are I do not know but to clear up the matter I do wish that you would write to me by return mail giving me the full history of this affair as far as it concerns you. With kind regards, Yours truly."

On the 11th. January I received Mr. Bartlett's reply:

"Sir,- Your letter of January 8th. re Francis Louie's Cougar skin to hand and contents noted. It is ages since I received such a letter and for a while I had visions of the Penitentiary staring me in the face.

You really should get a job writing scareheads for the newspapers.

Now about the cougar skin. On October 14th. at Redonda Cannery. Francis Louie through William Mitchell asked me if I would take a cougar skin down to Vancouver with me when I went down and collect the bounty (\$40.00) on same for him. I asked him why the skin was not taken to the Provincial Police at Powell River, and was informed that the Provincial Police would not accept it. I did not want to bother with the skin as I have had lots of experience in collecting moneys for Indians in this manner and apart from the time it takes running from one office to another, I am usually out of pocket over the business.

I did not return to Vancouver until Oct. 26th. and left right away for another trip. Since then I have been travelling around and had not the time or opportunity to attend to the skin until recently.

I have already taken the skin to the Government Agent here who punched the ear, and I have also presented the application for the bounty. I am now awaiting the arrival of the cheque together with the skin.

Re the last paragraph of your letter re the Prov. Police, I may say that Constable Boyt was with me at the Prov. Game Office yesterday when I went to make enquiries about the bounty. He did not mention anything about those mysterious "steps" which are to be taken against me. I may add that I saw Francis Louie at Squirrel Cove the week before Christmas, and told him the difficulty I had in obtaining the bounty. Francis Louie said it was all right no hurry.

I am sending you some copies of the forms of application for bounties which you will be able to make use of in future cases of this nature in your official capacity as Stipendiary Magistrate.

Kindest regards to everyone, Yours truly,
T.T.Bartlett,
Dominion

I wrote to Mr. Bartlett on the 22nd. of January 1927 in reply to his of the 11th. :-

"Sir:-

I have for acknowledgment the receipt of your letter dated the 11th inst., in reply to mine on the above subject.

During my many years of service with different Governments I have never before been the recipient of such a vulgar and insolent letter. I am convinced that the Dept. of Indian Affairs would look with extreme disfavor on any of its servants, no matter how menial the position that that servant held, who would suggest, write or dictate such an impudent letter, especially when addressed as official correspondence to a Stipendiary Magistrate. I shall look for an apology by next mail.

Yours truly,

AHG-B

Stipendiary Magistrate."

On January 27th. I received another letter from Mr. Bartlett:-

"Dear Mr. Garland:

On reading over my letter of January 11th. in reply to yours of January 8th. re Francis Louie's Panther skin, I have come to the conclusion that I was somewhat hasty and abrupt in the manner in which I replied.

When reading your letter the first time it seemed to imply that I had already received the bounty for the skin and was holding out on Francis Louie, who had enlisted the services of the Provincial Police, but on looking over your letter again after mailing the one you received, I find that I was mistaken and hereby tender apologies.

The cheque for \$40.00 arrived in the mail today, dated January 21st, and made payable to myself. I am sending same to Francis Louie by this steamer. The skin I intend to bring up with me on my next trip north, unless I can sell it in the meantime.

I expect to visit Squirrel Cove some time next week, and if the opportunity offers, will make a trip to Church House, when, no doubt, I will be able to explain everything in connection with the matter in question.

Kindest regards to Mrs. Garland and family.

Yours truly,
T.T. Bartlett."

This was my first break with Mr. Bartlett. He apologized and I accepted his apology and thought the matter would then rest at that.

Then came the Prendergast affair, which I think you know something about. Mr. Prendergast struck an Indian Constable. It happened in the early part of February 1927.

Mr. Nicholson

Mr. Garland stated that he had taken a trip to Powell River and there met Mr. and Mrs. Nicholson and described their conversation as follows:

MR. GARLAND: Mr. Nicholson, who is teacher at Sliammon, said "Mr. Garland I have a bone to pick with you." I said "I am sorry to hear that Mr. Nicholson, what is the bone? I have not met you before Nicholson." and he replied "Bartlett tells me that you have had a whole mouthful to say about me, that I am a drunkard, never open my school till late, that you are going to apply for my position down here and get me kicked out. What business is it of yours, Garland, if I do drink?" I repudiated the whole thing, telling him the truth as to what Mr. Bartlett told me concerning Nicholson. "Are you not Mr. and Mrs. Nicholson, sir, I did not know of such people being in Sliammon until Mr. Bartlett informed me." They then told me that Bartlett had said some bad things about me and my wife mentioning that we were now giving the children cocoa, collecting a lot of junk in the shape of tin cups, bringing on a lot of work for him and Mr. Perry and no doubt Mr. and Mrs. Nicholson would now be caused to give their Indian children cocoa too. Never, sir, did such words emanate from my lips, but Mr. Bartlett prior to the 8th. of January, 1927, when he visited our quarters and when we found that he was so apt and prone to talk about others, he told me that Mr. Nicholson was a drunkard, his wife the same, was no better than she ought to be, opened the school any time from 10 to 12 a.m., locks the pupils in, if any, and goes home. Locked them in once and went home and forgot about them, the pupils got out of the window to get home. That Mr. Nicholson had suffered from delirium tremens, that Bartlett had nursed him out of the delirium tremens. That he had been absent ten days and was found at the Mission recovering from a drunken bout. Again for a week he was found wandering in Vancouver. That Nicholson padded his attendance register. That Nicholson's school was just a farce. That Mr. Perry knew about it and so did Mr. Cairns. That he, Bartlett, had given the Nicholsons armfuls of stores because they were hard up and hungry. That Nicholson was irresponsible and most undependable. That Nicholson was always more or less in a semi state of drunkenness. That he, Bartlett, gets what he calls a square at Nicholsons and repays the Nicholsons by giving them canned goods supplied to him by the Government for his own use. He then asked me why I did not apply for Nicholson's position in the face of Nicholson's drinking but perhaps it was no use my doing so as Mr. Perry and Cairns between them would veto it. They had gone too far with Nicholson and could not go back on him now as it would lead to trouble for them.

Mrs. Nicholson said to me "Mr. Garland, from what Mr. Bartlett told us about you we never wanted to meet you as we were given to understand you were a cad and not a gentleman, but to my surprise and satisfaction I find I have met a thorough gentleman. Mr. Nicholson made mention of several other things that I did not take any notice of at the time, because he always qualified his statement with the remark "Do not quote me Garland, old man, do not quote me." It is within my knowledge, sir, that Constable Bartlett left Church House at 4.30 p.m. on the 13th. February 1927 Sunday. He arrived at Sliammon from what Mr. Nicholson said at about 9.30 or 10 p.m. and anchored off Sliammon. That he was

boarded

boarded by an Indian woman named Aggie Harry, that Aggie Harry stayed on board the night with him. That Bartlett rowed ashore in the early morning and in doing so he was confronted by an Indian named Sandy Timothy. That Bartlett had told Sandy to keep his mouth shut. Nicholson said that within an hour Sandy had come to his quarters and told him all about it. I asked Mr. Nicholson if he thought Mr. Perry was cognizant of Bartlett's doings and he replied "Sure," I then said "Why does he not take some steps to curb Bartlett then." Mr. Nicholson said "I will tell you why, Mr. Garland. Mr. Perry has something on Bartlett and Bartlett something on Perry and they are both frightened of one another, they are each waiting for someone else to take the initiative so that neither one can accuse the other of giving him away. So that is why Mr. Perry took no action on the verbal complaint of Provincial Constable Sutton and Sutton did not put his complaint in writing so Perry could not show the written complaint to Constable Bartlett to clear himself from the onus.

Several times during this recital Mr. Ditchburn asked Mr. Garland what these charges against Mr. Bartlett had to do with his complaint of "bias and prejudice" against Mr. Perry. Mr. Garland replied that it all led up to that and he was trying to explain why Mr. Bartlett had behaved so to him since then. Mr. Ditchburn also asked for direct evidence instead of hearsay evidence, which Mr. Garland was giving. Mr. Garland also stated he could tell things that Mr. Bartlett had said about Mr. Perry and Mr. Cairns.

MR. GARLAND: After that, sir, I went back again to Church House and the matter so troubled me that I wrote to Mr. Bartlett on February 19th. 1927:

"Sir:

Were anyone to ask me what were the two greatest hidden menaces to Society at the present day, I would at once answer "Blackmail and Calumny." In a recent denunciation of the crime of blackmail, the Chief Justice of B.C. put it on the same footing as assassination, while another very prominent Judge called it one of the cancers of civilization. Calumny, the cousin-german of Blackmail, is a more insidious and treacherous form of mental debauchery. In blackmail there is generally good ground and often evidence for the allegations, but in calumny in nearly all cases there is no ground at all for the insinuations and cruel innuendoes. The blackmailer is generally run to earth and receives heavy and deserved punishment, the foxy calumniator generally runs scot-free while his victims suffer terribly. Just now in Church House we are awaiting with some nervous apprehension the return of the mosquito - that stinging, ubiquitous nuisance - which drives people frantic with uneasiness and discontent. But we thank God that the insect is moribund and inert for the greater part of the year. The mosquito plies his mischievous trade while the sun shines and the swamps exude their putrescent miasma. On the other hand the calumniator flourishes in the dark throughout the year. He thrives on the garbage of his own ill-functioned and diseased mind. He is usually an ill-bred fellow and seethes with jealousy at the other fellow's success. He is the personification of the dog in the manger. His usual method is to fasten on to some idle gossip, which he enlarges, magnifies and paints in lurid colors, and then disseminates secretly and maliciously. He is the poison gas expert of society, and the fumes from his devilishly slung bombs are as murderous and the effects as far-reaching as ever were those of the Germans on the battlefields of Flanders.

The burglar, the held-up man, and, the brigand are gentlemen to him. The highwayman of old came out in the open, the victims' loss was merely temporal and remediable; the criminals generosity and fame were sung in ballads and praised in folk lore. What can we say of the calumniator? He works in the dark and the wounds he inflicts are deadly. He rarely over-steps the barbed wire entanglements of criminal libel. When trapped or confronted with his victim he utters pallid excuses, cringes like a leprous hound and falters.

We all despise the female gossip who hangs over the neighbors' wall; we should doubly condemn and treat as a pestilence the male gossip who ruins his fellow man with his over-ready tongue. Proverbs of all countries tell us "beware of the man who goes amongst his fellows with a loose tongue." Countless suicides, impoverished and unhappy homes, stunted and distorted lives are some of the results of the calumniators' trade. His stings are as fatal to man as those of the tse-tse fly to animals.

Ananias and Saphira were calumniators when God struck them dead. It would be a happier world today if these two had been the last of their vile species.

During the Winter a quaint little trio of figures representing three monkeys sitting in similar poses were on sale in the fifteen cent stores of the City of Vancouver. Every calumniator amongst us should have purchased one of these made idols and bowed down to these figures in repentance and deep reverence. The figures exemplify in the monkey what should be the cardinal virtues in every uprighteous man, "Speak no evil, see no evil, hear no evil."

And, as in society and amongst larger congregations of the human species, so it is in smaller communities and organizations. We know that a worm will sink a ship or destroy a costly edifice if given time enough. In like fashion will the canker of the calumniator spread through and putrefy the foundations of good fellowship, and comradeship, upon which all friendly groups, societies and associations are built. The plagues of suspicion and discontent, the fires of jealousy and greed, fanned by the foul breath of the liar and malignant - have at every stage of history been the chief destroying factors in the lives of the nations, communities, organizations and associations. Let us always remember the immortal words of the great Shakespeare "He who steals my purse steals trash, but he who filches from me my good name, steals that which not enriches him, but leaves me poor indeed."

In conclusion I hope that this letter will be of some benefit to you. At the same time I must request that in your peregrinations up and down the Coast, you will refrain from using my name, or that of my wife, or any member of my family, in the manner that you have done, or I regret that I shall be compelled to take some steps to prevent you.

AHG-

Yours truly,
A.H.-Garland. "

I wrote to Mr. Perry, sir, and I sent that letter to Mr. Bartlett but for some reason which my wife will explain to you, she held that back and wrote to Mr. Perry giving, I believe, some reason for holding it back. I do not know the reason, sir, today. However, I came in to Vancouver to see the Crown Prosecutor and on the evening of my arrival here I saw Mr. Perry. Mr. Perry

brought

February 6th. 1928.

brought up this letter and asked me what it was that Bartlett had been doing. I told Mr. Perry, I recited to Mr. Perry what Mr. Nicholson had conveyed to me. Mr. Perry, if I remember rightly, told me that he knew Bartlett's weakness; that Mr. Bartlett was skating on thin ice; that Mr. Bartlett had been brought up on some charge before but that at the last moment the charge had fallen through, through some Indians not appearing, or it was I think that it was New Year's time and they said let the thing pass, it was Happy New Year, and we will drop the affair against Mr. Bartlett. However, Mr. Perry said to me "Mr. Garland, you send that letter to Mr. Bartlett. It will do him good." So that I sent the letter some little time afterwards to Mr. Bartlett. This is Mr. Bartlett's reply, sir, I can not read it out:

" March 16th. 1927.

Sir:

I beg to acknowledge the receipt of your letter of February 19th. which reached this office on March 15th., and must confess that I am at a loss to understand what it is all about. It is years since I read such wretched drivel, and then the letter, which compared very favourably with yours, was written by an inmate of the Provincial Mental Home at Essondale.

From the general wording of your letter, it would appear that you had swallowed a dictionary, and I would suggest that you take a good dose of castor oil. If that doesn't relieve you, try a good stiff dose of carbolic acid which would be better still.

I am afraid you are getting to be like other people who, for some reason best known to themselves, live in out-of-the way places where every bit of gossip (which you condemn so severely in your letter) is seized upon with the result that a mountain is made out of a mole hill.

I have a pretty good idea as to the identity of the Party who started this controversy, in fact, I heard that someone had been blabbing, so your letter was not unexpected. You quoted quite a lot of legal drivel in your letter but you evidently forgot the old saying that a person is innocent until proved guilty. You heard one side of the story, and without hearing the other have already passed judgment, such as it is. Is it not possible that I was misquoted? I have always had the greatest respect for Mrs. Garland and Bibby, and admit that I did not encourage the boys as they were constantly "butting in" making private conversations impossible, and have made no secret of this.

Whilst the letter itself was, to say the least, very insulting, parts of it were very humorous, especially lines 22 and 23 of the first paragraph. What on earth are you today that any sane person would "seeth with jealousy" at your success. It is to laugh.

It would be quite interesting to know whether your letter was written (to use a favourite phrase of yours) in your capacity as Stipendiary Magistrate, or in your capacity as third class teacher of an Indian School, and a Day School at that.

In conclusion I would suggest that when you arise in the morning, look first at the cliff back of the village and then at your own reflection in the looking glass, and repeat to yourself, "There's another 'BIG BLUFF'".

As to my

February 6th. 1928.

As to my opinion of yourself and your domineering manner, the less said the better. I hope this letter will be of some benefit to you and, if I were you, I would make a few enquiries or at least hear both sides of a question before writing insulting letters to people who have tried to help you out as well as they were able, without as much as a "THANK YOU."

TEB/GD

Yours etc.,
T.T.Bartlett."

Well, sir, I do not wish to make any recriminations but I would like to just tell you the things which Mr. Bartlett has said in my presence, frequently in the presence of my wife and frequently in the presence of my children, who are aged 11, 12 and 13, and if it was possible for me to bring those little children here I would have brought them. They understand what an oath is. Many are the things they can corroborate that I will recite to you that he has told us about Mr. Perry; that Mr. Perry was a fourflusher and a liar.

MR. DITCHBURN: Mr. Garland, I wrote to you on the 27th. with regard to your letter about Mr. Bartlett making a statement about yourself and your wife and I stated I read these over carefully and that I understood that Mr. Bartlett had given you an apology for making a statement which was no correct.

Mr. Garland asked if he could publish this apology. Mr. Ditchburn replied he believed so. Mr. Garland stated he was not satisfied with the letter and was not through with this matter yet.

Mr. Ditchburn again requested Mr. Garland to leave his charges against Mr. Bartlett till later, and state his complaint against Mr. Perry.

MR. DITCHBURN: I want you to point out to me wherein Mr. Perry in his letter of the 22nd. December 1927 has shown bias and prejudice and told untruths. That he is accepting information given to him by a third party and taking them as truths.

MR. GARLAND: I want to know what is Mr. Perry's definition of a fact.

MR. PERRY: I should say a fact was the embodiment of the truth.

MR. GARLAND: The embodiment of the truth, an event, a reality. Then may I ask you to turn to my letter of the 11th. December paragraph 4.

A considerable period of time was taken up by Mr. Garland in explaining that his statement in his letter of the 11th. December "I am bringing to the attention of the Attorney General, etc." did not mean as stated in Mr. Perry's letter of December 22nd. "You have informed me that you have brought to the attention, etc." This, Mr. Garland maintained was an untruth on Mr. Perry's part.

Mr. Garland also stated he could not understand how the pros and cons could be discussed between Mr. Perry and Mr. Cairns as they had only one side of the matter to discuss, viz: the charges which the Indians had made and that they had not heard his side of it.

as on record of the proceedings of the remainder of afternoon of this date are very disconnected, as follows:

MR. DITCHBURN: Mr. Perry has stated to you in that letter of information brought to his attention. Just as you have told me that information was brought to you by Mr. and Mrs. Nicholson. Simply says "It has been reported...." Now wherein has Mr. Perry lied in this respect.

I want definite information on a statement made by yourself in which you complain of a portion of Mr. Perry's letter. A definite statement of information made to him.

With regard to the perjury matter, his assumption that you have brought the attention of the Attorney General - and the statement in your letter of the 14th. that you said you were drawing to the attention

MR. GARLAND: Mr. Rosenberg gave Mr. Perry the full details in connection with this and Mr. Perry after receiving the first hand details of the affair wrote to me "Mr. Rosenberg has given me an account of the trouble between" Now Mr. Bartlett comes down, he was not present at the cases, who although he was sent for to come did not come, and conveys something to Mr. Perry, which Mr. Perry apparently by his letter believes. He writes to me in this way "I am informed\$100....."

Mr. Garland read the following from his book of notes:

"4.15. p.m., Monday, 5th. December 1927, Moses Wilson, the defendant in two cases to be tried before me tomorrow, the 6th. instant, has come to me in the school room and asked me to try the cases here in Church House and not to send them to Powell River to be tried. He asked me to help him and not to send him to prison and he will give me \$100.00 when he gets his cheque for his boom. I told him to get out of the school room at once and not to come near me again."

This was written down within one minute of the time when the Indian said this. The door of the room was wide open and my wife was standing there at the time.

Moses Wilson in the presence of his son Albert Wilson who speaks and reads English well has made this affidavit.

A copy of this affidavit not left by Mr. Garland.

Mr. Ditchburn: What has this to do with Mr. Perry? Mr. Perry is simply referring to this charge of bribery. The information he has and simply came to ask if the fine would cost more than \$100.00.

MR. GARLAND: Why should Mr. Perry write in that manner. He accepts Mr. Bartlett's reports as being true, sometimes a verbal report and written report, and either way Mr. Perry must accept

Mr. DITCHBURN: I have been well on to 20 years with the Indians we never take it as truth from an Indian without corroboration. It is supposed to be a statement by an Indian to Mr. Bartlett and conveyed to the Indian Agent by Mr. Bartlett.

"And

- MR. GARLAND:** "And these are apparently by your letter accepted as truths."
He writes me a letter of commendation on my report and then he writes me another letter. Mr. Perry must have accepted both reports, as being true, by Mr. Rosenberg and Mr. Bartlett.
- MR. PERRY:** In this letter I invite you to give me the facts of this case
In that letter I was simply seeking to know the facts of the case.
- MR. GARLAND:** You just say you invite me
but in no other portion of your letter could I read an invitation to report.
Otherwise he would never have written me a letter of commendation.
- MR. PERRY:** I wrote you a letter upon the report of the cases from the Provincial Police, and then I received the other information and I wrote you with regard to other details.
- MR. GARLAND:** "It is understood that you have been in communication with the Indian Commissioner." Where does Mr. Perry get this information? Does that not bear out my statement that Mr. Perry accepts these reports as truths.
It is a link in the chain.
- Mr. Ditchburn:** Is there anything very serious
- MR. GARLAND:** There is nothing very serious. It is not a correct statement
- MR. DITCHBURN:** I may say how this came to Mr. Perry's knowledge was through a visit I made on the 15th. December, in which I took up with Mr. Bartlett his making a demand on behalf of Indians for moities and with regard to the use of a boat, through a report received by the Provincial Police submitted by yourself. He told me that he did not make any application for these moities in his own behalf but on behalf of the Indians as he had been told the Indians had first of all made this information and that this Indian Willie Francis conveyed the information down to Squirrel Cove. Mr. Bartlett then wrote me his report on the matter, and he never did claim moities on behalf of himself but he did speak of it on behalf of the Indians.
That is how Mr. Perry understood it was in my hands.
I took it up
because the Indian was entitled to expenses for his boat; and the question as to who really laid informations will be gone into later.
- MR. GARLAND:** How can Mr. Perry write this to me.
- MR. DITCHBURN:** I asked you if that was very serious.
- MR. GARLAND:** It is an incorrect statement conveyed to Mr. Perry by whom.

It is

I have an affidavit here signed by Marian Harry and Bernadette Paul:-
"We, Marian Harry, wife of Peter Harry, and Bernadette Paul, wife of Tommy Paul, and daughter of Peter Harry, Indians of Church House, do solemnly declare,-

That during the month of December when Constable Bartlett was here, that he traded with us an old overcoat and two pair of old cloth boots for one large basket tray that we make. This basket tray if we sold it at Powell River to white people, we would get not less than eight dollars, perhaps ten or eleven. Constable Bartlett tell us that he come up again soon and he bring some more clothes and boots, and that we must make plenty of big baskets, trays, and other things, when he will give us clothes for them.

And we make this solemn declaration, conscientiously believing it to be true, and knowing that it is of the same force and effect, as if made under oath, and by virtue of the "Canada Evidence Act."

MR. GARLAND:

I ask you, sir, with a knowledge of these things if I have

Mr. Perry's attitude towards me has altered greatly since
June 1927; prior to June 1927, Mr. Perry has always supplied
me with stamps, and very kind of him to do so, he has always
sent
that if I needed stamps at any time

February 6th. 1928.

MR. GARLAND: and he had sent me several, in all I cannot tell you but in all three or four dollars worth. When I came back from my vacation and I wrote him and asked the courtesy be extended to me as in the past and that he would be good enough to send me some stamps, but I was turned down.

MR. DITCHBURN: Any other complaint?

MR. GARLAND: I wrote to Mr. Perry again, sir, on September 17th. rather a long letter in connection with the estimates. I said that "the time has in my opinion arrived when the Government should" and asked the building of new quarters for the school teacher, that during the recent rains the roof on the western side of the house leaked badly, we had to use receptacles of all kinds to catch the water and prevent

I also drew his attention to the repair of a $\frac{1}{2}$ pipe which I had been trying to get repaired and only 1727 practically twelve months, and destroyed some of our medical comforts.

I got a reply dated September 20th. from Mr. Perry: "With regard to the closet to which you refer it is considered that you are making too much of a very little "

There was nothing more painful and I felt there must be something

I said again "Once again I would draw your attention to the water" which I thought really could be done and that I had been trying since some time in that year, Nine months had passed away and could not get this pipe

and that Mr. Perry's attitude had turned against me.

"In view of your position in this and other matters" Reading that letter as a whole, sir, is very painful to me I felt that Mr. Perry had turned against me.

CONTINUATION OF INVESTIGATION
AT VANCOUVER INDIAN OFFICE.

February 7th, 1928.

MR. GARLAND:

I would like to make myself somewhat understood, sir; I have no desire and I do not wish to speak in a spirit of vindictiveness, nothing is more remote from my mind than to be offensive; all I ask is truth and fair play; those things being understood there should be no matters crop up which would create any difficulties in this present investigation.

MR. DITCHBURN:

I am here for the purpose of holding an investigation of these charges you make. You are a party to this and shall have absolute fair play from myself. It is not the first investigation I have held. I know the usual Court procedure is the insistence of fair play to all parties concerned.

MR. GARLAND.

I think, sir, up to as far as we have gone I have proved that Mr. Perry when he wrote to me on December 22nd.; The letter of December 11th. "I am drawing the attention of the Attorney-General" and Mr. Perry's letter of 22nd. of December, in which he states "you have informed me that you have brought to the attention ...etc."; that I have proved what I said in my letter of January 14th. "Why even you in your letter tell untruths. I maintain that what I said in my letter of January 14th. is true; that Mr. Perry did tell an untruth in his letter. It may be recorded as a technical untruth but nevertheless the fact remains on Mr. Perry's own definition of a fact that a fact was an established truth. Neither did I convey in my letter that I had brought to the attention of the Attorney General. Mr. Perry admitted yesterday the he had taken statements verbal or written from Mr. Bartlett as being true. I said that in my letter "and I hurl the infamous to you."

Mr. Perry admitted that he believed these things which Mr. Bartlett had told him.

I maintain that I have shown bias and prejudice in the letter written to me by Mr. Perry on the 22nd. of December. I said in my letter: "Your letter is so overflowing (read in conjunction with others than have been received from you lately) with bias and prejudice", I maintain, sir, that that letter is biased and prejudiced.

I maintain, sir, that bias and prejudice has been exhibited when Mr. Perry wrote to me and said that he and Mr. Cairns had been discussing the pros and cons of a very serious nature that had been made against me. I have never to this day received any information what those charges are, who they were made by and what support there is or has been obtained to give them credit.

Relying on Mr. Bartlett's reports as being true, Mr. Perry wrote and said that I had allowed Indians to sign informations and incur expenditure in connection with these prosecutions. I did allow the Indian to sign and never permitted anybody to incur expenditure. Neither the Criminal Code nor the Summary Conviction Act of British Columbia permit me to allow anybody to incur expenditure. The fees in which costs are permitted are stated in the Summary Conviction Act and in the Criminal Code, and I am not permitted to exceed those. They allow witness fees, they allow constable fees, and they allow magistrates, and those are the only fees which I

am per

am permitted to incur. I have a police constable, an Indian police constable who is placed on the reserve for a specific purpose of keeping order. My nearest white constable is 40 miles away from me. I have no telegraph office, the mail comes in and leaves again but once a week. Am I not permitted to use that constable when it is necessary to use him in the interest of peace and justice, to send him down and solicit aid from the Dominion constable or from the Provincial police whenever is the nearest, whenever I can get hold of.

Costs are not payable to the magistrate who is trying the case neither does he dare put on any form that the costs are due to him. The costs of the case are due to the informant. He makes out the costs and hands them to the magistrate and they are placed in that man's name, not in the magistrate's name. I was duty bound to use the Indian constable. Murder might have been committed that night. They were howling and yelling until 2.30 in the morning. I had no other alternative. We will leave that case alone for a few minutes, sir, and I will refer to a letter written to me dated June 2nd.

MR. DITCHBURN: Mr. Perry had stated "you allowed Indiansby them." You have dealt with the question of launch expenses but you have not given us any information for record with regard to what took place.

Mr. GARLAND: I was in bed and fast asleep, my wife was still up. There was a knocking at the door, somewhere about 11 o'clock. My wife went to the door and before opening the door she called out "Who is there?" He said "Chief Harry." Chief Harry came to report to me that the men were drinking and he mentioned Peter Harry. I said "Are you sure he is drinking Chief?", knowing the man is a liar, "You are quite sure he is drunk?" "Come here Chief." I made out the information. I put him on his oath that Peter Harry was drunk and he gave me the names of his witnesses. I wrote them down at the corner of the information, who he said would verify his statement that Peter Harry was drinking - himself, Noel George, his son, Theresa, his daughter, and Annie Wilson, another daughter.

Immediately after that Willie Francis and George Francis, father and son, who reported that Moses Wilson was drunk, that he had been fighting with Mr. Rosenberg, the painter man, he was up there at the time, that windows and doors were being broken, a quantity of paint had been upset and things were getting serious. I then said to Willie Francis: "Get your boat. Take this letter down to Mr. Ewart" The letter in which I sent a telegram to the Provincial Police at the same time telling Mr. Ewart if Mr. Bartlett was in Squirrel Cove to come up at once. I sent for Mr. Rosenberg. They told me that in the scuffle he ran out of the room and they did not know where he was. I sent for Mr. Rosenberg and after a little while they found him and he came up to my quarters in a very excited condition, which was justified. He told me that Moses Wilson had threatened to blacken his eyes. I looked up the Criminal Code for assault. I wrote out what I thought would be correct, Mr. Rosenberg signed the two. I afterwards in reading it over the second time came to the conclusion that my wording was not full enough and perhaps might be technically incorrect if the case was appealed. I sat down and wrote what I thought was the clearer definition of the assault, and the next morning on reading it over again I found then that perhaps I was not exactly correct of the charge as laid and with the

assistance of Constable Boyt I wrote again another charge of assault which was signed by Mr. Rosenberg, that is the one upon which Moses Wilson was charged; the other two were destroyed.

Mr. Garland then referred to the Provincial Police.

MR. GARLAND: They came in in the night unknown to me and made their own investigation and laid the information next morning. There is a letter on record by which Provincial Constables should lay the information themselves and so prevent the granting of moities, or it is worded something like that and issued by the Attorney-General's Department or some Department.

MR. DITCHBURN: You have given us a good explanation. Your explanation confirms what Mr. Perry has stated; "It has been reported to me that you allowed Indians to sign informations and incur expenditures in connection with these prosecutions but that upon arrival of the Provincial police the latter were allowed to inform and no provision was made whereby the informing Indians might receive their moities or launch expenses incurred by them."

In your letter you took exception to Mr. Perry's statement, now the information you just gave us with regard to this matter "and no provision was made whereby the informing Indians....."

The information you have given bears it out very fully. You allowed Chief Harry to lay information and Willie Francis to go from Church House to Squirrel Cove to carry a message to the Provincial police.

MR. GARLAND: No provision was made, no provision was permitted me, no application was made for moiety. It is not my duty as a presiding magistrate to apply for a moiety.

Chief Harry was a party to one case and when brought up denied that Peter Harry was drunk, all witnesses denied everything. In open Court I dressed them down, thereby incurring his anger.

I was going to refer, sir, to a letter which was addressed to me by Mr. Perry, dated June 2, 1927, in which Mr. Perry said "I am going up to Squirrel Cove by Saturday's boat on the 4th. inst. the 4th day of June and I shall come to Church House probably Monday. I would like to meet the people before they go fishing and expect to be in the neighborhood several days." Mr. Perry actually came up on the 31st. of May. Mr. Cairns called on Sunday May 8th. I was rather surprised that Mr. Perry should write and say he expected to be in the neighborhood for several days. Mr. Perry had called on the reserve once before that during my stay in Church House. Mr. Perry arrived around about lunch time and came up to the school house for a few minutes talk, saying he was going back to the boat to have his dinner and arranged that a meeting with the Indians should be held in the school room about 2. The meeting was held and the purport of the meeting was in connection with the painting of the houses and prospective electric light plant. The meeting was adjourned until 7 o'clock that night. We met again, the Indians came up to the schoolroom. Half-past seven, Mr. Perry did not come. Eight o'clock came, the Indians were getting fidgety. We sent down to get Mr. Perry, and he came up. The meeting was carried on, finished, and the Indians went away. Mr. Perry asked me to take a walk with him which I did we walked down a little piece when he told me that on coming

up to

up to the meeting at seven o'clock he had been waylaid by the Chief and taken into his house and there an affidavit had been sworn to by the Chief's daughter to the effect that I had given the Chief's daughter some rum in a medicine bottle. He Perry knew all about this from long before he came up to Church House yet no intimation no word had been written to me by Mr. Perry about what the Chief had said. From what Mr. Perry had told me afterwards, the day that Mr. Cairns visited the school house on his inspection when Chief Harry was rowing him out in his boat to board the steamer, the Chief told Mr. Cairns that I had given his daughter some rum in a bottle and said "Do not say anything about it."

So that Mr. Perry was cognizant of these things yet never wrote a letter to me about it.

It is surprising that Mr. Perry should write and say that he expected to be in the neighborhood for several days for there was nothing of great import to keep Mr. Perry in the vicinity of Church House for several days.

The affidavit of Annie Wilson was taken by Mr. Perry without asking me to come down and be present and I was not a 100 yards away and I was not given an opportunity to know anything that might have been said particularly in private. I can not look upon Mr. Perry's conduct as other than being biased and prejudiced. I spoke to him when he got down to the approach near the wharf. I offered to resign "You can accept my resignation immediately and then give me another opportunity to clear myself in full of this matter or other matters."

Permit the affair to remain in abeyance as I had heard something of this and I came to the conclusion that this was a little conspiracy that was going on at the present time between the Thompson-Fredergast and Chief Harry combination. The most disgusting incident occurred while we were standing outside of Chief Harry's son's door, if you remember. We walked back to my quarters and Mr. Perry said "Here is the affidavit, I believe you. Mr. Bartlett, you ~~gave~~ hand that rum over to Mr. Garland." and Mr. Bartlett handed me over the rum.

Mr. Perry was justified in taking the action that he did because since Annie Wilson came to me in the presence of my wife and made the following declaration.

(The affidavit or copy not left here by Mr. Garland)

She came to me voluntarily and stated it had worried and agitated her.

In the absence of Mr. Perry not giving me any information as to the charges made apparently some time before through the intermediary of Mr. Cairns, I can not help but look upon Mr. Perry's actions, and his letters read in conjunction, can come to no other conclusion but there is some prejudice.

MR. DITCHEBURN would want to find out first whether information supplied to me by a second person was correct. After I had received sufficient information to assume that the information was correct I would then notify you of the complaint against you and have the whole matter investigated.

As a Magistrate the case comes up before you, no magistrate will take hearsay evidence.

MR. GARLAND: To take an affidavit of a man who is only 100 yards.

I do not think it is good procedure.

February 7th. 1928.

MR. GARLAND: Is it good procedure to discuss the pros and cons without giving the
How can they be in possession of the facts of the case.

MR. DITCHBURN: They were discussed between two Departmental officials, your superior officers. The Department's officials have a perfect right to discuss any matters.

The fact that they have not taken any action yet

MR. GARLAND: I know that a recent complaint has been made against the school teacher in Sliammon, on a letter written by the Chief and Willie John and Mr. Perry went to Sliammon on January 5th. If Mr. Perry deals with the case so rapidly and two months passed by without my having any notice of the charges and who brought the charges does there not appear to be discrimination. Does it not appear to be prejudice.

MR. DITCHBURN: It might have been better had the charges been dealt with soon after they were received, although the Department is sure of its ground before it proceeds.

MR. GARLAND: In my talks on one occasion in which Mr. Perry visited our reservation he was explaining to me the best method in which to handle Indians at a meeting. That he knew before hand the subject matter which they intended to bring up, that before they had the opportunity of bringing the matter up he took the bull by the horns. If that is right in that case why should it not be right in this case. Why was not the bull taken by the horns at once and threshed out.

I think, sir, by the letter I have read to you and the explanation I have made that I was justified in writing in my letter "Read in conjunction with other correspondence" that I had received from Mr. Perry that bias and prejudice was being shown against me for some reason unknown to me but which I can only conclude as Mr. Perry admitted that he has taken verbal reports and written reports from Mr. Bartlett as being the truth and that he became biased and prejudiced.

I will refer to some correspondence in connection with relief that is being supplied to our indigent Indians by Mr. Gerrard the storekeeper of Stuart Island. Under date of December 22nd. Mr. Perry thanks me for receiving the account of Mr. Gerrard, and that he would advise me that a complaint was made to Constable Bartlett when at Church House by Chief Harry and others.

MR. DITCHBURN: Chief Harry tried to make out that the goods supplied by Mr. Gerrard were not good, and Mr. Perry took it up with you. You made an investigation and found that the flour was the same as used by yourself and the goods supplied by Mr. Gerrard up to standard.

MR. GARLAND: This letter was written on December 22nd. and I take it was written on a verbal report made by Constable Bartlett to Mr. Perry.

MR. PERRY: That is correct.

MR. GARLAND: So that you accept Mr. Bartlett's reports as being true. Nearly a month after that he writes "I may add that as none of the Indians receiving relief made such complaint I was under the impression that the Chief was making a complaint for them He makes a verbal report and Mr. Perry writes to me and says..... And yet almost a month afterwards on January 18th. "None of the Indians receiving relief made such a complaint." Who are the others, he either exaggerated in his report or he told an untruth.

MR. DITCHBURN: I do not get the connection.

MR. GARLAND: I am proving that he accepted reports from Mr. Bartlett as being the truth when they turn out to be absolutely false.

MR. DITCHBURN: Was there no merit in the question whatever? In the statement given to the Agent by the Constable that the Chief claimed the goods supplied by Mr. Garland were not up to standard. You are trying to tell me that Mr. Bartlett had no right to.....

MR. GARLAND: The verbal report and the written report is more or less contradictory.

MR. DITCHBURN: How does that affect you?

MR. GARLAND: I am trying to prove, sir, that Mr. Perry has been rather impulsive instead of writing to find out whether they were facts, sir, or not.

MR. DITCHBURN: Did not Mr. Perry write and ask you to report.

MR. GARLAND: He did write and ask me for a report.

MR. DITCHBURN: If you are taking the stand that the Indian Agent has no business to take any cognisance of a verbal statement of information conveyed to him by one of the Indians

MR. GARLAND: I did not say that, sir, he has the right to believe me or the constable or disbelieve, but I am drawing your attention to the difference of the matter contained in both these letters, one written a month after the other, which is quite clear.

(Mr. Garland, reading from a letter of Jany. 21st)
"I am quite satisfied that the goods must simply be taken for what....."
So that Chief Harry is in Mr. Perry's estimation a liar.

If that

February 7th. 1928.

MR. GARLAND: If that is the case why should we go to the trouble of listening to what Chief Harry says detrimental about anything or anybody.

In summing up, sir, I think I have upheld my letter. I think I have proved anything I have said in my letter to Mr. Perry. One might regard it as a technical untruth. If it is not true, then it is untrue. I think that Mr. Perry for some reason or other has become biased and prejudiced.

I think I have shown that perhaps Mr. Perry was too prone to listen to statements with regard to myself which were detrimental, which if he had given more consideration he would not have written to me in the manner in which he has done. It has caused this little trouble.

I know that men are built and constituted differently. Some are able to keep quiet and smooth, others have an impulsive and hasty nature, and sit down on the spur of the moment and write things which if they had given the subject matter a little more consideration they would never have penned those lines. That, I think, sir, has really been the cause of my trouble.

Since I have been at Church House I have done my duty as conscientiously as God would permit me to do. If I take up anything I have to do it with the whole of the energy I have. I can not sit idle. Our medical work has been a success and a great success. I have not to call in qualified aid at all to look after any of our cases. I wrote to Mr. Perry on one occasion and asked him for our own safety as Dr. Henderson had never visited the reserve to see what we were capable of doing. Dr. Henderson did do so and on leaving he said "Why do they send me up here, Mr. Garland, you are doing fine." No persons have died.

In the early part of November when Mr. Bartlett was with Mr. Rosenberg, we spoke to Mr. Bartlett about some toys for the school children and what Mr. Perry was doing in connection with the matter. He said he did not know. I asked him as he was going back to Vancouver if he would draw it to the attention of Mr. Perry. We were speaking to a responsible employee of the Department, naturally concluded he would convey as he promised to do our desires in the matter to Mr. Perry. He told us he did not think we would get the usual ten dollars, in fact he did not think we would get anything at all. True, we got nothing at all, but by dint of hard work on the part of my wife I am most happy to say, that at the last moment we were in the position to obtain 73 toys which were given to us by friends of ours in Winnipeg, in Vancouver, and by some of the merchants whom the Indians were in the habit of dealing with. We had a little Christmas tree, we gave them their toys. It will give you some idea of the respect in which we are held by the Indians in spite of these charges of a serious nature, that we were the recipients of many baskets brought up to us by women, in many instances by the little children who are attending our school. That on New Year's night we were asked if we would go down to their Community Hall and be present at a little show the

MR. GARLAND: Indians were giving at 8 o'clock at night. The place was covered with snow and I said "No, I have no desire to break my collarbone." Within ten minutes every man in the village was up with shovels, picks, etc. and cleared a pathway to the Community Hall, and sprinkling the way with ashes to insure the presence of my wife and children. On coming away, even on Saturday and they thought we were not coming back again, they cried, one man saying "You stay, I sorry you do not stay, which way you not go I happy."
I have always received commendation from Mr. Perry for my work, from our Priests who have visited the reservation. I believe that I have given the School Inspector satisfaction in the duties which I have had to perform. My trouble has been brought about entirely by one man, that is another phase of the trouble, Mr. Bartlett..... there are some pictures as having drawn them in my quarters, I wonder does he remember the circumstances under which he drew them on the evening of September 1926 in our quarters, caricaturing Mr. Perry, ridiculing him and Mr. Cairns, Miss Delaney and Constable Sutton of the Provincial Police, in the presence of my children and the presence of my wife.

MR. DITCHBURN: That is an allegation against Mr. Bartlett and has nothing to do with the charges you laid against the Indian Agent.

ENQUIRY ADJOURNED TO THE AFTERNOON OF
FEBRUARY 7th. 1928.

MR. DITCHBURN: Mr. Perry will kindly give an explanation of the reasons for his writing this letter to you of the 22nd. of December and the reason why he took exception to the statements made in Mr. Garland's letter of the 14th. January to him.

Mr. Garland's letter states that Mr. Perry's letter is so pregnant with inaccuracies and untruths that he shudders at it, and so overflowing with bias and prejudice, and also that Mr. Perry states untruths, further that in Mr. Perry's letter of 22nd. December he insinuates that Mr. Garland is a liar.

MR. PERRY: This year, Mr. Commissioner is my twentieth year in the Service and this is the first time that I have been involved in an investigation of this nature, and I am exceedingly sorry that this unpleasant matter is coming up now.

I received from the Provincial Police at Powell River a letter dated December 7th. relating to prosecutions of Indians at Church House following a drunken brawl and fracas on the Homalco Reserve at Church House on or about the 3rd. of December last.

I acknowledged this letter, thanking the Provincial Police.

I received

February 7th. 1928.

MR. PERRY:

I received a letter from Mr. Garland dated December 8th. 1927.:

"Dear Mr. Perry:-

Mr. Rosenberg will no doubt have arrived in Vancouver, and have interviewed you before you receive this letter. You will therefore now be in possession of the details of the disgraceful affair that happened on this reservation on Saturday, in which Mr. Rosenberg would appear to have been the butt. There is no necessity for me to record the occurrence, as Mr. Rosenberg will have related the whole affair to you, at least he said that he would do so.

Yours truly."

I received a letter from Mr. Garland dated December 11th, 1927:-

"Dear Mr. Perry:-

At the recent trial of Moses Wilson et al for drunkenness and assault, Chief George Harry very badly perjured himself.

On the Saturday night, December 3rd, when the affair happened, he came to me and reported that Peter Harry was drunk. Knowing the infamous liar that he is I warned him, in the presence of witnesses and asked him three different times if Peter Harry was drunk. He replied "Yes" I made out the information and complaint and he swore to it, taking his oath on the Bible that Peter Harry was drunk and that the witnesses to this information were Noel George, Charlie Harry, Theresa Hansen and Annie Wilson, everyone of whom you will note are members of his own family. At the trial of Peter Harry for drunkenness, the Chief, who was put on his oath, declared in his evidence that Peter Harry was NOT drunk. His witnesses also stated the same, with the result that I dismissed the case against Peter Harry.

I was bound to give Chief Harry a good talking to, and did not mince matters with him and his lying propensities. This has upset him and I am given to understand that he has, in conjunction with Mrs. Thompson, concocted a letter making some terrible accusations against me, and that this letter has been forwarded direct to Ottawa. You will no doubt hear something from Ottawa, if you have not already done so.

In the meantime, I am drawing the attention of the Attorney-General to the elasticity of manner in which Indians take an oath, perjuring themselves to suit their own ends and purposes, damning another persons' reputation with as much ease as eating their meals. Some example should be made, as it is very easy to create a bad impression, and terribly hard to eradicate that impression once created. I leave the matter in your hands.

I may also inform you that on Monday morning the 5th. inst., the Chief came to the school house and asked me to let Moses Wilson off, or to let him off lightly, or he would stir up the village against me. On the same Monday but in the afternoon, Moses Wilson, himself, came up to the school-room and offered me One hundred dollars if I would try the case here instead of sending

it to

it to Powell River, as they feared I would do.
Yours truly. "

MR. PERRY:

I received a letter addressed to me on the 12th. December
by Mr. Garland:

"Dear Mr. Perry:-

At the same time that I sent a telegraph message to the Provincial Police to come to Church House I also sent a telegram to you asking you if you could see your way clear to meet me at the Hotel at Powell River on Saturday the 10th. inst., as well as asking you to reply to my message care of the Provincial Police at Powell River. Apparently the message was not sent, as I went to Powell River leaving here at quarter to four on Friday, the 9th. inst., by Mr. Bartlett's boat and on arriving at Powell River found no message for me, and, that you were not present.

In the near future I hope to be able
to come to Vancouver, with your permission.
Yours truly, "

MR. PERRY took the oath.

MR. PERRY:

In connection with the letter just read Mr. Commissioner I wish to say that I did not receive a telegram from Mr. Garland, and I have received information that such a telegram was never sent to me. This information has come from the man in charge of the telegraph office at Squirrel Cove.

I wish to point out that in the letter of December 11th. Mr. Garland himself opens up the question of the terrible accusations made against him, in other words Mr. Garland took the initiative officially, and I may say, sir, that up to that time I had heard nothing whatever of the accusations made against Mr. Garland.

On December 10th. Chief George Harry, of Church House, addressed a letter to me:-

"Dear Sir:-

I have another trouble between Mr. Garland School teacher again. Between him and Mrs. Johnnie Hackett and Mrs. Moses Wilson and Mrs. Geo Bassett. He has been wrong altogether.

Mr. Garland has asked Mrs. Wilson to kiss him for drink of whiskey but Mrs. Wilson did not want too So she came and told me.

And Mrs. Hackett has been telling me all about what Mr. Garland been doing to her, that he took her in the Catholic Church twice and also has taken Mrs. Bassett in the Priest's house for the same reason.

So Mr. Perry how's that sound to you I cannot stand to have Mr. Garland to be teacher at Church House as its a shame for the Band.

Otherwise there be trouble between him and the husbands.

So you look up the matter. Since Mr. Garland been Church House the people been getting very bad any little thing that happens in the Village they run up the School house and make the trouble twice as bigger.

Now these

Now these people are getting to be bad friends, because they always like to even between each other. So this has to be stopped before it gets to strong. Answer if you're coming.

Yours truly. "

MR. GARLAND: May I see the handwriting of this please.
In two different handwritings.
Chief George Harry can not write.

MR. PERRY: I am well aware of that. And signed by somebody on behalf of Chief George Harry, and signature not witnessed by anybody.

By the same mail Mr. Inspector Cairns received a greasy looking letter something similar to this one, only more greasy than this, setting out practically the same information. Mr. Cairns, Inspector of Indian Schools for British Columbia, and I got together and discussed this matter between us as officials. We reviewed a previous inquiry made by me at Church House on or about the 1st. of June. Previous to my going to Church House Mr. Inspector Cairns had visited Church House and on his return had reported to me that just as he was leaving Church House Chief George Harry had told him that Mr. Garland was too familiar with the Indian women and was giving them whiskey. I told Mr. Cairns that on my visit to Church House should any complaint of this nature arise I would look into the matter before

MR. GARLAND: If I remember rightly that you said to me that you had asked Mr. Cairns he being on the spot why didn't he investigate it.

MR. PERRY: I will deal with that presently.

Mr. Cairns seemed to think that was all right, although I will be honest and say that when I went to Church House I never expected that the complaint made to Mr. Cairns would be repeated to me but that the rumour, if one might so classify it, would by the time of my visit have died away as so many similar rumours amongst the Indians have done.

I went to Church^{House} before going notifying Mr. Garland that I expected to be in Church House. In Mr. Garland's evidence he produces a letter written by me on the 2nd. of June telling him I was coming and he wondered why the letter was dated June 2nd. while as a matter of fact my visit to Church House preceded the receipt by him of my letter and also the date of the letter. I think, sir, that can be explained in this way. When I go on a trip, as my stenographer can testify, I usually dictate letters cleaning up a lot of mail. It is quite possible, although I have no clear recollection of the incident, that this letter was written with a lot of others, also that I saw an opportunity to go to Church House and went, and this may account for the fact that I reached Church House before the letter in question reached Mr. Garland and even before it was written by the stenographer. I have every reason to believe that the date on that letter is correct. Whatever may have been the facts of this incident I can give most solemn assurance to Mr. Garland that there was no design against Mr. Garland or disposition to thwart him in any way in that incident.

On reaching

MR. PERRY:

On reaching Church House I held a meeting with the Indians, Mr. Garland and Mr. Bartlett being present, at this meeting. The Chief, George Harry, was addressing me in the presence of the Indians and referred to Mr. Garland as a good man, a good teacher, and that the people liked him. We adjourned, as Mr. Garland stated in his evidence this morning, for a little refreshment in the form of lunch. The meeting was adjourned to the evening and to resume at the call of the Chief, not the call of Mr. Garland, nor of the Indian Agent, but of Chief George Harry himself.

I left the boat at the wharf at the appointed time to attend the meeting, leaving Mr. Bartlett on the boat, who said he wanted to clean up before he came up to the meeting. I went along the float alone toward the village and saw Chief George Harry coming toward me. He addressed me with a whispering voice in these words: "Mr. Perry, that teacher Mr. Garland bad man. Don't you say anything to him. That man is fooling with the Indian women all the time and gives them whiskey." I responded somewhat angrily to the Chief and said to him: "In the meeting this afternoon you told me what a good man Mr. Garland was, now you tell me a different story, it is the same story that you told Mr. Cairns when he was here but you have told the wrong man this time, I am going to find out about this." "It is true", he said, "It is true. You come up to my house right now". I said: "How about the meeting?" The Chief replied: "The meeting all right. I am the boss for the meeting." He said: "I have bottle of rum that Mr. Garland gave my daughter Mrs. Moses Wilson. She drink it in my house, my wife had some, they both get drunk."

Before going to the Chief's house I went back to the boat and mentioned to Constable Bartlett what the Chief had said and suggested, in order that there be no misunderstanding, and that the incident would be properly witnessed, that Mr. Bartlett should come with me to the Chief's house. This he did, where a bottle was produced containing rum. It was a medicine bottle. I asked the Chief where he got it. He said that Mr. Garland had given it to his daughter, Mrs. Wilson. I sent Constable Bartlett to Mrs. Wilson's house to bring her to the Chief's house, and presently she came. The statements that were made both by the Chief and his daughter, and wife, were thought by me to be sufficiently important to warrant the taking of an affidavit and taking possession of the bottle with the intoxicant in it.

Now, although Mr. Garland was not more than 100 yards or so away at the Mission House, it did not occur to me for a moment to send for Mr. Garland or make any undue stir or excitement. As a matter of fact, I did not believe the story and told Mr. Bartlett so, knowing the character of the principals of the story. In any event I would not involve Mr. Garland on a simple rumour. If I were to take serious action upon each and every rumour which I hear on every hand from Indians, both I and the Department would be in hot water all the time; the teachers, officials and the Indians would have to put up with a very unpleasant atmosphere without any good results. After taking the affidavit I told the Chief I would look into the matter and I went up to Mr. Garland's residence with Mr. Bartlett; showed the affidavit and bottle to Mr. Garland asking him to give me his observations on the matter. Mr. Garland emphatically denied with the gesture of an oath

to Almighty God that he had not been guilty of supplying this Indian woman with liquor nor any other Indian woman, nor had he been guilty of any other immoral offense toward Indian women. It was a rather delicate situation for me particularly as I regard with great respect Mr. Garland and his family, also

taking

February 7th. 1928.

taking into respectful consideration Mr. Garland's seniority of years. I did not believe the story,

Mr. Garland stated yesterday he thought I was impulsive, probably we are both impulsive. I felt that if I were to bring this affidavit and bottle back to Vancouver and keep on record here against him it might give Mr. Garland a feeling that I as Indian Agent was holding something in the form of evidence against him to be used conveniently by me on some possible but not probable future occasion. So I thought I would play the game with Mr. Garland, be fair with him, so I handed him the affidavit and bottle, partly to let him see that there was no ill-feeling and that I was anxious to support him if he was innocent, as I believed him to be. Some perhaps may think that I was indiscreet for doing that but I will take the responsibility for it. We held our meeting with the Indians, finished up our business took a walk with Mr. Garland through the village and next morning left Church House.

Now the Inspector, Mr. Cairns, and I were reviewing that incident and reviewing the letter of the 10th. December received from Chief Harry. The pros and cons referred to in my letter to Mr. Garland of December 22nd. 1927 were on the one hand - the pros constituted the written statements of the Indians and the cons would be what we believed to be the good reputation of Mr. Garland - Mr. Garland with his wife and children - a responsible Magistrate. These constituted the pros and cons as we can officially interpret them.

We also decided in our discussion of the matter that we would not give Chief George Harry or any low bred Indian of his type the satisfaction of our rushing up to Church House simply because they choose to take an action against Mr. Garland by accusations and which would put them in a position at any time to say to Mr. Garland: "We write down and tell, Mr. Perry, Indian Agent, and School Inspector about you, very quick we fix you." We have known this happen before, so that if Mr. Garland thinks that the investigation should have been made promptly, I want to say that this explanation, that it was to his advantage and for his sake alone and his family that we did not rush up there. Mr. Garland stated this morning regarding certain complaints against Mr. Nicholson and in that matter I may say that it also was discussed between Mr. Cairns and myself and it was decided that instead of rushing at things that the Inspector of Schools would in due course be making his regular trip of inspection and if at that time the complaints against the teachers had not died down, the fullest investigation would be made into all the circumstances. Since that time I have been to Sliammon and at a meeting of the Sliammon Indians an Indian woman stood up in the person of Mrs. Frank Paul, castigated the men for hesitating to speak and she said the women would do the speaking. They demanded the removal of Mr. and Mrs. Nicholson, saying they were no good, and when I asked this woman who said Mr. and Mrs. Nicholson were no good, the woman said Mr. and Garland of Church House had told a certain Indian of Sliammon that Mr. and Mrs. Nicholson were no good and that if the Indians would ask the Department to remove them, they, Mr. and Mrs. Garland would come down to Sliammon and give them some service. I asked the woman the name of the Indian who circulated this report and she gave me the name of Willie Bob. Constable Bartlett and Mr. Nicholson were both present at the meeting. I did not further investigate this matter because Mr. Inspector Cairns had told me he had written to the Chief stating he would be making an official trip of inspection

In the

MR. PERRY: in the usual way some time in the near future. This Mr. Cairns had done because complaint had reached him of which he himself is able to give particulars if he wishes. I now come, Mr. Commissioner, to

MR. GARLAND: Would you permit me at this point to say that whoever the Indian was that conveyed to you that I or my wife had told anybody that we were anxious to go down to Mr. Nicholson's place was a dastardly liar, on the other hand this is a letter which I received in the early part of January of this year from Chief Tom.

MR. PERRY: I now come, sir, to my letter addressed to Mr. Garland of December 22nd. 1927, to which exception was taken in strong terms by Mr. Garland in his letter to me of January 14th.

I may say that in the meantime the Agency launch had returned from Northern points and Mr. Bartlett and Mr. Rosenberg were in the City. I had before me the three letters of Mr. Garland already referred to of December 8th. 11th. and 12th. for reply. There is only a weekly service to Church House, which accounts for the fact that these three letters were answered at one and the same time. Mr. Rosenberg gave me the particulars of the mixup at Church House. I had sent him there to supervise the renovation of the interior of the Indian houses. He reported to me that whilst sitting in his cabin on the Reserve on the Saturday evening in question Moses Wilson and his son Albert, Indians of Church House, came into the Reserve in a state of intoxication on their way to his cabin and had told him that they could easily black his eyes if they wanted to. There appears to be no particular reason for these threats beyond that these men were drinking. Mr. Rosenberg explained that he saw Wilson about to leap on him when he ducked and the Indian Wilson came into contact with a Church House Indian named Tommy Paul. A fight began and the door flew open and there was an inrush of men and women, a general melee or free for all fight in which some of the Indians were injured. Mr. Rosenberg is a Danish puglist and could easily have cleaned up the lot of them, but refrained from doing so because I had warned him before going to Church House on no account or at any time to have any trouble whatever with the Indians. That in short is what he reported.

MR. GARLAND: Those details related to me are entirely new to me. I insisted upon his staying in our quarters because he was afraid to go down.

MR. PERRY: In regard to this letter, Mr. Commissioner, I will take it clause by clause as far as I can. I notified Mr. Garland that Mr. Rosenberg had given me the details verbally. In addition to Mr. Rosenberg's information however, Dominion Constable Bartlett had returned to Vancouver and had discussed with me the various phases of the cases at Church House. He told me certain Indians had complained that they had incurred expenses in aiding Mr. Garland in the prosecution of the cases against the defendant Indians, also had given certain information, but that although the Indians had done this and had incurred the expense of using gasoline and their time going from Church House to Squirrel Cove, they had not been paid anything for their services and they felt they should receive compensation. As far as I am able to recollect Mr. Bartlett gave me to understand that he had

Investigated

MR. PERRY:

investigated the circumstances and found that the Provincial Police had laid the information. I could then readily understand how unless provision had been made for it by the Magistrate, the Indians might not receive either the motties of the fine or any expenses incidental to the costs of prosecution.

Mr. Garland said in his letter that he was calling the attention of the Hon. Attorney General to the matter of certain Indians perjuring themselves and when I read his letter I naturally concluded he had done so. I could not interpret this letter any other way except on a strictly technical analysis, and I wish here to say that if it were necessary for any official handling the amount of correspondence which we handle in this office to split hairs as it were over the technical interpretation of every word we would never be able to get through our work with the present staff. In fact, one would need almost a scholastic professor to satisfy Mr. Garland, if one can judge by the evidence he gave yesterday on this point. I say this with great respect to Mr. Garland. Here I feel that I should give you an idea of a portion of the correspondence that has had to do with Mr. Garland and the Indians in the few months he has been there.

Here the Indian Agent showed the Commissioner two extraordinary files of Mr. Garland's correspondence.

MR. PERRY:

Now, sir, it is for you to judge on that point. I may not have been strictly technically correct but if you will take the contents of the letter itself, you will not see therein any offence to Mr. Garland. I maintain there was no indication of a lie and I say there was no lie in except that it may be said to be a technical one.

I felt it was not a matter of my interference. I never interfere with the course of correspondence between the Stipendiary Magistrate and Attorney General, although I am a Justice of the Peace ex officio it is not within my province to interfere with cases where Indians perjure themselves. You quite properly put it before the Attorney General and I had no jurisdiction to interfere.

My position, Mr. Commissioner, will have to be judged by you on that point. I acted as I thought it best at that time.

"It is understood that you have been in communication with the Indian Commissioner."

This, sir, is what in connection with your enquiry on your visit, in which you informed Mr. Bartlett that you had received certain communications with regard to these cases and I assumed, and take responsibility for assuming, that the cases had been communicated by Mr. Garland. It was my understanding. I did not say that Mr. Garland had communicated with the Indian Commissioner.

"With regard to your statement that Moses Wilson offered you \$100.00"

In this matter, Mr. Bartlett reported this incident to me verbally, and before this letter was sent to Mr. Garland I read this communication to Mr. Bartlett to be sure it was correct.

MR. PERRY:

This letter was not written with any intention to complain but to show you how far I could go in this matter, and get the details with which I was not familiar.

"This, also, however,"

By machinery, Mr. Commissioner, I mean the machinery of the law, where you have a Magistrate with power to deal with the cases and Provincial Police to deal with it. The perjury complained of by Mr. Garland took place, I presume, at the cases in Court.

"Under the circumstances....."

There is no need for further comment on that, sir, I have already said that when anything is in the hands of the Commissioner, it would be quite improper for me to interfere.

"It has been reported to me"

That was my information from Mr. Bartlett.

"that you allowed Indians to incur expenditure..."

You sent Willie Francis down from Church House to Squirrel Cove.

In this letter I say "It has been reported to me" That report to me, as I have already said, was by Constable Bartlett in the course of his duty and accepted by me, and I wrote to you to get your confirmation and seek further light. The very fact that I wrote this letter to you shows that I wanted to get your view. No reflection on you in writing this letter.

Now, in regard to the complaints of a very serious nature I again repeat that Mr. Garland himself opened up the first official communication in regard to complaints made against him of a very serious nature. Regarding complaints of a serious nature I stated in my letter that Inspector Cairns and I had been discussing them pro and con. By pro I meant the review of the incident at Church House when Chief Harry made complaint against Mr. Garland to Inspector Cairns, and the examining of the recent complaints of the Indians which had been received. By cons in this letter I referred to the attitude which I took officially at Church House in June when complaints were made to me against Mr. Garland, and also our own personal feeling and goodwill toward Mr. and Mrs. Garland and their family. We decided instead of rushing up to Church House immediately to satisfy a few disgruntled and ill bred Indians it would be better to make a quiet enquiry in the ordinary pursuit of official business. Had we rushed up to Church House immediately on hearing of these complaints, it would give any Indians ill-disposed towards the teacher an opportunity to confront the teacher with the threat of sending for the officials, if they, the Indians, thought that by so doing they would have a train of officials rushing up to investigate their scandal. I feel that the course taken by Inspector Cairns and myself was most manifestly fair toward Mr. and Mrs. Garland.

Now we come to complaints of a very serious nature received from Church House Indians:

MR. PERRY:

On January 3rd. a letter was addressed to me from Ottawa as follows:

Sir:

The Department has received a communication from an Indian at Church House, B.C., who signs the same "Chief Geo. Harry", in which he makes certain statements regarding the personal conduct of Mr. A. H. Garland, teacher of the Homalco Indian Day School. I shall be pleased if you will state whether any notice should be taken of his letter and also, if you have any information regarding the associating of Mr. Garland with the Indian women on the Reserve, if you will furnish a full report regarding same.

Your obedient servant,
A. F. MacKenzie."

In answer to the Department's letter I sent this letter dated January 17th. 1928:-

"Sir:

I beg to acknowledge receipt of Departmental letter No. 167-33-1, dated January 3rd. instant, relative to complaints reaching the Department as to the alleged misconduct of Mr. A. H. Garland, Homalco Indian Day School Teacher with Indian women in the Homalco reserve at Church House, B.C.

In reply I beg to say I would suggest for the present acknowledge the letter saying the matter is being investigated by the Indian Agent. I propose going to Church House at the earliest moment when I will fully investigate the complaints and make a complete report to the Department. I may say that I have received complaints before about similar alleged conduct on the part of Mr. Garland, but the complaints have come from the members and relatives of Chief George Harry, while a petition has reached me from practically the balance of the band members referring to the Chief as a bad man and a "mink" and asking that the teacher be kept in his position. Mr. Garland is a Stipendiary Magistrate and in this capacity has taken very drastic action recently amongst the members of Chief Harry's family for drunkenness in the Homalco village, fining them heavily.

The Department will probably remember that formerly the Homalco Band were in two divisions - the Homalco and Orford Bay, respectively. These two factions have never been well disposed towards each other and I have repeatedly endeavored to keep them united in one big family which is always best for the Indians in every way. Unfortunately these Indians are of a very inferior status and it is not to be wondered at if they, upon the least provocation, revert to antipathies and quarrelling especially where intoxicants are introduced.

The Department will probably remember that some time ago I was complained against by the same Chief to the Department because I threw him out of my office in Vancouver. The Chief is inclined to the use of intoxicants and I have received several complaints against him.

Apart from this I have received rather disquieting report from responsible white sources as to Mr. Garland's conduct with a certain Indian woman, but unfortunately I cannot get the matter of complaint in writing although I have tried to do so. If I could obtain proof of this report

I would

I would immediately recommend action by the Department. Until this report is cleared up I am naturally suspicious that there may be something in the rumours going around about Mr. Garland's conduct; although it is hard to believe them as Mr. Garland has his wife and three children residing with him in the house and village.

Another matter is that of an affidavit which I took from Chief Harry's daughter, Mrs. Moses Wilson, on a visit to Church House to the effect that Mr. Garland had given her a medicine bottle full of rum and that she had taken it to the Chief's house and made her mother drunk with it. The bottle, half full of rum, was handed to me by Chief Harry. Upon presenting the affidavit to Mr. Garland and showing him the bottle, he denied it on oath and crossed himself as a Roman Catholic saying he believed that the occurrence was a machination of certain white residents in the locality, who had been dealt with by Mr. Garland as a Magistrate, in concert with a few disgruntled Indians. Mr. Garland swore he would try to get at the bottom of the matter but so far he has failed to do so and the recent complaints are apparently a recrudescence of the old feud between these particular Indians and Mr. Garland.

While I feel it is a good thing to have a representative of law and order in the person of a Magistrate in the vicinity of Church House, which is the most remote settlement in Vancouver Agency, and Mr. Garland's removal may not be the best thing, yet the charges made against him make it imperative, in the interests of the Department as well as the Indians, that the fullest possible investigation be held and I intend going carefully and without fear or favor into the matter of these complaints.

Your obedient servant. "

MR. PERRY:

Mr. Garland addressed a letter to me on January 6th., as follows:

"Dear Mr. Perry:

I have for acknowledgment your letter of Dec. 22nd. relating to the prosecutions which recently took place at Church House. I have been so full of work this last week, that, I find it an impossibility to reply to it in the manner that I desire to do but you may rest assured that you will have my reply by the next mail from Church House.

Yours very truly."

On the 6th. of January a petition was addressed to me from Church House:-

"Dear Sir:

This letter we want you to have and also the School Inspector and if one wanted for Ottawa we send one there too. It is signed by the chief of the church, by the Council and by all of the men who are in the Village now. We know what George Harry try to do to the teacher and also Mrs. Thompson and Arthur Prendergast help Geo Harry. We know Geo Harry tell lies to make trouble for the teacher we all the peoples love our teacher and his wife and family. All the children loves him and all the womens tell he is a good man and helps everybody. We cannot lose our teacher for our hearts will be very sore. He is a good teacher only George Harry and his family dont want him because Geo Harry he drinks and he makes drink and he scared for the teacher. Our teacher must stay

right here

right here with us, all his living and not go away we all love him, and we all want him, mens women and childrens. Geo Harry and his family tell lies he same as mink. We know. We want to find out if Geo Harry says all the peoples sign that letter that he sends to you about the teacher, if he does, then he is a mink and a liar.

MR. PERRY:

Now, sir, I wish to call your attention to the fact that this petition contains names which were on the original accusation against Mr. Garland, and that is also why no haste was made in rushing up to Church House to deal with the matter. Neither of these is witnessed properly.

I can say emphatically, Mr. Commissioner, that since the day Mr. Garland applied for the position I have exercised every reasonable thought and action to make Mr. Garland's work successful and to make living conditions as happy as possible for him and his family. I am quite sure that the Inspector of Indian Schools can testify that in comparison with other Indian Day Schools the Department's treatment of Mr. Garland's Indian Day School has been magnanimous in every way. To show my position and my kindness of heart towards Mr. and Mrs. Garland I met Mrs. Garland at the C. P. R. train with my car and drove her and the children around Stanley Park and showed the children the Zoo, and then drove them around the City. I went down to see them off on their departure for Church House and wished them godspeed. I did it to show goodwill, and respect for a lady. I want there to be no reflection on my general conduct toward the lady

Since Mr. Garland went to Church House we have recommended to the Department the furnishing of his home. We have supplied for the use of the Field Matron

The expenses for drugs as Mr. Ditchburn will know has been quite considerable and generous in comparison to what other schools have received. We have put in for the benefit of the Indians at Church House a water supply system. We have repaired the bridges and roads. We put an addition on Mr. Garland's home with bath room equipment.

I am not saying these things because we have done anything wonderful but to show that Mr. Garland will have no suggestion of bias or prejudice or official ill-will. Considerably more has been done for the Hemalco School and more elasticity given that the usages of the Department have allowed for many other schools.

He has asked for a new building to accommodate the teacher and his family at Church House. This fact has been quoted by Mr. Garland as indicative of bias and prejudice. When that application came in I discussed all phases of it with Mr. Inspector Cairns. We decided that the building up there by expending \$500. would be comfortable for a few

years to

MR. PERRY:

years to come

Mr. Garland asked for tools to be sent up for cutting the thread pipe to take care of a little job there. These tools were purchased from Messrs. McLennan & McFeely Ltd., and sent up but unfortunately Mr. Garland is not expert in the use of tools. I doubt if you could classify him as a handy man as far as doing odd jobs is concerned,

When the request came for certain plumbing work to be done you, Mr. Commissioner, will know that the Department was asked by me through yourself to have the engineers of the Water Power Branch prepare a report, to go fully into the water supply for the convenience of the residents at Church House. Owing to the amount of business on the shoulders of the Water Power engineers in the Interior and elsewhere, they were not able to give immediate attention to the Church House requirements. After many months the report was sent me from Mr. Ditchburn, he having received it from the engineers. It was sent to me with instructions to obtain from the Church House Indians in a meeting a resolution authorizing the expenditure, based on this report, of Band funds. This all was done and in due course the water system as recommended by the engineers was completed, I trust to the satisfaction of Mr. Garland. While these negotiations were pending Mr. Garland asked me to send a plumber up from Vancouver to repair a pipe which appeared to be in a leaky condition causing dripping which seemed to annoy Mr. Garland and family very much. I sent Mr. Garland's recommendation to Ottawa. Mr. Bartlett helped me prepare an estimate of the cost of sending a man up, and we figured his time and expenses would be not less than \$50.00,

and in order to cover this contingency I recommended that the Department send a man up to do this work unless it was the intention of the Department to have the whole thing covered at an early date by the engineers of the Water Power Branch. The Department replied that they would wait for the resolution of the Church House Indians.

This is the reason, sir, that Mr. Garland's request for immediate attention to his water pipe was not concurred in to his satisfaction.

With regard to Mr. Garland's complaint about the leaky roof I forwarded Mr. Garland's report to Mr. Ditchburn. I also placed in my estimates in September last numerous items covering the Church House services including repairs to the School building, etc. and sent a copy of my recommendation to Mr. Garland for his information. Now since those estimates have been sent in no word has been received from the Department as to whether these estimates are allowed or not and I presume that is because the estimates have to be presented during the present session of Parliament.

Also during the course of negotiations of services at Church House with Mr. Garland I received instructions from the Commissioner that no expenses were to be incurred of any nature whatever without Departmental authority as the appropriations made last year were running very low and the strictest economy had to be exercised.

It was a letter bearing on that subject as written by me to which exception was taken yesterday by Mr. Garland in his evidence by which he endeavored to show that the letter contained some evidence of bias and prejudice.

MR. PERRY:

In Mr. Garland's evidence yesterday he mentioned the fact that for some time I had provided him with postage stamps in connection with his official correspondence with this office, and that is quite true. I did send to Mr. Garland from my own stamp supply occasionally One Dollar's worth or so of stamps because I felt that he was taking an interest in the welfare of the Indians and wrote a good many letters in behalf of the Indians and the local services. One day, however, I received a request from Mr. Garland for the sum of \$8.00 to cover the cost of postage incurred by him in writing letters to me. I replied asking Mr. Garland to send me a receipt because I knew that the Department would not pass the Voucher without it. Mr. Garland was not able to furnish me with the receipt, and I have never received it.

MR. GARLAND:

I had spent \$8.00 during my period of service up to the time I had written the letter. I had bought these stamps from time to time and had not obtained a receipt, and let the matter drop.

MR. PERRY:

I wrote Mr. Garland suggesting that he put an item for postage stamps to the Indian Agent in his next requisition for supplies. Mr. Garland did not do so, however, and when his requisition came in I incorporated this item for \$5.00 together with other items. The requisition was dealt with by the Department and I was informed by the Department that the Department did not provide postage stamps for teachers. I felt, sir, that I could not draw on my local postage stamp supply any further than I had done without receiving the disapprobation of the Department.

Now, Mr. Commissioner, if there is any point I have failed to cover, I wish, if you have any note of it, that you would let me know.

In regard to the matter of relief I think that matter has been made to your satisfaction - the Gerrard case.

In conclusion, sir, I wish to say that I have nothing but the greatest respect for Mr. and Mrs. Garland. I do not claim that they are in my opinion the best qualified people for handling the Indian situation but I will say I believe they have been conscientious in their work and straight and above board in their correspondence and associations in general. The reason for this observation is this, that it will be apparent from the nature of the correspondence now put in as exhibits that Mr. Garland is inclined to be too severe in his analysis of activities - either Indian or official.

If Mr. Garland would spend the same amount of energy in seeking the things that are attainable and accomplishing the things that can be accomplished that he exerts in voluminous correspondence which makes a great deal out of trifling things, I believe he would have better results, and a kinder feeling would exist both between him and the officials and the Indians.

Mr. Garland states that he thinks I am impulsive, and in this I might say that I have found often my impulsive disposition to lead to good results where hesitation might have utterly failed me.

Just one

MR. PERRY:

Just one observation in conclusion. I leave it to you, Mr. Commissioner, to judge whether or not it is becoming for any man holding a position for only something short of 18 months to so seriously reflect upon the administration of an Agency headed by a man who has twenty years of active work as a responsible Agent of the Government amongst the Indians. I do not claim that I am perfect, I have my faults like other men, but it hurts very much when a man of Mr. Garland's intelligence and status uses such language as he used in his letter to me in referring to my work in which I am quite as deeply interested, and have always been, as he himself contends that he is. I say that you, sir, and the Department will judge as to my efficiency, and I repeat now most seriously the representations that I made to you, sir, in writing that in view of the nature of this investigation, some one must be relieved of his position in the interests of the service. We cannot allow this contentious spirit to continue in this Agency. The issues are too important and the work of too serious a nature for us to allow conditions like this to go on unchecked in a very decisive manner.
That is all, sir.

MR. DITCHBURN: I think that both of you have had a very fair opportunity to express your views with regard to this investigation. I have all the evidence in connection with it, and my report will be submitted to my superior officers.

But I will tell you candidly I cannot censure in your remarks that Mr. Perry as Indian Agent has acted in a manner of bias and prejudice toward you, nor did he say an untruth in his letter of December 22nd. of which you complain.

You have drawn a very fine line with regard to the statement made by Mr. Perry that you had taken up the matter of perjury with the Attorney General. In your letter to Mr. Perry you state you are taking it up and Mr. Perry in his letter of the 22nd. December states that you have brought the matter to the attention of the Attorney General. It was quite a slight mis-statement on the part of Mr. Perry and I take it it was not done intentionally, but the natural assumption that after a person had written he was taking up the matter on the 11th. of December the other party receiving the letter 11 days later would be perfectly within his rights in concluding that the matter had been taken up. Therefore, I do not think you can accuse Mr. Perry of lying in this particular instance. I feel satisfied after Mr. Perry's explanation to you that he has not been prejudiced or biased in any way.

All these Departmental matters are dealt with by officials in a confidential manner before they can become public property.

Regarding charges made against Mr. Garland Mr. Perry said that he and Mr. Cairns had discussed that matter pro and con which to my mind was a perfectly proper thing for two officials to do. Mr. Perry is the senior officer in this Agency, Mr. Cairns is Inspector of Schools for the Province of British Columbia. These were statements made to Agent Perry and Inspector Cairns alleging improper conduct on your part; Mr. Perry and Mr. Cairns discussed this matter between themselves to determine, as explained

February 7th. 1928.

as explained by Mr. Perry as to whether or not the allegations were worth probing in which knowing the situation at Church House as I know it myself, I take it that had these statements come from a more responsible character than Chief George Harry, the matter would have been sifted to the ground right away. However, I do not think, Mr. Garland, that you have made a single point against Mr. Perry in any of your allegations against him. I think I agree with you in the remarks you made early in the day which were to the effect that had the matter been given more mature consideration, it is possible that your letter would never have been written.

In my report to the Department, I feel that the letter was entirely unjustified, but should the Department say that I have made an error in my judgment I am quite willing to abide by the ruling.

I am sorry this matter has come up because between officials of the Department we expect co-operation. We are not always right in everything we do but there must be a spirit of fairness exist, and unless a person goes wilfully wrong all the time we must give them credit for trying to do the best they can under all circumstances. I do not think, Mr. Garland, that this Department could have dealt more kindly with you in any shape or form.

I may say candidly you have been criticised by myself in your items for drug supplies. The orders you placed are not exceeded by any that are put in by any doctor in the Province. Your position as teacher does not warrant you the disposition of medicines, nevertheless I realize that you have some knowledge of medicines.

We have spent a very great amount of money in Medical supplies for the Hmalsee Indians, supplies that are not often given to Field Matrons but only to doctors. Field Matrons can only be supplied with simple remedies for the alleviation of distress on the part of the Indians for the time being until they can be attended by the Doctor of the District. I must now say we have dealt with you very liberally.

Mr. Perry has never taken it upon himself to criticise your requisitions in any way, shape or form. He has passed them along without any comment whatever and which is proof that he was not biased or prejudiced against you.

**CONTINUATION OF INVESTIGATION
HELD AT THE VANCOUVER INDIAN
OFFICE.**

February 8th. 1928.

Mr. Ditchburn referred to the enquiry held on the 6th. & 7th. February.

MR. DITCHBURN: The complaints made against Mr. Perry are not well founded, and that settles that phase of the question.

We will, therefore, now follow up by dealing with any complaints Mr. Garland may have against Constable Bartlett, as that seems to be the underlying source of the grievance.

The only thing that I have on my file in this regard is a letter from Mr. Garland dated 14th. January, 1928:-

"Sir:

I am regretfully forced to address this letter to you on account of the Machiavellian activities and deviltries exercised by Dominion Constable T. T. Bartlett, against me, and my family; disseminating lying reports and calumnies in his parading up and down the Coast in these waters, so that my existence has been made a perfect hell through the intrigues of this officer.

The latest infamous and scurrilous report, emanating from the lips of this man, is to the effect that I and my wife are not married - that my WIFE is really my DAUGHTER - that our children are grand-children, and that I and my wife are living in a condition and state of "incest".

May I ask you, Sir, to name a day upon which I can meet you in Vancouver, and there thresh this man's conduct out?

I earnestly beg of you to give the matter your most earnest and serious consideration, as I cannot put up with this man's infamous conduct any longer. "

Now in connection with this particular complaint against Mr. Bartlett I have learned that he has written an apology to Mr. Garland, dated 20th. January 1928.

(Copy of this letter not left by Mr. Garland)

Now Mr. Garland you have intimated in your remarks the other day that you had other complaints against Mr. Bartlett.

MR. GARLAND:

I have already at the commencement of the investigation that has been conducted the past two days mentioned some of the idiosyncrasies of Mr. Bartlett. As you have taken up the case which was commenced this morning, sir, of the scurrilous report made by Mr. Bartlett in connection with my wife and I not being married, I would like to tell you just what happened at the time this statement was made.

The afternoon of the 8th. December, Thursday, 1927, Mr. Bartlett came to my quarters and wanted to know something about why the Indians should not be granted moities. I told him as much as I was to tell him at the time. He was not present at the time of the trial. I just told him the facts in short. I then told him that I desired to go to Powell River very urgently and I expected to meet Mr. Perry in Powell River and asked him as he was leaving the following

MR. GARLAND:

day, if he would take me to Powell River on his boat. He acquiesced, and went away. On the morning of Friday, the 9th. of December, I went to his boat, which was lying against the wharf at the Reserve, at about 9, bidding him good morning when I got to his boat and asking him what time he intended pulling out so that I could have my grip on board. His back was turned to me at the time. He turned round in savagery and a temper. Said that he would not take me. I said: "What is the matter, Bartlett?" and he turned around to me and said "What did you go and tell Mr. Perry that I had given a sweater to Constable Boyt fer?" I said "Because it was my duty to do so." These sweaters had been given the Department I understood from Mr. Perry from some charitable for distribution amongst the Indians. I was already in possession of one of these sweaters. Chief Harry had been given two. He brought one of them to me. I did not know at that time the source from which they were obtained other than that they came from Mr. Bartlett. He asked me one dollar for one of them. I gave him a dollar. I turned around to Mr. Bartlett and said "Bartlett, I have had enough of this. Every time you come here you are trying to create a quarrel. I will go in to Vancouver and maybe on to Victoria, but I have had enough of your surliness for many months now, and we will have a showdown." He then started about things in connection with Mr. and Mrs. Nicholson. He admitted, as Mr. and Mrs. Nicholson had told me, that he had been in the habit of going to their quarters and asking for what they termed a square. I suggest that it was a meal. That he had not had a square since he had left Vancouver and that it was time he got his square, and he said "I suppose they did not tell you that I recompense them for it, they did not tell you I had taken armfuls of stuff up for them from the boat", and said "I suppose they, Mr. Nicholson, did not tell that I had nursed him out of D. T. 's." I said "No, they did not." "Well, I have." He asked me if Nicholson had a drink at that time. I said I believed he had. He said "Nicholson is an irresponsible chap, undependable. You cannot believe anything he says when he has had a drink of liquor." I said: "Bartlett that does not affect me. The only thing that affects me is your surliness and the underhand things you do to me when you come on this Reserve." said "I do not want a show down, Mr. Garland, I want to be friends. Do not go to Nicholson because I have made friends with him. You must forgive me for being cranky this morning. I had a rough night, been blowing hard, and my boat beating up against the wall, and I have had scarcely any sleep. So let us drop the matter and I will take you down to Powell River. I will let you know what time I am pulling out. I will send somebody up."

As I was coming away something must have seized him for he turned around again in a temper and said that he had been told that I was not married, that my wife

I turned on him then rather savagely. First of all before he made this statement he said "I will tell you something that you do not know. Promise me that you will not tell your wife."

I said "Bartlett, do you know the seriousness of what you are saying. You will tell me who told you this, Bartlett." He then said he had been told it by an Indian from Sechelt.

MR. GARLAND:

I said to him "Bartlett, that is no Indian yarn. An Indian does not know the meaning of incest. No Indian could have told you this yarn. This is an emanation from your own mind done to give me pain." And I came away in somewhat of an anger. He turned again and said that he would not take me down on his boat. Told me that if I wanted to go to Powell River I could hire a boat.

I went straight up to my quarters and told my wife just what had occurred and the statement Mr. Bartlett had made concerning her. I said to my wife "I am going on that boat to Powell River more now than ever before. I will insist on Mr. Bartlett taking me to Powell River. I have as much right to go down on that boat as three workmen from another Department. There is ample room to take me, and why Bartlett should act in this manner I do not know."

I went back again to the boat. Mr. Bartlett was still on board and I said to him "Bartlett you are going to take me down on this boat. I am here now on your boat, and I am prepared to stay here until you pull out." He then said that he was in charge of the boat and he could please himself who he took." I said "I do not care, Bartlett, I am here on this boat and you will take me to Powell River. I will not budge from the boat." After a few minutes he said alright he would take me.

Going down on the boat he was very kind, offered me something to eat on board, was particularly anxious to know whether I was going to stay at the hotel or some friends. If I was going to the hotel I could expect him shortly after and that he would come up to my room. I went up to the hotel with the full expectation of meeting Mr. Perry there in response to a wire which I had sent by an Indian to Mr. Ewart for transmission to Mr. Perry, but I found Mr. Perry was not there. I went to police quarters then to see if a telegram had been sent by Mr. Perry to me care of the Provincial police as requested in the telegram. It was sent on the night of the 3rd. of December. There was no telegram for me. Before leaving the boat that night Mr. Bartlett asked me again what I proposed doing. I said "I do not know, Mr. Bartlett, but it is quite possible that after I have done what business I have to do here in Powell River, I will go on to Vancouver and to Victoria if necessity warrants."

Mrs. Garland took the oath in order to corroborate Mr. Garland's evidence.

MR. GARLAND:

I have related to you before on the early part of Monday some things which Mr. Bartlett did. He described Mr. Perry to us as being a liar and to emphasize the fact that Mr. Perry was a liar to told us this tale, my wife and I both sitting in our quarters while Mr. Bartlett related this tale. That on one occasion when the Assistant Secretary of the Department, Mr. McLean, had come to Vancouver on business in connection with Indian Affairs he was staying at the Vancouver Hotel; that Mr. McLean had rung up the office about 9.30 asking for Mr. Perry, if he was in and if not in to give him the message that Mr. Perry was to go to the Vancouver Hotel immediately; that at 10. o'clock Mr. Perry had not arrived and that Mr. McLean had rung up again urgently; that at 10.30 Mr. Perry came in and made some apology as to being late that morning, and as an excuse said that he had been in close business with Mr. McLean ever since 9 o'clock; and that Mr. Bartlett then turned around and said "That is strange, Mr. Perry, Mr. McLean has already rung up here twice for you at 9.30 and 10 o'clock and wanted to know where you were, to tell you to go to the Vancouver

Hotel

February 8th. 1928.

MR. GARLAND: Hotel. Mr. Perry said "I suppose I had better go on." Without offering any excuse for the falsehood he was supposed to have told. I will ask my wife, sir, if the statement I have made is not in fact and substance true, as she was present at the time when Mr. Bartlett related this. Is this statement that I have made both in fact and substance true?

MRS. GARLAND: Yes, quite true.

MR. GARLAND: Mr. Bartlett has on many occasions in the presence of my wife and myself and my children, has also in the presence of myself, my wife and Indians stated "Mr. Perry too much automobile. That is why you do not get things done." So that today it is quite a byword amongst the Indians - Mr. Perry too much automobile. Is that statement true both in fact and substance?

MRS. GARLAND: Yes.

MR. GARLAND: He ridiculed Mr. Perry in the presence of my wife and children by saying that Mr. Perry aped a yachtsman. That when he came on a trip on the boat he bedecked himself with a yachtsman's cap, uniform cap, white trousers and would insist on taking the steering wheel, and if you only looked out of the back window to see how the boat was going (gesture) Didn't Mr. Bartlett say that in your presence?

MRS. GARLAND: Yes.

MR. GARLAND: Said that Mr. Perry would quote fictitious numbers and dates of letters purporting to come from Ottawa saying that your applications or requisitions had been turned down. Impressed us strongly with the fact that not one-eighth of our requisitions had ever been sent to Ottawa. Advised me to write to Mr. Perry asking him to quote the number and date of some letters that Mr. Perry had written to us about things to come from Ottawa and then to write to Ottawa and find out if such was the case. I was so strongly impressed with this that I said "Mr. Bartlett, Mr. Perry would never do a thing like that." I got the reply "You don't know Mr. Perry as well as I know him." Is that not true in substance and fact.

MRS. GARLAND: I remember Mr. Bartlett walking around the room and saying it.

MR. GARLAND: Mr. Bartlett informed me on a trip that I took with him from Church House to Powell River - he took me down to get my oath of allegiance and oath of office subscribed to a form at the time I was made a Stipendiary Magistrate - and he was discussing Mr. Perry. His statement was that Mr. Perry was a broken-down Methodist parson, who had been chased out of Alert Bay or the people would have killed him. Whether Mr. Perry is a Methodist I know not, sir, whether he was a parson I know not, whether he was ever in Alert Bay I know not.

During the Dominion elections when the result of the elections were known Mr. Bartlett was in our waters and came to our quarters. He said that he knew that if the Conservative party got into power, that Mr. Perry would have his head chepped off and that he, Bartlett, stood a good

chance

MR. GARLAND: chance of getting his job.
Is that not true?

MRS. GARLAND: Yes.

MR. GARLAND: In connection with the troubles at Sliammon, I do not know whether they are true or not, all I know is what Mr. Bartlett has told me; but Mr. Bartlett told me that at a jamboree or some sort of a party which was held at Nicholson's house that Nicholson and Perry got so drunk that they found themselves next morning in the same bed with their boots and clothes on.

He said in the presence of my wife that if it was not for him, Bartlett, that Perry could not hold down his job for five minutes; That Bartlett and Miss Delaney did all the work while Mr. Perry flew about in an automobile and smoked cigars. Is that not true in fact and substance?

MRS. GARLAND: Yes, it is true.

MR. GARLAND: With regard to Mr. Cairns, in the presence of my wife and myself he stated that Mr. Cairns could not hold his job as Inspector of Schools in the Provincial Government for five minutes.
Is that not true?

MRS. GARLAND: That is true.

MR. GARLAND: Mr. Perry in his letter to me of January 21st. states I would like to know what reports have been made by the Constable that are not in accordance with the truth. I will state them. Shortly after my going to Church House, you will remember, sir, because I got one letter from you, I reported very strongly on sanitary conditions of the village and to me who came from a clean city, Winnipeg, and then Vancouver, the conditions were, as stated in my letter, appalling. I understand that Dr. Henderson had just a short while previous had also made a report on the sanitary condition of the village. However, it would appear that the reports made by Dr. Henderson and myself were not satisfactory to Mr. Perry, who sent Constable Bartlett up to make an independent report. Bartlett came up for that specific purpose and he and I went around to the different beauty spots and came back again. He was then satisfied that my report was true. He said he would back my report in every way and that he would send me a copy of his report. Mr. Perry I think will tell you as he has told me that Mr. Bartlett's report was, to make it short, that the village was no different to any other village. I might add that I never got a copy of Mr. Bartlett's report, promised me by him.

On Monday the 27th. September, 1927 Mr. Bartlett was lying at the Government Wharf and I believe around about midnight an Indian boat pulled in with two girls on it, one named Jessie Louie aged 17, married, and the other Catherine Louie aged about 14, single, and on board was Arthur Prendergast when the two girls got off the boat, walked up the float to the reservation and store, that Mr. Bartlett told the two girls afterwards that they were not to go away, leave the reservation, in a boat because he wanted them to come up to the school house. In the morning knowing that Mr. Bartlett was in I was going down to the wharf to see him when I met him coming from the wharf with two Indian girls in front. He then told me what had occurred the night before and that he was bringing these two girls up to the school house for the purpose of my taking an affidavit from these girls as to what they had been doing on board the boat with Arthur Prendergast. The girls

demurred

February 8th. 1928.

MR. GARLAND:

demurred about coming up and one, Jessie Louie, said that she would not come. Bartlett got hold of her by the scruff of the neck and threw her to her knees at the same time giving her a kick from behind. I remonstrated with him for his conduct towards a woman, even though she was an Indian and got the reply; "It is all right for these." Jessie Louie will corroborate that statement today or any time you send a responsible official up there. The affidavit was taken, the Indian girls came up. And I considered that there was something in the affidavit made by these girls by which a charge could have been laid against Prendergast, observing that one of the girls was 14 or 14½ years of age. I gave the affidavit to Mr. Bartlett saying "Send this to Mr. Perry. Ask Mr. Perry to refer it to Departmental counsel for advice as to whether there is anything in this affidavit that would warrant a charge being laid against Prendergast." I understand from Mr. Perry that the affidavit was sent to him or taken to him by Mr. Bartlett and that Mr. Bartlett reported that he and I had discussed that affidavit and had come to the conclusion that there was nothing in it to warrant any further action. It was not true.

Recently I wrote to Mr. Perry in regard to a request made by an Indian named Jimmie Wilson for some extra relief. His smoke house had been burned down and he had lost all his summer's catch of fish that he had put by for use during the winter as well as a lot of shingles that he had salvaged. He was hard up. I referred the matter to Mr. Perry and asked Mr. Perry that as Mr. Bartlett was in the vicinity of these waters would he instruct Mr. Bartlett to make the investigation. Mr. Perry wrote me and told me that he had done so and that Mr. Bartlett would make these investigations. During Mr. Bartlett's recent sojourn, on Friday the 25th. November, 1927 Mr. Bartlett came up to our quarters about this matter; asked me to tell him what I knew about it. I told him what I had told Mr. Perry. Jimmie Wilson said that he was in a state of distress; his smoke house had been burned down; and had no blankets; and children without boots, stockings and clothes.

Mr. Bartlett remarked that if Jimmie Wilson depended on him to get any relief he had another think coming. Mr. Bartlett went over to Old Church House and took Mr. Rosenberg away from his work of supervising the painting on Saturday the 26th. November.

He states that he was informed by Chief Harry that the number of shingles destroyed was only 60 bundles. What would Chief Harry know how many bundles were in the house. I know that Jimmie Wilson is a sick man, has been sick for a long time. You can have him medically examined by any medical man you wish. He is suffering from kidney disease and dropsy. The man is not able to work. He did work on the drainage when the engineers were up there, but he did not appear to be working as well as any of the others, as Mr. Bartlett states. He worked because his smoke house had been burned down. He had no money. He lost all his fish. He was in dire distress, and he worked so as to get some money to keep himself, wife and children. During the time he was working he was in agony

and on several occasions when he came up to get relief.

What was the object in taking Mr. Rosenberg over to examine a small Indian smoke house made of cedar

The that Mr. Bartlett had in mind was this, a declaration made by Jimmie Wilson, made in the presence of Alec Paul.

(Copy of this declaration not left by Mr. Garland)

The

MR. GARLAND:

The measurements of the house for paint; when the houses were measured for paint it was raining hard, Mr. Bartlett asked me if I would come down and place measurements, as he measured them, on a piece of paper. I took a scrap of paper and piece of cardboard and pencil down with me. It was just to be a rough estimate, so Mr. Bartlett informed me; and it was a rough one too, the way the measurements were taken. A piece of stick, a thin branch of a plumtree about as thick as my middle finger, at the corner of Sophie Wilson's house, it was somewhat arched in shape. This was picked up, held out and a piece broken off the end. This was about 6 ft. and with that bit of stick the houses were measured. The windows were never measured. They were never counted; and arriving at an estimate of paint which is required for a house it is necessary to take not only the height but length and breadth of a window which should be deducted from the superficial area as a whole leaving you then the superficial area to be estimated. If you will today bring up a _____ and measure Francis Paul's house, you will find that the measurements as given by Mr. Bartlett will vary greatly with the actual measurements.

ENQUIRY ADJOURNED TO AFTERNOON OF FEBRUARY 8th. 1928.

MR. GARLAND:

In this matter, sir, I wish to report Mr. Bartlett does not carry out his duties in the manner in which he should do so. He is careless.

so that the quantity estimated for the quantity of paint to be obtained. If the house is not measured properly you have either too much or too little paint, and as Mr. Perry had on occasions drawn attention to the necessity for the use of economy in all matters pertaining to the reserve I thought that all due care should be taken. I think there are 24 or 25 houses either on the long side or the short side, so as to spread over 24 or 25 houses, would amount to a very great amount.

During the month of June when Mr. McConnell came to repair the wharf he had nowhere to stay. Mrs. Thompson refused to put him up at the store, he had no accommodation, or equipment to put up a building, and I obtained from Mrs. Pallen, an Indian woman, permission for Mr. McConnell to stay in her house. She agreed to do, and a few days afterwards she sent a child to me asking me if I would go down and see the house as she cleaned it up and if in my opinion it would be agreeable for Mr. McConnell to stay and sleep there. In so doing so I walked into the kitchen and there were two sacks of flour inside of a brown sack, 2 - 49 lb., marked M. Gerrard, Storekeeper, Stuart Island, then in brackets Indian Department. I could not understand how Mrs. Pallen got hold of this flour, as she was not on the indigent list, and I enquired from her where she obtained this flour. She said that she had bought it from Arthur Prendergast. I then wondered how could Prendergast get hold of this flour, as the outside sack was marked Gerrard. I enquired from Mr. Gerrard if he had sold any flour to Mrs. Thompson or Arthur Prendergast, and he said "No." I then came to the conclusion that there was a leakage somewhere and some flour being supplied to our Indians was finding its way for purposes other than it was intended for.

Mr. G. LAND:

Mr. Bartlett came in on the night of the 23rd. of June about a look on our door, and I mentioned the matter to him as important, and told him that there was a good chance for him to exercise his detective abilities. I wanted to clear the matter up to see what Indian drawing relief was giving away supplies. He told me he had too much to do, and what was the good anyhow. I later heard through the intermediary of Old Sam Timothy that Sophie Wilson was the culprit and was in the habit of exchanging and bartering her flour to others.

There were very few Indians in Church House at that time only about three families. Mr. Bartlett went away the next morning without taking any steps, and I have never heard of any steps being taken and the matter attended to.

On Sunday the 13th. February, 1927, at about 3 p.m., Mr. Bartlett reached Church House. Isaac Francis had just arrived from Old Church House and reported that a white man named Secord was on the Old Church House Reserve when no one was in the village and that he had lost some boom chains and had every reason to believe that Secord had the chains in his boat. The affair was red hot, Mr. Bartlett was there on the spot, the Indian had just come across. I reported the same to Mr. Bartlett and asked him to go over at once and take some steps to investigate. He refused to go. Said that he had had enough of chains in the past. He left Church House at around about 6 o'clock and went to Sliammen without taking any steps.

What seems to me to be the base of the recent troubles in Church House. Mr. Bartlett left Church House at 4 p.m. on the 1st. December, 1927, and I asked Mr. Rosenberg where Mr. Bartlett had gone. Mr. Rosenberg told me he had gone to Malaspina. Some of the Indians told me that Mr. Bartlett had gone to Malaspina. Chief Harry came up to me that evening and asked me the following question "Is it true Victoria Government kick you out as Magistrate?" I asked him why he should ask me such a question. He said "Jack Bartlett told me" that I was no longer a Magistrate. The tale ran all around the village that I was no longer a Magistrate. The Indians took it for granted that they were free lances. Strange to say that Mr. Rosenberg came to me within a day or two after and told me that the Chief had asked him if it was true that I was no longer a Magistrate. On the third of December we had all this drunken riot.

Francis Paul, the Indian policeman makes the following declaration:

"I, Francis Paul, Indian Policeman of Church House, do solemnly declare that -

Two or three days before the drunken trouble on December 3rd. between Indians of Church House, I spoke to Dominion Constable T.T. Bartlett and told him that a lot of drinking was going on in the Village. I asked him to go away and come back on the Friday night, when it was dark, to leave his boat at Thompson's wharf, and to row over to the reserve in his row boat when I would meet him, and we would then clear up the people who were drinking. I told him who the people were who were making the drink - Jack Bartlett he don't want to do it, and tell me he don't care. I asked him two or three times to do this, so we can make the Village better and stop the drinking, but Jack he won't do it. I know Jack Bartlett he trade old clothes for baskets.

I make

I make this solemn declaration, conscientiously believing it to be true and knowing that it is of the same force and effect as if made under oath, and by virtue of the "Canada Evidence Act."

MR. GARLAND: Saturday night I had all the trouble. I spoke to Mr. Bartlett about this and told Mr. Bartlett what the Chief had said when he returned after the trial, and Mr. Bartlett denied that he had told the Chief this but he told me, Mr. Bartlett told me that the Chief had been down to his boat and told him this, that I had lost my magistracy, thereby turning the little tale upside down; that instead of Mr. Bartlett telling the Chief, the Chief told Mr. Bartlett. And there is no doubt in my mind that the spreading of this rumour amongst the Indians, whether Mr. Bartlett is responsible for it or the Chief is responsible for it, was the cause of all the trouble and drunken riot which we had on the Reserve, on the 4th. December.

Some time in November Chief Harry reported to me that Dave Paul's house was broken into and said that he had got two witnesses, viz, Mrs. Pallen and Mrs. Jasper Joseph; that Mrs. Hackett and Mrs. Bassett were the two culprits. Mr. Bartlett arrived with Mr. Rosenberg at about 4 p.m. Tuesday the 8th. of November, the day after Thanksgiving Day, and in the evening he came to our quarters and I told him about this matter in our quarters and asked him to make some investigation. "It served them right" the Constable said. I have never heard that Mr. Bartlett took any steps in the matter, nor did he.

I am a Magistrate and the Indians report these things to me and expect me to do what I can and I do what I can. I can not always be sending for the Provincial Police to do this work, as they frequently grumble at having to do work which they consider should be done by the Dominion Constable.

The trading of clothes and old boots for baskets with Indians seems to me a most pernicious thing. I would like to draw your attention to this because I think it is a most pernicious thing to do, to be trading and bartering clothes for baskets and basketry. I do not know from what source these old clothes are obtained, other than I have been told by Mr. Perry that charitable institutions and persons are in the habit of contributing wearing apparel for indigent Indians.

One was an old lady's overcoat of a fawn color. It was shown to me by the Indians. The boots were cloth boots.

MR. DITCHEBURN: I wish to ask you whether I have given you a patient hearing, whether you have had every opportunity to lay your case before me.

MR. GARLAND: Yes. There is nothing more I have to say, sir.

MR. DITCHEBURN: Mr. Bartlett, you have heard these charges made against you by Mr. Garland to the effect that you have not been carrying out your duty as constable and that you have been making statements with regard to other officials of the Department who are your superiors as far as office is concerned. I wish to have a full statement in that regard.

Mr. Bartlett took the oath.

The first

February 8th. 1928.

MR. DITCHBURN: The first matter dealt with is this report referred to by Mr. Garland in his letter of the 14th. January dealing with the statement that you make of himself with regard to his household situation in that you told him that you received information to the effect that

MR. BARTLETT: except to say how I heard it. On November 19th. I was at the float at Egmont. I had just returned from a trip up Jervis Inlet in which I struck a log, and ran into Egmont to make temporary repairs to the boat. While I was in the row boat standing at the bow of the launch, a white man, fisherman came along and started to talk to me. He asked me where I come from. I told him I had come from Church House. He then asked me what the trouble was with the schoolmaster up at Church House. I asked him what trouble and he told me that he had heard from the Indians that Mr. Garland was Mrs. Garland's father and that the children were his grandchildren. I told him I knew nothing at all about it. When I returned to Church House I was having an argument with Mr. Garland on the float on the 9th. of December. Mr. Garland was telling me things he had heard about me and I told him that I had heard this but asked him first of all not to tell Mrs. Garland, but just to let him know what people were saying about him. I said nothing at all about living in a state of incest. Simply what I stated here.

MR. DITCHBURN: Did you ever repeat this story to anybody else?

MR. BARTLETT: Yes. Just Father Bellot before he went up to Church House on the Christmas trip.

MR. BARTLETT: I remember the incident but it has been distorted quite a lot I remember talking to Mr. Garland about it up in the school house. When Mr. McLean was here from Ottawa he had an appointment with Mr. Perry one morning and got phoning the office and asking if Mr. Perry was there yet, and about 10 o'clock Mr. Perry came in and he told Miss Delaney and myself that he had been up to see Mr. McLean. I told him that Mr. McLean had been phoning him all the morning. Mr. Perry said he had been up but could not find a place to park his car, so he came to the office, and went back to the Vancouver Hotel. There was nothing related about being a liar.

MR. PERRY: I had an appointment to drive Mr. McLean out to Haney and I was in touch with him over night. I told him I would be fixing the car and when I was ready I would communicate with him at the Hotel. In the morning I was fixing my car. I could find no suitable place to park my car and arrived at the office to get my mail. I went back and picked up Mr. McLean and drove him out to Haney.

MR. BARTLETT: When I went up first of all to Church House with the Indian Agent, we went up on Mr. Halliday's boat from Alert Bay, Mr. Halliday himself and the Engineer. All wore Royal Vancouver Yacht Club caps, which Mr. Halliday supplied. I think this is what Mr. Garland refers to. I have never mentioned Mr. Perry dressed up in yachtsman's clothes, but I mentioned Mr. Halliday in Alert Bay.

MR GARLAND: I again repeat that Mr. Bartlett ridiculed Mr. Perry dressed up as a yachtsman and then pointed out that he aped a yachtsman. I have never heard Mr. Halliday's name mentioned. So help me, God.

You have

February 8th. 1928.

MR. DITCHBURN: Mr. Garland stated that you have referred to Mr. Perry as a broken down Methodist minister.

MR. BARTLETT: I may have mentioned to Mr. Garland that Mr. Perry may have been a minister at one time.

MR. GARLAND: Again I affirm that Mr. Bartlettthat Mr. Perry.... who was chased out of Alert Bay or the people would have killed him.

here -----
Mr. Perry stated that he had never lived in Alert Bay; that he had spent one day there as guest of a clergyman; that he had been in Prince Rupert prior to coming to Vancouver.

MR. DITCHBURN: Mr. Garland has also stated that you informed him that Mr. Perry was drunk on the Sliammon Reserve and

MR. BARTLETT: I deny that Mr. Ditchburn. It is some Indian yarn that he is trying to frame on me. I know of no time when Mr. Perry has been drunk on the Sliammon or any other reserve. In fact I can say that I have never seen Mr. Perry under the influence of liquor at any time.

MR. DITCHBURN:that you informed Mr. Garland and his wife that the Indian Agent, Mr. Perry, could not hold his job but for yourself and Miss Delaney, because Mr. Perry was flying about in an automobile.

MR. BARTLETT: I deny ^{all} that, Mr. Ditchburn. I may have mentioned something about Mr. Perry going out in an automobile.

MR. PERRY: I would like to ask Mr. Bartlett if he has not seen me sick in this office from the work and if I have not taken work home and attended to it at night Mr. Cairns up to ten o'clock in the morning has his work done by the stenographer, while I am attending to outside calls and getting letters ready.

MR. CAIRNS: (Speaking of an arrangement he had made with Mr. Perry to have his work done by the Indian Agent's stenographer) I was to have my work done from 9 to 10 o'clock, and then I am through, and the stenographer takes charge of Mr. Perry's work.

MR. PERRY:and my night work more than makes up for that.

MR. DITCHBURN: Mr. Garland also states that you alluded to Inspector Cairns in a very incredible way in that you state.....

MR. BARTLETT: I remember saying something about Mr. Cairns when we were going up to Bute Inlet and of the number of schools he had to look after and this took him all his time, but if he had to look after all the schools in the Province he would not last five minutes.

MR. CAIRNS: There are 15 or 16 Provincial School Inspectors covering the same territory that I do. I have lasted more than five minutes. I have lasted fifty years in the public service.

MR. BARTLETT: (Referring to the incident of advising Mr. Garland to write to Ottawa about requisitions)
I do not remember that incident at all
He had a pile of envelopes, so that he could compare the dates and that if Mr. Perry did not answer his letters he would write direct to Mr. Ditchburn.

MR. GARLAND: Some of my letters in the early part of my service there were not answered for six weeks, but it was due to Mr. Bartlett talking with us that led me to write to say that in my Government service I had always been taught that no matter how trivial the contents might appear to the recipient, it deserved the courtesy of a reply. My answer was a courteous and satisfactory reply.
and I know that the letters had all received a reply, I am satisfied, afterwards.

MR. BARTLETT: (re the Dominion elections) I have never told that to anybody and I know I am not qualified to be an Indian Agent.
But I remember Mr. Garland saying to me that if there was a change in elections, Mr. Perry would be the first to go.

MR. BARTLETT: (re sanitary conditions at Church House)
I made a report on that, Mr. Ditchburn, and I stated that the

MR. PERRY: That the report led up to the Commissioner's recommendation that the sanitary conditions be improved, and as explained in my evidence yesterday it was handled by the Water Power Branch, and the sanitary conditions that were complained of then are now in good condition.

The habits of the Indians were the same, that is the sanitary conditions.

MR. GARLAND: His conversations with me and his reports vary greatly. " and I will support you in every way and I will send you a copy of this report" And when I spoke to Mr. Perry about this afterwards, I forget when, Mr. Perry told me the report Mr. Bartlett made was that the village was no worse than any other village.

MR. PERRY: I will say that what we have done for the improvement of the sanitary conditions is as satisfactory as it can humanly be done.
These Indians will let any officials take off their coats and do their work, if they will do it.

MR. DITCHBURN: Mr. Garland states that on one occasion when a boat came into Church House with two Indian girls and Prendergast on board and the girls were to make an affidavit

MR. BARTLETT: I have already turned in a report to Mr. Perry on the whole matter and have it on file.

The launch came in to Church House and was tied up at the wharf. I asked them what they were doing there and they said they brought Prendergast home from Redonda Bay. I made them put their launch inside the float and told them not to go away. In the morning I took them up to Mr. Garland to make a statement as to what they were doing at Church House. At the end

MR. BARTLETT: of the float one of the girls refused to go along so I gave her a boost with my knee. I did not knock her down or kick her as stated by Mr. Garland. Jessie Louie, 17, is married to a white man and does not come under the Indian Act. and Catherine Louie is only 14½, and there is no institution to which we could send this girl even if she was brought up and convicted, as Indian girls are not permitted in the Industrial Home.

We had nothing on Prendergast at all, and the charge could not be laid as the girls denied everything about it and we had nothing to go on.

MR. DITCHBURN: Mr. Garland has stated that Mr. Bartlett does not carry out his duties in the manner in which he should do, that he is careless as for instance the manner in which he measured up the houses to be painted.

MR. BARTLETT: I can tell you how the measurements were taken. It was raining hard at the time. I got a stick and measured it, six feet. I had a ruler and measured the stick. Measured the front and sides of the house, along the base and from that I was able to estimate the height of the walls. The windows I did not bother about because I had all kinds of photographs I could get the windows from. It was only approximate and when I made out the report for the painter I put in the average number of windows in the house.

MR. PERRY: I have always found Constable Bartlett when asked for data along this line to be correct and right. He is a first class engineer, as you know. I have found the constable exceedingly careful and thorough if I had asked him for a definite estimate. I did not know he measured with an arched stick. He was asked for an approximate estimate only.

MR. GARLAND: I made no remark about this measurement at that time, but I wrote to Mr. Perry about the measurement if there was anything wrong I wished to disassociate myself with the onus.

MR. BARTLETT: (referring to the charge that he had taken no steps to find out about the flour from Mr. Gerrard's store found at Mrs. Pallen's house.) I remember the time on June 23rd. that Mr. Garland talks about. I left Mr. Perry at Sliammon and went on up to Church House to put a lock on the school house door and also to enquire about Freddie Blaney, a sick Indian boy, with a view to taking him down to Powell River. I put the lock on the door which any ten year old kid could have done without me going up. I went with Mr. Garland to see Freddie Blaney. He was too sick to move and I understand he died two days afterwards. Mr. Perry was waiting for me at Powell River. I had no time to attend to the flour business at the time. Indians receiving relief, if they have a little flour on hand will sometimes trade it for other food which they have got amongst themselves, such as deer meat, possibly that is now Mrs. Pallen got it from the other Indian. I have been up there two or three times since, but have heard nothing more about it. I did not refuse to look into it. I had to leave then so as to get back to Sliammon.

I can not say whether I did or not. I don't think I did. It happened as I pulled out, otherwise I would have reported it to Mr. Perry. Sophie Wilson wanted her relief changed to Powell River from Church House. I told her that I had nothing to do with that but to go back and clean up her house. I said nothing to

February 8th. 1928.

LETT: I said nothing to her about the four sacks.

(Mr. Garland had stated that Sophie Wilson had come to him and said that Mr. Bartlett on meeting her at Powell River had told her to go up to Church House and get four sacks of flour which, as part of her relief supplies, were at Mr. Garland's place for her.)

MR. BARTLETT: (Re the charge that he refused to look into the matter of the boom chains for Isaac Francis)
I arrived at Church House about 3 p.m. the 13th. February taking from Powell River the \$25.00 from Prendergast to hand to the Magistrate. I saw Mr. Garland and he is quite right what he told you about that, but boom chains are very hard to identify and the Indian had no identification marks on them at all, no way of telling they were his.

When I was at Powell River I received a telegram from the Indian Agent about trouble at Jervis Inlet, and made a special trip to Church House with the money for the fine and I left Church House at 4.25 p.m., not 6 p.m. as stated by Mr. Garland.

I stopped at Squirrel Cove at 7 p.m. and left at 8.45 a.m. and arrived at Sliammon at 11.40 a.m. I had to get up to Jervis Inlet.

MR. DITCHBURN: There is an Indian report through Mr. Garland that the Indian's boom chains had apparently been stolen and he believed that Mr. Secord had them in his boat three miles away at Mushkin.

MR. BARTLETT: There was nothing to identify them.

MR. DITCHBURN: I consider you should have looked into it. It was not as if you had to go many miles.
The matter was important enough to warrant an investigation at the time, and I think that as Mr. Bartlett did not give this attention he was remiss in his duty.

MR. BARTLETT: (Re Chief Harry's statement that Mr. Bartlett had told him Mr. Garland was no longer a Magistrate.)
I left Church House on December 1st. intending to go to Malaspina Arm, but the boat was leaking badly so I went to Squirrel Cove.
I did not make this statement. The Chief came down to my boat and asked me about the matter. I told him I did not know anything about it.
Shortly afterwards I saw Mr. Garland and denied it to Mr. Garland. There were the two of us in the village and if Mr. Garland had wanted to he could have got us together. I have not the slightest information where Chief Harry got it.

MR. BARTLETT: (Re affidavit of Francis Paul) I remember making some arrangement with Francis Paul to go away and come back again on some night, but no definite date made at this time when I was up there. We just talked it over, as doing it some time. If Francis said there was a date, he is wrong.
About the Indians who were making home brew, Mr. Garland knows them all there and in fact he had them up before him and got the home brew and everything, and instead of charging him of being in possession of home brew, he let him go on a light fine of being drunk.

Don't

February 8th. 1928.

MR. BARTLETT:

Don't you think as Constable in this Agency that when a matter is brought to your attention of that kind it is important to make some arrangement to cope with it.

MR. BARTLETT:

The only way to do this is to sneak up on them, as long as I am in the village there is no trouble at all.

MR. DITCHBURN:

As to the question of your disposing of old clothes to Indians for baskets, the assumption taken from the charge in the first place was to the effect that these old clothes disposed of to Indians were those supplied by the Department for distribution to indigent Indians.

MR. BARTLETT:

When I went up to Church House on my last trip, I took up one lady's coat, some old silk stockings and about two dozen pairs of new shoes which I purchased myself here in Vancouver. They were old style shoes but brand new and I got them very cheap and thought I would give them to the Indians for Christmas. I gave away shoes at Squirrel Cove and Church House, receiving nothing in exchange for them, and the coat I offered to Mrs. Francis Paul for a basket but she had no good baskets and I did not trade.

Mrs. Peter Harry came voluntarily to the boat and offered me trade for the coat, which I accepted and gave her girl two pairs of shoes. I can give you the name and address of the 1 that sent up the coat if you wish. Mrs. Harry appeared to be quite satisfied. It was a good coat.

After we moved from the Holden Building to the Winch Building Mr. Perry was putting away some sweaters in the safe of the office which had been received from Mr. Ditchburn for distribution to indigent Indians. Two of the packages had been torn open and the moths had got into two sweaters. Mr. Perry told me to burn them, take them away and destroy them or something for fear the moths would get into the other sweaters. I told Mr. Perry if he did not mind I could use those old sweaters down on the boat for doing the dirty work, and Mr. Perry said it was all right. I took the sweaters into my office and just then Provincial Constable Boyt came into the office. He asked me where I had the sweaters and I told him, telling him he could have one if he wished for working on his boat. Sometime later I went under Mr. Perry's instructions two sweaters up to Chief George Harry at Church House. These are all the sweaters I have handled as the others are locked up in Mr. Perry's safe, of which I have not the combination and no means of getting at. When at Church House on my last visit I noticed Mr. Garland wearing one of these issued sweaters. I asked him where he got it and he replied that he bought it from the Chief for \$1.00.

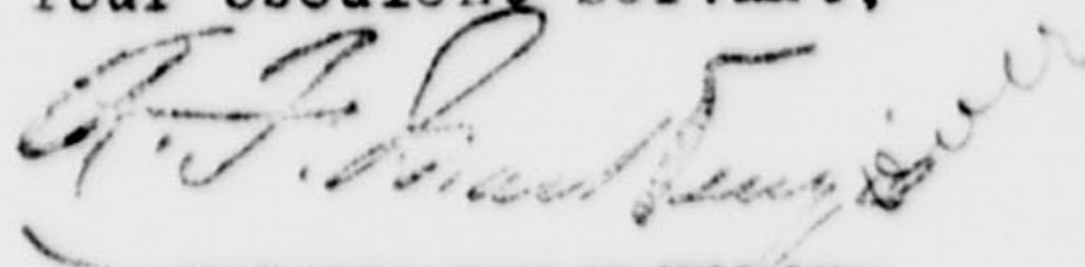

(Regarding Jimmie Wilson's case it was explained that Mr. Bartlett took Mr. Rosenberg, who is an experienced contractor, over with him to estimate the size of the house that had been burned down. Mr. Rosenberg measured the base of the building and it was found that the building was not capable of holding 100 bundles)

Sir:

Since writing my letter of the 22nd instant, with reference to the conduct of the Homalco Indian Day School, I have received the resignation of Mr. and Mrs. Hedley-Garland. They feel that their period of usefulness has expired and it would be better if a change were made during the summer. I have replied to Mr. Garland, stating that this is in harmony with the Department's wishes. When you write to the Rev. Father Welch, you might indicate that Mr. and Mrs. Garland have agreed with the Department that a change is in the best interests of the work at the Homalco Indian Day School.

Sir:

I have your letter of the 17th instant, which is pursuant to an investigation recently held by Mr. Inspector Cairns and Mr. Indian Agent Perry. I note that you are desirous of remaining at the school until the end of the June quarter and that you suggest a new teacher be secured as from the first of September, next. This is in harmony with the Department's wishes, as it was decided upon receipt of our officers' report, it would be better in the interests of the work at the Homalco Indian Day School if a change was made during the summer. For your satisfaction, I am pleased to state that the Department believes there has been a deliberate effort on the part of a certain clique of Indians to injure your reputation. I am asking Mr. Indian Agent Perry to have the Very Rev. J. Welch, O. M. I., nominate suitable successors for the positions of teacher and matron.

Sir:

I have your letter of the 13th instant, reporting on the investigation conducted by yourself and Mr. Inspector Cairns into certain charges of alleged misconduct on the part of Mr. A. H. Garland, teacher of the Homalco Indian Day School.

In reply I beg to say that, after fully considering this report, the Department has decided that it would be in the best interests of the work to dispense with the services of Mr. and Mrs. Garland at the end of the present academic year, viz. June 30th, next. The Department has noted the finding of Mr. Cairns and yourself that a spirit of hostility and unrest exists at Church House between certain factions and Mr. and Mrs. Garland. You should give them due notice before the 1st of June, next, that their services will not be required after the date above mentioned.

Mr. Garland should prepare and forward to you returns of attendance and days taught covering the period of his services, and this you should forward to the Department in order that payment of salary due him can be made.

The appointment of a teacher and matron to begin duties when the school reopens after the summer holidays next should receive your attention in due time, and you should take this matter up with Very Rev. John Welch, O.M.I., 59 Blackwood St., New Westminster, who was interested in the appointment of the Garlands, with a view to having him nominate suitable persons for the positions of teacher and matron, respectively. In this connection I would refer you to your letter of March 30th, 1926, relative to the appointment of the Garlands. The names, qualifications and experience of the parties nominated by Rev. Father Welch should be forwarded in due time for the approval of the Department.

The enclosures which you forwarded in connection with the above mentioned matter have also been received.

Sir:

I beg to refer to Departmental letter No. 167-33-1, dated January 25th. last, in which instructions were sent to me to proceed to Church House Reserve No. 6. of the Homalco Band and investigate certain charges of alleged misconduct on the part of Mr. A. H. Garland, Indian School teacher, towards certain Indian women as complained of by certain Homalco Indians to the Department.

I desire to report that, after issuing forms of summons to all parties concerned, and upon request made by me to the Indian Commissioner that Mr. R. H. Cairns, Inspector of Indian Schools for British Columbia, should be invited to accompany me and assist in the investigation of the complaints, the Inspector and I visited Church House by steamer on March 3rd. and made arrangements for the inquiry to commence at 10 a.m. Monday, March 5th. On the latter date we opened the inquiry with all parties concerned present at the Indian Day School building.

William Mitchell, Indian Constable of Squirrel Cove acted as a special and independent interpreter, and he and all witnesses were placed on oath.

During three days of very careful examination, twenty-one witnesses were heard, pro and con. We made a thorough effort to get at the very bottom of the complaints, and are of the opinion that a plot had been most

cunningly laid and executed by about ten Indians, mostly relatives and tribal associates of Chief George Harry, headed by him, these Indians, both male and female, being mostly of undoubted questionable character. This was supported by a volume of sworn evidence, of insufficient depth however to justify either the plot itself or even the suggestion of actual immoral conduct on the part of Mr. Garland.

Three women accused Mr. Garland of immoral relations with them, and a fourth, in addition to one of the three mentioned claimed that Mr. Garland had given them intoxicants as an inducement to the misconduct. The husband of one of the three first named supported the testimony of his wife.

Mr. Garland submitted the witnesses to a most gruelling cross-examination in his defence against the charges, as a result of which we were impressed with the belief that the charges were false and the characters making them were perjuring themselves.

In summing up the evidence taken at the inquiry it is believed that the motive of the Indians who made the charges were:

1. Jealousy of Chief Harry against Alex Paul, Chief chosen by the Priest to represent the Roman Catholic Church.
2. The activity of Mr. Garland as Indian Day School teacher in having Chief Harry's son Jimmy compelled to attend school.
3. The search of Chief Harry's house for intoxicants under warrant issued by Mr. Garland acting as Stipendiary Magistrate.
4. The conviction in Court by Mr. Garland of relatives of Chief Harry following a drunken brawl in the reserve on December 3rd. last.

The women

5. The women used by Chief Harry to further the charges against Mr. Garland were of bad character and Chief Harry believed he could get them to swear falsely on grounds of immorality.
6. Those who witnessed the documents setting forth the charges were also relatives and friends of Chief Harry and these were of apparent necessity to the combination.

While we are decidedly of the belief that Mr. Garland is not guilty of the offences alleged against him, we feel however that the following portions of Mr. Garland's evidence should be commented upon: viz-

1. When charged by Indian woman Sophie Wilson with having kissed her at Sliammon Reserve in the presence of Mr. and Mrs. Nicholson, teacher and matron, respectively, Mr. Garland said:-

"I deny the Sliammon incident emphatically."

In this matter a letter (Exhibit No.1.) is sent herewith signed by Mr. and Mrs. Nicholson which confirms the evidence of the Indian woman Sophie Wilson.

2. In his evidence of defence Mr. Garland further stated:

"I have never had a liquor permit, nor liquor in these quarters."

In this matter a letter (Exhibit No.2.) is sent herewith signed by Mr. Garland soon after he took over the position of teacher asking Constable Bartlett to send him a bottle of rum and a bottle of brandy. The Constable refused to do as Mr. Garland asked. Later Mr. Garland entered a bottle of brandy in an official requisition for drug supplies, and this item was deleted at the Vancouver office.

It should be stated that on our arrival at Church House we found the Indians of the reserve in a high state of excitement, two rival factions appearing as a mine ready

to explode on the slightest provocation, one of these factions being in sympathy with Mr. Garland and the other strongly against him.

During the course of the inquiry we observed that both Mr. and Mrs. Garland displayed a conspicuous lack of self control and their hostile attitude and vociferous language coupled with the observable movements of the eldest daughter (age 14) of Mr. and Mrs. Garland who was very active in the matter of her father's defence, gave rise to the belief that these people are not suitable persons to maintain the peace and goodwill desired in this village, and we feel that if they are allowed to remain there there will be further trouble between them and the Indians; as it is clear that Mr. and Mrs. Garland's tendency is to foment trouble through partisanship and favoritism.

We are able to state without hesitation that improvement is seen in the discipline and school work in the classroom at Homalco Indian Day School under Mr. Garland, but the work of the Field Matron is undoubtedly hampered through the admitted dispositions of Mr. and Mrs. Garland not to leave their school quarters after sunset because of their fear of the Indians, although generally her work is otherwise seemingly satisfactory.

Mention should be made also of a statement made by Mrs. Garland to the Commissioner at Vancouver that she was obliged to give her young daughter (age 14) a stick to carry in order that she may ward off, if necessary, bands of Indian lads bent on mischief towards her.

We feel that these three young children should no longer remain amongst the Indians at Church House it being brought to my attention also that they foment considerable trouble amongst the Indian children.

When Mr. Garland was appointed it was pointed out to the Department that it had been our policy up to that time not to have a teacher and matron with a young family at this village, and the acceptance of the Garlands to fill these vacancies and our allowing them to go with their three children

to this village, was a digression from this policy owing to the difficulty of obtaining incumbents without children.

We are satisfied that a decided spirit of hostility and unrest exists at Church House partly between two factions and partly between one of these factions and Mr. Garland. This being the case, and also as we are of opinion that Mr. and Mrs. Garland are not sufficiently well balanced either in their experience with Indians or in their disposition towards things and persons in general, we recommend that the Department request Reverend Father Bellot, district priest at Squamish Mission Reserve, North Vancouver, B.C., to ask the responsible Church Authorities to call for the early resignation of Mr. and Mrs. Garland and to recommend suitable persons to fill the positions of teacher and matron thus to be vacated at the Indian Village of Homalco Band at Church House, B.C.

Dear Sir:

You have asked us to corroborate in writing a statement said to have been made by Mrs. Nicholson in our house at Sliammon some time ago and in connection with which Mrs. Nicholson's name we understand was mentioned at a recent investigation in your office.

We beg to inform you that the only statement Mrs. Nicholson has any recollection of making is that "We were standing at Chief Tom's house with Mr. Garland and Chief Tom and an Indian woman Sophie Wilson of Church House, Mr. Garland when talking to this woman asked her to give him a kiss, and that I thought Mr. Garland was very indiscreet and that he understood very little about Indians."

On January 25th, last, I wrote to you, with reference to complaints that have been received concerning the teacher of the Homalco Indian Day School. You were to investigate and report at your early convenience. So that you might have all the information on our file before you when visiting Church House, I have to inform you that the Department is in receipt of a petition, dated January 6th, addressed to you and signed by Tommy Paul, Willie Francis and some twenty others. I have today received a petition, dated the 9th instant, signed by Mrs. Henry Blaney and some twenty other women. Both petitions urge the Department to retain the services of Mr. and Mrs. Garland.

Dear Sir

The first name on the list is mine. I am an Indian woman, married and got my schooling at Sechelt school. I am writing this on behalf of all the Indian women at Church House, and have got all their signatures. I have been asked by all the women to do this. We write for our teacher not to take him and his wife away. We all love him and his family. We know what Chief Harry and his relations do. We know and understand our own language and we know how Chief Harry set a trap with his bad family to take our teacher away. Chief Harry he drinks and drinks bad and tell his family drinks and makes drink and we know how they all tell lies. It is all lies about our teacher our teacher is a good man and his wife is such a good lady. Chief Harry scared because the teacher will not have drink in our village. The teacher he a magistrate and he fine fifty dollars each for four of Chief Harry relations cause they drink and fight, break windows and spoil bot paint then Chief Harry get them together and

Sir:

I beg to acknowledge receipt of Departmental letter No. 167-33-1, dated January 3rd. instant, relative to complaints reaching the Department as to the alleged misconduct of Mr. A. H. Garland, Homalco Indian Day School teacher with Indian women in the Homalco reserve at Church House, B.C.

In reply I beg to say I would suggest for the present acknowledge the letter saying the matter is being investigated by the Indian Agent. I propose going to Church House at the earliest moment when I will fully investigate the complaints and make a complete report to the Department. I may say that I have received complaints before about similar alleged conduct on the part of Mr. Garland, but the complaints have come from the members and relatives of Chief George Harry, while a petition has reached me from practically the balance of the band members referring to the Chief as a bad man and a "mink" and asking that the teacher be kept in his position. Mr. Garland is a Stipendiary Magistrate and in this capacity has taken very drastic action recently amongst the members of Chief Harry's family for drunkenness in the Homalco village, fining them heavily.

The Department will probably remember that formerly the Homalco Band were in two divisions - the Homalco and Orford Bay, respectively. These two

believed that the occurrence was a machination of certain white residents in the locality, who had been dealt with by Mr. Garland as a Magistrate, in concert with a few disgruntled Indians. Mr. Garland swore he would try to get at the bottom of the matter but so far he has failed to do so and the recent complaints are apparently a recrudescence of the old feud between these particular Indians and Mr. Garland.

While I feel it is a good thing to have a representative of law and order in the person of a Magistrate in the vicinity of Church House, which is the most remote settlement in Vancouver Agency, and Mr. Garland's removal may not be the best thing, yet the charges made against him make it imperative, in the interests of the Department as well as the Indians, that the fullest possible investigation be held and I intend going carefully and without fear or favor into the matter of these complaints.

Sir:

I have your letter of the 4th instant, enclosing the September quarter return of the Homalco Indian Day School, together with a communication from the teacher in which he outlines certain arrangements which he suggests be carried out in order that the children can remain on the Reserve and attend school while their parents are away at the fisheries. Consideration has been given to Mr. Garland's suggestion that the priest's house be fitted up and used as a dining room for the children, to be conducted under the charge of Indian women. The Department is not prepared to carry out this arrangement and agrees with Mr. Inspector Cairns and yourself that it would not be practicable.

It is noted that the parents, with their children, are away from the Reserve during September and October, after the usual holiday period in July and August, and that, consequently, the school attendance is reduced to almost nil. To overcome this condition, it might be advisable to make a change in the annual holiday period - the school to be kept open during the two summer months and closed during September and October. If you consider that this change in the holiday period would overcome the present difficulty as regards attendance, I shall be pleased to have your recommendation as to whether you would advise that the change mentioned be made in the holiday period or not. The only other solution would be the placing of these children in residential schools.

Please advise the teacher that the Department is not prepared to approve of the scheme outlined by him for the care of the Indian children while their parents are absent from the Reserve.

Sir,

I have the honour to transmit herewith the Quarterly Returns of the Homalco Indian Day School, for the quarter ending Sept. 30th ultimo.

With reference to the remarks of Mr. A. H. Garland in the remarks column, I beg to say I am attaching to the returns a lengthy letter received from Mr. Garland which will throw further light upon the remarks contained in this report. This letter has been discussed with Mr. R. H. Cairns, Inspector of Indian Schools, who states that it is his opinion the suggestions offered by Mr. Garland while being good in theory, would not be likely to work out in practice, as a similar arrangement was made as an experiment at Church House several years ago without success.

I have advised Mr. Garland that the Roman Catholic Boarding Schools at Sechelt and elsewhere are open to receive pupils whose parents find it necessary to leave their villages in pursuit of their avocations and leave their children for others to take care of.

I would like the Department to kindly peruse carefully this correspondence and advise me whether it is proposed by the Department to accede to Mr. Garland's request. I may say that the experiment referred to by Mr. Cairns was made previous to my taking office in Vancouver and I am not familiar with the circumstances thereof.

Church House Ab.
10th Sept 1926

Dear Mr. Perry.

Your N^o 4/49 of 26 Aug 1926

re Priest's House at Church House

^{during} I think it must have been some time
the latter end of June or beginning of
July that I wrote to you on the subject
of the Priest's House being used as a
sort of feeding place or restaurant for
the children. Understanding that the
parents of the children would be going
away fishing in September and probably
not returning till November it meant
that no body would be in the village
and I should be running my children
during Sept - Oct and part of November.
They would have already had July &
August as holidays and the absence
from school of many of them ^{all November} was
some an important and serious
problem to solve.

The Priest's house was and is
vacant, and I am convinced will never
be again used by the Priest, at least
not whilst I am here. It is one of the
best conditioned houses in the village
and, could easily and inexpensively, con-
verted into the uses for which I should
have desired. As no doubt you are
fully aware, there is apparently no love lost

between the different families and one family resents the looking after another families child. However they do do so, in some cases but, with reluctance and even resentment, but, do not like to openly exhibit that reluctance or resentment. The reason why the children are taken away is because there is no one to feed them and give them general attention.

Now then, there are one or two competent (fairly so) women in the village who are more or less incapable of hard work and accompanying their husbands, whom I thought could be utilized. For instance Mrs Johnnie Blaney, Annie Blaney, Sophie Wilson or Jack Leo's wife, all of whom are on the indigent or relief list.

Let me get away from the subject for a moment or two. There is, and you must be cognisant of it - a deep rooted objection to sending their children to Sechart - and the reason for it appears to me to be the food. The children apparently complain about the food and the death of more than one child is, by the Indians, placed at the food they get at Sechart. Of course you know, as I know, as everyone knows the food supplied to them at Sechart is good and sound, but, does it meet with what they have been accustomed to. You feed a dog on fish all his life and then suddenly do away with his fish and place him on a meat diet and he turns sick, ~~and~~^{it} upsets him.

the stomach rejects it. creates nausea and the animal eventually dies for want of proper nourishment - So with us all - A child should not be forced to eat what it does not like or what it has not been accustomed to.

Let me return to the Subject matter. The downstairs part of the District House could be converted into a Dining Hall - A large cook stove (2nd hand one could be picked up cheaply) there is already a sink with running water - Two long tables and forms made out of lumber - Some cooking utensils - white and blue enamelled plates cups & saucers, basins together with knives forks & spoons, pepper and salt - Casters, all of which could be purchased economically. So much for the equipment. One room upstairs to be used as a store room. Only children going to school to be fed here - and then only during that long period when their parents are away, say from Sept to November, and, any other period in which their parents are away for a long time. I saw, tea - sugar and rice with any vegetables they may feel disposed to add - will be supplied by the parents of children attending school or feeding at the restaurant. The boys all of whom are fairly husky, archers and can manage a boat well, can fish ~~and~~ of an evening time after school and replenish the larder by their haul or catch. The cooking and serving of the

food, together with the cleaning, washing up - and general keeping of the place in a healthy sanitary condition to be done by the two women (whoever they may be) under white supervision. This building to be used for feeding only - no sleeping for anyone in it - The children to go to their own homes or houses for sleeping and, in this, supervision to be exercised by the 2 Indian women who will see that the children are in by a certain hour. The houses are so close together that 2 women could easily attend to this - Thus the children are being fed by their own people; the food is what they are accustomed to and cooked according to their own methods and likes - On our side (that is the Government's side) we have the children coming to school, instead of being exposed to wet, damp, hard and unhealthy living, forgetting everything they may have learnt in the past - and on the parents side, they are relieved of any anxiety (if there may be any), in the knowledge that they are earning their living - that their children are being educated and are being fed with no trouble to them of course there is the question of cleanliness washing of clothes and general bodily hygiene to be taken into consideration. I cannot say that this scheme would be workable in its present embryonic condition - but I think something could be evolved by an earnest discussion of its pros & cons.

Curiously enough, without any even having said anything to the Indians

about this, here we have Mrs Geo Francis
in the village with her children coming to
School (3 of them) and ~~she~~^{here} is the only
family in the village, but, she is feeding
and housing 4 other children who are
coming to school, under what it seems
to me, the same plan. Of course I am
against her housing these children, as the
house is, I should imagine more or
less overcrowded, and, cannot be in
a healthy or sanitary condition, as I am
afraid that Mrs Francis, is one of the
laziest and dirtiest women in the village
but, of course I cannot interfere as the
arrangement would appear to be private
and mutual on the part of those con-
cerned but Mr Bartlett may be able
to step in with his authority as Constable
where I could not, and, I would
like him to do this, as I would ^{not} like an
outbreak of scarlet fever or diphtheria
small pox, or some such loathsome
disease. This is the family that spread the mumps -

Shall be glad of your views
as well as Mr Cairns

Kindest regards

Yours very sincerely,

Only 12 children put in an appearance to come to school. Two of these were taken away after 3 days and one after 5 days. Three were taken away to Sechelt on the 29th. Sept., 1926. It is to be deplored that some plan could not be evolved by which all the children could not return to Day school on the 1st of the month and remain permanently. I am of the opinion it could be successfully done. Those that have come to school are bright and eager to learn and desire no more holidays. Those whom have not yet returned, but, whom I have seen, have expressed a keen desire to return, but cannot do so until their parents return or till their parents can get someone to look after them, parents having to be away earning a living. Of the few who came to school on the 1st Sept., I have practically a full attendance.

TO DATE OF THIS LETTER

Sir,—

I have the honor to acknowledge receipt of Departmental letter of April 14th, No. 167-33-1, with reference to the appointment of Mr. and Mrs. Garland to the positions of Teacher and Field Matron, respectively, at Komalco.

In reply I beg to inform you that a Night Letter, of the 8th instant, referred to therein as having been sent to me was not received by me. Your later telegram of 16th April, however, duly reached me, following which arrangements were made with Mr. Garland for the purchase of the necessary furnishings and also for the commencement of his duty at the Komalco village of Church House. Mrs. Garland is in the East, but is expected to arrive at the Coast shortly and will join Mr. Garland in due course.

The Department seems to be under the impression that the estimate of the cost of furnishings appears too high but I would state in this connection that before the matter was submitted to the Department inquiries were made from three firms in Vancouver and the estimate sent to the Department was based upon prices given. It may be possible to cut down a little the cost of renovating the premises by supplying calumene, instead of paint. We have this matter under consideration and we will work the details out as economically as possible.

With regard to the inquiry in the first above mentioned telegram as to the children of Mr. and Mrs. Garland I would inform you that the difficulties of having children accompanying our employees to Church House were fully explained to Mr. Garland, upon which he decided to go to Church House and look into the situation for himself, before deciding as to the taking of his children there. There are three children in this family. It has been our policy for some time not to engage officers for these positions who might find it necessary to take children to this village, but our experiences, as already pointed out to the Department, have been such as to suggest a departure from this practice, particularly as we now consider that a family man with home responsibilities and considerations might be a more stabilizing influence amongst the Indians and moreover the apparent educational status of the Garlands would lead us to consider these people better able to take care of the education of their children than in many other cases. In any event these appointments can be tried out and we must be guided to a large extent by our experiences.

Your obedient servant,

Sir:

I have your 4/46 of the 30th ultimo, with reference to the application of Mr. and Mrs. Garland for the positions of teacher and field matron, respectively, at Homalco. I have to confirm my night letter of the 8th instant, as follows: -

"Reference your letter thirtieth, concerning application of Mr. and Mrs. Garland for Homalco, how old is he and how many, if any, of their children will accompany them? Is not your estimate of cost of furnishings and cleaning, etc., too high?"

I have also your telegram in this connection of yesterday's date and I wish to confirm my answering night letter of today's date as follows: -

"Reference application of Garlands for Homalco, my telegram to you eighth instant evidently went astray. You may telegraph Homalco, engaging Garlands at salaries of nine hundred and fifty dollars for ten teaching months and four hundred and eighty dollars per annum, respectively - no allowances for fuel. Authority granted expenditure reasonable amount for furnishing and renovating teacher's residence."

In view of your recommendation and that of Mr. Inspector Cairns, the Department has given very favourable consideration to the application of Mr. and Mrs. Garland. I offered no allowance for janitor service or for fuel, but made the teacher's salary \$950 for the ten teaching months. I cannot agree to a monthly payment of the teacher's salary; but, if he will write to you and you to the Department during each quarter, a part payment will be made. In practice, this would amount to payments every six weeks for the ten teaching months on the basis of \$95 per month. The salary offered in the case of the field matron is \$480 per annum and this will be payable monthly, upon receipt of your monthly pay list.

for

The Department considers that your estimate of the cost of furnishing and cleaning the teacher's residence is too high and you were authorized in my night letter to purchase what was absolutely necessary and have the renovating required undertaken. When you are submitting certified vouchers in favour of those awarded the business, please attach thereto a statement showing the firms asked to quote and the prices quoted.

You will receive a further communication concerning the drug requisition.

Sir,—

The Department will be aware that the offices of Indian Day School Teacher and Field Matron, respectively, at Church House - the Aupe No. 6 Reserve of the Homalec Band of Indians, have been vacant for the past couple of months owing to the resignation of Mr. and Mrs. Alex Burke.

The Rev. Father Welch, Vicar of Roman Catholic Missions, has sent three applicants for these positions, two of whom after ascertaining the various phases of information surrounding the appointment and local conditions have not made a formal application.

The third applicant, Mr. A. Hedley Garland, formerly Superintendent of Taxation of the Provincial Government of Manitoba was, upon making application in behalf of himself and his wife for the vacant positions, advised to visit Church House, look over the premises and make a personal observation of the Reserve and the Indians, as it was felt that he appeared to be a man of very superior tastes, and that he may not be satisfied to take up residence at Church House under the same conditions as previous incumbents have done. Mr. Garland went to Church House, and upon his return he wrote a letter of application, a copy of which is sent herewith, for the Department's perusal and consideration.

After interviewing Mr. Garland, with Mr. R. H. Cairns, Inspector of Indian Schools, for British Columbia, we have decided to forward the letter of Mr. Garland with our recommendation that, if possible, this application be given favourable consideration. For some time we have felt that more could be done by our officers at Church House, but on account of the lack of experience of appointees and the more or less crude standards of living of the Indians we have not experienced more than a casual improvement notwithstanding the appointees of the Department have done their best to give satisfaction in their work.

On the other hand, in view of the present application I feel it my duty to point out to the Department that notwithstanding the efforts which have been made by previous employees filling the positions mentioned in a formal way, there have been some personal breaches of discipline attached to previous employees which have given this office some embarrassment as well as having tended to affect the morale of the offices in question. One of them was the case of Miss Doris Boyle, who became infatuated with a Homalec Indian, named Albert Wilson, the circumstances of which culminated in the resignation of Miss Boyle, as teacher, and her mother, as Matron, notwithstanding the services of Mrs. Boyle and her daughter so far as their specific work was concerned

were eminently satisfactory.

The other case is that of Mr. and Mrs. Alex. Burke, who have just resigned from these appointments. While Mr. Burke's services as Teacher were regarded by Mr. Inspector Cairns and myself as being most satisfactory, and the services of Mrs. Burke, as Matron, equally so, nevertheless the Homalco Indians at a public meeting informed me recently that there had been evidences of domestic infelicity at the home of teacher and matron; and the premises were left in an unsatisfactory condition from a sanitary point of view. Moreover, debts were contracted by these officers which have not been discharged. On my recent visit to Church House I found the premises in a worse condition than I had expected to see them, although there is a possibility that the Indians themselves may be to some extent responsible for the condition of the rooms, as it has been found to be an invariable practice of the Indians upon the vacation of these premises by our employees to break into the premises and to steal drugs and school materials and to generally ransack the premises. On each occasion I have sent the Dominion Constable to Church House to investigate but he has been unable to obtain any clues that would bring the offenders to justice.

In view of the foregoing it is anticipated and expected that in the event of Mr. and Mrs. Garland being appointed to fill these positions, a more satisfactory service and regime will be inaugurated and a better tone and morale will be established in the Reserve.

The Department will probably consider the requisition of Mr. Garland for furniture rather large, but if it is the intention of the Department to furnish the quarters for the use of these incumbents, it is thought that in view of the fact that the furnishings at present in the building are in dilapidated condition, the place will have to be made more attractive by the installation of better furnishings if we are to induce people of the desired calibre to accept the vacant positions. Mr. Garland states that he considers the requisitions he has made to be very moderate, and Mr. Cairns and I, after considering the same very carefully, are inclined to agree with him, with the exception perhaps that we are of opinion that one Toronto Couch instead of two may be sufficient. Mr. Garland, however, wishes to have two and the decision in this matter must rest with the Department.

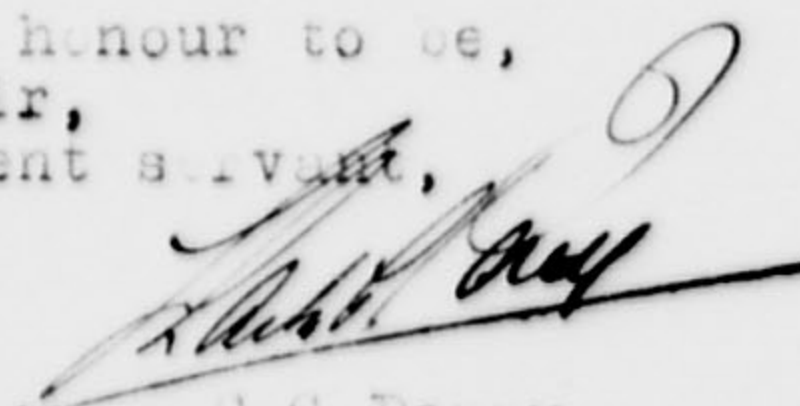

The monthly payment of a teacher's salary is a departure from the practice of the Department, but if this could be arranged we would recommend it. We would also recommend the appointment of Mr. and Mrs. Garland, and would be glad if the Department would send a wire advising us of its decision at the earliest possible date.

The probable cost of the furnishings asked for, and of the cleansing and renovation of the school and maternity quarters is approximately \$500.00. .

I have the honour to be,

Sir,

Your obedient servant,

Sir:

Having, at your suggestion, visited Church House and seeing the actual conditions prevailing, I am now making formal application on behalf of my wife and myself to fill the vacancies as School Teacher and Field Matron, subject to the condition hereinafter mentioned.

It seems to me that continuity of service in such work is imperative, but I am afraid that you will experience a great difficulty in securing the continuous services of anyone unless the position is made more attractive than at present. The schoolhouse is in very bad condition indeed, requiring fumigating, cleansing, calstomining or painting, scrubbing etc., and generally put into a thorough habitable condition. I would suggest that this be done immediately as any married couple going to Church House, (as I did), to look the conditions over would turn it down right away. The house to be occupied by the teacher and Field Matron should be furnished by the Department to the extent of the following articles:-

2 beds, mattresses, & pillows complete,
2 Toronto couches,
1 good (6 hole) cooking range with pipes etc. complete.
1 large table (extension) to 8 ft.
1 small table 4 ft.
6 strong wooden chairs,
2 leather covered (Morris) or lounge chairs,
2 good lamps (1 hanging)
1 Bureau (bedroom)
1 Bureau (sitting room)
Sufficient linoleum to cover sitting room and bedroom.

no It must not be lost sight of that the position carries with it that of administration, in which the welfare of the whole community is in the hands of the combined posts, consequently should be appreciated and recognized by the Department. If the caring for and the general educating and uplifting of the Indian community at Church House is a good thing and for the ultimate benefit not only of the State and Church but of the Indians themselves, then it should be done properly and the position made sufficiently attractive to make it worth while keeping as a life long means.

The general condition of the village is far from being good. Sanitation and hygiene has been entirely lost sight of for some time, and I would suggest immediate attention to the pits at the backs of the houses for the disposal of human excreta, refuse, etc. These have apparently been in use for years. They require filling in and new ones dug and in many instances new privy buildings. I say this with all earnestness as although sunshine and fresh air are very fine deodorizers, yet there is always the fear of an epidemic of scarlet fever, diphtheria and other contagious diseases due to neglect of this, to me, most important matter. The water service should be given some attention, and perhaps the water analysed occasionally for impurities. The electric service and repair of bridges, are, I understand, under consideration at the present moment. It would be my utmost endeavour to encourage the community to keep themselves and to teach them how to help themselves, but this can only be done by process of evolution of time - done conscientiously and thoroughly. There is months age years of hard hard work staring the teacher and the Field Matron in the face and with that, then Church House and the community can be made into a beauty spot, instead of a plague spot and would do credit to the teacher, Matron and the Government.

My wife is an educated woman with long banking and legal experience, the mother of three children, and is perfectly capable of handling any condition that may arise or that the exigencies of the post may call for.

The drugs I would suggest for the village are set out on the Requisition for Drugs, enclosed herewith.

Yours truly,

(sgd) A. Hedley Garland.

P.S. I may add that I was educated at Maquooth (N.C.) College, graduating from Trinity College, Dublin University, and, that during my Military service assisted in my regimental School, in teaching not only the children of the Regiment but also the uneducated men of the regiment for a period of approximately ten years.

Sir,—

I have the honour to inform the Department that Mr. and Mrs. Alex. Burke, Indian Day School Teacher and Field Matron, respectively, at the Homalco Indian Reserve, Aupe No. 6, at Church House, B.C., have resigned from their positions at the end of December, 1925.

Mr. R. H. Cairns, Inspector of Indian Schools and I have discussed the resignations which are very definite and we have concurred in their acceptance.

I would inform the Department that these officers have given satisfaction in the positions in which they have been engaged and their reasons for resigning are of a personal nature. I would recommend the acceptance of these resignations by the Department and the appointment in due course of successors.

I have your letter of the 12th instant, relative to the appointment of Mr. Burke as teacher of the Homalco Indian Day School.

In reply I beg to say it is noted that he will not continue duties during the months of July and August, the regular summer holiday period. His salary is based on ten teaching months in the year, and it is satisfactory to the Department for him to close the school during the months mentioned, for summer holidays. We further noted that the Indians appear to be pleased with the appointment of Mr. and Mrs. Burke. We hope that they will meet with every success in the work at this school.

Sir,

I have the honour to acknowledge receipt of your letter of April 14th, No. 167-33-1, with reference to the appointment of Mr. Burke as teacher of the Homalco Indian Day School and asking whether in view of the fact that this school has been closed for some time it is intended that Mr. Burke will continue teaching during the months of July and August, the regular summer holiday period.

In reply I beg to say I have conferred with Mr. Cairns in this matter and we wish to inform the Department that when Mr. Burke was appointed it was understood his salary would be based upon ten teaching months and as it is probable there will be no children at this village during the months of July and August, it is supposed that Mr. Burke will take advantage of the usual summer vacation period.

For myself, I would state that it is understood that Mr. and Mrs. Burke's appointment is on probation for a term of six months' and should their services prove unsatisfactory at the end of that period, it is not likely that they would continue working there, in which event the Department would have to decide whether or not Mr. Burke should receive payment for the two holiday months. Both Mr. Cairns and I are assuming, however that the services of Mr. and Mrs. Burke in office at Homalco will be beyond the period of their probation and with this in anticipation we feel there will be no question as to salary adjustments since it is understood that the salary is based upon ten teaching months in the year, as is the case with teachers throughout the Province.

I may also inform the Department that I was at Church House (Homalco) just over a week ago, where I held a meeting with the Indians, who appeared to be very much pleased with the appointment of Mr. and Mrs. Burke and in their addresses they expressed their gratitude and wished me to extend their thanks to the Department for sending these officers to them.

My impression is that Mr. and Mrs. Burke will settle down satisfactorily to their work amongst these Indians.

In reply I beg to say it is noted that Rev. Father Welch, O.M.I., and Mr. Inspector Cairns, concur in these appointments. The particulars which you furnish regarding the Christian names and experience of Mr. and Mrs. Burke have been noted for our records. Sir,—

I have the honour to acknowledge your letter dated March 1st, No. 167-33-1, with reference to the appointment of Mr. and Mrs. Burke as teacher and Field Matron respectively, at Romalco.

In reply I beg to say that a copy of the Department's letter was handed to Mr. and Mrs. Burke and also the Reverend Father Welch, and the matter of these appointments and the conditions thereof were discussed with these parties and also with Mr. Indian Schools Inspector Cairns, as requested by the Department.

As to the information desired by the Department, concerning the Christian names of Mr. and Mrs. Burke and their qualifications, I beg to say that Mr. Burke's Christian name is Alexander, and his wife's Florence. Mr. Burke is twenty-eight years of age and received his preliminary at Gillespie Academy, Edinburgh, Scotland and in 1917 procured his teacher's certificate at the Dominican College, Hagley, Staffordshire, England. He also has a Catholic certificate, which he received at St. James's House, Southampton, England. Mrs. Burke was a Miss Florence Miller, who has considerable experience with a women's nursing and saving organization known as the "V.A.D." and she has worked with Dr. Price, of St. Joseph's Hospital, Victoria and Dr. Brown and Dr. Houghton, also of Victoria, all of whom, she states, would willingly give her a testimonial as to her fitness to undertake the work of Matron at Romalco. *Her age is 28.*

The above information with respect to Mr. and Mrs. Burke has been accepted by the Rev. Father Welch, O.M.I., Mr. Inspector Cairns and myself and we are in accord in sending Mr. and Mrs. Burke to Romalco on probation as recommended to the Department. Mr. Burke stated that he would have to send to England for his certificates and if we had waited for the examination of these, considerable further delay would be occasioned in the filling of the positions at Romalco, and in view of the fact that it is with great difficulty that we are able to secure the services of a man and his wife in so isolated a place as Romalco, it was deemed desirable that we send Mr. and Mrs. Burke to that village and attend to the matter of certificates after, if the Department required this.

I have your telegram of the 10th instant, nominating the services of Mr. and Mrs. Burke as teacher and field matron, respectively, at Homalco. We note that Rev. Father Welch, Mr. Inspector Cairns and yourself have interviewed these applicants and that ~~these~~ credentials and qualifications are acceptable. In this connection I beg to confirm the following night lettergram sent you of today's date:

"Temporary appointment Mr. and Mrs. Burke at Homalco approved from April 1st. Salary teacher at rate of Eight Hundred dollars for ten teaching months. Salary matron at rate of Four Hundred and Eighty dollars for twelve months. State by letter full names of appointees."

These appointments are temporary. The continuance of the services of both to depend on the success with which they meet in the work and, insofar as the teacher is concerned, the attendance of the Indian children.

Mr. Burke's salary is based on ten teaching months in the year while that of Mrs. Burke is based on twelve months services in the year. It is necessary that we have the christian name of each in order to pay the salary. It is also necessary that we notify the Civil Service Commission of the appointment of Mrs. Burke as field matron. You should state the qualifications and experience which each possesses.

Please arrange with them to be at Homalco and commence duties as soon as possible after the first of April, next. Should they require any supplies a requisition should be forwarded through your office for the same.

Please inform Rev. Father Welch and Mr. Inspector Cairns of the approval granted for the temporary appointment of Mr. and Mrs. Burke.

I have your letter of the 15th instant, with reference to the vacancies for teacher and field matron at the Homalco Indian Day School. I have noted that the Rev. Father Welch and yourself have been unable to secure suitable applications.

I regret that I cannot authorize you to advertise these positions. That of field matron comes under the Civil Service Commission, while teachers are appointed without reference to that organization. Our practice has been to secure suitable workers and then to ask the Civil Service Commission to approve the appointment of field matron without advertising it or arranging for a competition. I might inform you that the Department is endeavouring to have the position of field matron at this and other schools exempted from the operations of the Civil Service Act in so far as the principle of competition in the matter of appointment is concerned.

Please explain to Father Welch, whose letter I am returning to you, and ask him and Mr. Inspector Cairns to continue their search for a teacher whose wife could be appointed field matron, after reference to the Commission. It is the Department's opinion that further delay in the matter of filling these positions will have a salutary effect upon the members of the Band and when the school is again in operation the attendance will be better.

DEPT. OF INDIAN AFFAIRS
JAN 21 1905
RECORDS

Sir: With further reference to your letter No. 167-33-1, of Oct. 22nd last, and with reference to my letter to the Department dated Nov. 1st and November 1st, concerning the matter of making appointments of Field Station and Indian Day School teachers for the village of Church House, B.C., (Kwakwaka Band), I beg to say that in reply to a letter sent to Rev. Father J. Wilson, C.M.I., in this connection I have received a letter dated January 1st which is enclosed herewith.

It will be noted that the Reverend Father has made several attempts to secure a teacher and station for this village but without success and he concurs in the suggestion that it might be well for this department to advertise in a Church paper called the "Bulletin" published in Vancouver of which the Rev. Father J. P. O'Boyle, C.M.I., is Editor and Publisher.

I would inform you that Mr. St. John's Inspector Cairns and I recently discussed this matter and we would recommend that such an advertisement calling for applications for these vacant positions be inserted in the said paper, unless it is the preference of the Department that the positions be advertised by the Civil Service Commission, in which event application should be received preferably from persons connected with the Roman Catholic Church, as the Department will be aware that this mission is under the supervision of that Church.

I may say that the Indians are rather anxious to have the school re-opened and to have a station working amongst them as before and I think that after their having been without such officers over a period of several months these Indians will be disposed to treat the new officers with greater respect than they did the former incumbents.

Sir:

With further reference to your letter of Oct. 22nd, No. 167-33/1, touching upon the matter of the proposed re-opening of the Homalco Indian Day School and Maternity at Church House, B.C., I would inform you that on the day following my letter to the Department of Nov. 12th, the Rev. Father Welch, Vicar of Roman Catholic Missions, called at the office and we further discussed the matter. I would inform the Department that a few months ago Rev. Father Welch gave us the address of a man and his wife who would be likely to fill these positions satisfactorily, but upon Mr. Inspector Cairns and myself endeavouring to get into touch with these people, we found that they had left the City.

Rev. Father Welch has stated that he will give immediate attention to an effort to furnish nominations for the vacant positions and as soon as the Reverend Father is again heard from, I will communicate to the Department.

In acknowledging receipt of your letter of Oct. 22, No. 167-33-1, with reference to the proposed re-opening of the Komaleco Indian Day School, I would inform you that I communicated with the Rev. Father Welch, Vicar of Roman Catholic Missions at New Westminster, B.C., asking him if he was prepared to recommend suitable persons to fill the vacancies of teacher and matron at that place.

Up to the present no reply has been received from Rev. Father Welch, and I have written him again today in this connection. As soon as I receive a reply I will again communicate with the Department. I would inform you that the Indians at Churchhouse have sent a petition to me requesting that the school be re-opened as soon as possible and this fact is being communicated to Rev. Father Welch.

I beg to refer to your letter of March 20th, last, and the Department's reply thereto of the 25th of the same month, regarding the re-opening of the Homalco Indian Day School. At that time you recommended that this school remain closed until the present fall, when an effort would be made to obtain the services of a married couple - the husband to perform the duties of teacher and his wife the duties of field matron.

I shall be pleased if you will state whether any action has been taken to secure the services of a teacher and matron for this school. If not, and you consider it would be advisable to re-open the school, you should take this matter up with the Church authorities interested with a view to obtaining incumbents for the above positions. If possible, the services of a man and his wife should be obtained. I shall be pleased if you will give this matter your early attention and inform the Department as to the results of any action taken. The names, qualifications and experience of the persons secured should be forwarded for the approval of the Department. Salary would be allowed at the same rate as was previously paid for these services. The salary allowed the teacher, however, would depend entirely upon the qualifications which he possesses.

It is noted that the Rev. I beg to transmit to you herewith the resignation of Miss Doris Boyle, as Indian Day School Teacher at Church House, B.C. I would inform you that Miss Boyle has not return to Church House since the Christmas holidays. I would remind you that Miss Boyle's mother, who was acting as Field Matron at Church House, has also resigned, and the school and matroncy at Church House are now vacant. I would recommend that this resignation be accepted.

I would inform you that I have discussed this matter with Mr. Cairns, Inspector of Schools, and Rev. Father Welch, Vicar of Roman Catholic Missions, and it has been decided that pending the outcome of inquiries into school attendance at Sechelt Residential School, in connection with which it may be advisable to admit to the latter institution, children who were formerly attending the Day School at Church House, also in view of the apathy of the Church House Indians, a recommendation as to filling these vacancies should not be hastily made. It is our intention to further discuss this matter, and a joint recommendation will be forwarded in due course for the Department's consideration.

MISS O'DONAHUE.

I have noted that Mrs. Boyle, field matron at Homalco, B.C., has resigned, and as this officer is the mother of the teacher of the Indian day school at this point, it would be futile to try to secure a field matron as long as the present teacher retains her position.

Sir:

I have to acknowledge the receipt of your letter of the 22nd instant, signed by Mr. Inspector Cairns and yourself, regarding the appointment of a teacher and field matron to succeed Mr. and Mrs. Marsden at Homalco.

In reply I beg to say it is noted that with the approval of Rev. Father Welch, Miss Doris Boyle has been appointed as teacher, at a salary of \$700 per annum, and Mrs. L. H. Boyle as field matron, at a salary of \$40 per month, from the 1st instant, to succeed Mr. and Mrs. Marsden.

Regarding the appointment of a teacher, I beg to say that the Department will approve of the appointment of Miss Doris Boyle, with salary at the rate of \$700 per annum, supplemented by any bonus provided by law. We also note that Miss Boyle has two years standing in high school, which is equal to a third class British Columbia certificate. While we would prefer the services of a teacher with better qualifications, she will, no doubt, fulfil the position satisfactorily. Her retention in the position, however, will depend upon the success with which she meets in the work.

Regarding the appointment of Mrs. L. H. Boyle as field matron, I beg to say that you will be further advised. I may say that this position has been classified by the Civil Service Commission, and the appointment should have been made by them. This matter will be taken up with the Commission with a view to obtaining a certificate for her appointment.

Regarding the payment of transportation expenses, amounting to approximately \$16.00, from Vancouver to Church House, I may say that we do not, unless in very exceptional circumstances, pay the transportation of teachers and field matrons. However, as Homalco is a remote point, and it is difficult to obtain officers to fill positions in cases of this kind, we will pay the transportation expenses of approximately \$16.00 upon receipt of properly certified vouchers.

I shall be pleased if you will inform Mr. Inspector Cairns of the contents of this letter.

Sir:

Mr. William Marsden, teacher of the Homalco Indian Day School, resigned his position, taking effect December 31st.

He has accepted the position of teacher of the Indian School in the Okanagan Agency, near Vernon, B.C. He will commence work about Feb. 1st in his new position.

Miss Doris Boyle who holds a third class non-professional teacher's certificate, and who has training as a stenographer, has succeeded Mr. Marsden in the Day School at Homalco and I am sure will do her best to produce results. She is only eighteen years of age but is bright and efficient.

Miss Shore who had charge of the Kindergarten and Junior work at St. George's School at Lytton, has taken charge of the Indian Day School at Hazelton. Miss Shore has had training and will do especially good work in this new position. In her letter to me she says that so far she has had only twenty pupils. She finds the pupils very far behind, and except for reading, are only in the kindergarten state. She is confident that she can get results.

Sir,—

Owing to the resignation of Mr. William Marsden, teacher of the Indian Day School at Homalco, B.C., together with that of Mrs. Marsden, who has been acting as Field-Matron at Homalco, in conjunction with the work of her husband, which resignation took effect at the end of December, ultimo, it became necessary, in order that there should be no break in the work of such officers in the Reserve to make an appointment of their successors accordingly.

In conjunction with Father Welch, Vicar of Roman Catholic Missions, at New Westminster we have appointed, subject to the Department's approval, to fill these vacancies Mrs. L.H. Boyle as Field-Matron and Doris Boyle, (Miss) her daughter, Indian Day School teacher, the former at a salary of \$40.00 per month and the latter at a salary of \$700.00 per year and bonus.

Owing to the difficulties of securing competent officers to fill positions in remote settlements, such as Homalco, it was deemed advisable to recommend that the transportation of Mrs. Boyle and her daughter from Vancouver to Homalco (Church House, B.C.), approximately \$16.00, receipts for which will be furnished by these officers, be paid by the Department.

Mrs. Boyle has the qualifications of a trained nurse, while Miss Boyle has two years standing in High School, which is equal to a third class British Columbia Certificate. In addition to this course, Miss Boyle stated she had also taken a course in typewriting and stenography.

We would, therefore, recommend that the Department confirm these appointments, which will be operative from the 1st of January, 1923.

We have the honour to remain,

Your obedient servants,

Memorandum.

Mr. Scott:-

Mr. W. Marsden, Teacher of the Homalco Indian Day School, forwards, through the office of the Acting Indian Agent at New Westminster, a request for increase in his salary, of \$150 per annum. Mr. Marsden is at present receiving \$700 per annum and bonus of \$150 - a total of \$850. His wife acts as field matron and is paid salary at the rate of \$480 per annum. There are living quarters provided in the school building.

Mr. Marsden has been teaching for 7 years, - 3 years of which have been at this school. He has no professional qualifications. He was educated at the Jesuit College, Stonyhurst, England and passed the Entrance Examination, Royal Institute, British Architects, and has been elected a Fellow of the Royal Institute Architects, Canada. Mr. Inspector Cairns speaks very highly of the work being performed by Mr. Marsden.

We are paying teachers with professional qualifications in British Columbia as high as \$1000. Homalco is a very isolated place and the cost of the necessaries of life is high.

I would beg to recommend that Mr. Marsden be granted an increase of \$100 per annum from the first of September, next, and would be pleased to have your approval.

Dear Miss Dynes.

Since being transferred to the Hamaleo Indian Day School at Church House three years ago, I have found my salary of \$700⁰⁰/₁₀₀ per annum quite inadequate to cover the barest of living expenses at the above remote and isolated place.

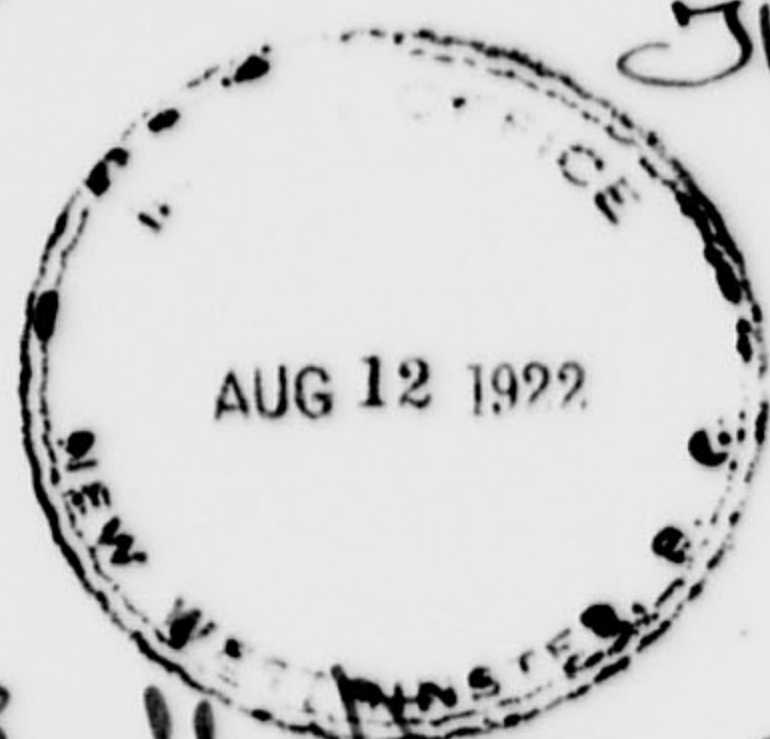

I shall therefore appreciate it very much indeed, if the Department could see its way to grant me an increase in salary of \$150⁰⁰/₁₀₀.

I may say I am now well on my seventh year in the service of the Indian Department as a teacher, and will be glad if this my application will be favourably considered.

In reply I beg to say that your salary is at the rate of \$700.00 per annum, as you were informed by Mr. Agent Byrne in his letter of May 16th last, a copy of which you enclosed. Through an oversight it is regretted that you were only paid for the September quarter at the rate of \$600.00 per annum and a cheque for \$25.00, being the balance due for that quarter, is being sent you in care of Mr. Agent Byrne.

Referring to my letter to you of the 12th. ult., and also the above telegram. Would say that the Department has decided to reinstate Mr. Nicholson, who has recently returned from overseas service as teacher of the Sliammon Indian Day School, to take charge of this work, as soon as you can reasonably remove your effects.

The position of teacher at Homalco School is vacant, and I would be pleased if you would take charge there, the salary is \$700.00 per annum for the teacher, and \$300.00 for the Matron, this is \$100.00 more than the salary paid at Sliammon. The location of the Homalco School occupies a very attractive position, overlooking Lewis Channel, and the Hole in the Wall, and were it not for the fact that Mr Nicholson has some young children which he wishes to attend school at Powell River, he would no doubt accept the position of teacher at Homalco, instead of Sliammon.

Kindly advise me by return mail if you accept the transfer to Homalco, and oblige,

I have to acknowledge the receipt of your letter of the 14th instant enclosing a communication from Mr. Basil Nicholson, former teacher of the Sliammon Indian School, in which he asks to be again placed in charge of the school there at an increased salary and that his wife be appointed field matron.

A teacher is, however, required for the school at Homalco and Mr. Nicholson and his wife could be sent there as teacher and field matron at the same salaries they were receiving previous to his enlistment, pending the re-classification and readjustment of the salaries of the teachers of Indian schools, which is under consideration.

MEMORANDUM.

Mr. Scott,-

The school referred to in the attached letter is the one at Homalco, which was closed on the first of January, 1918, the former teacher, Mr. George Bruce, having resigned, and it has not been in operation since.

Mr. Agent Byrne was instructed to consult with the Roman Catholic Church authorities with a view to obtaining a suitable teacher and matron for this school, but up to the present no applications have been received,

There are thirty-one children of school age, but, as their parents are engaged in logging and fishing operations at various other reserves belonging to the band, the attendance was irregular.

Mr. Byrne stated that it would be a difficult matter to obtain the services of a teacher for the small salary which was paid, \$600.00 per annum, and \$300.00 for the teacher's wife as matron. In August, last, the Department informed Mr. Byrne that we would pay at the rate of \$700.00 per annum for a qualified teacher.

Mr. Inspector Cairns, in his last report on this school, stated that it is difficult to get a teacher for this isolated place and that the Indians are chronic fault finders. A school is urgently needed there, as no children are sent away to boarding schools.

The Department has done all it can to re-open this school and the only thing to do would be to have the matter brought to the attention of the church authorities again.

*Mr Benson
Please do this

urgently*

Sir,-

I have to acknowledge the receipt of your letter of the 3rd instant in regard to securing a teacher for the Homalco Indian Day School and stating that it is difficult to obtain the services of a suitable teacher to handle this work for the small salary paid.

In reply I beg to say that for a qualified teacher for this school the Department will pay a salary at the rate of \$700.00 per annum. As soon as you receive any applications for the positions of teacher and matron on this reserve you will be good enough to forward them to the Department for consideration.

Sir,—

Referring to Departmental Letter dated the 22nd ult., No. 318400-1, with reference to securing a teacher for the Homalco Indian Day School.

I beg to state that I, in accordance with my instructions from the Department, spoke to the Church authorities, with a view to obtaining a suitable teacher and matron for this school and reserve, but up to the present, I have not received any applications, the reasons given being that it is difficult to obtain the services of a suitable teacher to handle this work for the small salary paid.

The number of children of school age belonging to the Homalco Band of Indians, is thirty-one, but most of them are, at present, away from the Aupe Reserve, where the school is situated, with their parents, who are engaged in logging and fishing operations at various other reserves belonging to the band, and it is doubtful if a sufficient attendance could be secured at the school until after the fishing season.

I would, therefore, recommend that this matter be laid over for the present, to enable me to submit to the Department the names of suitable candidates for the positions of teacher and matron.

Sir,—

Referring to Departmental Letter dated the 6th inst., No. 318400-1, enclosing copy of a communication received from Chief George Harry of the Homalco Tribe of Indians.

I beg to state that I enquired into these charges, as made by the Chief against the teacher, some time ago, and as the result of my investigation I came to the conclusion that it was more a matter of jealousy on the part of the Indian than any other cause.

About a year ago a consignment of freight which was unloaded from a Steam Boat on a wharf, which is situated close to the Reserve, was tampered with by the Indians, and a box containing liquor was broken open and the liquor stolen, and as a result of this a number of the Indians became intoxicated, and a free fight followed. The matter was duly reported to me, and I mutually arranged with the teacher, that in future all freight consigned to that wharf should be put into the shed, the door locked and him to hold the key. Since that time no further trouble has been reported in regard to freight left on this dock, for distribution amongst the various logging camps in the vicinity. I may say that the Dominion Department of Public Works, under whose supervision the wharf was erected, were very pleased when they heard that Mr. Bruce was willing to care for freight left there, and see that none was stolen. The school in which the teacher lives is situated about 150 Yards from the wharf and overlooking same. I am satisfied that any work done by Mr. Bruce in this connection, does not in anyway interfere with his duties as teacher.

As to the other charges, would say that I do not think that the interests of the school are in any way neglected by Mr. Bruce going out in his boat with his wife and children in the evenings, and picking up a log if he finds same floating in the Straits.

As to the teacher buying fish, I am not aware that he has ever made a practise of so doing, but he might have stored fish in the wharf referred to, pending the arrival of the regular boat to transport same to Vancouver.

I believe that Mr. Bruce is kind to all the children, and I am sure that his wife is very economical, and would not waste any groceries which might have been left there for the use of the pupils. She told me that about a year ago the Indians left some rice which was damaged from getting damp, and unfit for food, so she told the Indians that she had thrown it out.

Trusting this explanation is satisfactory.

I beg to make application for the transfer of Mr. and Mrs. J. J. Moroney, teacher and matron of the Homalco Indian Day School, from where they have been engaged during the past two years, to Chehalis, where a new school is to be opened after the holidays.

Mr. Moroney has two little children one of whom is not very strong, and is therefore desirous of locating at a point nearer civilization, where he can obtain medical attendance for his little one should it be necessary to do so.

In view of the fact that Mr. and Mrs. Moroney are experienced teachers, and have given good satisfaction during their term of office at Homalco, I would respectfully recommend to the Department that their transfer be granted, and that they be formally appointed to take charge of Chehalis School. Madam,-

I have to acknowledge the receipt of your letter of the 16th instant in which you claim a balance of salary to be due you for the period which you taught the Homalco Day School.

In reply I beg to say that Mr. Agent Byrne forwarded your resignation at the end of the June quarter, 1914, and you were paid in full for your services to that date. You began duty at this school in September, 1912, and taught two full school years to June 30th, 1914. Your salary was at the rate of \$600.00 per year, which you received in full for the two years you taught. As it is presumed that this school was closed for the summer holidays during the month of July, the Department cannot see that any further balance of salary is due you for that month. If, however, you had school open during July you should forward a return showing the attendance and the number of days taught when any balance of salary due for this service will be paid.

With reference to the account which you forwarded in payment of the services of an Indian girl to clean the school I beg to say that this account has not been received by the Department.

I have to acknowledge the receipt of your letter of the 30th ultimo enclosing a communication from Mrs. K. Petznick, in which she claims a balance of salary to be due to her husband and herself as teacher and matron of the Homalco Day School.

In reply I beg to inform you that in your letter of the 23rd of June, last, No. 174-22, you informed the Department that they had sent in their resignations to take effect on the 30th of June, last, and the full salary due them was paid to that date. As it is presumed that this school was closed for the summer holidays during the month of July the Department cannot see that any further balance of salary is due. If, however, Mrs. Petznick and her husband were teaching during July they should forward a return showing the attendance and the number of days taught and any balance due for their services will be paid.

I have received an application from Mrs. K. Petznick and her husband, late teachers of Homalco Indian Day School, for arrears of salary due them. Mrs. Petznick taught in this school for a period of two school years, she did first class work, sometimes under great difficulties, I would therefore recommend that the Department favourably consider the payment of any amount which may be due her.

Mrs. Petznick and her husband received their salary for the quarter ended June 30th, this year, but she has not received anything for the extra days in the beginning of September Quarter. I am enclosing herewith her letter.

Rev. Sir,-

I have to acknowledge the receipt of your recent report on the Homalco Day School, in which you recommend that the text books prescribed for the Public Schools of British Columbia should be used in the Indian schools.

The Department wishes the work in the Indian schools to follow as closely as possible along the lines prescribed by the Provincial Department of Education and would be pleased if you would request the teachers to ask for British Columbia text books when sending requisitions in future.

As these books will have to be ordered through the Government Stationery Office, the Department would like to know the name of the publishers of the British Columbia text books.

GENERAL REMARKS.

I find that there is no uniformity in the use of text books. It appears to me that it would be a move in the right direction to have all schools use the text books prescribed for the public schools of the province. These books might be kept in stock by the Indian Agent. He is in touch more or less with all the schools. It would be an advantage to have the base of supply near at hand. The time will come when many of our Indian pupils will want to take the entrance to a High school examination. Then they will of necessity have to use the provincial course of study.

Sir,

The new school on Homalco Indian Reserve will be finished very soon, the teacher Mrs. K. Petznick informs me that it will be impossible for her to attend to the boarders as well as teach the classes and she asked that her husband be placed on the staff to assist her, by his assistance the boys will be able to take up gardening and learn to grow the necessary fruits and vegetables. I may say that there is a nice piece of ground in the vicinity of the school where gardening could be carried on.

In view of the foregoing, I would respectfully recommend that Mr. Petznick be appointed to the staff of the above school at a salary of \$25.00 a month, this being the sum formerly paid by the Department to Mrs. Thompson for doing the same work.

Referring to Departmental letter dated August 22nd last, and No. 318,400/1; I beg to report that Miss K. B. Richards who is a Roman Catholic, has accepted the position of teacher at the Kamaloo Indian Day School. Her sister has agreed to undertake the work formerly done by Mrs. Thompson, at the salary stated.

I accompanied Miss Richards to the school on the first boat leaving Vancouver for that place after receiving the Departments approval of her appointment. We arrived at the reserve on the evening of the 4th inst. I held a meeting of the Indians and introduced the new teacher to them and their children. The following morning we formally opened the school with an attendance of ten pupils. This small attendance is accounted for by the fact that, a great number of the children were absent from the reserve with their parents, and did not know when the new teacher would arrive.

At my request the Acting Chief George Harry sent a messenger to notify the parents and children that the school was again opened, but owing to the great distance those people were away from the reserve, the messenger had not returned before I left, although I remained four days assisting the Chief in cleaning up, repairing the water system, and putting the school and dormitories in a fairly habitable condition.

Dear Sir

419731

On reply to your letter of the 30th of Aug. 1912 N^o 497/B. I beg to state that I never said to any one that the Church House school would not be reopened till they will erect a new church. On my visit up to the Coast, I found that story spread amongst the Indians and I denied it.

Chief Harry of Church House told me that he first heard it at Vancouver, in Mr Green's office, by a letter from the Department that he read to him. As I was saying that he misunderstood Mr Green, the School Inspector; he answered me that they were six Indians to listen to the reading and that they knew well the meaning of it.

On my return to Vancouver I had an interview with Mr Green to inquire about this statement; but at my great surprise this gentleman denied that he ever read any thing the kind to those Indians but only read few lines of an official letter inquiring about the Hornet School teacher, with the church authorities were did find out.

Soon I will have occasion to meet those Indians, I hope to have more information and discover who ever invented this above statement.

The result of that regrettable story is that the Indians have turned against me, thinking that I am opposed to the education of their children. God knows all what I have done during the past year to find a good teacher for Hornalco school. I met several parties, but the isolation of the place and the semi-boarding school would scare them. At least I found Miss ^{Richard} ~~Stichon~~, who was formerly teacher of the Curtis Island School. She is there at the present time with her sister as an assistant work. I hope that they will both give satisfaction to the Department.

Sir: -

I beg to enclose herewith application received by me from Miss Kathleen B. Richards for the position of teacher to the Hornaless Indian Day School, with Testimonials

Miss Richards is 30 years of age she intends should she get the appointment to have her sister live with her at the school.

As she has occupied a position on the teaching staff of the Public Schools of this Province as evidenced by Mr. Jon Mansons Testimonial, and as I believe that she will get along well with the Indians and make a first class teacher for them

I respectfully recommend that her application be accepted

EXD.

Ottawa, August 19, 1912.

Sir,-

On March 31, last, the Department dispensed with the services of Mr. Thompson, teacher of the Homalco school. The Roman Catholic Church authorities were asked, through Mr. School Inspector Green, to nominate a teacher, but so far nothing has been done.

In a communication just received by the Department it is stated that the Missionary who has charge of this reserve, informed the Indians that unless they would erect a new and larger church building, the school would be kept closed.

The Department does not know whether there is any truth in this statement and would like you to make enquiries. A teacher should be appointed, if possible, without delay, and if the Church is not able to nominate a suitable person, it will be necessary for the Department to take steps with the object of reopening the school. I shall be glad to hear from you at an early date.

I have to acknowledge the receipt of your two communications of the 3rd inst. in reference to the reopening of the Homalce day school.

In reply I beg to say that an endeavour has been made to find a suitable teacher but so far without results. Both the church authorities and officers of the Department have been interesting themselves in this matter.

Your remarks with reference to the attitude of the Missionary are noted and will be the subject of investigation.

Sir,-

I have to acknowledge the receipt of your letter of the 5th inst., embodying an extract from a letter received by you from Chief George Harry of Churchouse in reference to the appointment of a teacher *for the Horecales school.*

The Department paid the late teacher a salary of \$600 per annum and his wife \$300 as Matron and is prepared to continue this grant to a competent teacher. The nomination of a teacher rests with the authorities of the Roman Catholic Church, who up to the present have been unable to find a suitable person.

The Department would be pleased if you could find it convenient to confer with them in regard to this matter, as it is desirable that the school should be reopened without any further delay. It is also considered advisable to continue the semi-boarding school system which has been in operation there since the school was organised.

Sir:-

The following is an extract from a letter from Chief George Harry of Churchouse:-

"As our school which has now been closed for a considerable time and which cost us \$4000 to build, is without a teacher, we should like arrangements making for us to have one as we want our children educating, and as a qualified teacher cannot be had for \$25.00 per month we would respectfully ask that the Government increase this grant to such an amount as will enable us to procure a competent teacher".

Indians having shown such an interest as to ~~put~~ provide a school building themselves, care should be taken to have an efficient teacher provided.

Dear Sir,

I am taking the liberty of writing to you with reference to a grievance that we have concerning our Schoolhouse. Last week the priest, who only visits us once or twice a year, came over to our place & told us that if we did not build another large Church, he would keep our school closed & that we should not get a teacher.

Now at the present time our church is plenty large enough for all present requirements & we have not the money nor do we desire at the present time to do as he requests & we consider it a great hardship on us, if he has the power to do as he has done.

I would be very grateful if you would give this matter your early attention as our children's education is being altogether neglected owing to the schools being closed.

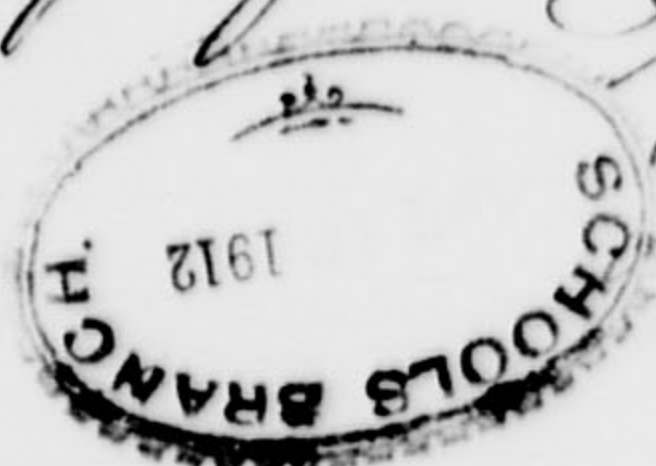

Thanking you in anticipation

I remain

Yours respectfully,

Dear Sir.

Herewith I give you a brief history of our schoolhouse, in connection with which our grievance, as per annexed letter, is.

The school was built 4 years ago at a cost of \$4,000 & we would humbly petition the Government through you to see to it that the next teacher that we have sent us is competent to fill the position. The last teacher that we had - Mr. Thompson had his wife here & some time after he came he opened a store & left his wife (who was not competent) to teach the children consequently their education has been very much neglected and as our schoolhouse has been closed now for 5 months I & my people would esteem it a great favor if you would give this your very early attention.

Thanking you

Sir,

RE Hemalce School.

I have the honor to report for the information of the Department that after receiving a number of letters from the Indians at Church House requesting a meeting to consider school matters, I, after visiting Sliammon, met these Indians.

The Hemalce School has been closed since April 1st., when Mr. W. Thompson resigned as teacher. The Indians are very strongly in favor of the school being opened, and fail to understand the difficulty in finding a suitable teacher. They are quite willing to assist a teacher all they can.

I looked over the school building and dwelling house. It is in fair repair, with the exception of a bad leakage near the chimney. The Chief promised to have this fixed the day after inspection. The stoves and cooking utensils were in good shape, likewise school books, slates, etc. But I noticed that the hand cart belonging to the Department (and nearly new) was missing. The Indians say Mr. Thompson removed it with his own furniture. He is now living close by the graveyard on the land which has been added to the reserve., and from his actions and words seeks to provoke the Indians to violence. I advised and warned them to take no notice of him.

I have not been able to find a Catholic teacher and the priests tell me they cannot find a suitable one.

I have the honor to remain

In reply I beg to say that you have not dealt with the most important point referred to in official letter of the 8th instant. Sir:-

On the 25th ultimo Mr. William Thompson, teacher of the Komaloo Indian Day School, situated on the Aupe Reserve, visited this office and informed me that Acting Chief George Harry had taken the supplies which were sent by me to the school, into his own house and refused to deliver them to the teacher.

On the 28th ultimo Mr. Thompson again visited this office; Acting Chief George Harry also paid me a visit on the same day. In conversation with George Harry, he informed me that he had placed the goods in his house for safe-keeping, as he understood from Inspector Green, that Mr. Thompson was going to leave, and that he, (the Inspector) would be able to supply them with another teacher about the beginning of new year.

On the 2nd inst. I started for Church House (Aupe Reserve), but owing to the fact that a B.C.R. car had left the track, thereby blocking the traffic for some three hours; I did not arrive in Vancouver in time to catch the boat.

On the 6th inst., I visited the reserve which is situated about 120 miles north from here. I held a meeting of the Indians, and I found that they were very much dissatisfied with Mr. Thompson's actions, in regard to the way in which he had been conducting the school; but the greatest trouble seemed to be in connection with the facts that Mr. Thompson, the teacher, had preempted 160 acres of land adjoining the reserve, on which preemption the school is erected; and the Indians had laid out their cemetery.

As this has been reported on fully by my predecessor, I do not think it is necessary for me to dwell upon it further than to say, that I understand, and so informed them, that the Department of Indian Affairs have arranged with the provincial Department of Lands and Works to secure for the Indians, all that portion of Mr. Thompson's preemption on which the Indians had made improvements, or to which they laid claim. I further informed the Indians, that I understood that a provincial land surveyor, named Mr. Rhodes, B.C.L.S., had been instructed to make the necessary survey; Mr. Rhodes having arranged to accompany me up on the boat for that purpose, but for some reason, then unknown to me, he or his representative did not come. I found out afterwards that he had missed the boat.

My reason for wishing to be present with the surveyor was in order that I might use my influence with the Indians, and also with Mr. Thompson, as to where the boundary line of the new survey should be run, as Mr. Thompson claims, that while he is willing to let the Indians have all the land to which in his opinion they have any claim, he is of the opinion that they are asking for more than they are in justice entitled to. The Indians have a tracing of a suggested boundary to this new survey, furnished to them by the Provincial Department of Lands and Works, which no doubt will be a guide to the surveyor when he goes on to the ground to do the work.

In regard to the school, the Indians informed me that they had closed it some ten days previous to my arrival. I pointed out to them, that they had made a mistake in doing so, and that the best thing they could do was to send their children to school, as Mr. Thompson was going to remain and teach until the

Sir;-

I am in receipt of a letter from Mrs. Thompson, Matron of the Homalco Indian Day School, in which she informs me that. it is very difficult; in fact almost impossible for her to obtain provisions from the Indians to furnish sufficient food for the children who board at the school with her, during the absence of their parents; and she respectfully requests the Department to come to her help, by sending her some supplies, a list of which follows, with an estimated cost of same;-

Five sacks flour.....	\$9.00
Two hundred lbs. sugar.....	14.00
Five lbs. tea.....	1.50
Two sacks rice.....	4.50
Eighty lbs. beans.....	4.25
Four sides bacon.....	12.50
Twenty lbs. lard.....	3.50
Five sacks potatoes.....	7.50
Estimated freight on same.....	6.50
	<u>\$63.25</u>

According to Mrs. Thompson, the amount of provisions above quoted, is required to provide food for five children, for three months. If the Department cannot approve of granting the full amount as stated, Mrs. Thompson is quite willing to accept such portion as she can get.

Mr. Bray,

Will you please state whether from the information already on file the Department is in a position to inform Mr. Thompson, the teacher of the Homalco School, that he will have to vacate the school building by the 31st of March, next, as it has no desire to retain his services as teacher of that school after that date.

Marshall Benson

Mr. Benson,-

We have the promise from the Provincial Govt., that the land on which the school building and the grave-yard is situated ^{will be} ~~is~~ exempted from the Crown Grant and we were requested to have the said land defined by survey.

The survey has been ordered several months ago. The Surveyor has not been able to do the work as yet, but it is expected the whole matter will be adjusted before the 31st March next. I think the action above indicated may be safely taken.

In further reference to my report on the Hemalce School Westminister Agency, dated Oct. 28th., I have the honor to report that the teacher Mr. Wm. Thompson is doing more harm than good, he is continually quarreling with the Indians. The store and Post Office which he runs in the school building, take up a great part of his time. He also has a chicken house under the school building where he keeps quite a number of chickens.

Mr. Thompson is trying to sell his "pre-emption record" (which includes the ground on which the school building stands, and on which the two Indian graveyards are situated), to other white men, notwithstanding the fact that the Land and Works Department of the Provincial Government at Victoria, have notified him that the ground on which school house and grave yards are, would be taken out of his pre-emption.

The Chief George Harry holds a sketch map given him by the Deputy Commissioner of Lands and Works, Victoria, showing how the survey could be made, so as to add to the Indian Reserve, the land on which the graveyards and school house stand. The Indians would be perfectly satisfied with this.

I beg to respectfully recommend that the Department cause a survey to be made as soon as possible according to the plan purposed as shown in the sketch map given to the Chief.

I had Mr. Thompson and the Indians together. They charged him with drunkenness, which he denied, but admitted drinking, but as his house (the school building) is not at present reserved, he says he can do what he likes on his own pre-emption. One evening near midnight he fired a rifle off fifteen times. He declared he was not drunk, but mad.

It is urgent for the success of the school and the good of the Indians that a survey be made, and that Mr. Thompson be released from the school.

I informed him the school could not continue as at present and that I should recommend to the Department that his services be dispensed with at Christmas. It would be better to close the school than to let things go on as at present, but it would be well for the survey to be made before he quits the school.

Sir,

I beg leave to address you a private letter as to the only one, I think, who is able to settle the matter. I appeal to you as a mother for her children, as a missionary for her flock of little ones. Leaving aside all other consideration I'll bring two points the school and the land, which is the only one and same question with me.

1st The land: you know by the Indians through their agents and lawyer, one side of the situation. I beg the honor to show you my side of the version.

On my arrival here, I took a fancy to these children and not being a worldly woman, I devoted myself heart & soul to their welfare. Thus, I prevailed upon Mr. Thompson, my husband to preempt 160 acres of land, adjoining the Indian Reserve (which land we knew by a letter from the land office, had been refused to them.) with the intention of setting apart 15 or 20 acres for the use of the school — we figured on finishing the building & fence it, make garden, play-ground, have chickens, cows — in fact, everything in the way of

improving the surroundings for the instruction & comfort of the children, such as we have in every other school. — thus making it a permanent school for a long many years — which if left to Indians, will never be anything but a dilapidated concern — such as it is to-day.

Just about the time, I was to start the new building, we received a notification from the land office, that the Indian Department had made a protest against us having the land, thus we were stopped in bettering the school, my future dreams scattered to the winds.

Thus far was my letter, when Mr. Green, the School Inspector came to examine the school. At the meeting after school, the Indians brought such a lot of accusations against Mr. Thompson that Mr. Green, thought it best to close the school at the end of the quarter. On the moment, of the excitement, the boat being in sight and Mr. Green having to leave in a hurry, it was impossible to settle the matter, thus, I suppose he will in his report, suggest, the closing of the school, with the remark that the system on which it is based is not a success. — but talking the matter over, I decided to ask privately, a further investigation. now, I beg for the sake of the children, who are well worth, not to close the school at all. What, will be the use of so much money spent if the school is closed, think of the future of these intelligent children, with such parents who instead of helping them to improve, are the very first to hinder their progress.

The system — What other system, could we have here —

The Indians, having no way of living around here
are obliged to go in different logging camps, thus being
away for three or four weeks at a time, thus making
impossible to send their children to school.
I think, this experience is good and works very
well under the circumstances. it is true we have
applied to the Gov. to help with food, we were refused
and every thing was settled.

False accusation. Who knows the Indians, Arion, that
they are made of complaint, falsehood, treat only those who live
with us know, how to put up with their foolishness. All the false
accusation brought before Mr. Green were all settled by Mr. H. D.
the Ind. Agent two years ago. which you will see by his report
at the time — all the old yarn over again was brought for
American. Mr. Thompson has been wanting a long time
to resign and turn over to me the teaching & the school entirely
being advanced in age, it is a little too much worry for him
but, being unable to secure a good woman help, it
has been impossible so far. Before finishing, permit
me to add a few words in favor of Mr. Thompson, my hus-
band — don't you think it is outrageous to turn out in the middle
of winter an old man who has served faithfully the Department for 20
and who has seen better days. — He was grateful to you, for this offer
here & looked upon it as a pension, a gratuity, for which, he was very grateful.

Trusting, you will give this a favorable consideration

I have to acknowledge the receipt of your letter of the 19th ultimo in further reference to the exemption of the school and grave yard of the Honalso Indians from pre-emption by Mr. William Thompson, the Teacher.

In reply I beg to say that the Department is taking the necessary steps to have a survey made and it is not considered advisable to take any action with regard to dismissing Mr. Thompson until such time as this matter is settled. Sir,-

I have the honor to report for the information of the Department that Chief George Harry with two other Chiefs of Church House, Bute Inlet, came to see me on my return from the North on May 15th., regarding the school on "Aupe" Reserve, Westminster Agency. They state that the teacher, Mr. William Thompson, neglects the school, his time being so much taken up with the general store which he conducts in the school building. Also that he quarrels with the Indians and has excited them by telling them that his time on his preemption will be up in two months, and that he will then have his Crown Grant to the land on which the school stands, and on which their cemeteries are located. I advised them to see Mr. Inspector Ditchburn and they went to Victoria, but he was out of town. Then they went to the Provincial Office of Lands and Works, and stated their case. Chief George Harry has a letter dated May 17th., signed by the Deputy Commissioner of Lands and Works for B.C., stating that if the Department of Indian Affairs will have a survey made of the land on which the school and graveyards stand, and submit notes of the same, such lands will be exempted from Wm. Thompson's preemption record No. 2851.

I have the honor to most respectfully and strongly recommend that the Department cause a survey to be made immediately, and so end the difficulty. Mr. Thompson is not wise, and says and does things to continually provoke the Indians. Should any of these excited and angry Indians get drunk, they might do some act of violence.

The school cannot prosper under these conditions, and I think that the store should be separated from the school, and it might be well to have a new teacher.

With reference to the Church House matter, Agent X McDonald informed me early in January that the Department was endeavouring to stop the pre-emption of Mr Thompson, the school teacher, of the land adjoining the Homalco Indian reserve, upon which the school house and the Indian Graveyard are situated. Has this been accomplished yet? Mr Inspector of schools A.E. Green spoke to me on this matter in Vancouver recently. If the pre-emption can be stopped it will no doubt have the effect of pacifying the Indians.

I found a good deal of friction existing between the Indians and Mr Thompson, the teacher. In fact they had previous to my arrival at the reserve, requested him to resign. The main cause of the trouble appears to be on account of ~~the~~ Thompson pre-empting the land adjoining the reserve, on which their graveyard is. I assured the Indians that the Department has the matter in hand now, and would very likely be able to arrange the matter to their satisfaction. Before I left the reserve I succeeded in getting them all in good humor, and they agreed to allow Mr Thompson to continue teaching ~~xxx~~ until July. If the land question could be settled in the meantime, I think they will be satisfied for Mr Thompson to continue teaching ~~xxx~~ even after the 1st of July.

Excerpt relating to presumption of death of Mr. Thompson on file 84 1015-11

I have the honour to report that I returned to-day from "Church House," where yesterday I inspected the "Homalce" Day School supposed to be situated on the "Aupe Reserve". Mr. William Thompson, teacher, and Mrs. Thompson, assistant, care for the pupils when the parents leave the village.

The teacher reported that the Indians were not helping with wood as they had done a year ago, and that they were not so willing to leave their children (with food), when they had to leave the village.

I have to acknowledge the receipt of your letter of the 25th ultimo in which you report very fully upon the complaints made by some of the Indians against Mr. Thompson, teacher of the Homalco Indian day school.

In reply I beg to say that, in view of the facts as set forth in your report, the Department does not consider that any further notice should be taken of the complaints made by these Indians, and matters may continue as they have in the past. Mr. and Mrs. Thompson are evidently doing good work amongst these Indians and the Department does not wish to place any restrictions upon them unless warranted in doing so.. It is hoped that your visit and the efforts made to restore harmonious relations will be entirely successful and that no further action will be necessary.

Sir:-

In further reference to my letter of the 9th instant, No. 247/14, concerning the report which reached the Department that Mr. Thompson, teacher of the Homalco Day School, has for some time past been neglecting his work, I have the honor to state that I visited the school in question on the 22nd instant and inquired fully into the case, and the only fault the Indians found with Mr. Thompson was that he did not open the school, they said, before 11 a.m. Mr. and Mrs. Thompson, on the other hand, emphatically stated that the school is in session from 10 a.m. to 12 noon, and from 1 p.m. to 3 p.m.; and that the children residing in the school building also receive instructions from 7 p.m. to 8 p.m.; that these hours are adhered to except on occasions when the parents are in the village and the children live at home, and it happens that some of the children are late in arriving at the school.

Mr. Thompson, who has had a good many years' experience in teaching Indian schools, does not think it advisable to keep Indian children longer in school than the above mentioned hours.

I reached the school at 7 a.m. on the 22nd instant, on the S.S. Cowichan, and the mail was carried on the same boat,

and was sorted in about ten minutes after arrival. It contained mail matter for Mr. and Mrs. Thompson and several of the Indians of the band, and also letters and papers for some white men working in a logging camp near the reserve, who came about 8 p.m. for their mail. This constituted the post Master's duties for the day, and as it only occurs once a week, I could not see that the fact of the post office being kept in the school, interfered in any way with the school duties of the teacher; and the Indians are as anxious to have it there as Mr. Thompson is.

The Indians used to bother Mrs. Thompson a good deal in writing letters to Vancouver for them for small supplies such as candy, fruit, pins, needles, thread, etc., and she decided that it would be more convenient for her to keep a small supply of such articles, more to accommodate and please the Indians, particularly the women and children, than for any profit she might make. She showed me the stock she had on hand, which might easily be packed in a suit-case. I asked the Indians if they had any objections to Mrs. Thompson keeping such articles for sale for their convenience, and they informed me that they wished her to continue doing so, as they all like candy, but they never went to the school during school hours.

When I arrived at the school, Mr. Thompson informed me that he was out of fire wood, and I at once went to the Indians and requested them to get to work to provide wood for the school. They all got to work, and in a couple of hours, they had cut and carried out of the bush, enough wood to last for about four months.

Mr. and Mrs. Thompson have worked hard since they took charge of the school, and Mrs. Thompson has acted like a good, kind mother to the children, and they have become very much attached to her.

Mr. and Mrs. Thompson were very much annoyed to think that after all they had done for these children, that the parents, who know nothing about school work, should accuse them of neglecting their duties; in fact, they were so upset about the matter that they had, before my arrival, decided to leave the school, and this would certainly mean the closing of the school for an indefinite period, as it is almost an impossibility to secure the services of a person of any knowledge of teaching to go to such an out of the way place.

From the progress made by the pupils, which I consider compares very favorably with that of other schools, it is evident that Mr. Thompson has not neglected his duties; and the complaint sent to the Department appears to have been got up by Billy Blainey and Alex Paul, who are not classed as the best members of the band.

Before I left the school, all the Indians shook hands with Mr. Thompson, and promised to assist him as much as possible in providing for the needs of the school if he would consent to stay, and he promised to do so.

In view of the fact that the small articles kept for sale by Mrs. Thompson does not interfere with the working of the school, and is a convenience to the Indians, who have no store within ten or twelve miles of the reserve, I recommend that a license be granted to Mrs. Thompson.

Sir;-

I have the honor to acknowledge receipt of your letter of the 31st ultimo, No. 318400/1, in regard to the report which reached the Department that Mr. Thompson, Teacher of the Homalco Day School, has for some time past been neglecting his work.

In reply I beg to say that before I can furnish the full report asked for by the Department, it will be necessary for me to visit the school and investigate the matter; and I have written to Mr. Thompson asking him to let me know when the principal members of the band will be at their village, as I desire to meet them as soon as possible.

About the 1st ultimo, Billy Blainey, a member of the Homalco band, called at my office and stated that Mr. Thompson had purchased the land adjoining their reserve, on which their grave-yard is situated, and that he (Thompson) said he was going to charge the Indians \$5.00 for each grave they would require in future, that he objected to their cutting fire-wood for the school on this land, and also that he was late in opening the school. I at once wrote to Mr. Thompson for an explanation, and I enclose herewith his reply, dated the 12th ultimo.

When I visited this school on the 14th of January last, I met all the Indians of the band, but they made no complaint whatever

whatever at that time about Mr. Thompson.

A post office was opened on the reserve last year, and Mr. Thompson was appointed post Master, as there was no one else there capable of filling the position. Owing to the fact that there was no post office within ten miles of the reserve, the new one opened at the school is a great convenience to the teacher, the Department, and also to the Indians themselves, who were most anxious to have it there. There is only one mail a week to this office, and as the mail boat arrives at the reserve early in the morning, usually at about 7 o'clock, I cannot see that the small amount of mail matter received there interferes with the working of the school.

I am not aware that Mr. Thompson keeps a store in the school, as I saw no indications of such when I visited there; but there being no store within ten miles of the reserve, it may be possible that Mr. Thompson at times, to accommodate the Indians, has sold them provisions from his own supplies.

However, I will report on this point after visiting the school.

I have the honor to be,

Sir,

Your obedient servant,

R. Thompson

Yours dated March 2nd to hand, In regards to the report made to you about me by Billy Blainey. you will see that it is all his own make up to cover his own faults, he knowing very well, that he will be found out ^{when} you come to visit the school. In the first place I did not purchase the land, ^{and} about the grave yard and charging \$5.00. I never thought of such a thing, and the fire-wood. I am only to glad for them to cut the wood where they please. I have not seen any wood that Billy Blainey ever cut for the school yet. The school hours are the same as when we first started the school. so you will see that I have nothing to smooth over to the satisfaction of the Indians here. what has been told you are nothing but a pack of lies. which makes me, and Mr Thompson feel very much discouraged, after doing all we can for them, and for the benefit of their children. after receiving your letter, another boat came in, and gave us a surprise which made Mr Thompson very much pleased. I thank you for the iron pipe and fixings, and the best of all for the sink.

Sch
HUMBLY SHEWETH

That about two years ago your Honor, through the
Indian Department, appointed on William Thomson to be Teacher
of the Indian School at our reserve, and for a time he did
good and efficient work for our children:

That in Summer 1909 he opened store inside our
School Building and got Post Office there, and since then
he has neglected his duties as Teacher of our Children;
and sometimes gives no instruction at all. As a regular
practise he gives no instruction on Fridays:

That this neglect of our children is a serious
loss to them, and we wish them to get as good an education

Sir,

The Department is in receipt of a communication from Mr. McNaught, Reeve of the Corporation of the District of North Vancouver, written on behalf of the Indians of the Homalco Band, in which he states that Mr. Thomson, teacher of the school, has for sometime past been neglecting his work.

It would appear that a store and a post office have been opened in the school building by Mr. Thomson and it is said that the school is closed all day on each Friday and frequently on other days and that they seldom have more than three or four hours instruction. He refers to a petition from the Indians, but this has not as yet reached the Department.

If you will refer to Section 42, Chapter 81 of the Indian Act you will see that no school teacher on an Indian Reserve shall without the special license in writing of the Superintendent General trade with any Indian or sell to him directly or indirectly any goods or supplies. This license has never been granted in Mr. Thomson's case.

afm
As you are aware a liberal salary is paid him as teacher of this school and \$300.00 per annum is paid towards help for Mrs. Thomson in her work as matron. The Department must, therefore, insist upon Mr. Thomson giving his full time to the school work during school hours, if

he is not doing so now, as represented by the Indians.

These Indians were eager enough in their desire for a school to erect the building themselves and the Department wishes to see them get the fullest benefit possible from the teacher's services, and I have to ask you to be good enough to look carefully into this matter and make a full report. If there are, in your opinion, good reasons why a license ought to be granted you should so state, and, if granted, what provision can be made for carrying on the business so as not to interfere with the school work.

Dear Sir,-

On my return home one of the first happenings I heard of was the death of Chief Joe Capilano, with whom we have always been on the best of terms, and I was much interested to learn that one of the last things he did was to assist in getting in shape a Petition to your Department from the Churchhouse Band of Indians in Bute Inlet. I understand that their appeal has reference to their shhool there. Over two years ago the Chief assisted this Band to Petition your Department for a Teacher for a School they had built, and you sent a Mr. Thomson to teach. This Mr. Thomson for a year did excellent work, and they were greatly pleased to see their children being well taught, but about a year ago, through the influence of the Indian Agent and a priest, he opened a store and got a post office in the school building and now his shhool work is neglected. It is closed all day every Friday and frequently on other days, and they seldom have more than three or four hours instruction. This is a great disappointment to these people, hence they are petitioning you about the matter.

Chief Joe was keenly interested in this Band, hence out of respect for him I venture to write you personally with these particulars, and I hope you will see that an independent enquiry is made, and the earnest wishes of the Indians conceded.

I am,

Yours faithfully,

John W. Wright

Sir:-

I have the honor to enclose herewith a letter, in duplicate, dated the 25th instant, received from Mrs. Lucy De La Giroday, tendering her resignation as assistant to Mrs. Thompson at the Homalco Day School, same to take effect at the end of the present quarter; also letter from Mr. William Thompson, teacher of the said school, asking if the Department can make cheque for her salary for the quarter, amounting to \$75.00, payable to him, so that he can pay her when she is leaving, in order that she may not have to wait until her cheque would arrive from the Department, after the quarterly returns of the school are sent there.

On account of the difficulty of securing the services of a competent white woman for the position, in such an out of the way place, I recommend that Mrs. Lucy De La Giroday's resignation be accepted, and that Mr. Thompson's request for permission to engage an Indian woman named Annie Moses of the Homalco Band, at the same salary (\$25.00 per month), be granted. She is a fairly good house-keeper, and will, I think, fill the position satisfactorily.

Kindly advise me if the Department can make Mrs. Lucy De La Giroday's salary cheque payable to Mr. Thompson.

I have to acknowledge the receipt of your letter of the 25th ultimo in further reference to the engagement of Mrs. Lucy De La Giroday as assistant to Mrs. Thomson at the H^omalco Indian day school.

In reply I beg to say that, when this matter was first brought to the attention of the Department, it was stated that this assistance would only be necessary for a period of six ^{or nine} months during the year. The Department, however, realizes the difficulty that would be met with if the help were discharged during the short period that the children might be out of school and will, therefore, agree to the permanent engagement of Mrs. De La Giroday so long as it is found necessary to supply assistance of the nature rendered by her.

I have to ask you to be good enough to instruct the teacher of this school to include with his quarterly returns a report showing the number of children in residence during the whole or part of the period and giving other general information in reference to the work being conducted.

Sir,-

I have the honor to enclose herewith a letter, dated the 28th instant, No. 333/I3, received from Mr. Agent McDonald, of the Fraser Agency, B. C., covering a petition, therein referred to, of the 11th of the present month, addressed to the Department by the Honalco band of Indians asking that a per capita grant of \$8.00 a month be allowed the institution so that it may be conducted as a regular boarding school. A letter from Mr. Wm. Thompson, teacher of the school is also forwarded for the information of the Department, it being dated the 22nd instant.

As the request made of the Department is entirely in the nature of a departure from present practice it is felt that at present nothing more can be done than refer the question to the Department for its consideration. Should, however, it be deemed advisable to do so, a report in the premises could be obtained of Mr. School Inspector Green who, doubtless, is conversant with the actual merits of the case in hand.

Sir:-

I have the honor to enclose herewith a petition, in duplicate, dated the 11th instant, addressed to the Honorable the Superintendent General of Indian Affairs by the Homalco Band of Indians, asking that the Homalco Day School be given a per capita grant of \$8.00 a month, so that it may be conducted as a regular boarding school.

On receipt of this petition, I wrote to William Thompson, the teacher of the school, and requested him to ascertain from the petitioners if they expected a per capita grant of \$8.00 in addition to the salaries at present paid, viz, \$9.00 a year, which I pointed out, is nearly as much per capita for the average attendance at his school, as is paid per capita to the boarding schools of this agency. I enclose herewith Mr. Thompson's reply, and I think he must have misunderstood Mr. Inspector Green when discussing the matter with him.

I saw Mr. Green since his inspection of this school, and we fully discussed the whole question, and he agrees with me that, if the Department would place \$100.00 each quarter at the disposal of the teacher, it would enable him to purchase provisions for the children of those parents who are too poor to supply their share for the maintenance of the school.

These

These Indians frequently complain of the hardship it is for them to keep the school supplied with provisions, and sometimes when they are away from the reserve for a considerable time, the provisions run short; and, if the teacher had funds at his disposal, he could in such cases purchase supplies to keep the school running until the return of the Indians. Under the present arrangement, some of the Indians are obliged to contribute more than their share so that the children of those who are unable to contribute, may have food.

The building at present in use would have to be considerably enlarged and improved so as to provide increased accommodation before it would be suitable for a regular boarding school.

Sir:-

We the undersigned Indians of the Homalco Band, Aups Reserve, Church House, Fraser Agency B.C. Herby petition your honourable self to make this our day and private boarding school, a Government boarding school, under your supervision, and give us a grant for a boarding school, at \$8.00 per capita, by doing so it will enable us to educate our children.

The need of this your petitioners is mainly the shortage of funds, as our money has been spent in building a good school house for our children to board in at a cost of about \$4000.00 so as they may continue their studies while we are away from here during the summer months at work, we might also state, that it would be beneficial to the children to reside permanently in the school. The school has been under the supervision of Mr and Mrs Thompson for the past year, and the progress the children have made is wonderful and with your assistance by making this a boarding school, it will be a great benefit conferred upon us and our children. At our request the boys and girls are separated, Mr Thompson teaching the boys and Mrs Thompson the girls. The girls are also given a course in cooking and general house duties, and by granting us the above petition, it will enable us to carry on the school in an efficient manner, as we are well pleased with our present teachers. Trusting you will give this our petition a favorable consideration and your petitioners will ever pray.

Dear Sir:-

Yours of the 18th inst to hand. In regards to the petition signed by the Indians here, asking for a per capita grant at \$8.00 per month. I do not think they are asking too much, everything being so high in the provision line, for we have to pay such high freight charges. I do not know if it is the wish of the petitioners that the Department should pay a per capita of \$8.00 in addition to the salaries already paid. They are not home, so I cannot ask them. I am sure they do not know or care, as long as they get what they ask for. When they asked Mr. Green to help them, he sent for me, and said he thought the Department would give \$5.00 per capita the same as most of the boarding schools get. I told him that I could not run a boarding school out of that sum out here, so he made it \$8.00. and if the teachers and other servants, have to be paid out of that, I did not know it, all I ask for in regards to the salary question is, that we shall be on the same footing as the other boarding schools, I know that the Department will do what is right by us. You say that the grant at present given. \$900.00 a year, is nearly as much per capita for the average attendance at school, as is paid to the ordinary boarding schools, that may be the way the school is at present, our average boarding at the school is sixteen, but if they get a Government boarding

School, we will have at least 25 pupils to start with, the reason that so many do not board at the School is, because they have not the means to give their children the amount of provisions required, during their absence from the Reserve. I will also state that the Indians here, have been asked to let the Indians from Squirrel Cove, and other Reserves, know when they get the Government grant, and some of them are waiting to send their children, last month a man and his wife from Cape Mudge came here with a nice little girl to put in the School, with the consent of the Indians here, when I told them they would have to furnish provisions, they said we are too far away, but when you can provide for her, we will bring her, so you see, that if the petitioners get their grant, the other Indians on other reserves, will also get the benefit of it. In regards to the number for which the per capita is asked. Mr. Green after looking through the building, said he thought with a little remodeling we could accommodate about forty pupils, at present, until the other Indians are notified I think I can start with 25 pupils, when they know that the Government will feed their children, they will bring them. I am sorry I overlooked ^{to} date my letter last week. Trusting this will find you well, with our

Referring to your letter of the 29th of April last, No. 477 O. Miss Rita Martin has recently been engaged, and she commenced work on the 1st instant at the rate of \$25.00 per month.

Mr. Thompson, the teacher, informs me that Miss Martin gives very much satisfaction in her work, and Mrs. Thompson is very much pleased with her and hopes that she may be able to keep her.

Sir:-

Referring to my letter of the 24th inst., No. 605, N.5, on the subject of a report forwarded from Mr. Agent McDonald of the Fraser Agency, I have the honour to enclose herewith for the information and consideration of the Department a further letter dated the 26th inst., No. 211/12 received from the Agent stating that the services of a competent white woman to assist Mrs. Thompson can be secured for \$25.00 per month and that the Indians have so far supplied sufficient fuel for the use of the school though, he adds, they were a little dilatory about doing so at the time Mr. Thompson made application for permission to purchase the wood.

In regard to the assistant for Mrs. Thompson I would strongly recommend, under the circumstances, that authority be granted for the employment of such help at the rate of pay stated, it being evident that Mrs. Thompson has more work than she can reasonably be expected to perform.

I have the honor to acknowledge receipt of your letter of the 24th instant. No. 607, N. 5., requesting further information in regard to my report of the 22nd instant on the Management of the Homalco Day School.

In reply I beg to say that Mr. and Mrs. Thompson informed me that the services of a competent white woman to assist Mrs. Thompson, could be secured for \$25.00 per month.

The Indians have so far supplied sufficient fuel for the use of the school, but they were a little dilatory about doing so at the time Mr. Thompson made application to the Department for permission to purchase the wood. On the date of my visit to the school, there was a supply of wood sufficient for at least three months, and the Indians promised me that they would furnish the necessary fuel from time to time.

I may add that the sum of \$15.00 authorized by the Department for the purchase of wood for this school has not been expended.

In reply to your letter of the 27th of January last, especially the last paragraph thereof, asking for a full report on the management of the Homalcho Indian School, Fraser Agency, B.C., I have the honour to forward herewith for the information and consideration of the Department a report dated the 22nd inst., No. 181/12, today received from Mr. Agent McDonald, which, though not containing all the information asked for by the Department, will doubtless enable it to understand the situation as at present existing at the institution. From what the Agent states it would seem that Mr. and Mrs. Thompson, the teachers, expected more assistance from the pupils than they have received and consequently more has fallen to their lot than expected. Under the circumstances the request for an assistant seems not unreasonable. It is noted though that Mr. McDonald omits to state whether for the monthly sum of \$20.00 or \$25.00 the services of a

suitable white woman could be secured, and he is being asked respecting this matter.

No mention is made by the Agent, as will be seen, as to getting the Indians to consent to supplying the necessary fuel for the use of the school. Sir;-

Referring to your letter of the 2nd ultimo, No. 690, M.5., requesting a full report on the management of Homalco Day School, and the results of the experiment so far as shown up to the present, I have the honor to state that I visited the said school on the 19th instant.

There were 25 pupils on the roll and 19 in attendance on the date of my visit. I examined them in reading, writing, and arithmetic, and in view of the fact that the school has only been in operation since the beginning of August last, and that none of the pupils could then speak English, and none had previously attended any school, I consider that they have made excellent progress. They read very well in the First Primer, their writing is good, and they can count and add fairly well. Twelve of them are now sufficiently advanced for promotion to the 2nd standard.

Sixteen pupils boarded in the school from the beginning of August to the latter part of December, when the parents returned to the village and took their children to their own houses, except four pupils, who remained inmates of the school all winter, and were still there at the time of my visit.

At the beginning of April, the parents will nearly all be going away to work, and will again leave their children as boarders

boarders in the school.

Mr. Thompson teaches the boys and Mrs. Thompson, besides teaching the girls, has to attend to the cooking, washing, and keeping the building in order. The big girls, whom she expected to assist her with the housework, only attend as day scholars, and, consequently do not help her as was expected they would. She is not a very strong woman, and complains that the amount of work she has to do when 15 or 16 children are boarding in the school, is too much for her, and Mr. Thompson and herself would be glad if the Department could give a grant of \$20 or \$25 a month to pay a white woman to relieve Mrs. Thompson of a portion of this work. Unless this is done, it is feared that they will have to discontinue keeping the children as boarders in the school, and, in that event, the parents would be obliged to take their children away with them to where they are working. This would practically paralyze the school, at least for the summer months, and I would, therefore, recommend to the favorable consideration of the Department the question of a salary for a white woman to assist Mrs. Thompson, at least for six or nine months in the year when the children will be resident at the school.

The parents take a keen interest in the school, and are very well pleased that their children are getting along so well. They have, however, expressed a strong desire to have their school converted into a boarding school, with the usual per capita grant, as they say it is a great hardship to provide provisions and clothing for their children when in the school.

Mr. Thompson informs me that, so far, the Indians, with

MEMORANDUM:

Deputy Superintendent General.

This proposition for a Day School at Homalco reserve, Bute Inlet, B.C., is in the line of our idea for an improved Day School and I think is worthy of consideration. At the same time our policy has been not to increase the schools in British Columbia, or to make any new arrangement there, without carefully considering the whole field. It seems hard to refuse assistance in this case when the Indians themselves have spent nearly \$4000.00 on the building. Would it be possible to allow the School to go on as an experiment for a year. I would rather favor that plan. We might offer \$600.00; and I would propose to charge it to the ~~last~~ Vote for Boarding and Industrial Schools rather than the Day School vote. There is no money provided in the latter vote, and the former vote can bear it.

Ottawa, March 26, 1908.

The Deputy Superintendent General,-

On December 23 a petition was received from Chief Williams and other Indians of the Homalco reserve, Bute Inlet, B.C. asking for a grant for the salary of a teacher, as they have erected a school - house .

Mr. Agent McDonald, who was asked to furnish a report on this application, has written the Department, stating that there are about 30 children of school age, none of whom have as yet attended any school. They will not consent to send their children to Squamish or Sechelt or any other school off the reserve.

Without consulting anyone they have put up a building at a cost of about \$4000 with accommodation for a regular boarding school. They have agreed to provide the necessary furnishings, if the Department will make a grant for the teacher's salary. They wish to secure a qualified teacher, holding a public school certificate, preferably a married man with family; as their school is in a very isolated locality, no white settlers within 30 miles of the village, the steamers calling there only once a week, the Agent thinks there would be difficulty in securing the services of a

teacher, but in discussing the matter with Father Chirouse, he was informed that the services of a teacher with several years' experience and a married man could be secured, provided sufficient salary would be given. The teacher and his wife would require \$600 a year, \$300 for each, but they would look after the children who are left by their parents while away fishing. The Agent considers this would be the best arrangement that could be made and recommends it to the favourable consideration of the Department.

These Indians are reported to be industrious, with good homes, which are well provided for, and the Agent states that for a time at least they would be able to supply provisions, etc. for the maintenance of the school, as they have made no request for such assistance.

It seems to me that Indians who are so anxious for the education of their children should be encouraged.

January 20th, 1908.

Sir,-

I have the honor to acknowledge receipt of your letter of the 27th ultimo, No. 318400, requesting a report from me in regard to a petition received by the Department from Chief William and other Indians of the Homalco band, Bute Inlet, and asking for a grant to pay the salary of a teacher on the reserve where they have erected a school-house.

In reply I beg to say that these Indians have, for several years, been anxious to have a school established on their reserve. They have about 30 children of school age, none of whom have as yet attended any school. I have, on several occasions, requested them to send some of their children to the Sechelt school, and others to the Squamish Mission school, as each of these Institutions has accommodation for several additional pupils, but they did not wish to send their children so far from home; and, as they would not consent to send their children to any of the schools already established in the Agency, I advised them that they should join with the Klahoose and Sliammon Indians, who are also anxious for schools, and erect a building on some reserve conveniently situated for the three bands, but they would not consent to this proposal either, as they wanted a school on their own reserve. I may add that the Rev.

Father Chirouse, Missionary to these Indians, advised them in this matter along the same lines as myself.

About a year ago, without consulting anyone, they commenced the erection of a school building on their Aūpe reserve, where their village is situated. When I visited them in the month of September last, the building was then not quite completed, and there were no furnishings in it.

At that time, they did not wish me to apply to the Department for a grant for them, until they would have their building completed and furnished, and some necessary clearing and grading done around it. As soon as they had everything ready, they were to notify me, so that I could lay their request before the Department.

They have put up a fairly good frame building, the main part of which is 30 x 40 feet, two stories high. The first story has two class-rooms, each 15 x 30 feet, one small room 10 x 12 feet, and stairway. The second story has two dormitories, 15 x 30 feet each, and one small bedroom, 10 x 12 feet. Adjoining the rear of the main building is a kitchen 20 x 30 feet, one story. The building cost in the neighborhood of \$4000 and has been all paid for by the Indians themselves. It is fairly well constructed, but has not sufficient accommodation for a regular boarding school, as such institutions are conducted in this agency.

I have just been informed by these Indians that the school building is now completed, and that they will provide the necessary furnishings as soon as provision is made by the Department for a teacher's salary. They say that they would like to have a teacher holding a public school certificate, a man with wife and family preferred, but, as their

their school is in a very isolated locality, there being no white settlers within twenty miles of the village, and passenger steamers calling there only once a week, I fear it will hardly be possible to secure the services of a public School teacher to go to such an out of the way place, as there is a scarcity of such teachers even farthe Public Schools of the province.

These Indians, by reason of their occupations, are obliged to be away from their village most of the year, usually taking their families with them, and, in order that the children could attend school regularly, it would be necessary for them to board in the school, at least during the absence of their parents.

In discussing the matter with the Rev. Father Chirouse, he informed me that he can secure the services of a gentleman (I have forgotten his name) who has had several years' experience teaching in the Indian schools of Vancouver Island, and who, with his wife, would be willing to take charge of this school, provided the remuneration were sufficient, he teaching the boys, and his wife teaching the girls and, with the assistance of the older girls would look after the cooking and other housework, for which he would require a salary of at least \$600 per annum, or \$300 for each of them.

This, in my opinion, is the best arrangement that can be made, and I would recommend same to the favorable consideration of the Department.

It is thought that the Indians will, for a time at least, be able to provide provisions, &c., for the maintenance of the school, as they have made no request for such assistance.

I have the honor to be,

Sir,

Your obedient servant,

R. McDonald

Sir,-

The Department has received a petition from Chief William and other Indians of the Bute Inlet (Hemaloo) reserve, asking for a grant to pay the salary of a teacher on the reserve, where they have erected a school-house.

As no address is given, the Department is inclosing herewith its reply, and you will be good enough to forward the same to its destination.

The Department would also like you to make a report for its information on the request of these Indians.

Honorable Member Schools

The Petition of the undersigned Members of the
Bute Inlet Band of Indians, Bute Inlet, British
Columbia.

RESPECTFULLY SHEWETH

In the Bute Inlet Indian Reserve, there are Fifty
households, and Forty children of school age, and, at our own
expense, we have erected a Building suitable for a School
House, at a cost of \$4,000.

We earnestly desire to have a local white Teacher
to instruct our children same as white children are taught,
and not to have our children taken away from us to the Indian
Schools in Towns. We wish also to have our children taught
all the branches of education necessary to make them useful
citizens.

May it therefore please Your Honour to direct
that a suitable grant be made for a School
Teacher at Bute Inlet Reserve, and that a
School Teacher be appointed by your
Department to carry out the work of teaching
there, and your Petitioners will ever Pray

Dear Sir,

Re A. Hedley Garland, Church House, B.C.

As you are already aware, the above party has been indebted to this Branch for several years. You were good enough to advise us that he was leaving Church House at the end of the school term in June last, and since then we have lost trace of him. If Garland has continued at his profession, it has occurred to us that you might have been called upon to furnish references to Schools considering his application for a position, in which event you might be disposed to inform us as to where any enquiries came from. We might trace him through this source.

We shall appreciate any information that you can give us in the matter.

Yours truly,

Wm. H. K.
Manager.

P.S. We might say that we have been receiving small payments from him on account of his debt from time to time, but nevertheless we do not wish to lose track of him.

Gentlemen:-

I have to acknowledge the receipt of your communication of the 10th instant in reference to Mr. Arthur H. Garland.

In connection therewith I have to say that Mr. Garland was in the employ of this Department for a period of about two years as teacher at an Indian School at Homalco, B.C. In his capacity as teacher he did not handle any funds of the Department but I am not familiar enough with his personal history to answer the questions as submitted by you.

Mr. Garland was relieved of his position on account of friction between himself and other employees of the Department and, as intimated above, I am not in a position to pronounce upon his worthiness in respect to your issuing a bond on his behalf.

Sir:-

I beg to enclose herewith report for June quarter of Mr. Arthur N. Becher, teacher of the Homalco Indian Day School, at Church-House, B.C.

Mr. Becher has requested that his cheque be forwarded to him care of this office as he is leaving for Vancouver this week.

I have written Mr. Commissioner Ditchburn calling attention to the pitifully small attendance compared with the Sliammon Day School and the expense of maintaining a field matron and teacher at the Reserve at a cost of over \$1,500.00 per annum. I pointed out that four of the pupils are non-Indians who are permitted to attend the school, viz. the Pallen children who have much the best attendance.

Sir:-

I beg to refer again to your letter of the 16th ultimo regarding Homalco Day School matters.

Mr. Becher called here yesterday and stated that he had received a cable from Ireland to return there as soon as possible and he has now applied for six months leave of absence which is submitted for your consideration. As he is taking his family with him, the position of field matron is also vacant under the same circumstances.

I would not respectfully recommend that a teacher and field matron be appointed temporarily in their place, and in six months' time we can then determine whether the school has made progress or not and how far Mr. Becher is responsible for the backwardness of the pupils and his re-employment at Homalco can then receive further consideration.

As there is not time to receive your instructions on the matter before Mr. Becher leaves Vancouver, I have advised him that I can give him no assurance that his former position will be open for him if and when he returns. I trust you will approve of this action, but if not, any instructions you may have to the contrary can be communicated to him in Ireland during his leave of absence.

I have notified Mr. Assistant Commissioner Perry in accordance with the above and as Mr. Barry, Inspector of Schools, has not visited Homalco and does not understand the peculiar conditions under which the teacher and field matron have to live, I hope I shall be consulted before any appointment is made.

I have the honour to be,

Original on 167-33-6.

The teacher keeps a number of large dogs at the school. When I visited the school there were seven there. I warned him that he had better see to it they did not bother the small children when they attended school. He informed me that the old dog was kept tied up when children were coming to school. I am not in favour of the keeping of large dogs at Indian Day Schools. This matter is mentioned here for the information of the Department, as I understand from Mr. Bartlett that there has been trouble in the village over these dogs, and that some two or three of the children have been bitten. I had not heard this when I spoke to the teacher about his dogs, and in fact did not hear about it till we had left the village in the Gikumi. I consider that the Department should be made aware of the above, even if the matter is not inquired into at the present time.

Dear Sir:-

I beg to acknowledge receipt of your letter of the 26th instant with reference to the temporary application of Mr. and Mrs. Sowrey as teacher and field matron respectively at Homalco Indian Reserve.

I have much pleasure in reporting that the school attendance has improved tremendously and that Mr. Sowrey has taken much interest in his duties as teacher, and is also giving manual training instruction as part of the school curriculum.

Mrs. Sowrey, being a qualified nurse, has also given valuable services to the Homalco Indians and is keenly interested in her work.

There is an entirely different atmosphere at this school and reserve, and the Indians are now living under much more sanitary and hygienic conditions since Mrs. Sowrey took over the duties of field matron.

Mr. and Mrs. Becher wrote me personally some time ago saying they did not intend returning to Canada and I respectfully recommend that Mr. and Mrs. Sowrey be retained in their positions.

Mrs. Sowrey should be informed, however, that if she should later be appointed to the position of Field Matron, she will begin at the minimum of the salary range (\$300 - \$540) less the 10% reduction which is general throughout the Service at the present time.

Sir,-

I have your /4969 of the 27th ultimo, nominating the services of Mr. W. H. Sowrey as teacher and his wife as field matron to replace Mr. and Mrs. A. N. Becher, who have applied for six months' leave of absence. With regard to a teacher for this school, I have to say that the Department will approve of the temporary appointment of Mr. Sowrey with salary at the rate of \$95 per teaching month, less 10% for the current fiscal year.

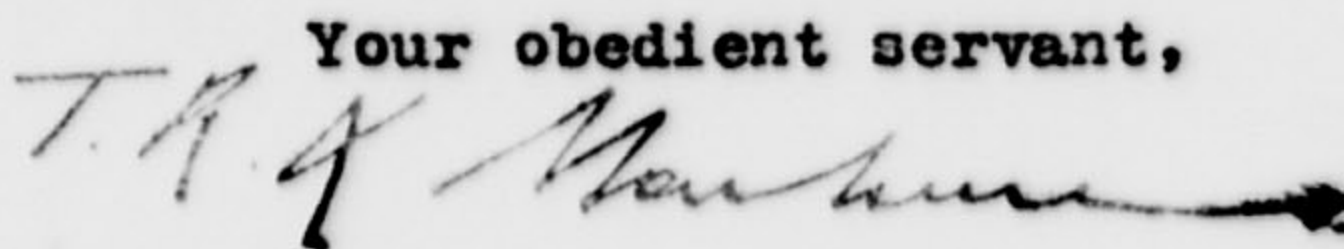

While the appointment of Mr. Sowrey is temporary, the Department could give no guarantee that the position will be kept open for Mr. Becher. The Department will await a report regarding the success that Mr. Sowrey meets with in the work and in the encouraging of a regular attendance of the Indian children. There has been a very small attendance at this school and, under the charge of Mr. Sowrey, there may be a great improvement both in the attendance and in the classroom work. You should furnish a full report early in the new year regarding the work being accomplished and the attendance, when the retention of Mr. Sowrey for a further period than six months would receive consideration. Please inform Mr. Sowrey of his temporary appointment and the salary he is to receive.

I beg to refer to my letter dated the
23rd instant regarding the Homalco Day School.

Mr. Barry, Inspector of Schools, has re-
commended Mr. Walter H. Sowrey and his wife as teacher
and field matron respectively to replace Mr. and Mrs.
A. N. Becher temporarily and they are proceeding to
Homalco by the next boat.

Mr. Sowrey is a qualified teacher and has
already taught for one year in the Stikine Agency besides
several years experience elsewhere and Mrs. Sowrey is a
trained nurse and they should be successful at this
School.

*95 per month
gross 10 7/2

I beg to request that these temporary appoint-
ments be authorized as this is the best arrangement which
can be made and will give me an opportunity of comparing
the progress made under the two teachers.

Sir:-

I beg to acknowledge receipt of your letter of the 7th instant regarding Mr. Barry's report on Homalco Indian Day School on the 12th ultimo.

This is Mr. Barry's first visit to Homalco since his appointment and he probably does not know conditions very well in that district.

Mr. Sowrey, the teacher, has two dogs, both pure-bred Alsations, and there were five pups born within the last few months. He includes these as "large" dogs.

I call at Church-House fairly often and if the Indians had any complaint to make about the dogs, they certainly would make it to me.

This Reserve is infested with mongrel dogs belonging to the Indians who leave them to starve when they go fishing. They are far more dangerous to the Indian children than the teacher's dogs which are kept around the residence. As Mr. Sowrey often leaves Mrs. Sowrey on the Reserve, when he goes for supplies, etc. they are needed for her protection and I respectfully suggest that no notice be taken of Mr. Barry's report in this matter.

EXTRACT FROM REPORT OF MR. INSPECTOR BARRY DATED
FEBRUARY 11, 1936, ON HIS INSPECTION OF THE HOMALCO
INDIAN DAY SCHOOL (Original on No. 167-33-6).

Indians: Towards the end of my inspection the teacher told me that some Indians wished to speak to me. I explained to the teacher and later to the Indians that I WOULD NOT HOLD ANY SORT OF MEETING WITHOUT THE INDIAN AGENT. I was prepared to listen to anyone who wished to speak to me however. Four or five Indians explained the reason why they sent me the petition complaining of the teacher and the school. T. Paul spoke for the others. He was most impertinent, and asked me all sorts of foolish questions. I told him to ask the Indian Agent who was the official who had charge of the matter. He explained that there were far more children in the village than were in school that day. I told him that the Indians could not expect their children to get on in school if the parents did not send them to school. He said that the teacher did not ring a bell for school. I asked one of the Indians who looked as if he could understand English if he did not know the time. He said he did. I remarked that if he knew the time he could see that the children were sent to school regardless of any bell.

I asked the teacher to requisition for a new bell and in the meantime to try to mend the old one. All that is required is a large hand bell which the teacher can ring for school.

The whole attitude of the Indians was truculent.

I have read a long letter from Mr. Indian Agent Ball in which he gives the teacher's explanation of points raised in the petition sent by the Indians of Church House to me, and later forwarded to the Department through the Assistant Commissioner for British Columbia. I wish to say that I am in complete agreement with the observations of Mr. Indian Agent Ball as far as the Homalco Indian Day School and the Indians and others at Church House are concerned. I told the Indians that they were in my opinion being made fools of by others, and that the best thing they could do was to send their children to school. They, however, let me know that they do not intend to do this.

In some ways it might be best to transfer Mr. and Mrs. Sowrey to another school in the Vancouver Agency should there be a vacant position, at Sliammon for instance. I doubt that under the circumstances Mr. Sowrey could be expected to do better than he has at Church House. The Indians appear out to upset the Department's work there if they can do so. I am certainly of the opinion that they are being urged on by someone other than an Indian.

These points are all mentioned here as I wish the Indian Agent, Mr. Ball, to know that I entirely agree with him in his estimate of the conditions at Church House.

~~XXXXXXXXXX~~ P. O. Box 8, Vancouver, B.C.
26th October, 1937.

Dear Sir:-

I have received your 167-33-1 of the 14th instant, with which you enclosed a letter from Mr. Indian Agent Ball addressed to the Department, regarding the situation at the Homalco Indian Day School, Church House.

This situation continues to be given close attention. At present the children have not returned to School but I was given assurances yesterday by one of the local advisors to the Indians of Church House that the children would return to School in deference to my wishes.

Mr. Sowrey has not been a success as a teacher at Church House and, whatever cause there may be for the dissatisfaction that exists with respect to the conduct of the Indian Day School there, this is one of the contributing factors to the present situation, if not the main one. Inspector Barry, in report on the situation on October 7th, stated:- "I am quite unable to recommend the retention of the services of Mr. Sowrey, the teacher at Church House. He is not in possession of a Normal School certificate, and though he did attend the Provincial Summer School in Victoria last year he appears to have made a complete fool of himself there."

From the information I now have before me, I cannot do otherwise than recommend that Mr. Sowrey be replaced at Church House. He is heartily disliked by both parents and pupils and the continuation of his services there would only tend to aggravate the dissatisfaction that already exists. Mrs. Sowrey's work as Field Matron at Church House has been outstanding, and her services should be secured for one of our other Reserves, if it is possible to make satisfactory arrangements.

After considering all the circumstances involved, I do not think it advisable this time to prosecute the parents under the compulsory provision of Section 10 of the Indian Act.

I would recommend that His Excellency Archbishop Duke be asked to nominate a new teacher and field matron for our work at Church House.

Mr. Ball's letter is returned herewith, as requested.

October 5th 1937.

Sir:

I beg to enclose herewith quarterly report from W.W.H.Sowrey, teacher at Homalco Indian Day School, showing that no children have returned to school this term.

I believe you should have the following particulars regarding the situation at Homalco Reserve (Church House). There is a well-kept combined school and residence building on this Reserve, about 150 miles north of Vancouver. The Reserve, of 14 acres in extent, is the headquarters of the Homalco Band, and is on a rocky bay at the mouth of Bute Inlet. An old store building adjoins the Reserve, being occupied by an old French woman of 80, named Thompson, and a nondescript man of about 35 named Prendergast, trading under the name of the Bute Mercantile Company. These are the only white people within some miles of the Reserve. Besides the school building on the Reserve, there is a large Roman Catholic church, a new and substantial council house, and about 35 dwellings, all frame buildings. The Homalco Band numbers 156, of whom about 25 should be attending the day school provided.

The present teacher is Mr.W.W.H.Sowrey, and his wife is fieldmatron. Mr. Sowrey is well-educated and was formerly science master at Kingsley School, North Vancouver, but does not hold B.C.teaching certificates. His wife is a qualified nurse, and both served during the war. Mr.Sowrey has been teaching at Church House for five years, succeeding Mr.Becher who resigned. Mr.Becher gave as the reason for his resignation the continual interference and unpleasantness experienced by himself, and his wife, by the two white persons living at the store. Mr.Becher's predecessor, Mr.Garland, was also a stipendiary magistrate, and he sentenced Prendergast to six months imprisonment on one occasion, so although I have no personal knowledge of Garland, he also apparently had trouble with these people.

Mr.Sowrey believes, and I think he is correct, that all the trouble about the school emanates from these people at the store, who apparently resent the presence of any other white people, as it interferes with their spoliation of the Indians. In this connection I should mention that a few years ago, these store people were agitating the Indians to ask for relief, stating they were starving, and the Department advised me to have some relief work done on the Reserve. Orders were given on the store to each Indian for the amount of work done, and when the bills were received, 75% of the purchases were for face-cream, hair oil, face-powder, shaving soap, chocolates and tobacco, showing that there was no destitution. This shows the class of people who are advising the Indians at Church House against schools and Department officials generally.

The man referred to, A.J.Prendergast, has been convicted for trespass on the Reserves; there is no question of

Indian Affairs. (RC 10, Volume 6393, File 815-1, part 2)

why he goes there. We have records of Church House Indian girls coming to Vancouver and staying at low-class hotels, Prendergast occupying the adjoining room.

Unfortunately, for all of us, the missionary for Church House, Reverend Father P. Plamondon, always makes his headquarters at the store, and is quite unaware of the real character of Prendergast in particular.

Immediately after the summer holidays, Father Plamondon took all the Church House children to Sechelt Residential School without the formality of applying for permission to place them there, and I instructed the Reverend Principal to return them, which he did. The teacher is under the impression that Father Plamondon is opposing the Day School, being influenced by the store people. Whether this is so or not, I cannot say. He is very old, and has been missionary for many years, and probably views day schools with disfavour.

I cannot blame the Indians entirely for their present action, as they are no doubt confused in the matter, if they are given the impression that their priest does not approve the day school. This would not be direct, but through the store people. Mr. Sowrey complains that the children are sent to the store for religious instruction, which is given at the School when they attend.

I have mentioned this matter to School Inspector Barry, who is unable to attend to it at present as he is going north. He says he went to Church House last year on this question, and was not received very well by the Indians. Mr. Barry advises me that Mr. Sowrey has not been entirely successful as teacher at Church House, the children have not made the progress they should. Mr. Sowrey admits this, and says the reason is that he has been interfered with continually by the store people and the children have been very irregular in attendance.

The new Chief, Tommy Paul, is also opposed to the School, and Mr. Sowrey says he is instructed by Prendergast and is advising the parents not to send their children to school.

I believe this covers the situation, except that it should be stated that Mrs. Sowrey, as field matron, has rendered invaluable service to the Indians, especially in recent epidemics, and Mr. Lyons, the medical officer, says he believes she saved several lives by her devotion to duty.

We hoped to transfer Mr. and Mrs. Sowrey to Sliammon, when Mrs. Nicholson, field matron there, resigned, but she withdrew her resignation, and it was not possible to do so.

If other teachers had not had trouble at Homalco School, I should be inclined to think Sowrey was at fault, but Beacher's left there because conditions were impossible. The store woman referred to was at one time paid as teacher at Church House, although the teaching was imaginary, and undoubtedly this is why any teacher will be thwarted. Prendergast was recently before me on a charge of trespass when he interfered with the field matron's

work in one of the Indian houses, but through slackness and incompetence of the Provincial Police prosecuting, I had to dismiss the case.

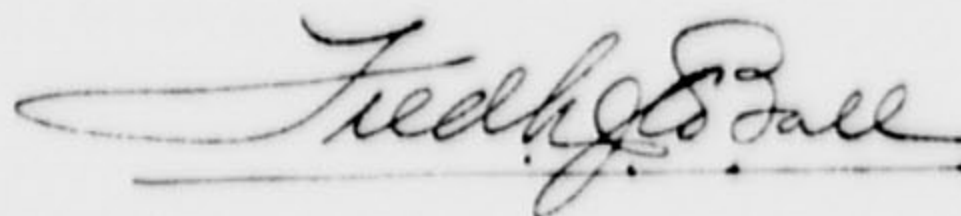

I respectfully offer these suggestions in the matter:

1. To close the school temporarily, leaving the Sowreys there so that Mrs. Sowrey's work will not be lost to us.
2. Send a teacher there temporarily who could reside with the Sowreys, but could not stay alone on the Reserve. (I do not know whether the Sowreys would remain very long under these conditions).
3. Prosecute all parents under Section 10(4) of the Indian Act.

If it was only a question of replacing the Sowreys, it would be simplified, but in that case, their successors would be under the domination of the store people, and the position of all officials of the Department made impossible. The Homalco Indians already think the store people control the Department's policy at Church House, and I would not like this opinion strengthened.

Your instructions and advice are respectfully requested.

I have the honour to be,
Sir,
Your obedient servant,

(F. J. C. Ball)

F.J.C.Ball Esq.
Indian Agent,
Vancouver, B. C.

Dear Mr.Ball:

I enclose herewith in duplicate my school return for September. As you suggested at Powell River, it is a nil return.

Actually the number of attendances should have been in the region of 100. There have been more children on the Reserve this month than in any previous September since I came here.

I have already brought to your notice that there was a refusal on the part of parents to send their children to School. No one was ignorant of the fact that school was open. In point of fact, I have heard children down the village shouting they heard the bell, which has been rung regularly. Fr.Plamondon was in the village during part of the month, and was aware of facts, but I do not know of anything he did to get children to attend.

Two weeks ago the chief, Tommy Paul, visited you in Vancouver, as you had written him informing him that children should attend school. You informed me that he assured you that he had not told Mrs.Sowrey that he had told them not to attend. This statement made by the chief is absolutely incorrect. I heard him say, in the dispensary, in reply to a remark by Mrs.Sowrey "I hear that you have told the children not to attend school". "That's right". Since his return, children have not attended, and I have been told that on his return to Orford Bay, he again told a parent, Joe J.Wilson, that no children were to attend school, and Joe Wilson brought this word here. Some parents tell me that they have been threatened about sending their children to school. These parents tell me they are willing but afraid.

I notice that again there is an exodus of children to the store in school hours on school days. Not all the children who should be attending school are going, nor do many of the boys appear to be going. The time they stay would seem to preclude the idea that they have gone to purchase candy; nor do they appear to be carrying anything on the return journey. This seems to be the same business started by Fr.Plamondon last January which I brought to your attention at that time.

Yours faithfully,

"W.W.H.Sowrey"

The Honourable T.A. Crerar,

Ottawa, Ontario.

Honourable and dear Mr. Crerar:

We have cause for some dissatisfaction at the
Indian Day School at Homalco (Church House), B.C., where the
teacher and the Indians do not agree.

I asked the opinion of Captain Barry, the Inspector,
about the teacher's qualifications there and he told me that he also
was dissatisfied, finding Mr. Walter Sowrey not a trained teacher.

The priest in charge of this Reserve, Father Plamondon,
was evidently dissatisfied too with the religious instruction of the
children because he arranged to have the children instructed by some
woman who lived near the school, and he also removed some of the
children to Sechelt.

At the present time the Indian children are not going
to school, their parents refusing to send them.

In the interests of all it would seem an urgent necessity
to appoint a qualified teacher on this Reserve.

I enclose for your information a letter which has just been received from Indian Agent Ball with reference to the situation that has arisen at the Homalco Reserve.

I would appreciate having your comments in connection with the matter and, at the same time, you should return Mr. Ball's letter.

I do not see any necessity for dispensing with the services of Mr. and Mrs. Sowrey at the present time. You might consider the advisability of prosecuting the parents under the compulsory clause in the Indian Act for not sending their children to school regularly.

Sir:

re: Your File No. 167-33-1

I beg to acknowledge receipt of your letter of the 26th ultimo enclosing copy of Mr. Barry's report on Homalco Day School.

I have recently returned from Homalco Reserve, where I held a meeting of the Band and Council. These Indians are rather a peculiar tribe; they appear to be truculent and offensive as Mr. Barry says, but they are friendly enough whenever I visit them. They have promised not to be influenced by Prendergast, or other worthless white people in future, although I do not put much faith in these promises. Their secretary, Albert Wilson, is apparently a friend of Prendergast, and together they compose all kinds of letters to various persons, which sound quite alarming. I mentioned to Wilson one letter in particular and he said he "did not understand some of the words he wrote." One of the better Indians told me they were mostly to blame themselves for poor attendance at School. It has been recommended that a new handbell be supplied to replace the present broken one.

Some of the Indians made a complaint that other day schools fly a flag every school-day and want to know why Homalco does not. I advised them that this will be attended to also, and while on this subject, I may say that Sechelt Residential School recently took down their flag-pole, and several people have asked me why the flag is not flown there as is done at Provincial schools.

I respectfully recommend that a hand-bell and the usual school flag be supplied to Homalco Day School.

I have received your 167-33-1 of the 3rd instant, and beg to advise that His Grace Archbishop Duke has nominated Mr. and Mrs. D.J. Gallagher of Ladner, B.C., to fill the positions of teacher and Field Matron at Church House on January 1st. His Grace informs me that Mr. Gallagher taught school for some years in Alberta and has a splendid record and that Mrs. Gallagher is a qualified teacher and also holds a First Aid and Home Nursing Certificate.

I would recommend that the Department favorably consider the appointment of Mr. and Mrs. Gallagher to undertake our work at Church House. I may say that I called on Archbishop Duke today and advised His Grace of the contents of Indian Agent Ball's report and particularly the complaints regarding interference of Mr. Prendergast and the alleged lack of co-operation on the part of the Reverend Father Plamondon, Missionary Priest to the Homaleo Indian Reserve. His Grace assured me of his deep interest in the work of the Department among the Indians and his wish to cooperate fully with us and encourage the co-operation of the Clergy within his jurisdiction in the educational work being carried on.

Yours faithfully,

Re: Homaleco Indian Day School

Dear Major MacKay:-

Referring to my letter of November 19th, our attention has again been directed to the interference of Mr. Prendergast. For your information, I attach extract from Indian Agent Ball's letter of October 5th. You will remember that this was forwarded to you on October 14th and you replied in your letter of October 26th.

I would appreciate your investigating the alleged interference of Mr. Prendergast with a view to suggesting what action, if any, you consider should be taken. Possibly you could report on this phase of the situation when supplying the results of your interview with Archbishop Duke, as requested in official letter of the 19th instant.

Re: Homalco Indian Day School

Dear Major MacKay:

The suggestion has been made to me that you should interview Archbishop Duke and inform him fully with respect to the action now being taken toward the appointment of a new teacher at the above-noted school. It is felt that the Archbishop should be advised of the contents of the Indian Agent's report and particularly the complaints regarding the interference of Mr. Prendegast and the alleged lack of cooperation on the part of the resident Priest.

We should do everything we possibly can to reduce local interference with the conduct and administration of our Indian day schools.

Yours very sincerely,

RE: Homalco Indian Day School.

Do you think it would be advisable for Indian Commissioner MacKay to see Archbishop Duke and inform him fully in regard to the action being taken towards the appointment of a new teacher at this school. I think the Archbishop should be advised of the contents of the Indian Agent's report and also the other complaints on file regarding the interference of Mr. Prendergast and the alleged lack of co-operation on behalf of the resident priest.

We should do everything we can to see that nothing interferes with the education of the Indian children. No doubt Mr. Sowrey was not fully qualified but I think that the local interference was of considerable hindrance to his work as teacher.

MEMORANDUM:

Deputy Minister

With reference to Mr. Pratt's memorandum of October 12, 1937, and my reply of October 19 regarding the Homalco Indian Day School, a report has just been received from Indian Commissioner MacKay.

He advises that he has very carefully considered the situation that has arisen at Homalco and recommends the dismissal of the teacher, Mr. Sowrey.

Mr. MacKay is being advised that the Department concurs in his recommendation and we are instructing him to notify Mr. Sowrey that his services will not be required after December 31, 1937.

As the Department has always allowed the Archbishop of Vancouver to nominate the teacher for the Homalco School, I am also requesting Commissioner MacKay to communicate with Most Reverend W.W. Duke, D.D., with a view to having him nominate a qualified teacher to take charge of this school in January 1938.

Dear Sir:-

I am in receipt of your letter of October 26 in which you report on the situation that has arisen at Homalco and recommend the replacement of Mr. Sowrey.

Please advise both Mr. and Mrs. Sowrey that their services will not be required after December 31, 1937.

You should also interview Most Reverend W.M. Duke, D.D., Archbishop of Vancouver, with a view to having him nominate qualified workers to replace Mr. and Mrs. Sowrey.

While the best arrangement might be to secure a qualified married male teacher for the school, provided his wife would be capable of performing the field matron's duties, at the same time I realize that it is sometimes difficult to obtain such a couple. You might consider the advisability of securing a qualified female teacher for the school and another lady who would be congenial with the teacher to do the field matron work.

We are prepared to allow a salary at the rate of \$95.00 a teaching month for the teacher, but the amount to be allowed the person doing the field matron's work will depend on their qualifications. In any case, this would not exceed \$480.00 a year.

I have received your 167-33-1 dated November 26th, together with a copy of Indian Agent Ball's report dated October 5th, 1937, in which reference is made to conditions at Church House, Homalco Indian Reserve, Vancouver Agency.

As there are very definite differences of opinion as to Mr. Prendergast's activities among the Indians and his influence over them, and in view of the change that is being made at Church House, instructions for which have already been issued, and as such change was in the first instance recommended by His Grace Archbishop Duke, I would suggest that the matter of an investigation into the alleged interference by Prendergast be deferred until the new appointees to the positions of teacher and field matron have assumed their duties and have had a reasonable opportunity to give the Department the benefit of their views with respect to the activities of Mrs. Thompson and Prendergast.

April 28th 1941.

Sir:

I beg to report that on April 16th I received a letter dated April 1st from Mr. W.J. Phillips. It was headed "Churchouse April 1st" but was mailed in Vancouver April 15th. In his letter he resigned as teacher of the Homalco Indian Day School, effective April 21st. I forwarded this letter to the Indian Commissioner in the usual way.

On the 21st I received a radiogram from Chief Tommy Paul, of the Homalco Band, saying the teacher had left the school and it had been broken into on the night of the 12th instant. I left for Churchouse on the 22nd, arriving there on the 23rd. Meanwhile I had radioed the B.C. Police boat to meet me and investigate the breaking and entering charge. En route to Churchouse by gasboat and about two hours run from there, I passed another gasboat which I did not recognise and took the number of it as I usually do in such cases.

Upon arrival at the Reserve, the Chief told us that Mr. and Mrs. Phillips and two others had been to the School, taken some tools to the School, and had taken away some packages when they left about two hours before - this was the boat I had passed earlier.

Upon entering the School - which is a combined school and residence building - we found the tools above mentioned lying on a chair, there was a saw, hammer, chisel and screwdriver all completely covered with red, salt-water rust, and practically worthless. Upstairs we found a few broken rusty tools. Mr. Phillips had advised the Chief that the tools were there when he left and had evidently been stolen when the school was broken into. I could not find out when Phillips left, as apparently he was in and out of the Reserve several times. The date of the breaking and entering was the Saturday following Good Friday, when all the Indians except two were celebrating Easter at another Reserve 25 miles away. The Police searched these two houses as Chief Paul said Phillips mentioned that they had probably done the stealing but nothing was found at their places.

Later in conversation with the Chief, he told me that a departmental cheque for \$45.00 which I had sent to him through Phillips (copy of my covering letter enclosed) duly arrived, but Phillips told him to endorse it and let him have it and he would pay it back later, and the Chief stated that Phillips told him I had authorized him to use the money. While on the Reserve, the local storekeeper sent a letter to me asking if I could help him collect a \$55.00 grocery bill from Phillips but I advised him this was not in my jurisdiction. Dr. Lyons, medical officer, also mentioned that Phillips had borrowed money from him.

We sealed up the School building, and I left on the police boat to locate Phillips. We found their boat late at night tied up at a small dock. I questioned Phillips and

CANADA

his wife on the Police boat, and he denied saying I had authorized him to use the \$45.00, but admitted that, being short of funds, he had asked the Chief if he could borrow it. As this money represented wages for about 11 men for cutting wood for the School, and did not belong to the Chief, it was an unfortunate thing to do. This money was to be put in a fund to buy shingles to repair the Church roof.

Phillips had bought a gas-boat from an Indian, paying a small sum down and had built a cabin on it and left for Vancouver. This boat had not been registered, and was stopped by the Naval Patrol when it tried to enter the harbour, and taken into False Creek, where it is now held. This Indian says he did not know Phillips was leaving the School, or he would not have sold him the boat. Phillips tried to register the boat in his own name, but the Registrar refused without a bill of sale.

The B.C. Police discovered an unregistered rifle in the boat, and I do not know what action will be taken in either of the above misdemeanors.

Without going further into a long list of his reprehensible actions, I would point out that Mr. and Mrs. Phillips left the Reserve about the end of March or beginning of April and that any salaries due them should be paid until March 31st only. Further, that the \$45.00 being held by him, should be deducted from such salary cheque, as this money belongs to several Indians. For that reason I wired you on the 24th requesting his cheque be held pending this report.

I understand that Phillips intends travelling around in the boat he bought, selling insurance. His school work I believe was satisfactory and Mrs. Phillips was field matron, and there was no reason for them to leave. They are both very young and have two small children. Unfortunately, Phillips does not appear to have much balance and his integrity is not beyond question.

I have the honour to be,
Sir,
Your obedient servant,

AIR MAIL

Dear Sir:

I am forwarding herewith the resignation of Mr. W.J. Phillips, teacher of the Homalco Indian Day School, Church House, B.C., and covering letter from Mr. Indian Agent Ball.

The matter of Mr. Phillips' resignation has been discussed with Inspector Barry, whose report on the Homalco Indian Day School was forwarded under cover of my letter of February 21st last. Captain Barry found that Mr. Phillips' work in the class room was satisfactory. He was given assistance and advice at the time of the inspection of the school and did not then suggest the possibility of his resignation before the end of the academic year.

Inspector Barry suggests that although it would appear that Mr. and Mrs. Phillips have abandoned their work at Church House without giving the Department any notice, it must be assumed that he was in charge of the school there from April 1st to April 9th, and that under these circumstances the Department might be well advised to pay them for the first half of April.

I would recommend that the Department accept the resignation of Mr. and Mrs. Phillips as teacher and field matron on the Homalco Indian Reserve, and that they be paid salary for only the first half of April. The refund of any salary held back monthly by the Department in accordance with superannuation regulations should also be included in the final cheque to Mr. and Mrs. Phillips.

Sir:

re: File No.15/14/1522

I enclose herewith the resignation of Mr.W.J. Phillips as teacher of Homalco Day School. No mention is made of his wife's resignation as field matron, but I am advised that they both came to Vancouver before Easter and that Mrs.Phillips stated she would not return under any circumstances.

You will note that Mr.Phillips asks for his resignation to take effect from April 21st, whereas he must have left the School previous to the 9th, the closing date. Mrs.Phillips was not entitled to leave of absence.

I have no idea where the keys of the School have been left and I have received advice from Ottawa that a shipment of medical supplies has been forwarded to Churchouse recently.

The resignation was dated "April 1st, 1941, Churchouse, B. C." but was mailed in Vancouver on April 15th.

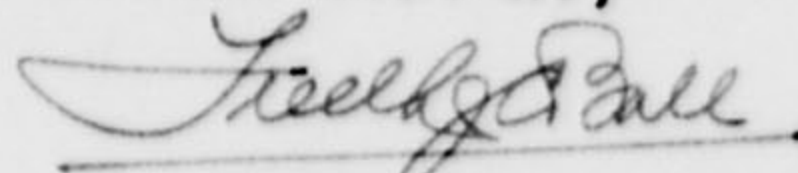

I recommend that as they have left the School without any notice whatever, both the teacher and field matron be paid to March 31st only, and that Ottawa be so advised before their cheques are sent to them.

Mr.Phillips' conduct, other than in the school room, has been unsatisfactory from the first, and he undoubtedly applied for the position only until he could obtain employment in some other line; I understand he is an electrician, and no doubt came to Vancouver to seek employment, and, having found it, left without the slightest consideration for the Department.

I have radioed the B.C.Provincial Police patrol boat in that vicinity asking them to call at the School and see that it is properly secured until such time as I can get there. The address on W.11th Ave., given in Mr.Phillips' letter is illegible, but I have written him at 1625, 1525, and 1505 W.11th Ave., and await his reply.

Dear Sir:

I have for acknowledgment your letter of the 24th instant, in which you submit additional information with respect to the qualifications of Mr. and Mrs. William Philips, who have been nominated by Archbishop Duke for the positions of teacher and field matron at the Church House (Homalco) Indian Day School.

In view of this information, the Department is prepared to accept the nomination, on the understanding that the work of Mr. Philips will be carefully reviewed at the close of the present academic year and a decision reached at that time with respect to the desirability of continuing him in the position. A special note of this fact should be made by Inspector Barry. This procedure seems necessary, in view of the fact that Mr. Philips lacks professional qualifications.

Mr. Philips will be paid salary at the rate of \$35.00 per month.

I am enclosing staff questionnaire, which should be completed and returned in due course.

Re: Homalco Indian Day School, No. 815.

In Mr. Phelan's memorandum of September 12 you were informed that Mr. D. J. Gallagher had been transferred from the Homalco to the Sliammon Indian Day School.

To succeed Mr. Gallagher, the Department has approved the appointment of Mr. William Phillips as teacher of the Homalco Indian Day School. Salary will be allowed him at the rate of \$95.00 per month.

I attach copy of letter of appointment and staff questionnaire will be submitted when it is received.

Dear Sir:

I have received your letter of October 22nd, your file 167-33-1, regarding the nomination of Mr. and Mrs. Phillips as teacher and field matron at Church House.

Mr. and Mrs. Phillips are twenty-four and twenty-three years old respectively. They have two young children.

Mr. Phillips informs me that he was advised by the examining officer that he was unfitted for war service because of defective eyesight.

I omitted to state in my letter of October 19th that this young man has had experience in the training and supervision of boys between the ages of seven and fourteen in Y.M.C.A. work for a period of nearly three years at Windsor, Ontario. It is considered that this experience should be helpful to him at Homalco if given the position.

I interviewed this young couple and was favorably impressed with them and feel that they would fully measure up to the duties and responsibilities of the positions at Church House.

Inspector Barry is absent in the interior of the Province on inspection duties and is therefore not available to pass on the qualifications of Mr. and Mrs. Phillips.

I would recommend that the nomination of His Excellency Archbishop Duke be approved and should appreciate the Department's decision by airmail.

Yours faithfully,

D.M. MacKay,
Indian Commissioner for B.C.

Dear Sir:

I have your letter of the 19th instant suggesting the appointment of Mr. and Mrs. Philips as teacher and field matron at Homalco.

I should appreciate knowing the age of both Mr. and Mrs. Philips. I feel you will realize that the Department hesitates to appoint two persons without any special qualifications for the work which they will be expected to undertake. Besides, it is noted that Mr. Philips is a B.Sc. and in view of present conditions, when technical men are being required all over the country, it is rather difficult to understand why he would be willing to accept a position at an Indian day school.

Yours truly,

Dear Sir:

His Excellency Archbishop Duke has nominated Mr. and Mrs. Philips, 1140 Comox Street, Vancouver, for the positions of teacher and field matron, respectively at Church House (Homalco) to succeed Mr. and Mrs. Gallagher, transferred to Sliammon. A copy of His Excellency's letter is enclosed.

Mr. Philips is a B. Sc. of Western University, London, Ont. He has had no teaching experience.

Mrs. Philips has had some training in nursing and first aid work.

gta must
It is extremely difficult to secure a fully qualified married couple for the positions at Church House. Of the applicants who have been interviewed Mr. and Mrs. Philips are considered the best qualified and should, with instruction and assistance from Inspector Barry and the part time Medical Officer in the area, discharge the duties required of them in a satisfactory manner.

I would recommend the appointment of Mr. and Mrs. Philips to the vacancies at Church House, and also that the same salaries be paid them as were paid to their predecessors, Mr. and Mrs. Gallagher.

Please let me have a reply by airmail.

The Department has received and accepted the resignation of Mr. and Mrs. P.J.A. McGuinness as teacher and field matron respectively on the Sliammon Indian Reserve. Consequently no further payment of salary should be made to Mr. McGuinness. I understand though that Mrs. McGuinness will not leave the Reserve until September 30, 1940, and consequently she should receive salary to that date.

✓ It has been decided to transfer Mr. D.J. Gallagher from the Homalco Indian Day School to the Sliammon Indian Day School. Sir:

It has sometimes been my unpleasant duty to report adversely in the matter of teaching at our Indian schools, but I now wish to report to the Department upon the excellent work which has been done during the past year by Mr.D.J.Gallagher, teacher at Homalco Indian Day School.

Mr.Gallagher has had wide teaching experience, as he has taught at public high schools, but not always does this experience count so much when teaching Indians in the lower grades. The attendance of Homalco School has jumped from about five or six to twenty-five or twenty-eight, which is 100% attendance on the Reserve. The pupils are bright, alert, extremely clean, and well-behaved, and the progress they have made under Mr.Gallagher is amazing. Immediately upon entering the school room, one notices the confidence the pupils have in the teacher and the kindness of his attitude towards the pupils, but discipline is perfect. Mr.Gallagher informs me he has never yet had to punish a pupil. His theory, as told to me, is that each pupil has a head and a heart, and although he may sometimes miss the head and have no scholastic success, he has never failed in his aim at the heart to win the regard of his pupils.

Mrs.Gallagher is field matron, and also has had teaching experience. Homalco is a rather isolated Reserve their only contact outside being a weekly boat and on account of his experience in high schools, we may not be able to hold him long, which will be an irreparable loss to Homalco.

I have the honour to be,

Sir,

Sir:

The new field matron of Homalco Reserve, Mrs. D.J. Gallagher, has reported a number of repairs needed at the residence. These repairs were found to be required on her arrival to take over the residence in January last.

I have obtained a report from the only person anywhere within 50 miles who is able to do this work, Mr. E.J. Parrish, and the following is his report:

"The 1½" waste pipe from the bath is broken underground, and the discharge is running on to the garden. The cold water tap in the sink is broken and they are unable to use same. The sink waste trap is also broken and pipes plugged. The waste pipe from the wash basin in the surgery has been cut off half way up the outside wall allowing waste water to run down the wall and around the foundation of the house. It will be necessary to take up the ground pipe and clean and make new connections. Following is a list of fittings required:

- 3 only 1½" pipe couplings galv.
- 1 length 1½" galv. pipe
- 2 only 1½" galv. pipe elbows
- 1 only ½" cold water tap
- 1 only 1½" cast iron sink trap with waste to wall complete with sink collar and gasket.

He has offered to do the work for \$30.00, including travel from Stuart Island to Church House. The material would cost approximately \$15.00 delivered at Church House, making a total of about \$45.00.

As these repairs are very necessary, I respectfully request approval of the work being done.

Dear Sir:

I have your letter of the 31st ultimo recommending the transfer of Mr. and Mrs. C.O. Daly from the Skwah Indian Day School to the Homalco Indian Day School.

The transfer of Mr. C.O. Daly is approved and he will be allowed the same salary at Homalco as was paid to him at Skwah.

His duties at the Homalco School will commence from October 1, 1941.

I am directing the attention of the Assistant Superintendent of Medical Services to your recommendation regarding the appointment of Mrs. Daly as field matron at Homalco. I have no doubt that he will approve this.

C You should arrange with Mr. Daly to call at your office some time during the summer and at that time you should point out to him very definitely that his further retention as teacher of an Indian Day School will depend on his work during the academic year 1941-42. You should specifically point out to him that his whole attitude toward the Indians and things in general will have to undergo a radical change.

copy & reply
Dear Sir,

I regret that it is necessary to protest against the manner in which this office is ignored completely in the matter of appointments to day-schools in this agency. A previous appointment was made to Sliammon Day School; and within a short time, the teacher was forced to resign because of his actions in connection with some young Indian girls on the Reserve. In the last appointment to Homalco, the teacher proved to be a thief and a rogue. Recently, I hear from the Indians that a Mr. and Mrs. Daly have arrived at Homalco to take over the school. In these isolated places, the teacher and field matron are people who can either cause embarrassing situations to the Department, or be of great assistance, according to the type of person employed.

At Homalco, the teacher was incurring all kinds of expenses, chargeable to the Department, in addition to straight theft from Indians and others. I believe that the Indian Agent, as senior official in the agency, is held accountable for what occurs in the agency. Therefore, he should be consulted, or at least advised, as to the kind of people with whom he is expected to work.

In the case of Homalco, referred to above, in addition to the dishonest activities of the teacher, the field matron ran wild in the granting of relief, etc., to Indians, which was absolutely unnecessary. The present incumbents at Sliammon, Mr. and Mrs. Gallagher, are an exceptionally fine couple; and I do not see why the same type of people cannot be employed elsewhere. Of course the school inspector is responsible for the academic training; but the agent, who is not consulted about the appointments, is responsible for them otherwise.

Unless much more care is taken in these appointments in future, the Department may receive adverse publicity by the actions of such employees. I would like to say that it was not an easy matter to prevent publicity in both the cases mentioned above.

Dear Major MacKay:-

As requested I have read with care Mr. Indian Agent Ball's letter of August 26th last a copy of which was forwarded to you with Departmental letter 167-33-1 of the 8th instant.

With special reference to the first paragraph of Mr. Ball's letter the teacher to whom he refers must be Mr. P.J.A. McGuinness. This teacher was appointed to the Indian day school at Sliammon on the nomination of His Excellency Archbishop Duke. The appointment was of a temporary nature as explained in Departmental letter 167-24-1 of September 1st 1938.

Though Mr McGuinness had no professional qualifications I did not object to his nomination as Mr. Indian Agent Ball asked me to consider the fact that his wife was a good nurse and he wanted her at Sliammon, see his letter of September 2nd 1938 to the Department.

Mr McGuinness resigned his teaching position at Sliammon on September 1st 1940 to join the Canadian Active Service Forces, his letter to this effect being forwarded to you by Mr. Indian Agent Ball under date of September 6th 1940.

The teacher referred to in the second paragraph of Mr. Ball's letter was Mr W. Phillips who was nominated by His Excellency Archbishop Duke on October 18th 1940, and recommended to the Department in your letter 15/14/8372 of October 19th 1940, and later appointed, see Departmental letter 167-33-1 of October 28th 1940. You will note that I was absent at that time and did not see Mr. Phillips at the time you recommended their appointment to the Department.

There is considerable difficulty in obtaining the qualified teachers sought to fill vacancies in Indian day schools, and from time to time those with satisfactory academic qualifications but without Normal School training have been appointed.

The present Departmental policy of having the various Church authorities nominate candidates to fill vacant teaching positions in general works quite well, provided the nomination is sent to the Department through your office, for in this case certain records only open to Inspectors of Schools can be consulted. It is possible for instance for me to obtain from the Registrar of the Department of Education, Victoria an accurate record of the particular candidates work while at Normal School, and also to see the teachers reports as filed by Provincial Inspectors at the Parliament Buildings, Victoria. In other cases I can and do consult Provincial Inspectors directly.

None of this could be done by an Indian Agent, and no other Indian Agent as far as I know has suggested that he be consulted before the Department makes appointments since I was appointed Inspector of Indian Schools.

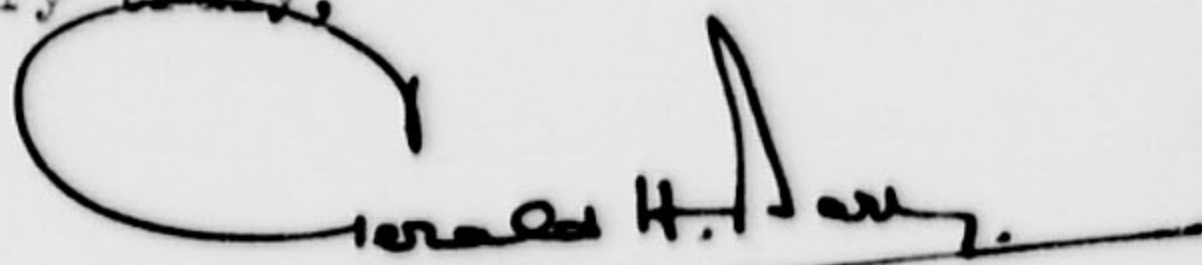

When delay occurs even in forwarding the nominations candidates accept other appointments and when the appointment is made by the Department and the teacher is advised the position is declined, which means that we have again to ask for nominations. Were it decided that Indian Agents should also be consulted it would simply be impossible to fill vacancies, at least with Normal trained teachers.

I do not think it necessary to go in detail into the reasons for the transfer of Mr. C.O. Daly from the Skwah Indian Day School, New Westminster Agency to the Homalco Indian Day School, Vancouver Agency.

The actual transfer of Mr. Daly was approved in Departmental letter 153-3-1 of June 2nd 1941. Your own letter to Mr Daly 15/9/2408 informing him of the Department's decision is dated June 4th last and copies of this letter were sent to Mr. Indian Agent Daunt and to Mr. Indian Agent Ball.

The suggestion made by Mr Ball in the last paragraph of his letter of August 26th 1941 to the Department that he was not informed of the Department's decision is negatived by the records on our files.

Yours very truly,

Gerald H. Barry.

Dear Sir:

I have to refer to your letter of September 8th forwarding a copy of Mr. Indian Agent Ball's letter of August 26th last, together with a copy of the Department's reply thereto.

Following receipt of this correspondence, I endeavored to explain to Mr. Ball the existing procedure in connection with the nomination of teachers for our Indian Day Schools and pointed out to him that in the case of the appointments of Mr. Phillips and Mr. McGuinness he had been advised, before these teachers took over their duties, of the action taken by this office.

Mr. Ball was also informed of the appointment of Mr. Daly to the Homalco Indian Day School, a copy of my letter to Mr. Daly of June 4th informing him of the Department's decision being supplied to Mr. Ball. Mr. Daly also called at Mr. Ball's office on one or two occasions prior to his departure to take up his duties at Homalco.

I should think that Mr. Ball's main objection to the existing policy is that he is not consulted in connection with the nomination of teachers. To consult our Agents in connection with the nominations submitted through here could not be helpful in any way and would only delay and complicate matters. As Inspector Barry points out in his letter to me on the subject dated September 13th a copy of which is attached, the present Departmental policy of having the various church authorities nominate candidates to fill vacant teaching positions, in general, works quite well provided the nomination is sent to the Department through the office of the Commissioner.

Sir:

re: File No 167-33-1.

I beg to acknowledge receipt of your letter of the 26th ultimo regarding the appointment of teachers in day schools in this Agency. I do not make statements to the Department which are not in accordance with facts, and would appreciate a copy of your letter of June 4th 1941 referred to.

The Indian Commissioner advises me that all these appointments are now made by the various Church authorities. I was not previously aware of this change of policy. Formerly the name of the teacher selected by the Department was sent to the Church authorities for approval of the applicant's religious qualifications.

I had intended to give you a detailed report on the two teachers previously appointed by the new method, which would have surprised you and would certainly have caused considerable embarrassment to the Department had the facts been made public, but there would be no point to it now if these teachers are not appointed by you.

Mr. Daly called here once to say that he and another man were going to Churchouse to see what kind of a place it is. That was the only time I had seen him until last week when I visited Homalco Reserve and met him again, and Mrs. Daly for the first time.

They will be given every assistance and co-operation and do not appear to be people who will make any difficulties for the Department, but they are most disconsolate by reason of their transfer to Homalco. I have not been told the reason for this transfer, but it was apparently not at their own request, and I hope they will make a success of their work there.

I have the honour to be,
Sir,

Your obedient servant,

re: File No. 167-33-1

I beg to return herewith cheque No. 2227 in favour of William Phillips for \$26.37, also the slip which accompanied it. Mr. Phillips has never shown up here, as he knows there are considerable debts against him.

The principal one is for \$48.00 owing Johnson Wilson, Indian of the Homalco Band. When Phillips left Homalco School rather suddenly, he "bought" a boat from Johnson Wilson and stated that he intended selling insurance from the boat, and would pay him for it shortly. Instead of doing this, he came directly to Vancouver and sold the boat to a white man, and paid Johnson Wilson nothing.

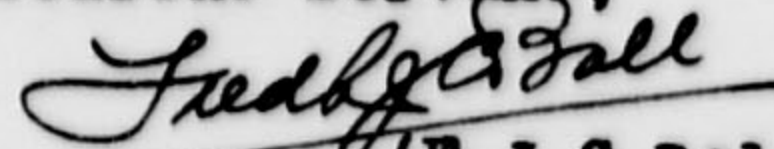

As we are getting near the end of the fiscal year, I thought it would be advisable to return the cheque at this time. If there is any way in which it could be applied on the Indian's account, I know it would be greatly appreciated, as all trace of the boat has now been lost. I might add that this is only one of the many shady transactions by Phillips.

On the 19th I left with two Constables of the R.C.M.P. by launch for the northern part of the Agency, which I have not visited for three months on account of expense. During two days of this trip we took Miss Gerry, travelling nurse, to various Reserves where she did tuberculin tests. The Day School at Hom-also was visited, but being Saturday, School was closed. The teacher and field matron, Mr. and Mrs. Daly, are apparently making the best of it, although they do not like the isolation; We found the Indians elated at the idea that they would not have Japanese competition this year at the fishing grounds, and many Indians are trying to buy Japanese boats. It would be a splendid idea to purchase some of these boats, if funds could be found, and allow the Indians to pay for them from fishing.

Dear Sir,

I beg to draw your attention to the following facts.

My February cheque was for \$11.10 instead of the usual monthly amount of \$27.75, a reduction of \$16.65 for that month. I reported that matter to F. J. C. Ball, Esq., Indian Agent, Vancouver, and asked if he could explain the reduction. He replied that he knew nothing about it but that he had sent my letter to the Dept. at Ottawa. Since then I have had neither acknowledgement nor reply.

A few days ago I received my May cheque and was astonished to find it was only \$5.75, a reduction of \$22.00 making a total reduction of \$38.65 since February. I am naturally mystified over all this and would feel thankful for an explanation.

Yours truly,

Sept. 18th 1944.

Indian Affairs Branch, Ottawa.

I have been requested by Mr. C. O. Daly, teacher at Homalco Indian Day School, Churchouse, B. C., to send the enclosed letter to you. I have already advised Mr. Daly that we are not responsible for the individual acts of Indians, but he appears to think we are liable in this matter.

The School was closed as usual for the summer holidays last year and the Dalys left for Vancouver, the robbery being discovered on their return to Churchouse for the re-opening of school in September. This is a most isolated place, and few Indians are around the Reserve in the summer. One Indian admitted stealing some groceries, but denied stealing anything else. After he broke in, it was easy for anyone to walk into the house and the police made every effort to trace the property which Mr. Daly says was stolen, but without success in recovering any of it. As the school had been broken into in other years, although nothing was taken, I was surprised when Mr. Daly said they had left jewellery, etc. lying in the school for two months. It seems incredible that such articles as watches, bracelets, medals, etc. were not taken with them when they left Churchouse on their holidays. It is quite possible that white men could have entered the school and the police had one under observation because of his reputation and proximity to the School.

Mr. Daly was not insured against theft. He has had a lot of trouble with the Chief and some of the other Indians and consequently they will not co-operate in trying to locate any of the stuff allegedly stolen. Will you please advise what can be done in this matter, as I feel sure that the Department will not accept responsibility?

Dear Mr. Ball,

I hereby make application through you to the Dept. of Indian Affairs for \$157.00 as compensation for property, as listed, stolen from me by local Indians who broke into the teacherage during my absence on holidays last year.

As you are aware an Indian named Walter Hackett admitted breaking into the house and stealing groceries and that he received a sentence of two years for that offence. Hackett swore in court on three occasions that three Francis boys - Marshall, William and Wilson - broke windows and locked doors and entered and ransacked the house with him, breaking open locked trunks, drawers and closets and throwing the contents on the floor. Notwithstanding Hackett's sworn testimony and the fact that a pair of stolen pillow slips were found by the police in the possession of Marshall Francis and his father.

George Francis, all escaped conviction owing to the lack of corroboratory evidence. That they were guilty, nevertheless, neither the police nor their Indian neighbours have any doubt. And neither have I.

The enclosed list does not contain the full amount of our loss as, from time to time, after it had been submitted to the police we found other articles to be missing, namely, a watch, a pair of fur-trimmed kid gloves, a shaving mirror, an enamel toilet set, paint brushes and two bottles of perfume. Besides all this three large trunks were irreparably damaged by having the locks forcibly wrenched off them. All in all the sum of \$157.00 which I am claiming as compensation for my loss is a very conservative estimate and therefore, I trust that you will endeavour to recover that amount for me from the Indian Dept.

Yours truly,
C. H. Daly.

REPORT ON VANCOUVER INDIAN AGENCY FOR THE MONTH OF JUNE, 1944.

I visited the Homalco Day School where the situation is not altogether satisfactory. There are quarrels between the teacher, Mr. Daly and the Indians, usually the Chief, and a charge, later withdrawn, had been laid by the teacher against the Chief. Mr. Daly, his wife and sister-in-law are all elderly people and this is not a good place for people of that age as it is too isolated.

EX-10

Dear Madam:

I am in receipt of your letter of the 6th instant, with reference to the payments made to you in February and May.

The deduction in February was due to the fact that in September last you were paid at your former rate of \$40.00 a month instead of \$25.00 a month.

The deduction in May was due to the fact that we had been allowing you the cost-of-living bonus. This was a mistake on our part, as the regulations governing the payment of the cost-of-living bonus provide that where the husband is being paid the bonus and his wife is also employed by the Government she is not entitled to receive bonus. I hope the following statement will explain the matter fully to you:

September salary paid at former rate
plus cost-of-living bonus \$ 44.40

Correct salary of \$25.00 a month with
cost-of-living bonus added would
amount to 27.75

Overpayment \$ 16.65

This amount was deducted from \$27.75 in the month of February, leaving a balance of \$11.10 which was sent to you. As stated above, it was not until May that it was noted that you could not be allowed

bonus according to the regulations and consequently in that month we deducted the seven months' bonus at \$2.75 a month (\$19.25) from your salary of \$25.00, leaving a balance due of \$5.75.

I understand from the Treasury Branch that the matter of your salary has now been fully adjusted and in future you will receive your salary of \$25.00 a month.

MEMORANDUM

To: Commissioner of Indian Affairs.

From: Inspector of Indian Schools.

Re - Homalco Indian Day School -

I refer to Col. Neary's letter of July 18, 1947, concerning the classification of Mrs. Culton as Teacher, Indian Welfare, at the above mentioned school.

which This school is quite isolated and difficult for the Agent to visit frequently. There is no question that the teacher at this school should be given the classification, providing she has the required personality. Mrs. Culton is a very forceful character, ~~that~~ seemed to give rise to considerable difficulty at Seabird Island. However, she has apparently avoided antagonizing the Indians at Homalco, and the Acting Chief spoke very highly of her work on the occasion of my visit in April.

I recommend that she be given the classification of Teacher, Indian Welfare.

Please find attached application for
classification on the Indian school teachers' salary
schedule from Mrs. L. E. Oulton.

Attached to this is a covering letter
from Mr. Indian Agent Taylor. You will note that
Mrs. Oulton requests classification as a Grade II
teacher at a salary of \$1,740.00. As she is entitled
only to a salary of \$1,560.00, it is presumed that
she is requesting classification as a welfare teacher.

In view of Inspector Davey's comments in
his report of April 10, 1947, and your past experience
with Mrs. Oulton, we would appreciate your comments
upon this application for classification as a welfare

With reference to Mr. Neary's letter of March 1st in connection with Mrs. L. E. Oulton, teacher of the Homalco Day School, my comments with respect to her salary were the result of a communication from Mrs. Oulton which is attached herewith. I inferred from Mrs. Oulton's letter that her salary for the month of January was the same as that she had been receiving at the Seabird Island School.

We have your letter of the 26th ult., with reference to Mrs. Oulton, the present teacher of the Homalco Day School.

No deduction was made from her January salary owing to the fact that the school was closed for some days on account of her illness.

We do not understand the last paragraph of your letter in which you refer to an adjustment in her salary. Her salary rate at Seabird Island was \$90.00 plus bonus and with the basic salary and bonuses consolidated, it means that she was paid to the end of December at the rate of \$112.00 a month. However, the salary paid at Homalco to the former teacher was at the rate of \$125.00 per month (consolidation of basic salary of \$100.00 and bonus).

We have found from experience that when a teacher is transferred to a school at which a higher salary has been paid than at the school from which the teacher came, there is always a great objection, if we do not allow the increase. We therefore, have placed her name on the pay list effective January 1st, 1947, at a salary of \$125.00 a month.

With reference to Mr. Neary's letter of December 30th, approving the transfer of Mrs. L. E. Oulton, from the Seabird Island to the Homalco Indian Day School.

I have for sometime been endeavoring to secure information regarding the date on which Mrs. Oulton assumed her duties at Homalco. Mr. Indian Agent Strang, has advised that Mrs. Oulton did not open Seabird Island Indian Day School after the Christmas holidays on account of illness, and Mr. Taylor has advised that she assumed her duties at Homalco, on January 22nd.

It is presumed that her service will be considered as continuous in view of her illness, and the expense and time involved in her transfer. We may say that under date of February 11th, Mrs. Oulton advised me that her salary rate had not been changed since her transfer, but it is presumed that an adjustment will be made.

re: Homalco Indian Day School

I enclose herewith the resignations of Mr. and Mrs. C.O.Daly, teacher and field matron respectively of the above Day School, Church House, B. C.

These elderly people have not been happy at this isolated and rugged place, and I am surprised that they have stayed so long. Under the circumstances, there has not been much improvement at the School and I recommend that their resignations be accepted. Mr.Daly informs me that he will teach Latin and Mathematics at a private school - he had no scope for these subjects at Homalco.

The Homalco Indians are a truculent, quarrelsome and drunken Band. They are rather remote from supervision either by myself or the police, and this adds to the unpleasantness of existence there.

About 20 years ago we employed a man as teacher under similar conditions and he greatly improved the Indians by precept and example. His name is Frank Grist, who is at present in the Veteran's Guard of Canada. If he could be employed at Homalco, it would be a splendid thing for the Indians and the administration of the Reserve. Grist is a fine man of undoubted integrity and does not mind isolation. Evidently he is appreciated in his Unit as he has been promoted to Warrant Officer. He is unmarried, but we could get along without a field matron, as he is a good first aid man and taught at Osoyoos and other Indian Day Schools. I have not contacted him of course until I hear from you. He is a Roman Catholic as are the Homalco Indians.

I wish to acknowledge your letter of December 26 enclosing T.D.1A income tax form claiming exemption of income tax deductions at the source for the year 1945.

In connection with the deductions made at the source from your salary during the year 1944, I did not mean to convey that you were not entitled to a refund of the tax. You will, however, have to claim the refund direct from the Inspector of Income Tax for your district when you submit your income tax return for 1944 in the same manner as you did for 1943.

I trust the above is satisfactory.

With reference to our circular letter of October 13,

securing exemption from tax deduction for that year, beginning
January 1. If an employee remains in this category, a form
must be filed each year prior to January 1.

The form you submitted was apparently for the year
1944, and, as salary has been paid and deductions made on
account of income tax, it is impossible to take any action on
this form. You should immediately file a T.D.1A showing the
estimate of your earnings for the year 1945.

Homalco Indian Day School.

We have received an application for classification on our new salary schedule as completed by Mrs. Lydia E. Oulton. She has requested classification as a Grade Two Welfare Teacher at a salary of \$2220.00 a calendar year.

I would ask you to please refer to our salary letter of July 30, 1947, addressed to Mrs. Oulton. At that time she was advised that attendance at summer school would be necessary in her case before future salary increases would be granted. In view of the general raise in salaries, she is entitled only to a higher classification at the same yearly increment as that allowed her previously. Our records show that Mrs. Oulton has never attended any refresher courses since she graduated from New Brunswick Normal School in 1905. Yet she has had 23 years of teaching experience, during which opportunities to attend such courses have apparently been available.

Could I please be advised whether it is Mrs. Oulton's intention to take a Correspondence Course this winter or whether she intends to apply for a leave of absence during the 1949 summer holidays in order to attend summer school as provided in our salary regulations.

Your application for classification under the 1948 Revised Salary Schedule for Indian Day School Teachers has been received.

This is to inform you that after a review of your qualifications, teaching record and inspector's reports, you have been classified as an Indian Welfare Teacher, Grade II. Your salary for the 1948-49 academic year will be \$170. a teaching month for 12 months' service. , effective September 1, 1948.

12/20/40
12/8/48

You would have been entitled to a higher salary rating on our revised schedule, had you produced evidence of having attended summer sessions, as required by our regulations (see pages 4 and 5, June 1948 issue of the Indian School Bulletin). The above salary increase represents the general raise given to all Civil Servants.

Re: Homaleo Indian Day School, No. 815.

MR - IAE - 815 - 3000

Under the provisions of our new salary schedule, the Department has classified Mrs. Lydia E. Gulton as a Grade II" Welfare Teacher at a salary of \$2,040.00 a calendar year, effective 1 September, 1948. She has been given credit for a second class certificate, 15 years of experience in provincial schools and 8 years of experience in Indian schools. Non-attendance at summer sessions has prevented a higher salary rating.

Re: Homalco Indian Day School

I have been informed by Mr. Superintendent Taylor that present conditions on the Homalco Indian Reserve are such that it is most inadvisable to leave a woman by herself at this school. I therefore recommend the transfer of Mrs. L. Culton from the Homalco Indian Day School to the Okanagan Indian Day School.

I am aware that the Okanagan School is somewhat isolated but the conditions are much better than at Church House and it is considered that Mrs. Culton will be able to look after herself on the Okanagan Reserve.

It is strongly recommended that this transfer be made effective September 1st, 1949.

Sir:

I have to acknowledge receipt of your letter of the 24th ultimo, enclosing the September quarter return of the Homalco Indian day school.

Under separate cover the Department is forwarding a cheque for \$70 in payment of Miss Boyle's salary for the month of September. We are enclosing herewith a cheque for \$15 covering the bonus due her for that month.

In view of the delay in forwarding this return, it is felt that possibly Miss Boyle will require some extra money and we will therefore forward a cheque for \$100, being an advance on her December quarter salary.

Ottawa, Jan. 14, 1924.

Dear Sir:

I have your letter of the 2nd instant, with reference to the payments of salary in the case of Miss Doris E. Boyle, Teacher of the Homalco Indian Day School.

I wish to state, for your information, that salaries of Indian day school teachers have, for years, been paid once every quarter. Until recently, the Department of Indian Affairs made four equal payments during the year to this class of employees. This method of payment was found most unsatisfactory and payments are now made quarterly, but on the basis of the number of teaching months in each quarter. It is realized that this method may cause financial inconvenience in the fall of each year, as there is but one teaching month in the September quarter. To obviate this difficulty for teachers as much as possible, it is the Department's practice to make advances in November or December on the employees' earnings for the December quarter.

Relative to the payments to Miss Boyle, I have to inform you that she receives a salary of \$700 for the ten teaching months, plus a bonus of \$15 a teaching month. Payments are made during the academic year as follows: End of September, \$70 and \$15 bonus; end of December, March and June, \$210 and \$45 bonus.

Payment of Miss Boyle's September quarter salary, of \$70 and \$15 bonus, was delayed because of an error in the Indian office in Vancouver and her cheque was not directed to her until the 3rd of December. The Department of Indian Affairs, realizing that this teacher would be financially embarrassed, sent her on the same date an advance of \$100 against her December quarter's earnings. Miss Boyle had therefore, before the Christmas season, a payment of \$185.

I trust this explanation will convince you that the Department is considerate in its dealings with Indian day school teachers and I have to add, for your information, that Miss Boyle's relations with the Department have been most pleasant.

Yours sincerely,

Superintendent General of Indian Affairs.

Sir,-

I have your telegram of the 10th instant, nominating the services of Mr. and Mrs. Burke as teacher and field matron, respectively, at Homalco. We note that Rev. Father Welch, Mr. Inspector Cairns and yourself have interviewed these applicants and that their credentials and qualifications are acceptable. In this connection I beg to confirm the following night lettergram sent you of today's date:

lar "Temporary appointment Mr. and Mrs. Burke at Homalco approved from April 1st. Salary teacher at rate of Eight Hundred dollars for ten teaching months. Salary matron at rate of Four Hundred and Eighty dollars for twelve months. State by letter full names of appointees."

These appointments are temporary. The continuance of the services of both to depend on the success with which they meet in the work and, insofar as the teacher is concerned, the attendance of the Indian children.

Mr. Burke's salary is based on ten teaching months in the year while that of Mrs. Burke is based on twelve months services in the year. It is necessary that we have the christian name of each in order to pay the salary. It is also necessary that we notify the Civil Service Commission of the appointment of Mrs. Burke as field matron. You should state the qualifications and experience which each possesses.

Please arrange with them to be at Homalco and commence duties as soon as possible after the first of April, next. Should they require any supplies a requisition should be forwarded through your office for the same.

Please inform Rev. Father Welch and Mr. Inspector Cairns of the approval granted for the temporary appointment of Mr. and Mrs. Burke.

March 2, 1927.

Sir:

I have the honour to advise the Department that Mr. A. Hedley Garland, Indian day school teacher at Church House, B.C. - Komalco Indian Day School - has requested that the Department would favor him with payment of his salary for the present quarter at an early date, as he is badly in need of funds.

I would recommend under the circumstances that the quarterly amount payable to Mr. Garland for the March quarter be forwarded to him immediately, as I am quite satisfied with the work Mr. Garland is doing, and I would point out that when Mr. Garland was engaged the Department agreed to pay him for a half quarter on request and recommendation.

Your obedient servant,

Would you kindly arrange with the Department at Ottawa to enable me to receive an advance on this quarters' salary. Next month is Christmas month once again, and we, as usual, need to spend a little more money. I would be glad if you could arrange with the Department to enable me to receive \$200., and, as early in the first week in December as convenient, as we propose sending to New York for some things we require.

Thanking you much in anticipation
of your kindness,

Dr. Scott.

Relative to the attached letter from the Manager of the Bank of Hamilton, Winnipeg, with reference to an amount of \$86.51 due the bank by A. Hedley Garland, teacher of the Homaleco Indian Day School, Church House, B.C., I beg to say that Mr. Garland has been the teacher at this school since May 1st, 1926. Recently, an investigation was held by Mr. Inspector Ditchburn into complaints made by the Indians regarding his conduct. His services are being dispensed with from the end of the present month. There will be a balance of salary due him at that time of \$135. The Bank should obtain an order or a power of attorney from Mr. Garland and payment to them of the amount due could then be made.

Mr. Paget had a phone message yesterday from the Manager of the Bank of Commerce here relative to a claim of their Vancouver Branch against Mr. Garland and requesting that the amount due be withheld from his salary. The amount of this claim was not stated. We could withhold payment of Mr. Garland's salary until the Bank of Hamilton has time to obtain an order from Mr. Garland for the payment of the balance due him on salary.

Dear Sir:- Re A. Hedley Garland, Church House, B. C.

We wish to advise you in confidence that Mr. A. Hedley Garland has been indebted to this branch for some years and since he has been at Church House, we have received twenty-six dollars, (\$26.00).

His wife does the correspondence and has promised us time and time again that the amount would be paid to us from his salary earnings.

But since December, 1927, we have received nothing and repeated letters to them have remained unanswered. The amount owing together with interest up to the 31st of May, 1928, is eighty-six dollars and fifty-one cents (\$86.51), and we would more than appreciate it if you can assist us in any way if you can bring pressure to bear upon Garland of the necessity of immediate liquidating this amount.

We have been informed that Garland is leaving the services of the Indian Department at the end of June, and if you can withhold payment of his salary for this month we would more than appreciate your cooperation.

Again thanking you for anything you may be able to do for us, we are,

Yours truly,

Dear Sir,-

I have to acknowledge your letter of the 11th. June. The services of Mr. A. Hedley Garland are being dispensed with from the end of the present month and at that time there will be a balance of salary due him of \$135.00. We have had a communication from the Bank of Commerce here about a claim of their Vancouver Branch against Mr. Garland. The amount was not stated.

We cannot pay any portion of Mr. Garland's salary without a proper power of attorney but I will withhold the amount due him for a while if you care to endeavour to obtain his authority for payment.

Yours very truly.

Sir,-

May I ask if you would kindly arrange that my cheque should be sent by the end of this month into the hands of Indian Agent, C. C. Perry, for delivery to me. I purpose leaving here by the boat leaving on Sunday the First of July, and will be in Vancouver on Monday morning the Second of July. I will immediately place in the hands of Mr. Perry my School Report for the quarter ending 30th June 1928, in duplicate, as well as the Inventory of all Government property that was loaned to me, as well as an Inventory of surgical and medical appliances and drugs that may be in the Schoolhouse on that date.

This will clear up everything so that as I am really in urgent need of the money, if you will kindly arrange to have the cheque sent to Mr. Perry, with instructions that on receipt of the School Report, Inventory of Government property, and Inventory of surgical instruments, drugs, and other medical supplies, Mr. Perry will hand the cheque over to me, this will certainly oblige me greatly.

Thanking you much in anticipation of your kindness

Ottawa, July 17th, 1928.

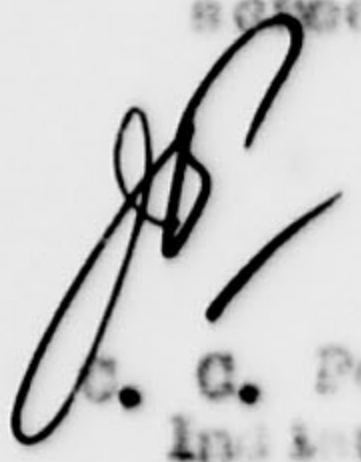

Sir:

I have your letter of the 15th instant, recommending the appointment of Mr. and Mrs. Arthur H. Becher to fill the positions of teacher and field station, respectively, at the Homalco Indian Day School, recently vacated by Mr. and Mrs. A. H. Garland. The application of Mr. and Mrs. Becher, together with the testimonials which you enclosed in your letter, was also received. It is noted that their appointment meets with the approval of Rev. John Welch, O.S.I., also Mr. Inspector Cairns and yourself. While Mr. Becher has no professional qualifications, the Department will, in view of the recommendations mentioned, approve of his temporary appointment as teacher, also that of Mrs. Becher as field station, from the 1st of September, next, their continuance in the work to depend upon the success which they achieve.

Mr. Becher will be allowed salary as teacher at the rate of \$95 per teaching month, payable quarterly. The salary allowed in the case of Mrs. Becher, who is to perform field station's duties, will be at the rate of \$450 per annum. This will be payable monthly upon receipt of your monthly pay list.

Please inform Mr. and Mrs. Becher of the approval granted for their temporary appointment, and arrange with them to take up duties on the date above mentioned. It is hoped that they will meet with every success in their work at Homalco. Should they not be able to make satisfactory progress after a period of six months' trial, the Department would then consider the question of the closing of the school and sending the children to residential schools.

Sir:

I have the honor to transmit herewith the quarterly returns of the Homalco Indian Day School for the quarter ended 30th. September.

The Department will be aware that Mr. Arthur N. Becher was appointed as teacher of this school from the 1st. September therefore, one month only is accounted for in the return.

The previous teacher, Mr. Garland, appears to have left the premises in very dirty condition and considerable cleaning had to be done upon arrival of the new teacher to take over the work. I would request that the Department send Mr. Becher's cheque as early as possible as he seems to be badly in need of funds.

The Department is in receipt of the June quarter return of the Homalco Indian Day School. It is noted that the school was open for only 42 days during the quarter. As there were 65 school days in that quarter, you will note that the school was closed for 23 days, or practically one month. Please advise why the school was closed for such a considerable period during the quarter and, also, state how much you consider the teacher should be allowed for the period he taught the school during the June quarter.

Sir,-

I have the honor to acknowledge the receipt of your letter of July 9th, instant, No. 167-33-3, with reference to the matter of school attendance at Homalco Indian Day School during the June quarter, last.

In reply I beg to say that if you will be good enough to peruse the matter contained in the remarks column of the report referred to, it will be seen that the cause given by the teacher for the poor attendance was the absence of the Indian parents at their work.

I would point out that the Inspector of Indian Agencies and I visited the distant stations of the Homalco Indians during the month of June, at which time it was obvious that the teacher could not accompany the Indians as they are separated at many camps. The closing of the school appears at present as the only alternative to the continuance of the arrangements at present obtaining. The Indians must leave the village to work, as there is nothing for them to do at their village. They are at home, however, a great deal in the winter.

I would recommend that Mr. Becher's salary be paid for the full quarter, he having been on duty during the period and available to the Indians.

Your obedient servant,

C.C. Perry

Ottawa, September 3rd, 1932.

Sir,-

I have your /4969 of the 27th ultimo, nominating the services of Mr. W. H. Sowrey as teacher and his wife as field matron to replace Mr. and Mrs. A. H. Beecher, who have applied for six months' leave of absence. With regard to a teacher for this school, I have to say that the Department will approve of the temporary appointment of Mr. Sowrey with salary at the rate of \$95 per teaching month, less 10% for the current fiscal year.

While the appointment of Mr. Sowrey is temporary, the Department could give no guarantee that the position will be kept open for Mr. Beecher. The Department will await a report regarding the success that Mr. Sowrey meets with in the work and in the encouraging of a regular attendance of the Indian children. There has been a very small attendance at this school and, under the charge of Mr. Sowrey, there may be a great improvement both in the attendance and in the classroom work. You should furnish a full report early in the new year regarding the work being accomplished and the attendance, when the retention of Mr. Sowrey for a further period than six months would receive consideration. Please inform Mr. Sowrey of his temporary appointment and the salary he is to receive.

You will be written in a separate communication regarding the appointment of Mrs. Sowrey as field matron.

Your obedient servant,

T. R. L. MacInnes.
Acting Secretary.

One more thing I want to say to you again
I was working at the School House about 2 years and half,
we got 4 mens working with me that time, and the school
house was all built and I wrote to Mr. J. D. McLean,
and McLean said you have to tell Mr. Byrne to sign his
name to pay for me about the school house was built,
and Mr. P. Byrne come at Church House and ask all the
Indians to sign their names to pay me and the other
fellows, at our money at Ottawa, but all the Indians
signed their names to pay me, but I didn't received any
money since the school house built. We you have to tell
Mr. Byrne to settle this up for this Christmas some of
the fellows of are working when the school house was
built asking me if I received any money at Ottawa.

Wish you a Merry Xmas and prosperous New Year,
all of my family say Merry Christmas to you.

Wish you will settle this up for me.

Sir,—

Referring to Departmental Letter dated the 31st ult., No. 318,400-5, with copy of a communication enclosed, addressed to Mr. H. J. Bury, Supervisor of Indian Timber Lands, written by Chief George Harry, re work performed by him in the erection of the school at Churchhouse.

I beg to state that at the time the Department consented to purchase the material for the erection of this School building, it was on the distinct understanding that the Indians would do all necessary work, free of charge, if a competent Foreman was engaged to show them what to do.

The Department obtained the services of Mr. R. Cucksey, as working Foreman, on this job, and the Indians erected the building in accordance with the arrangements entered into previously.

In view of the foregoing I cannot recommend that Chief George Harry or any of the Indians get paid for work performed by them on the School, as they fully understood at the time the building was under construction that they were not to receive any remuneration for their services.

This School was completed in April, 1914.

Extract from June Quarter Return of the Homalco School, B.C.

School
I should like to call the Department's attention to the following matters.-

- a.- The water system, which for several years has been in a precarious condition, has completely broken down and I should be glad if the Department will give the necessary instructions to have same thoroughly overhauled and new pipes laid where found necessary.
- b.- Due to the school windows looking directly on to the village playground, they are constantly being broken by the football, baseball, etc. I should recommend strong wire screens being placed over at least six of these windows immediately and so help to eliminate the recurring expense of reglazing as well as safeguarding against accidents from flying glass.
- c.- The chimney of the school building is in a very bad condition. It should be thoroughly scraped and cleaned and the brickwork repointed. As it now stands there is an ever present danger of fire breaking out and demolishing the building.

Teacher.

Madam: -

The teacher of the Homalco Indian Day School, in his report for the June quarter, draws the attention of the Department to the need of wire screens for at least 6 windows of the school building, in order to prevent them from being constantly broken during the games played on the village playground. He also states that the chimney of the school building is in a very bad condition, and recommends that it be thoroughly cleaned and the brickwork repointed, in order to prevent fire.

I shall be pleased if you will arrange to have wire screens placed on the windows of the school building facing the playground. You may also arrange to have the chimney cleaned and the brickwork repointed.

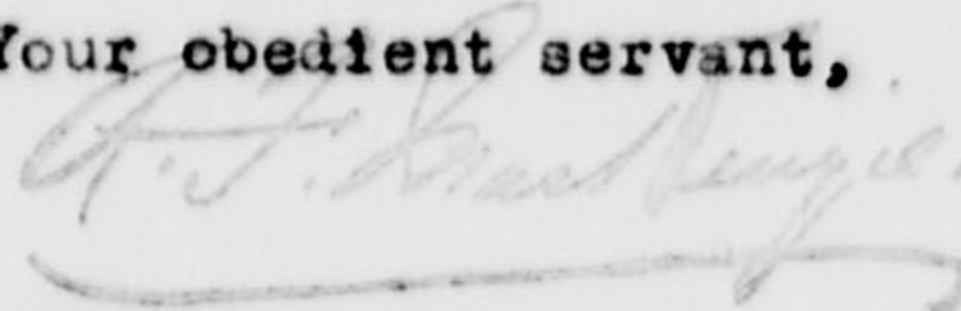

The above work should be carried out at the lowest possible expenditure. Properly certified vouchers, in duplicate, should be forwarded covering the expenses incurred.

These matters should receive your early attention.

IN YOUR REPLY REFER TO No. 508-288- ALSO TO DATE OF THIS LETTER
--

570913

Sir,—

Referring to Departmental Letter dated the 24th ult., No. 318400-5, in reply would say that I have discussed the question of repairs to the Homalco Indian Day School with Mr. Marsden, the teacher, who visited the office recently, he is spending a short holiday in Vancouver.

In order that the School and Teacher's suite may be comfortable, it is necessary that further repairs be made to the building, as considerable hardship was experienced by both Teacher and Matron during the winter months last year.

After a full consideration of all conditions, I would respectfully recommend:

- 1..Building covered with tar paper and shingled-shingles to have creosote stain.
2. New floor in school-room.
3. New steps to front porch.
4. The present living room being too small, partition moved back three feet into school-room.
5. Small cupboard off kitchen, as at present no provision made for storing food stuffs etc.
6. New brick chimney, as present one is inadequate to carry smoke from existing flues.

I would also respectfully recommend that the above work be completed at once, as it will be more economical, otherwise, in my opinion, a teacher's cottage should be erected, it being almost impossible to keep the present building warm, the weather at this particular place being very cold for, at least five months in the year. Also that the material be purchased by the Department and a competent carpenter engaged to perform the work on the building.

The Indians are willing that the total cost be charged to the trust account held by the Department at Ottawa, it was impossible to obtain a petition signed by the majority of the members, as they are nearly all away working in the logging camps.

Your obedient servant,

L. M. Dyne.

Acting Indian Agent.

Madam:-

I have to acknowledge receipt of your letter of the 15th instant, reporting on the repairs required to the Homalco Indian Day School and Teacher's Residence.

In reply I beg to say that the Department will approve of the repairs as mentioned by you being carried out. It will be necessary to purchase the material needed, after competitive prices have been first obtained. The material should be purchased from the firm quoting the lowest price.

Arrangements should be made with a competent carpenter to do the work, and you will be good enough to see that all these repairs are carried out at the lowest possible cost. You may arrange to have the building covered with tar paper and shingled - the shingles to have creosote stain. A new floor should be placed in the schoolroom and new steps made to the front porch. The partition in the living room may be moved back 3 ft. in order to provide more accommodation in the teacher's living room. A small cupboard may be built in the kitchen to provide storage room for foodstuffs, etc., and a new brick chimney may be built.

The Department will expect that all the above work will be satisfactorily performed and that no undue expenditure will be incurred. When completed, properly certified vouchers, in duplicate, should be forwarded, covering the expenditure, to which should be attached a memo showing the names of the firms asked to quote on the materials used and the prices quoted. It may be that the teacher can give you assistance in having these repairs carried out.

It is noted that the Indians are willing to have the total cost of the work charged to the funds at their credit in the Department.

Your obedient servant,

J. D. McLean,
Asst. Deputy & Secretary.

Sir,-

I beg to enclose herewith requisition from
the Homalco Day School, teacher's residence.

With regard to the sink, this has been repaired
a number of times, but on my last visit it was seen to be
beyond further repair and I respectfully recommend that
a new one be installed.

The Coleman lamp is necessary as the two oil
lamps have to be carried around, and better lighting is
needed at the school.

Church House is a cheerless place at the best,
especially in Winter, and judging from the general per-
sonality of the teachers in the past, it appears to have
a bad effect upon the nervous system.

The present incumbents have been there only
two years, but already such small matters as broken sinks,
insufficient light, etc., assume a tremendous importance
in their lives. Mr. and Mrs. Becher are teacher and
field matron respectively and are quite earnest in their
work.

I have the honour to be,
Sir,
Your obedient servant,

F. J. C. Ball

Sir:

I have your letter of the 9th instant, enclosing a requisition from the teacher of the Homalco Indian Day School to be supplied with a sink, mops and Coleman lamp for the use of the teacher's residence.

In reply I have to say that you may arrange for the purchase and installation of a porcelain sink, also two mops and a Coleman lamp. Please keep all expense as low as possible. After the purchase has been made, you should forward an account, in duplicate, properly certified, covering the expenditure incurred.

Your obedient servant,

A. F. MacKenzie

Dear Sir:-

I beg to enclose herewith Voucher No.5306
for \$3.34 in favour of Brandram-Henderson for paint
used on the floor of the Homalco Indian Day School.

As the amount was small, authority was not
obtained before purchasing the paint, as the teacher
wished to do the work before leaving for his holidays.
There will be no charge for the labour.

I have the honour to be,
Sir,

Sir:-

With reference to the attached voucher No.5808 for \$2.06 in favour of Marshall-Wells B.C. Ltd., Vancouver, B.C. for a hand saw, I beg to advise that this Indian did some repair work at the Homalco Indian Day School fixing steps and wall of the School.

Instead of payment for this, he asked that we supply him with a saw. As he worked three days for the small amount of the cost of the saw, I respectfully recommend that the same be paid.

I have the honour to be,

Sir:

I have your letter of the 15th instant, regarding the janitor supplies required by the teacher of the Homalco Indian Day School.

In reply I have to say that certain of the supplies asked for are not furnished Indian day schools. You may purchase and have delivered one mop, one mop bucket and seven pounds laundry soap. After the purchase has been made, you should obtain an itemized account, in triplicate. This you should attach to a proper voucher form, certify in the usual manner and forward for payment.

EXTRACT FROM MONTHLY REPORT FOR DECEMBER, 1932,
OF MR. F. J. C. BALL, INDIAN AGENT, VANCOUVER
AGENCY.

Original on No. 75-167.

All the schools, day and residential, are giving the pupils cod liver oil and hot cocoa daily and they respond quickly as is shown by increase in weight and general health. I hope the Department will permit me to continue this cocoa supply till warmer weather as the cost is negligible. There are approximately ninety children attending day schools and one hundred and thirty-five at residential schools in this agency.

January 26, 1933.

Sir:

I beg to report that on my recent visit to Homalco Reserve and school, the teacher, Mr. W. H. Sowrey, drew attention to the condition of the interior of the building. It badly needs some repairing and painting in places. Mr. Sowrey said he would be pleased to do the work without cost to the Department for labour, as it would be part of the manual training he is giving the pupils. The paint and a brush or two would cost approximately \$20.00 and the lumber, nails, etc. a further \$15.00, \$35.00 in all.

Mr. Sowrey has done a lot of work already, having built a good cabinet for the dispensary, cupboards for the school material, repaired the roof and also the drain-pipes and wood-shed. He says this occupation helps pass the time in their isolation at this cheerless spot.

Mr. and Mrs. Sowrey live on the reserve and there is no other white population and no roads out of the place and it is pleasing to see the way they are both working there. Mrs. Sowrey is a graduate nurse, having served overseas during the War, and is invaluable as field matron, taking her work very seriously, and already well-known among both white and Indians alike for many miles around the Coast, where there is no doctor and her services are in constant demand.

I held a meeting of this Band when ninety-three Indians of all ages were in a room 30'x20' for over three hours and I remarked afterwards on the entire and unusual absence of odour in such a confined space. I learned afterwards that the field matron has persuaded this Band to bathe daily. I think this is most commendable.

I am well aware of all the demands being made upon the Department by the schools and hope this will not prevent this school from being given these necessary repairs.

I have the honour to be,
Sir,
Your obedient servant,

(F. J. C. Ball).

Ottawa, February 2, 1933.

Sir:

I have your letter of the 26th ultimo, regarding the renovating required to the interior of the Homalco Indian Day School, and giving an estimate of the cost of the material required.

In reply I have to say that provided you can arrange for the purchase of the material in time to have the accounts covering the cost reach the Department before our books close for the present fiscal year - at the end of March, next - you may arrange to purchase, from a firm on the list to receive consideration, the quantity of paint, lumber, nails, etc., required, at a cost not to exceed approximately \$35. It is noted that the teacher will carry out the work in the repairing and painting required without cost to the Department for his labour.

You should forward an itemized account, in triplicate, covering the cost of the materials. This you should attach to a proper voucher form, certify in the usual manner and forward for payment.

Your obedient servant,

A. F. MacKenzie,
Secretary.

Sir:-

I beg to enclose herewith voucher No.6267 for \$1.40 in favour of Brandram-Henderson of B.C., covering paint forwarded for painting the interior of the residence and school, Homalco I.R.No.1.

In this connection I beg to advise that Voucher No.6179 for \$9.93 in favour of Brandram-Henderson was forwarded to the Department on February 22nd. However, Mr.Sowrey, the school teacher reported that the cream shell gloss was not suitable as it was a varnish paint and not heavy enough to cover up the many stains on the wall and had no effect on the gyproc boards. Messrs. Brandram-Henderson were requested to exchange it for a different kind of paint and the enclosed voucher represents the small difference in the price of the paint and freight charges.

Re: Homalco Indian Day School
and residence.

Sir:-

With reference to the above building, the drain pipe has been broken for some time and needs repairing as soon as possible--preferably immediately school closes. The material will cost very little and is as follows:-

One section of pipe,
Bitumen paint for uncovered portion of pipe,
New trap at intake (wire netting 10'x3'6" and staples),
Also a galvanized chimney pipe and cowl 10" diameter 2'6" high.

The teacher, Mr. W. H. Sowrey, advises me that if no other labour is available, he will do the work himself, gratis.

✓ The cost plus freight on the material should not exceed \$25.00.

✓ Mr. Sowrey has done a great deal of repair work on this building and takes a genuine interest in improving it.

Homalco Reserve is an isolated and rather desolate spot and in the past we have been very unfortunate in the type of teacher employed there. The Department's selection of Mr. Sowrey for the position has proved a particularly successful one from all angles.

In the past we have paid substantial accounts for a plumber to go there to do the simplest jobs on this building, the boat hire being usually higher than the wages and material. As Mr. Sowrey is also unmeasurably superior to any teacher we have had in the past as regards his teaching qualifications and his wife is a trained war-time nurse doing excellent work as field matron, the Homalco Indians are unusually fortunate.

Sir,-

With reference to Voucher 6318, for \$4.00, the length of time required to clean the chimneys and flues is not stated. The account should show the number of hours and the rate per hour.

The Department is inclined to feel that the charge of \$4.00 is rather high, especially as the teacher is made an allowance for janitor services and the cleaning of the chimneys might properly be considered part of the janitor's duties. You might consider this account further and, if you think that the teacher is entitled to some extra remuneration for this service, another voucher may be forwarded for our consideration. In the event of your doing so, the information requested above should be given on the account.

Sir:

I beg to acknowledge receipt of your letter of the 2nd instant, returning Voucher No. 6318, for chimney cleaning at the Homalco Indian Day School and residence. I have written to Mr. Sowrey, the teacher and enclose herewith a copy of his reply. Mr. Sowrey has done a considerable amount of work around the school and residence for which he has sent in no account, and I would not wish to impose upon him by expecting him to clean the chimneys, as this is scarcely a job which comes within the janitor services.

Previous to Mr. Sowrey taking over the school, this work was done every quarter, but the chimneys have only been cleaned once during the past year. I trust that the information contained in Mr. Sowrey's letter is satisfactory and the account can now be paid. Mr. Sowrey has paid out the money for which he is asking a return.

Dear Mr. Ball:

I thank you for your letter re
chimney cleaning.

The job was done by Francis Paul
and Simon Paul. It was really a contract job. I
offered them the price and they accepted. Actually
they took about three and a half hours to finish the
job. I did not time them, but they started in about
9:00 a.m and finished at 1:00 p.m.

As Francis and Simon are both out
and will not be in until the fall, I cannot get a
receipt until that time.

Will you please advise me what to do.

The Department is in receipt of Voucher No. 6367 for 55 cents covering freight charges on midday meal supplies for the Homalco Day School. It is noted that these supplies were forwarded to the school last December, and the Department cannot understand why the account for the freight charges has been delayed until the present.

Sir:

I have your letter of the 31st ultimo, requesting that authority be granted to supply a small quantity of sewing and knitting material for use at the Homalco Indian Day School.

In reply I have to say that, as our funds are extremely limited, the Department will only be able to authorize an expenditure which must not exceed the sum of \$15 in the purchase of the supplies. It might be advisable for you to consult the wife of the teacher concerning the articles required. You may then arrange for the purchase, from a firm on the approved list. Please obtain an itemized account, in triplicate, which you should attach to proper voucher forms, certify in the usual manner and forward for payment. If possible, this account should reach the Department before our books close at the end of the present fiscal year, viz.: March 31st, next.

A. F. MacKensie,

Your File 167-33-5.

Dear Sir:-

Under date of October 12, 1932, the Department authorized the supplying of a small quantity of sewing and knitting material for Homalco Day School.

Mrs. K.M. Sowrey, Field Matron and wife of the teacher there, is keenly interested in the girls at the school and voluntarily instructs them in domestic science, during the hours when the boys are at manual training.

Good use was made of the material supplied fourteen months ago and a further supply is needed of some articles, as follows:- sewing cotton, needles, wool, crochet needles, crocheting thread and sewing material, quantities depending upon the amount authorized by the Department. Mrs. Sowrey uses her own sewing machine for instruction purposes although personally I think it would be only fair to supply one. However, no request has been made for it so I leave that point to the discretion of the Department. Twenty Dollars would be sufficient material to carry on with for another year and I hear that uniform dresses for the pupils are to be made if the material is supplied. This is done in the residential school at Sechelt and the pupils appreciate having these uniform dresses.

I have the honour to be,
Sir,
Your obedient servant,

Sir:-

I beg to enclose herewith copy of a requisition for material for the dispensary at Nemalco Indian Reserve in the combined school-residence building. If these items are supplied, the dispensary could be made more efficient. The painting and all other work except the plumbing would be done by Mr. Sowrey, the teacher, without cost.

26-11-19
I consulted the field matron, Mrs. Sowrey, regarding the linoleum and she said it would be much more sanitary to have a plain linoleum on the floor as the flooring is not hardwood and is difficult to keep as clean as a dispensary floor should be. Without the linoleum the cost of the material on this list would be approximately \$55.00 plus freight and cartage at 65 cents per 100 pounds. The linoleum would cost approximately \$50.00 wholesale, plus freight. The total cost of this list therefore would be in the neighbourhood of \$110.00.

Dear Sir:

You will find enclosed a requisition for encumbrance for \$100 to provide for the improvements to the dispensary used by Mrs. Sowrey, the Field Matron at Homalco. This is not intended to provide for the plumbing, as the Department is not aware how the plumbing work is to be done, nor how much it would cost to have a plumber come to Homalco to do it. A supplementary requisition for this purpose may be issued on your report that there is a man available at Homalco, which seems doubtful, or that a plumber can be brought to Homalco at a cost corresponding with the necessity. If Doctor McQuarrie can supply the two gallons of Lysol from his medical stores, it would be more economical than local purchase. Any purchase of materials should be made from approved firms, and you may allow Mr. Sowrey a reasonable wage for doing the work. This is in reply to your letter of June 1st.

I beg to acknowledge receipt of your letter of the 28th ultimo regarding the dispensary at Homaleco.

Upon further inquiry I find there is a plumber living at Stuart Island, about three miles from Homaleco, who will do the work for \$20.00 inclusive guaranteeing same to be in good order and any faults developing within a reasonable time to be done without cost to the Department.

I enclose a list of articles necessary for the work, the cost being approximately \$17.50 delivered to Homaleco, so that the total cost would be approximately \$37.50.

I respectfully request your instructions as to this matter.

Sir,-

In a report regarding his visit to the Homalco Indian Day School on the 12th of June, Inspector Barry states that there are two small leaks in the roof and that there is an odour from the septic tank in the spring. He also advises that the children's toilet is in very bad condition and recommends that two separate single toilets be erected.

You may have the minor repairs done and report to the Department, giving the approximate cost of erecting two toilets.

EXTRACT FROM REPORT OF INSPECTOR G. H. BARRY
ON HIS INSPECTION OF THE HOMALCO INDIAN DAY SCHOOL
ON JUNE 12, 1934.

JUL 3 1934

RECORDS

The house was built on the Indian Reserve during the winter of 1913-14. The foundations appear to be in good condition, as does the roof. There are however two small leaks in the roof, the water coming in near the chimneys, where cement flashings have crumbled. The drainage is to a septic tank. This tank is reported to smell in the Spring. I believe that it should be cleaned out this Autumn. The Indian Agent has provided pipes which will take the drainage from the bath, and kitchen, direct to a small creek. It will not run into the above mentioned septic tank.

The children's toilet is in a very bad state of repair. It is falling down, and the teacher pointed out to me that it was dangerous to step into it as the floor was completely rotted away. The pit is full up and in fact the toilet can not be used in its present condition.

I have to strongly recommend the construction of two separate single toilets at this school. There can be no doubt that they are urgently required, and that they should be ready for use for school opening in September, next. The teacher pointed out to me that he was quite unable to clean the present toilet. I should like to suggest that when new toilets are constructed here, padlocks be supplied, and that the toilets be kept locked except when school is in session. The field matron suggested and I agree with her that the old toilet should be burned. The pit should of course be filled in. The new toilets should be located in a fresh position a little farther from the playing field and screened by the small bushes growing there.

Your File 167-33-5.

Sir:-

I beg to acknowledge receipt of your letter of the 7th July authorizing minor repairs to the school building as per Mr. Barry's report to you.

The necessary material is being sent up to Homalco School and to save freight I shipped at the same time enough lumber to build two toilets. The cost of roof repairs and building two toilets will be approximately \$50.00 with freight, and I trust this action will be approved by you although I have not received definite authority for the latter.

JK
All the work will be done by the manual training class under the instructions of the teacher, Mr. Sowrey, without cost for labour. I consider these small jobs much more valuable as instruction than work done in the class room as it is more in line with what they will do after they leave school. Although Mr. Barry did not report it, the school woodshed is leaking badly and needs repairing and there should be enough material left over to do that job also.

Regarding the septic tank, this work can not be done at present, but will be taken up at a later date. We are not sure of the cause of the odour and on the return of the majority of the Homalco Band to Church House it will receive further attention. There is no trouble with the tank at the present time.

I have the honour to be,
Sir,
Your obedient servant,

Sir:-

I beg to acknowledge receipt of your letter of the 28th ultimo regarding the dispensary at Homalco.

Upon further inquiry I find there is a plumber living at Stuart Island, about three miles from Homalco, who will do the work for \$20.00 inclusive guaranteeing same to be in good order and any faults developing within a reasonable time to be done without cost to the Department.

I enclose a list of articles necessary for the work, the cost being approximately \$17.50 delivered to Homalco, so that the total cost would be approximately \$37.50.

I respectfully request your instructions as to this matter.

The remainder of your letter will be carefully followed.

Sir:-

I beg to refer to your letter of the 28th June last regarding the dispensary at Homalco Reserve and to acknowledge receipt of the encumbrance for \$100.00.

As instructed therein I reported on July 19th that a plumber had been found who would do a guaranteed job on the plumbing fixtures for \$20.00. For this extra amount I believe we can do the whole improvements required, including the necessary material, as Mr. Sowrey advises me that he would do the other work without pay in order to have the dispensary put in good shape. On a recent visit I found he had built cupboards and shelves and made other furnishings, and lumber has been sent to repair the exterior and roof. Mrs. Sowrey has suggested if the amount of \$20.00 referred to above can not be granted that we first put in the plumbing from the \$100.00 encumbrance and then purchase as much linoleum as possible from the balance remaining, and possibly this is the better arrangement as the wash basin is badly needed.

I therefore have taken the responsibility of having this work done and will not purchase any linoleum until you advise me whether the further amount required will be forth-coming. If not, they will have to be satisfied with a strip of linoleum where most needed.

I hope this will meet with your approval as it is the better plan.

I have the honour to be,
Sir,

Sir:

With reference to enclosed account which was done without authority from the Department, I found on my visit to the school that these repairs were badly needed to prevent more damage to the school building, and as it would take several weeks to obtain authorization from Ottawa, I respectfully recommend that the account be paid. Church House is a remote place, with a poor steamship service, and the job would be delayed a long time awaiting instructions.

re: Your File No. 167-33-5.

I beg to refer to your letter of July 25th last authorizing the purchase of a range for the teacher's residence at Homalco Day School. This was duly purchased and voucher for same has been paid. One of the Indians of the Homalco Band, Noel George Harry, offered to buy the old range for \$8.00 which amount I accepted and this amount will be forwarded to the Department in the usual way with my next return of revenue at the end of the month. I trust this is satisfactory.

Sir,-

With reference to your letters of the 26th ultimo, I beg to say that you may purchase sewing material to the value of \$15.00 for use at the Homalco Indian Day School.

You may, also, purchase one case of condensed milk; 25 lbs. of sugar and 12 lbs. of cocoa, in order to supply a hot drink for the pupils attending this school. In other schools where a midday lunch is provided, it is customary to serve this from November 1st to March 31st, only. The same procedure should be adopted at the Homalco School.

Dear Sir:-

I have received an application from the teacher of Homaleco Indian Day School, Mr. W. W. Sowrey, for a quantity of knitting and sewing material for instruction in handicraft work.

Mrs. Sowrey, the field matron, is pleased to give this instruction, and I respectfully recommend same.

The cost of the material would amount to approximately \$15.00.

Sir:

I have your letter of the 16th instant, regarding the request of the teacher of the Homalco Indian Day School, to be supplied with a new kitchen range and materials to erect a school fence.

In reply I have to say the Department will approve of an expenditure, not exceeding \$80.00, in the purchase of a range and the lumber, wire netting, nails, etc., for the purpose of erecting a fence. You should arrange for the purchase, from firms on the approved list. Please obtain an itemized account, in triplicate, covering the cost. You should attach the account to proper voucher forms, certify in the usual manner and forward for payment.

It is noted that there will be no expense for labour in building the fence, as the teacher will do the work in his spare time.

Ch
Sir:-

I beg to advise that the teacher of Homalcoo Indian Day School, Mr.W.W.H.Sowrey, has applied for the following articles for the school building:-

1 Kitchen range,

Material for School Fence:

2 rolls netting wire 2" mesh,
500 ft. lumber 5" x $\frac{3}{4}$ ",
1 lb. Spikes 4",
1 lb. staples for netting,
4 lbs. nails 2" headed,
2 lbs. paint, green.

Mr.Sowrey applied some time ago for these articles but it was held over as we thought Mr.Phelan might visit the school and see what was required.

The netting is required because the Indians have a village football team which plays quite close to the residence and windows are being broken regularly. It is the only flat piece of land on the Reserve.

The cost of the range, lumber, netting, etc. would be approximately \$75.00 and the freight about \$5.00 to \$7.50, according to space required on the boat.

The range has been burned through and is almost useless.

The residence is occupied by the teacher and his wife who is field-matron and they keep the building in excellent condition. There would be no expense for labour in building the fence as Mr.Sowrey would be pleased to do it in spare time.

Sir,

File 167-33-5

Will you please authorize me to supply a small quantity of cocoa, sugar and milk to the Homalco Day School? The pupils have been receiving hot cocoa for the past two years and the supply is exhausted.

I believe this cocoa has a really beneficial effect, it is supplied twice a day and the cost is small. As these day pupils are supported by their parents, this is a slight cost compared with the grant to Residential Schools, and I respectfully recommend that supplies not exceeding \$8.00 be given to the Homalco Day School.

re: File No. 167-33-5

I beg to acknowledge receipt of your letter of the 1st instant regarding requisition of Homalco Indian Day School. This requisition was for gasoline for lighting purposes, not for cleaning, as gasoline lamps are used at this combined school and residence.

I presume that it will be in order to supply the gasoline as has been done in the past for this building?

Ottawa, October 1, 1936.

Dear Sir:

With reference to requisition dated the 18th ultimo for supplies for the Homalco Indian Day School, you may purchase 14 bars soap, 24 pounds chloride lime, 6 packages embroidery needles, 2 pounds wool and 12 spools sewing cotton.

If you consider it advisable to supply naphtha gasoline for cleaning purposes, you may purchase a small quantity, but the Department sees no necessity for supplying the 12 gallons requested by the teacher.

If the teacher is prepared to do the painting without cost to the Department, you may purchase 4 gallons paint and 3 paint brushes.

Dear Sir:

I have your letter of the first instant, regarding the request of the teacher of the Homalco Indian Day School that a new bathtub be installed in the residential part of the school building at a cost, including installation and freight, of approximately \$40.

In reply I have to say that the Department will approve of an expenditure not exceeding approximately the above amount in the supplying of the bathtub and installation of same. Please forward an account, in triplicate, properly certified, covering the expenditure incurred.

Yours truly,

Sir:

I am writing at the request of Mr. W. H. H. Sowrey, teacher at Homalco Indian Day School, to enquire whether the Department will authorize the expense of a new bath in the residential part of the School building. The present bath was installed many years ago when the school was built, and being a metal bath it is in bad shape. Mr. Sowrey takes particularly good care of the school building and if this expense can be authorized, I know it will be appreciated.

The cost of a bath and instalation would be approximately \$40.00, including freight to Church House.

I have the honour to be,

Dear Sirs:

We have your cheque No. 040173, October 30, for \$18.10, for which please accept our thanks.

We note from your attached voucher that it pays our invoice #51256 plus freight, but we find on checking that this particular invoice amounts to \$15.25, and the covering freight charge \$2.15, making a total of \$17.40. The difference between this and the amount of your cheque is .70¢, which we are unable to reconcile. We shall be obliged, therefore, if you will give us further details so that our figures will be in alignment.

Yours truly,

Sir:

I am advised by Messrs. David Spencer Ltd that they do not appear to have received payment of their account of last October, amounting to \$6.30, covering sewing materials supplied for Homalco Indian Day School. This account was forwarded to the Department on November 16th 1936 under Voucher No. 8569.

Will you kindly advise whether a cheque was issued in payment of this account?

Dear Mr. Ball,

Many thanks for information and valuable instructions contained in your letter of the 11th and 15th insts.

H. Campbell has been here for the past three or four days. Mrs. Daly showed him your letter re the Louise Belle case. H. Campbell says that this woman has not been living with Thompson but for some considerable time and that the case can now be considered as settled satisfactorily.

Re wood for fuel.

I have received two cords. It is the best the Indians could get but it is really very green and therefore hard to burn. We have to dry it in the oven at the range in order to make it fit to cook with. I am foreseeing difficulties with wood this winter as it is now too late in the year to dry it in the open air.

I hope it is all right to put the requisition for gasoline in with the wood requisition. The eight gals. applied for should last a long time as I have used only 2 1/2 gals. during the five weeks I have been here. I will need very little coal oil. A gal. will last considerably longer than the same quantity of gas. I may mention that the two gas lamps I found here are useless unless they can be repaired. Fortunately I brought two gas lamps here with me.

Re tools.

I am not requisitioning any tools for manual hewing. Those I am asking for are those which in my opinion are indispensable to the proper upkeep of a house and grounds. You will probably wonder why I am ordering wash basins and toilet pails. The fact of the matter is that the kitchen sink and also the medicine room sink have not been in working order since we arrived. The whole plumbing of the house is out of order and the stench at times is abominable, so much so that we have to close all the doors and let down the windows. We thought at first that some animal had died underneath the house but some digging - inspired by the plugging of the sinks - exposed the true state of affairs, though not until several pounds of butter and other food stuffs in the cooler right over one of the cess pools had been spoiled.

ARCHIVES PUBLIQUES

It is beyond me to fix this even if I had the lumber and piping which I have not. As it is, it is a serious menace to health. I was not going to mention this until you visited this reserve but it struck me that unless I did you would not see the need for wash basins and pails. Some of the former tenants must have experienced the bad smells because in the course of the digging I found several cinders of lime tins which evidently had been pierced and then buried to serve as deodorants. It seems to me that a large area of soil underneath the house and outside the house on the east and south sides has been saturated with the overflow.

Mrs. Daly and myself are very thankful to you for your good wishes. It will probably require an effort to settle down but we mean to do so and to leave nothing undone to make our stay here as pleasant and profitable for you and for our Indian charges as it is humanly possible to make it.

Yours very truly,
C. H. Daly.

Sir:

I beg to enclose herewith requisitions received from Mr. C. O. Daly, teacher at Homalco Indian Day School, who has just been transferred there from another Agency. Every assistance will be given to Mr. Daly in making a success of his work there.

The first requisition is for material required at the school residence and around the building, which is badly overgrown with brush. There has been no teacher there since March.

45-167
The second requisition refers to school supplies and the third to fuel for the building. As there was very little fuel left by Mr. Daly's predecessor, I have authorized two cords, pending your approval, which I trust will be satisfactory.

Mr. Daly reports that the drainage system is out of order, and I enclose his letter regarding it. Apparently, this needs the services of a qualified plumber, but nobody can say what the cost will be until it has been opened up. There is no plumber anywhere near Homalco and it will be necessary to send a man there from Vancouver. It would take 4 days for a man to go there, inspect the work to be done and return to Vancouver, and I would suggest, if the work is to be done, that the man be employed to do it while he is there, rather than make two trips. However, you may wish to make some other arrangement, and I respectfully request your advice in the matter. I have had no previous complaint regarding the plumbing.

I have the honour to be,
Sir,
your obedient servant,

Dear Sir:

I am in receipt of your letter of the 24th ultimo enclosing letter received from the teacher of the Homalco Day School. You may arrange for purchase of the articles shown on the attached requisition. If you consider conditions are as bad as stated by Mr. Daly you may arrange to send a plumber from Vancouver to Homalco. This may involve a rather heavy expenditure and the Department will depend on you to keep the cost as low as possible.

167-33-5
416 Federal Building,
Vancouver, B. C.

November 12th 1941.

Sir:

re: File No. 167-33-5.

With reference to the enclosed voucher, covering work done at Homalco Indian Day School and residence, as authorized by you, I beg to advise that it was necessary to send a man who was experienced in the work rather than a plumber. I, therefore, asked Mr. R. R. Stiller, of Grantham's Landing, B. C. to go to Homalco and put the sewage disposal system in good order.

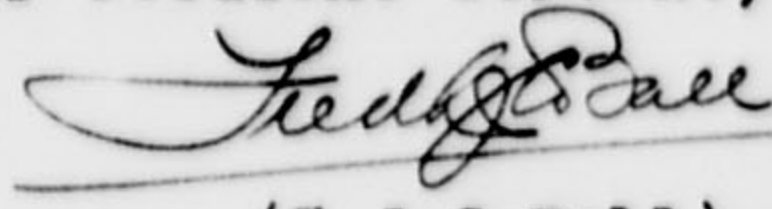

He found the whole system over-flowing and the pipes clogged, and it was necessary to construct an entirely new septic tank, and empty the old one. Stiller is a practical man and made cedar planks and pipes and completed the job without the necessity of purchasing any material whatever. A second tank for the kitchen was also necessary, and he made that also. Apparently a good job was done, as the teacher reports everything quite satisfactory.

As there is only one boat a week to Homalco, he worked all the daylight hours, and sometimes after dark and was able to take the first boat out. He has charged only for his labour, and nothing for travelling and other expenses which must have amounted to at least \$15.00.

The job, in consequence, has cost considerably less than I anticipated, and the account is respectfully submitted for payment.

I have the honour to be,
Sir,
Your obedient servant,

Dear Sirs:

Re: Your Cheque #A091640,
July 18/42 - \$2.40.

We are just in receipt of the above cheque with accompanying voucher bearing the notation "invoice June 30th - Padlocks, etc. for Homalco Indian Residential & Day School".

We are unable to reconcile this remittance with any charge in the Dominion Government account and would appreciate it very much if you could let us have our invoice number to assist us in tracing this item.

We trust this may have your kind attention.

Yours truly,

Re: Supplies, Homalco Indian Day School

Dear Sir:

I desire to acknowledge receipt of your letter of the 9th instant and also a requisition for certain supplies which appear to be urgently needed at the above-noted day school.

You are authorized to take the steps necessary for the purchase of the supplies, a list of which appears on the requisition, and you are authorized, also, to purchase the one ton of coal referred to in the last paragraph of your letter. If the expenditure involved exceeds the sum of \$50.00, it will be necessary to have the purchases made or approved by Indian Commissioner MacKay. A copy of the requisition is returned herewith.

Yours truly,

Encl.

Sept. 9th 1942.

Sir:

I beg to enclose herewith a requisition for material at the combined Homalco Indian Day School and residence. I also enclose a letter the teacher has written to me in explanation of his requests.

It is quite true that these replacements should be made as some of the furniture which has been used by many teachers is in a deplorable state, and if funds can be found, I recommend that the request be favourably considered.

With regard to fuel, this has long been a troublesome matter. All good wood logs have been used up long ago and it has become a problem to obtain wood. The Indians will not cut and haul it when they can do any other work. Coal appears to be the only solution, and would probably be cheaper than wood. The teacher asks for 1 ton only as a trial, and I respectfully recommend that this be supplied, and a further report made later as to the success of it.

I have the honour to be,
Sir,
Your obedient servant,

F. J. C. Ball, Esq.,
Indian Agent,
416 Federal Bldg.,
Vancouver, B.C.

Dear Mr. Ball,

Please find enclosed requisition, in quadruplicate, for school material regarding which it may be necessary to stress the following facts.

Lamps. When I took up duty here last fall I found the two gasoline lamps in stock out of order and therefore useless. Fortunately, I had brought two old lamps of my own along not knowing what I might be up against. After a year's service here - notwithstanding some repairs last spring - those lamps are now useless and need to be replaced with new ones.

Mattresses. There were three in stock. They were ragged, stained, and smelly. One was so bad that I burned it. The two others I have never used much preferring to use two belonging to myself that I brought along with me. Of course when I leave these will go along with me and new ones must be supplied for the next teacher as no self-respecting person would sleep on the old one.

Coal. The fuel situation here is a constant worry. Several times I have run down almost to the last stick. The wood supplied is generally of the poorest quality, being what the Indians term "conky", and saturated with hide-water. At present I have little more than half a cord on hand and there is no prospect of getting any for months to come. Some of the Indians I have spoken to

Indian Affairs. (RG 10, Volume 6394, File 815-5, part 3)

PUBLIC ARCHIVES

ARCHIVES PUBLIQUES

CANADA

about getting fuel at \$6.00 a cord just laughed at me. They say they can get from \$8.00 to \$10.00 a day in the lumber camps and that it would be wasting their time to handle fuel wood at less than \$10.00 or \$12.00 per cord. For these reasons I am asking you to help me along for the present by giving me a ton of coal for cooking purposes.

Window Shades. It is but the bare truth to say that we have none worthy of the name. They have been torn and have had pieces cut off and then re-tailored until only remnants of the originals remain & these can neither be pulled down nor rolled up.

The requisitions that I am making for lamps, mattresses, linoleum, window shades and a chair, are all for standard equipment to replace articles rendered useless through age and long service. Not one of them can be classed as a luxury. They are all essential to the most modest standard of house-keeping and will not need to be replaced again for many years and I am therefore hoping that you will kindly sanction them.

Yours sincerely,
C. O. Daly.

Sir:

I beg to enclose herewith in duplicate requisitions received from Mr. C. O. Daly, teacher at Homalco Indian Day School, and would respectfully recommend approval of same.

With regard to the fuel requisition, as wood is practically unobtainable in that district, it will probably be necessary to again purchase coal in Vancouver and ship it up to Churchouse. Coal previously authorized has already been sent in this way, and the School should have enough on hand until after Christmas. However, further supplies will then be required, and I respectfully request your authority to purchase same.

I have the honour to be,

Sir,

Your obedient servant,

In our 1943-4 Estimates, I placed an amount of \$215.00 for Homalco Day School, and \$115.00 for Sliammon Day School. These repairs are very necessary at both schools, but the difficulty is in obtaining material for the work. However, if the amounts are authorized, I can then submit details and estimates.

Will you please advise if this expenditure has been authorized?

Major D.M. MacKay, Indian Commissioner, P.O. Box

I desire to refer you to my letter of June 30, 1943, authorizing an expenditure of \$215 for repairs to the Homalco Day School. On October 14, 1943, we received from the Vancouver office voucher No. 264 for \$155.77 covering the cost of the shingles. A cheque in payment of this account was forwarded to the Reliance Lumber Company, Vancouver. We have not received any account for the labour, but today we received a bill from the Union Steamships Limited covering the cost of transportation of M. Jantz from Vancouver to Church House. The transportation warrant, No. 16984, was issued on March 28. Presumably the work has only commenced within the last ten days. Was it necessary to send a man from Vancouver? Was there no Indian at Church House capable of doing the work? An early reply would be appreciated.

I enclose herewith requisition for supplies
for Homalco Indian Day School and would recommend
that these be authorized. The Coleman lamps need
repairs, and the teacher, Mr. Daly, thinks that he can
do the work himself if the parts can be supplied.

I am forwarding herewith Vancouver
Indian Agency voucher No. 534 in the amount of \$75.80
in favour of Henry Road, covering repairs to the water
system at the Homalco Indian Day School and residence.

Following Mr. F. Grist's appointment
at Homalco School it was found that the water pipes
had frozen and burst, and that the water supply was
cut off entirely. Under these circumstances there
appeared to be no alternative but to proceed with the
repairs.

I enclose requisition for sports equipment for
the pupils of Homaleco Indian Day School.

Playground activities are important for pupils
in school as isolated as at Homaleco, and I would recommend
that encouragement be given for organised games by supplying
this equipment.

No price quotations have been obtained, and I
would ask that purchase be made, if authorised, from source

Indian Commissioner for B.C.,
Vancouver.

With reference to your letter of April 24th last, regarding need for new toilets for Homalco Indian Day School, I have only now been able to locate someone in the vicinity of Church House, who will do this work.

No lumber is available in the district.

I enclose a requisition for material for two toilets and for new steps in front of the school entrance.

The present steps are in very bad repair and are a hazard. They should be replaced before someone is injured. The school teacher has located a carpenter but he cannot give an estimate of total labour costs, merely stating he will do the erecting at a rate of \$1.00 per hour.

Mrs. Oulton undertakes to keep a record of his time, and to ensure that his time is fully occupied, and from what I know of her she will protect our interests in that respect.

The local rate for carpenters is now \$1.40 per hour.

Approx. labour cost - \$50.⁰⁰

Re: Homalco School Building

Further to my letter of April 1st enclosing District School Inspector Davey's report with regard to the above-mentioned school, Supt. Taylor has reported that the cost of the extensive repairs necessary is not justified by the condition of the building and that replacement should be made. He is of the opinion that the school can be used in its present condition for another year in view of which we shall provide in the Estimates for a new school at this point next year.

EXTRACT FROM INSPECTOR R.F. DAVEY'S REPORT
ON HOMALCO INDIAN DAY SCHOOL DATED MARCH 24, 1949

"The floors in the school building are sagging badly. An examination of some of the foundation showed that the main supports were in very poor condition. This applied not only to the pillars supporting the building should be thoroughly examined by a competent authority to determine whether this school can be repaired or if it will have to be replaced."

W. S. Arneil, Esq.,
Indian Commissioner for B.C.
Vancouver, B.C.

Reference enclosed requisition for a radio-telephone for the Homalco Indian Day School teacherage, I would advise as follows:

This school serves the Indian village of Churchouse, which is an isolated community of Indians only.

The school teacher has no contact with white people nearer than on Stuart Island some five miles distant. There is no telegraph or telephone communication between Churchouse and outside points, it being necessary to go to Stuart Island for such.

In view of the isolation, the lack of police supervision, and the turbulent conditions which prevail owing to the excessive drinking habits of the Indians, it is considered essential that the school teacher be enabled to send out messages by radio-telephone.

The model requisitioned will enable messages to be radio-telegraphed from Churchouse to Cape Lazo on Vancouver Island and they are transmitted from there as ordinary telegrams.

It is not considered necessary to establish connection by telephone also, as such radio equipment costs several hundred dollars, requires installation by a technician, and a small power plant to charge batteries.

The model recommended can be set up by any user and one battery can service the set whilst the other battery is being re-charged at Stuart Island.

At present telegrams to the teacher are only accepted for Stuart Island, and remain there until an Indian boat calls for them. As some of the Indians will read or neglect to deliver the telegrams, the operator is reluctant to hand them out for delivery in this manner.

It is very necessary from every viewpoint that some direct communication be established to this isolated point and I would strongly recommend approval of purchase.

(H. E. Taylor)
Indian Superintendent.

Ottawa, Ont.

The attached application dated September 9th from Supt. Taylor, and enclosures with regard to the proposed installation of a radio telephone at the Homalco Indian day school teacherage, has been the subject of careful consideration and discussion with District School Inspector Davey and it is agreed that in view of the circumstances it would be most desirable to have this equipment installed.

You will note that the initial cost is \$270.00 and maintenance will consist only of recharging the batteries periodically. Mr. Taylor's proposal is recommended for favourable consideration by the Department.

MEMORANDUM

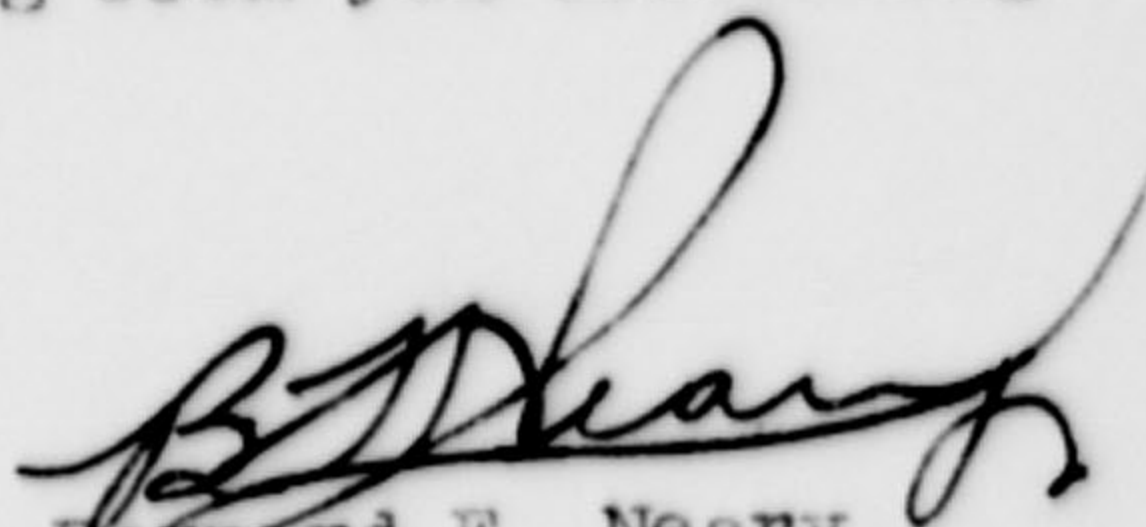

October 22, 1949.

DIRECTOR.

Homalco Indian Day School.

Please find hereunder a self-explanatory recommendation from Mr. Arneil concerning the installation of a radio telephone at the Homalco Indian Day School.

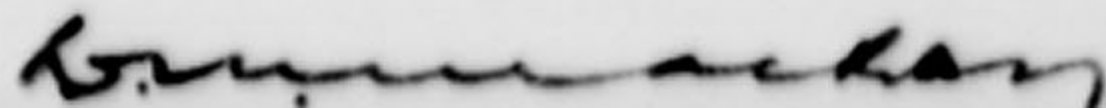

I do not feel that we can provide such equipment for our Indian day schools unless exceptional circumstances can be proved. Because of your knowledge of local conditions, I would appreciate hearing from you concerning this matter.

Bernard F. Neary,
Superintendent of Education.

Colonel Neary

The circumstances are quite exceptional in this case and I am satisfied the expenditure involved would be justified. The requisition, therefore, has been approved.

Homalco Indian Day School

Please find attached a requisition for a radio-telephone for the above school. I also attach copies of letters received from Mr. Arneil and Mr. Indian Superintendent Taylor.

At last we have been able to appoint a male Welfare teacher at this school and one in whom we can place a certain amount of confidence.

The Director, who knows local conditions very well has commented that the circumstances are quite exceptional in this case and that he is satisfied that the expenditure involved would be justified.

W. S. Arneil, Esq.,

Reference enclosed requisition for heaters etc. for the Homalco Indian Day School at Church House, I would advise as follows:

There is a wood burning heater in the school classroom and a wood burning heater in the sitting-room in the teacherage, which is attached to the school building. These two heaters are connected to the same chimney.

As oil is used in the kitchen range in the teacherage it would be more economical and labor - saving to provide oil heaters to replace the above mentioned wood burning ones.

It is difficult to get wood delivered at Church House, and the present set-up is a fire hazard, the wall having been badly scorched on two occasions by over heated stove pipes.

Asbestos boards are included in the requisition for instalment on the walls behind the heaters. An additional Coleman gas-lamp is necessary, as the one at present in use has to be carried from room to room. Broken window panes also need replacing.

In view of the isolation of this school, it is necessary that it be made as attractive and comfortable as possible if teachers are expected to remain.

Purchase of the above is recommended.

CONDITIONS TO BE OBSERVED BY THE LICENSED STATION

OPERATION - Schedules with the Cape Lazo (VAC) radio station shall be as arranged by the District Superintendent of the B.C. Radio Service. Signals are to be exchanged between the stations at the standby times when any messages on hand are to be disposed of.

OPERATOR - Should the operator not work the station to the entire satisfaction of the Department, the Minister reserves the right to call for his discharge, when the licensee must replace him by another qualified operator without delay (it is understood that this action will only be taken by the Minister in an extreme case, such as wilful interference or disobedience of orders issued by the controlling station.)

CONTROLLING STATION - The Cape Lazo (VAC) radio station will act as controlling station for the licensed station, and the operator at the latter station must implicitly obey any and all instructions issued by the former.

COMMUNICATION WITH OTHER STATIONS - The operation of the licensed station is to be limited to communication with the Department of Transport station at Cape Lazo (VAC). No other stations of any character whatsoever are to be worked except in case of distress or urgent necessity.

MESSAGES FROM THE PUBLIC - The licensee must accept messages to and from the public in accordance with Regulations issued under The Radio Act, 1938.

TOLLS - (a) The "Government Wireless" charge on all messages handled between the licensed station and the controlling radio station will be 25¢ for the first ten words and 2¢ for each additional word, address and signature free.

(b) On messages destined to or received from the outside public at the licensed station, an additional wireless charge of 25¢ and 2¢ will be allowed, this charge to be credited to the licensee.

DELIVERY - Messages destined to offices beyond the Government terminal radio stations will be handed over to the landline for delivery and the regular landline rates in force between these stations and the office of destination will apply on such messages.

The Department reserves the right to transfer the messages to the landline at any of its stations.

ACCOUNTING - Statements and Accounts shall be made up and rendered monthly and adjustment, if any, made with the least possible delay.

Authority to use the frequency or frequencies specified in this licence has been granted on a temporary basis and may be withdrawn, if necessary, in order to comply with any future Regional or International Agreements.

The licensee shall so work the herein licensed apparatus as not to interfere with transmission and/or reception by any radio station in the vicinity, stations operating on the same or adjacent channels, or private receiving stations.

Dear Sir, —

R Indian children attending
Pitt Meadows Public School.
Owing to the School filling up with
white children, and the added burden in
the way of School taxes, we do not feel
that we should accept Indian children
from Katzy Reservations. We are of the
opinion that your department should
establish a school for them, on that
Reservation, or an underschool is being
done at other places. The Indians are
showing a desire for learning, now, more
so, than at any time in the past, and this
desire should be encouraged, and while
Public School Trustees, we do what they
can, a good many will not want to face
the friction that might result from the
mingling of the races. Also we think the
Indian children would do better with a
teacher of their own, one who understood
them, and could give his whole time to them.
I am yours very truly,
J. V. Harris,

Katsey Indian Reserve.
Feb. 16 1914

We the members of the Katsey Band
of Indians in meeting assemble
respectfully ask the Government to
open a School for us on our Reserve.

Some of our children have been going
to the White Schools here. But
lately they have not been allowed
to go, as the White people said
when they sent our children home
~~that~~ that their School was full.
We have twenty five children of
School age, as shown by the accom-
panying list.

We will supply a building 18x28
if the Government furnish it and
supply a teacher.

Indian Office, New Westminster, B. C.
February 23rd, 1914.

Sir:-

For many years the children of the Katsie Band of Indians attended the white school in the vicinity of their reserve, and no objections were raised to their presence until recently when it appears the New Comers objected very strongly to the Indians attending the same school as their children.

The parents of the Katsie children visited this office recently and brought with them the Secretary of the Pitt meadows school Board, who stated that while he, personally, had no objection to the Indian children going to the school, as he was an Old Timer, yet it was absolutely necessary that these children should be prevented from attending this school in future.

I held a meeting of this Band and the Indians are willing to provide a building large enough for a school, if the department will furnish them with a teacher and school material. At present there are twenty-five children of school age on this reserve and I would respectfully recommend that the Department establish a school for them.

I am enclosing herewith a petition from the Indians of the Katsie Band, together with a census of the people who reside there, and also a letter from the Secretary of the School Board.

Sir,—

I beg to enclose herewith application of Mr. John J. Murphy for position of teacher at the new school at Katzie Indian Reserve. Mr. Murphy opened this school on September 1st., with fourteen pupils on the roll; five others are expected to attend as soon as their parents return from the fishing.

I accompanied Mr. Murphy to this reserve and from my observations I believe that he will make a very successful teacher. I would therefore, respectfully recommend that his application be approved.

Schools
Sir,—

451318

For the information of the Department

I beg to report that I visited the new school on Katzie Indian Reserve on the 26th ultimo, and carefully examined the building in which school is now being held. It is 27 X 33ft. with a 10ft. ceiling. The building, although an old one, has been repaired and altered, and I believe will answer very well the purpose for which it is used. The Indians have put in a new floor and ceiling and lined up the walls on the inside so that it now looks clean and neat. There are four large windows which will supply ample light, they can be opened from the top, and this with a 10ft. ceiling will ensure plenty fresh air for the pupils while in session.

The Indians generally are very enthusiastic in their expectations of the results of this school and wish me to convey to the Department their sincere thanks for supplying a teacher and school material for them. I expect to visit this school again during the present month and will report fully to the Department the progress made and the conditions existing.

Dear Mr Byrne/

It is with considerable regret that I beg to tender you my resignation as teacher of the Katsie School. I have enlisted in the 62nd Batt for active service.

I trust you will excuse the shortness of the notice but before moving I assured myself that you would suffer no inconvenience and that you had a suitable man ready to start school at the appointed time.

Sincerely Yours
John J Murphy

I beg to enclose herewith application of Mr. John F. Wilson, for position of teacher at Katzie Indian Day School, to succeed Mr. John J. Murphy, who has just resigned, together with letter from the Rev. W. P. O'Boyle, D. D., O.M.I., recommending that his application be favourably considered.

As I know Mr. Wilson to be very capable, and I believe a suitable man for the position, I would respectfully recommend to the Department that his application receive favourable consideration. I may add that as Mr. Murphy's resignation came unexpectedly, and as I was loathe to keep the school closed awaiting a reply, as these children are anxious to learn, I requested Mr. Wilson to take charge and open the school on September 1st., pending the decision of the Department.

Dear Sir,

I beg leave to apply for the position of teacher rendered vacant by the enlistment of Mr. J. Murphy, at the Katsie Indian Reserve.

I have already had considerable experience with Indians, at the Mission City school and have also taught for one year at St Louis College, New Westminster B.C.

I am twenty four years of age and received my education in Ireland. Regarding my character I refer you to Reid & O'Boyle. O.M.S. or Reid, to, Welch O.M.S. both of whom have known me since I have resided in this country.

Trusting that this application may meet with your approval, and assuring you of my earnest desire to give satisfaction.

Yours faithfully

REPORT OF REV.R.W.CAIRNS ON THE KATSIE DAY SCHOOL.

491473

Mr.McGarrigle has been a bookkeeper. His appointment will be only temporary. A different arrangement should be made for the autumn term.

Mr.McGarrigle is the third teacher during the year. Mr.Murphy and Mr.Wilson, the others, enlisted. It will be understood that things have been somewhat upset by such numerous changes. However, on my way home, I called at New Westminster and discussed the problem with Mr.Agent Byrne.

I visited the reservation and met the Chief.

He informed me that they wanted a teacher with a certificate. I think a female teacher with a certificate is a possibility, here, as a good boarding house can be secured within a reasonable distance of the school.

Sir,-

I beg to report that Mr. John F. Wilson, Teacher of the Katzie Indian Day School resigned the position last week, to join the 211 American Battalion for Over Seas Service, Immediately on Mr. Wilson advising me of his decision to resign, I communicated with the Missionary in charge of these Indians, who recommends the appointment of Mr. P. B. McGarrigle, whose application I am enclosing herewith, together with testimonial from Rev. Doctor Wm. P. O'Boyle, as to the character and qualifications of the applicant.

I visited this school on Monday last, the 27th inst., and placed Mr. McGarrigle in charge of it as teacher. This was necessary as there is one pupil, at least, in the Entrance Class, and the parents were very anxious that the school should continue. Mr. McGarrigle is a man with a wife and four children and I believe he will make a very efficient teacher, as he seems to be very sympathetic towards the Indians.

In view of the foregoing, I would respectfully recommend that the resignation of Mr. J. F. Wilson be accepted, and that the application of Mr. McGarrigle for the position be approved by the Department.

Dear Mr. Byrne,

Confirming what I said
to you verbally the other day, I am
pleased to speak regarding the very ex-
cellent qualifications of Miss Mary W.
Trainor for your Indian appointment
at Port Hammond.

First as to character, personality, and
influence for uplift; it would be
extremely difficult to find a more
ideal teacher. Miss Trainor
is - and always has shown her-
self - painstaking, sympathetic,
devoted and intelligent. Even the
most trivial duties are done well.
From a rather lengthy acquaintance
with Miss Trainor's family I can but
speak of them with esteem. Her
sister is entering her third year
in our public school service and
is giving entire satisfaction.
Secondly as to qualification or training, though

Miss Drainer has no B.C. Certificate
 for her academic standing is of
 a high order.

Not alone qualified to teach the ordinary
 are Branches. She can teach
 Latin or French - if need be - Domestic
 Science and Domestic Art, Clay Modell-
 ing, painting, drawing, sketching,
 mat weaving, dress making and
 some vocal and Instrumental music.
 Over this again she has taken
 Physical Drill, "First Aid", and a
 course in elocution.

These are all more or less valuable
 qualifications on the part of any
 teacher - particularly for an Indian
 school where fitting for life's duties
 and happiness counts for far more
 than mere "book cramming".
 I am pleased to say that this young
 lady will be able to give a sound
 practical education in any or all
 of these.

In a word, I most strongly
 commend Miss Drainer to your early
 selection for the post, and rely on the ^{whole} ~~ward~~
 your entire satisfaction, Yours truly

I beg to submit herewith application received from Miss M. W. Trainor, for the position of teacher at Katsie Indian Day School, Port Hammond, B.C. Miss Trainor is not a certified teacher, but she comes very highly recommended both by the Rev. J. Welch, O.M.I., and Mr. J. J. Dougan, Educationalist, and Secretary of the Teachers Association for the Province of B. C.

At the time that Miss Gregory's application was forwarded from this office it appeared that there was no more applications forthcoming, but Miss Trainor having heard of the opening decided to apply for the position, and in view of the fact that she is well qualified, and that the salary expected is the same as that usually paid by the Department, namely \$600.00 per annum, I would respectfully recommend that her application be accepted in preference to that of Miss Gregory.

Sir,-

I beg to enclose herewith application of Miss Rose E. Ganey, for the position of teacher of the Katzie Indian Day School, together with a recommendation from the Rev. J. Welch, O.M.I., that Miss Ganey receive the appointment.

Miss Trainor who was appointed teacher of this school some time ago only remained one day after she took charge; hence I took the liberty of with-holding this application and placed Miss Ganey in charge of the school to enable her to fully understand the Indians and the conditions under which her work as teacher was to be carried on. I was present when the school was opened by her on the 10th inst., and I made another visit yesterday the 23rd, and am pleased to state that she is quite satisfied to continue the work. The Indians and pupils are very well pleased with her.

Miss Ganey is a regularly qualified teacher of the Province of Ontario, having been in charge of a school there for four years. In addition I may say that she is a very respectable young woman, highly accomplished in music, and I believe that her efforts as teacher will be crowned with success. Miss Ganey has undertaken the work at the usual salary of \$600.00 per annum and is prepared to continue, but she hopes that the Department will favourably consider an increase when she has proven that her work will merit same.

Referring to Departmental letter of the 14th ultimo, No. 456801/1, I beg to state that altho' I took Miss M. W. Trainor to Katzie Indian Day School and made her acquainted with the pupils and conditions there she resigned her position after teaching two days. The reasons given by her for resigning are that the place was too lonesome, and the pupils, being Indians, were not such as she was accustomed to teach.

I have appealed to the Church Authorities for assistance in getting a teacher for this school, but up to the present I have not received any further applications.

I have to acknowledge the receipt of your letter of the 3rd instant enclosing a communication from Miss Helen Coughlan, teacher of the Katzie Indian Day School, in which she requests an increase in her salary.

In reply I beg to say that, in view of the favourable reports received regarding her work, the Department will allow an increase of \$100.00 in her salary from the first of the present month. This will make her salary at the rate of \$900.00 per annum, which is the maximum salary allowed teachers in Indian day schools in British Columbia. She will also be entitled to the bonus during the period which it is continued to teachers in Indian day schools. I shall be pleased if you will inform Miss Coughlan accordingly.

MEMORANDUM.

Mr. Scott,-

Miss Helen Coughlan, teacher of the Katzie Indian Day School, has applied for an increase in her salary. At present she is receiving salary at the rate of \$600.00 per annum and the bonus of \$150.00, a combined salary and bonus at the rate of \$750.00.

She has been teaching this school since September, 1917, beginning at a salary of \$600.00, which was increased to \$700.00 on July 1st, 1918, and further increased to her present salary of \$800.00 from January 1st, 1920. There are 20 children enrolled, with an average attendance of 13. Miss Coughlan has a Third Class Certificate with full normal training in British Columbia, and Inspector Cairns states that she does excellent work; the condition of the school is splendid; her teaching is scientific and systematic and that this is one day school that justified its existence. He states that the main factor in the success of the work is an interested and trained teacher.

The maximum salary paid to teachers in British Columbia is at the rate of \$900.00 per annum and Miss Coughlan requests that her salary be increased to that amount. She is no doubt meeting with much success and I would recommend that her salary be on the same basis as that allowed other teachers having her qualifications in British Columbia. If the increase, namely, \$100.00, be granted it could take effect from the 1st instant.

I beg to forward, herewith, communication received from Miss Helen Coughlan, teacher of the Katzie Indian Day School.

Miss Coughlan has done excellent work since her appointment and as the School is situated on the Indian Reserve, at least, two miles distant from where she can obtain living accommodation, the teacher certainly experiences considerable hardship in going to and from the School over the bad roads, particularly during this stormy weather. I would, therefore, respectfully recommend that she receive the maximum salary paid to teacher of her class.

Ottawa, December 26, 1919.

MEMORANDUM.

Mr. Scott,-

Miss Helen Coughlan, teacher of the Katzie Indian Day School, has applied for an increase of \$125.00 per annum in her salary. At present Miss Coughlan receives a salary at the rate of \$700.00 per annum and a bonus of \$150.00, making a combined salary and bonus of \$850.00. She was first appointed and began duties September 17, 1917, at a salary of \$600.00, which was subsequently increased to \$700.00 from July 1, 1918. There are 21 children enrolled, with an average attendance of 15.

Inspector Cairns, in his last report of inspection, states that, "Miss Coughlan does excellent work. She wins the confidence and goodwill of her pupils. The condition of the school is splendid. Her teaching is scientific and systematic. I am pleased with the work. This is one day school that justifies its existence. Here again the main factor in the success of the work is an interested and trained teacher."

Miss Coughlan has a third class certificate with full Normal training in British Columbia.

We are paying salaries at the rate of \$900.00 per annum in several instances in British Columbia. The last Annual Report of the Superintendent of Education for the Province of British Columbia shows the average salary paid teachers having the qualifications which Miss Coughlan possesses to be \$860.28 and the average salary paid to the teachers of the province, male and female, was \$1055.04.

I should be pleased to be informed as to what reply should be made to Miss Coughlan's request for an increase in her salary.

Sir, -

I have to inform you that the Department is in receipt of an application for a salary increase from Miss Helen Coughlan, teacher of the Katzie Indian Day School. I might state that Miss Coughlan has taught at this school since September, 1917, beginning at a salary of \$600. She received increases of \$100 on each of the following dates: - July 1, 1918, January 1, 1920 and January 1, 1921. She is drawing at present \$900 per annum, plus whatever bonus is allowed by law.

You are in a position to know what effect another increase to this teacher might have upon the minds of those engaged in our work on the Western Coast, and, as the Department pays more than \$900 to one day school teacher only in Canada, I believe; I am somewhat hesitant about recommending to the favourable consideration of the Department Miss Coughlan's request.

Major D. M. MacKay,

Dear Major MacKay:-

Mr. Roy Edwards, who lives with his wife and at least five children of school age on the Pitt Meadows Stock Farms Limited within a few hundred yards of the Katzie Indian Day School, has requested that permission be given for his children to attend the above mentioned school in the New Westminster Agency.

You will remember from reading my report on the Katzie Indian Day School that the attendance there is very small and not at present above eight on an average.

The teacher Miss Winter has no objection to receiving the Edwards' children. I have consulted the Indian Agent, Mr. Daunt, and the Provincial Inspector of Schools, Mr. E.G. Daniels, and neither has any objection to the strictly temporary accommodation of the Edwards' children at the Katzie Indian Day School. It has been pointed out by the Provincial Inspector of Schools that the Official Trustee has made reasonable arrangements to pick these children up by means of the School Bus, but that the children would still have to walk a certain distance.

I would recommend that the children of Mr. and Mrs. Roy Edwards of the Pitt Meadows Stock Farms Limited in Grades one to six inclusive but in no higher Grade, be given permission to attend the Katzie Indian Day School, New Westminster Agency, during the pleasure of the Indian Affairs Branch. I would further recommend that if this permission be given, the parents of the children be informed that such permission is only of a strictly temporary nature, and that it will be withdrawn at once and without notice should the children in question become in any way troublesome to the teacher, or the at present vacant seats in the schoolroom be required for Indian children. It should be possible to terminate the proposed arrangement at any time upon the recommendation of the Indian Agent at New Westminster and without reasons for such action being of necessity given to the parents.

The whole file in this case has now been forwarded to you, but I may say that Mr. Indian Agent Daunt has been supplied with a copy of each letter. As I am leaving for an extended inspection itinerary in the northern part of the Province, I would request that the Department's decision be transmitted directly to Mr. Daunt, as soon as it is received from Ottawa. I have informed Mr. Edwards that consideration is being given to his request and that he will be informed in due course through the Indian Agent at New Westminster of the decision of the Indian Affairs Branch in this matter.

SIR:-

With reference to your letter No. 153-18-1, dated January 25th last, I beg to inform you that it was impossible to secure a qualified teacher for the Katzie Indian Day School in time to take over on the 1st of April. Miss Boeur, therefore, agreed to carry on until April 30th, and I have now succeeded in obtaining an application from a Miss Mary Winter of Vancouver, in which she states that she holds a British Columbia Second Class certificate, Primary Course certificate and Strathcona Trust (distinguished).

Copies of recommendations from the Principal of the Provincial Normal School, the Principal of the North Vancouver High School and the Clergyman of her Church are also forwarded herewith for your information.

I would recommend that this lady be given the appointment, and in view of the high board rate she will have to pay in Hammond, where the School is located, it is suggested that the Department allow a salary of \$1,050.00 per annum to commence with.

May I trouble you with
a request? As teacher on the

Sir:

I have had an application from
Miss Mary E. Doyle, teacher of the Katzie Indian
Day School, for an increase in salary.

Miss Doyle has a third class
certificate and full Normal School Training.
She taught one year in a private school and has
had charge of Katzie school also for one year.

She is young and energetic and
has done good work during the past year. I feel
certain that she will do better work during the
next year. This school has a neat and
commodious building, just completed.

I most respectfully recommend
that Miss Doyle's salary be increased from
\$750.00 and the bonus to \$800.00 and the bonus,
i.e. an increase of \$50.00 per annum.

Sir:

I have to refer again to yours of the 19th ultimo, enclosing an application for salary increase from Miss Helen Coughlan, Teacher of the Katzie Indian Day School.

I have to inform you that the Department cannot view favourably Miss Coughlan's application for an increase in salary. Indian day school teachers in Canada receive, on the average, less than \$650 per annum. It is true that salaries are higher in British Columbia than in any other province, but the Department cannot see its way clear to offer Miss Coughlan another increase. She has taught at the Katzie Indian Day School since September, 1917, beginning at a salary of \$600. She received increases of \$100 on each of the following dates: July first, 1918, January first, 1920 and January first, 1921. She is being paid at present at the rate of \$900 per annum, plus whatever bonus is allowed by law.

You may inform Miss Coughlan of our decision and assure her that the Department, in refusing this application, is not casting any reflection upon her ability as a teacher. We are hesitant about paying her a larger salary, in view of what other teachers at Indian day schools are receiving. The Department wishes to thank Miss Coughlan for her faithful and excellent work, and I trust that she will see the situation from our standpoint.

Sir;

This acknowledges your letter of December the 28th.
NO. 456801-1, re the application of Miss Helen Coughlan for
an increase of salary.

Miss Coughlan has a Third Class Certificate for the
Province of British Columbia with full Normal School training.

She is a faithful teacher and has done excellent work
in the Katzie Day School. However, the school is small. The
enrolment does not exceed fifteen.

If the maximum salary is \$900.00 per annum, in my opinion,
it would be better to refuse the request for an increase
till such time as the policy of the Department is changed.

If a thousand dollars per annum is given Miss Coughlan,
there are a number of other teachers who would have as strong
a claim for an increase.

Of course the time may soon come when in order to retain
the services of good teachers more money will be necessary.

Your file 15/9/872

Ottawa, November 10, 1937.

Dear Sir:-

The Department is in receipt of your letter of November 1 with reference to the request that has been received to allow the children of Mr. Roy Edwards to attend the Katzie Indian Day School.

As you are aware, the Provincial Government requires that this Department pay for any Indian child attending a "white" school within the Province of British Columbia at the rate of \$20.00 a year, based on the average attendance.

The Department has no objection to Mr. Edwards' children attending the Katzie school on the same terms as in the case of Indian children attending "white" schools. It should, of course, be further understood that this permission is only of a temporary nature and that it will be withdrawn at once and without notice should the children in question become in any way troublesome to the teacher, or if the accommodation at present vacant in the school is required for Indian children.

I feel it should also be possible to terminate the proposed arrangement at any time, upon the recommendation of the Indian Agent at New Westminster and without reason for such action being of necessity given to the parents.

SIR:-

We have had, in the past, some considerable trouble in getting many of the children of the Katzie Band to attend the Day School on their No. 1, Reserve.

This was really not their fault, as there are more than half the school-age population on the No. 2, and No. 3, Reserves across the Fraser River from the village on the No. 1, Reserve, where the school is situated. Hitherto, the cost of a definite transportation system has been too high, but I am now enclosing an offer from Andrew James, an Indian on the No. 3, Reserve, to make the necessary trips for One Dollar per day. There are at present thirteen children of school age on the south shore, who would thus be added to the present school list. At the moment, there are only nine pupils on the register.

I would recommend that if at all possible, this offer be accepted, and an account submitted by the teacher, at the end of each month, for the number of days on which Andrew James brought pupils to the school. Such action would more than double the pupilage, and I trust the Department will give the proposition every possible consideration.

In view of the fact that your letter of October 3, 1938, stated that there were 13 children of school age on the south shore who would take advantage of the boat service across the river the Department is rather disappointed to learn from the letter which you forwarded from the teacher that only 5 children have been using the service provided. SIR:-

Department File No. 153-18-1.

Under date of October 25th, 1938, you authorized the transportation of Indian children from the Katzie No. 3 Indian Reserve on the south bank of the Fraser River to the No. 1 Reserve, where the Day School is situated, at a cost of \$1.00 per day for the gasoline boat.

This has been carried out throughout the last School year, but it is found that the amount of \$1.00 per day does not cover the expense and loss entailed in giving the service, and it will be necessary to increase the amount to \$1.50 per day, if the service is to be continued.

In order to keep this School running, we need the children from the south side of the river, and I would request that, if possible, authority be given to pay the rate of \$1.50 per day for the service mentioned during the School year about to commence.

I discussed this matter with Mr. P. Phelan when he visited the Agency, and he will remember the circumstances as detailed to him.

Dear Sir:

Archbishop W.M. Duke of Vancouver has suggested the appointment of Miss Maureen Daly, 620 Wellington Ave., Chilliwack, B.C., as teacher of the Katzie Indian Day School, New Westminster Agency.

The above nomination has been discussed with Inspector Barry who informs me that Miss Daly is the daughter of Mr. C. Daly, teacher of the Skwah Indian Day School, that she has just completed her professional training at the Vancouver Normal School and, though quite inexperienced, might well prove a success at a small Indian Day School such as that on the Katzie Reserve where boarding accommodation with white people is available at a reasonable distance. Inspector Barry will give Miss Daly detailed instruction with regard to the work to be covered, etc., should her appointment be approved.

Will you please let me know, by air mail if possible, the Department's decision, at the same time mentioning the salary that will be allowed to Miss Daly if approval is given this appointment.

Memorandum:

REPRESENTATIVE OF THE TREASURY

Re: Katzie Indian Day School
No. 816

In my memorandum of September 16 I advised you that the salary of the new teacher Miss Maureen Daly would be at the rate of \$105.00 a teaching month.

It has now been decided to pay her at the rate of \$90.00 a teaching month. The school will be in operation from October 1, 1940, to June 30, 1941.

R.A. Hoey,
Supt. of Welfare & Training.

Department File No. 153-18-1.

SIR:-

Under date of September 1st, 1939, you authorized the transportation of Indian children from the Katzie No. 3 Indian Reserve on the south bank of the Fraser River to the No. 1 Reserve, where the Day School is situated, at a cost of \$1.50 per day for the gasoline boat.

In order to keep this School running, we need the children from the south side of the river, and I would request that authority be given to pay the rate of \$1.50 per day for the service mentioned during this School year.

Your obedient servant,

A. M. Dynes

for A.O.N. Daunt.
Indian Agent.
